INFORMATION CIRCULAR

The information contained in this Information Circular, unless otherwise indicated, is as of June 3, 2015.

This Information Circular is being mailed by the management of the Company to everyone who was a shareholder of record of the Company on May 26, 2015 (the “Record Date”), which is the date that has been fixed by the Board of Directors of the Company (the “Board”) as the record date to determine the shareholders who are entitled to receive notice of and to vote at the Meeting.

The Company is mailing this Information Circular in connection with the solicitation of proxies by and on behalf of management for use at the 2015 annual meeting of the shareholders of the Company that is to be held on Tuesday, June 30, 2015 at 3:00 p.m. (Vancouver time) in the boardroom at 501-535 Thurlow Street, Vancouver, BC. The solicitation of proxies will be primarily by mail. Certain employees or directors of the Company may also solicit proxies by telephone, email or in person. The cost of solicitation will be borne by the Company.

The Company is not sending proxy-related materials using notice and access this year. Rather, the Meeting Materials (as defined below) are being sent to both registered and non-registered owners of the Company’s common shares (each a “Share”) in accordance with National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) and arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to deliver proxy solicitation materials to the beneficial owners of the Shares. The Company may pay the reasonable costs incurred by such persons in connection with such delivery.

If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Shares have been obtained in accordance with applicable securities laws from the Intermediary (as defined below) holding the Shares on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for: (i) delivering these materials to you; and (ii) executing proper voting instructions. Please return your voting instructions as specified in the request for voting instructions or form of proxy delivered to you.

Under the Company’s Articles, two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to vote at the Meeting must be present at the Meeting before any action may validly be taken at the Meeting. If such a quorum is not present in person or by proxy, the Company will reschedule the Meeting.

PART 1 – VOTING

How a Vote is Passed

Voting at the Meeting will be by a show of hands, each shareholder having one vote, unless a poll is requested or otherwise required, in which case each shareholder is entitled to one vote for each share held. In order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an “ordinary resolution”) unless the motion requires a special resolution in which case a majority of 66 2/3% of the votes cast will be required (a “special resolution”).

Who Can Vote?

If your name appears on the Company’s central securities register maintained by Integral Transfer Agency (“Integral”), the Company’s registrar and transfer agent, as of the close of business on May 26, 2015, the “Record Date”, you are entitled to attend and vote at the Meeting. Each Share is entitled to one vote. If your shares are registered in the name of a “nominee” (usually a bank, trust company, securities dealer or other financial institution) you should refer to the section entitled “*Non-Registered Shareholders*”, below.

It is important that your shares be represented at the Meeting regardless of the number of shares you hold. If you will not be attending the Meeting in person, the Company invites you to complete, date, sign, and return your form of proxy as soon as possible so that your shares will be represented.

How to Vote

If you are a registered shareholder and eligible to vote, you can vote your shares in person at the Meeting or by signing and returning the accompanying form of proxy (the “**Proxy**”) by mail in the return envelope provided or vote using the Internet as indicated on the form. Please see “Registered Shareholders” below.

If your shares are not registered in your name but are held by a nominee (usually a bank, trust company, securities broker or other financial institution), please see “Non-Registered Shareholders” below.

Registered Shareholders

You are a registered shareholder if your shares are registered in your name on the Company’s central securities register maintained by Integral. Registered Shareholders may wish to vote by Proxy whether or not they are able to attend the Meeting in person. Registered Shareholders electing to submit a Proxy may do so by completing, dating and signing the enclosed form of Proxy and returning it to the Company’s transfer agent, Integral Transfer Agent, 100 Queen St East, Suite 203, Toronto, ON M5C 1S6 (Facsimile: 1-866-695-2204) not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournment(s) or postponement(s) of the Meeting.

Voting in Person

If you plan to vote in person at the Meeting do NOT complete and return the Proxy. Instead, you will need to register with Integral when you arrive at the Meeting and your vote will be taken and counted at the Meeting. If your Shares are registered in the name of a corporation, a duly authorized officer of the corporation may attend on its behalf but documentation indicating such officer’s authority should be presented at the Meeting.

Voting by Proxy

If you do not come to the Meeting, you can still make your votes count by voting by mail or fax (*see proxy for instructions*) or by appointing someone who will be there to act as your proxyholder. You can either tell that person how you want to vote or you can let him or her decide for you. You can do this by completing a form of proxy.

What is a Proxy?

A form of proxy is a document that authorizes someone to attend the Meeting and cast your votes for you. A form of proxy is enclosed with this Information Circular. You should use it to appoint a proxyholder, although you can also use any other legal form of proxy.

In order to be valid, you must return the completed form of proxy to the Company’s transfer agent, Integral Transfer Agent, 100 Queen St East, Suite 203, Toronto, ON M5C 1S6 (Facsimile: 1-866-695-2204) not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting or any adjournment

You May Choose Your Own Proxyholder

YOU CAN CHOOSE ANY INDIVIDUAL TO BE YOUR PROXYHOLDER. IT IS NOT NECESSARY FOR THE PERSON WHOM YOU CHOOSE TO BE A SHAREHOLDER. TO MAKE SUCH AN APPOINTMENT, SIMPLY FILL IN THE PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE ENCLOSED FORM OF PROXY.

To vote your shares, your proxyholder must attend the Meeting. If you do not fill a name in the blank space in the enclosed form of proxy, the persons named in the form of proxy will be deemed to be appointed to act as your proxyholder. These persons are directors and/or officers of the Company (the “**Management Proxyholders**”).

Instructing Your Proxy

You may indicate on your form of proxy how you wish your proxyholder to vote your shares. To do this, simply mark the appropriate boxes on the form of proxy. If you do this, your proxyholder MUST vote your shares according to your instructions.

If you do not give any instructions as to how to vote on a particular issue to be decided at the Meeting, your proxyholder can vote your shares as he or she thinks fit.

The Proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting and other matters which may properly come before the Meeting. **It is the intention of the persons designated in the Proxy to vote in accordance with their best judgement on such matters or business.** At the time of printing of this Information Circular, management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting.

Revoking your Proxy if you Change your Mind

If you want to revoke your proxy after you have delivered it, you can do so at any time before it is used. You may do this by

- (a) attending the Meeting and voting in person;
- (b) signing a proxy bearing a later date;
- (c) signing a written statement which indicates, clearly, that you want to revoke your proxy and delivering this signed written statement to the Company at Suite 501-535 Thurlow Street, Vancouver, BC V6E 3L2, Attention: Lorraine Pike; or
- (d) any other manner permitted by law.

Your proxy will only be revoked if a revocation is received by 5:00 in the afternoon (Vancouver time) on the last business day before the day of the Meeting, or any adjournment thereof, or delivered to the person presiding at the Meeting before it (or any adjournment) commences. If you revoke your proxy and do not replace it with another that is deposited with us before the deadline, you can still vote your shares but to do so you must attend the Meeting in person.

Only registered shareholders may revoke a proxy. If your shares are not registered in your own name and you wish to change your vote, you must, at least 7 days before the Meeting, arrange for your nominee to revoke your proxy on your behalf (see below under “*Non-Registered Shareholders*”).

Non-Registered Shareholders

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Some shareholders of the Company are “non-registered shareholders” (“**Non-Registered Holders**”) because the shares they own are not registered in their names but are instead registered in the name of an intermediary (an “**Intermediary**”) usually a brokerage firm, bank, or trust company through which they purchased the shares. Sometimes the shares are held in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”) of which the Intermediary is a participant or in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company which acts as depository for many U.S. brokerage firms and custodian banks.

In accordance with applicable securities law requirements, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Proxy or voting instruction form, as applicable, (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders and seek voting instructions unless a Non-Registered Holder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deliver it to **Integral** as provided above; or
- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “**voting instruction form**” or “**VIF**”) which the Intermediary must follow. Typically, the VIF will consist of a one page pre-printed form. The Non-Registered Holder must properly complete and sign the VIF and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Shares they beneficially own. However, without specific voting instructions, Intermediaries and their agents and nominees are prohibited from voting shares for their clients. **Accordingly, each Non-Registered Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the persons named in the form of proxy or VIF and insert the name of such Non-Registered Holder or such other person’s name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or VIF is to be delivered.**

Every Intermediary has its own instructions on how to return the VIF; however, generally, you can submit your VIF as follows:

By Mail or Fax

Complete the enclosed VIF, sign and return it in the envelope provided or by fax to (416) 595 - 9593.

By the Internet

If you want to submit your voting instructions using the Internet, see the enclosed VIF for details.

By Appointing Someone Else

You may also appoint someone else, who need not be a shareholder of the Company, to attend the Meeting and vote for you. Follow the instructions on the enclosed VIF. If you are voting by instruction, you are subject to an earlier deadline so that your nominee has enough time to submit your instructions to us. Every Intermediary has its own procedures to follow, therefore please read your VIF carefully.

Voting in Person

If you plan to vote in person at the Meeting:

- nominate yourself as appointee by printing your name in the space provided on the VIF. Your vote will be counted at the Meeting so do NOT complete the voting instructions on the form;
- sign and return the VIF, following the instructions provided by your Intermediary; and
- register with the transfer agent, Integral, when you arrive at the Meeting.

You may also nominate yourself as proxyholder online, if available, by typing your name in the “Appointee” section on the electronic ballot. If you bring your VIF to the Meeting, your vote will NOT count. Your vote can only be counted if you have returned the VIF in accordance with the instructions above and attend the Meeting and vote in person.

Your Voting Instructions

If you do not specify how you want to vote, the persons named in the VIF as appointees will vote FOR each item of business. If you appointed someone else to attend the Meeting and vote on your behalf, he or she can vote as they see fit.

Revoking your Voting Instructions

A Non-Registered Holder may revoke a VIF or a waiver of the right to receive the Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a VIF or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven (7) days prior to the Meeting.

United States Shareholders

This solicitation of proxies involves securities of a corporation incorporated in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the United States *Securities Exchange Act of 1933*, as amended, are not applicable to the Company or this solicitation. Shareholders should be aware that disclosure and proxy solicitation requirements under the securities laws of the provinces of Canada differ from the disclosure and proxy solicitation requirements under United States securities laws. The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), some of its directors and its executive officers are residents of Canada and a significant portion of its assets and the assets of such persons are located outside the United States. Shareholders may not have standing to bring a claim against a foreign corporation or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign corporation and its officers and directors to subject themselves to a judgment by a United States court.

How the Management Proxyholders Will Vote

If you have appointed the Management Proxyholders as your proxyholder, they will, unless you give other instructions, vote your shares at the Meeting as follows:

- ✓ **FOR** the election of the proposed nominees as directors;
- ✓ **FOR** the appointment of Adam Sung Kim Ltd., Chartered Accountant, as the auditor of the Company;
- ✓ **FOR** the resolution to authorize the directors to fix the remuneration to be paid to the auditor;
- ✓ **FOR** the approval and ratification of the New Age Farm Stock Option Plan
- ✓ **FOR** the resolution to approve board and management actions and conduct to the date of this information circular as disclosed in the financial statements of the Company and this circular as well as public releases and filings with regulatory bodies.

Election of Directors

Number of Directors

Management proposes to nominate the three persons named under the heading "Nominees for Election" below for election as directors of the Company (the "**Nominees**"). The term of office of each of the Nominees proposed for election as a director will expire at the Meeting, and each of them, if elected, will serve until the close of the next annual general meeting, unless he resigns or otherwise vacates office before that time or he becomes disqualified to act as a director in accordance with the Articles of the Company. New Age Farm currently has three (3) directors.

Nominees for Election

The following information relating to the nominees for directors is based partly on the Company's records and partly on information received by the Company from the nominees, it states the name of each person proposed to be nominated by management for election or re-election as a director, all offices of the Company now held by him, his principal occupation, the period of time for which he has been a director of the Company, his committee memberships, the number of common shares of the Company beneficially owned by him, directly or indirectly, or over which he exercises control or direction, other securities of the Company that he owns (options, warrants, etc) and other directorships, as at the date of this Information Circular.

While management does not contemplate that the Nominees will be unable to serve as directors, if prior to the Meeting a vacancy occurs in this slate of Nominees for any reason, the management representatives designated in the Proxy solicited in respect of the Meeting will have the discretionary authority to vote for the election of any other person as director. Proxies received by the directors on which no designation is made will be voted for the Nominees for election as directors or any substitute nominee thereof as may be determined by management, if necessary. The Company has an audit committee, the members of which are indicated below.

² In June 2008, Mr. Parente joined the board of directors and management team of Carbon Products Industries Inc. (“CPI”), a company registered in the State of Nevada that trades on the Over the Counter (“OTC”) markets in the United States. CPI is a reporting issuer under British Columbia securities legislation. Mr. Parente was engaged with the mandate to assist that company with an audit and balance sheet cleanup with the ultimate goal being the funding and setup of operations to build CPI into a viable operation. Fernandez Young LLP was engaged to initiate the audit and prepare business models. Unfortunately, this attempt was unsuccessful due to the discovery that the issues were more serious than originally expected, coupled with the 2008 economic downturn that completely hampered CPI’s ability to raise funds. Mr. Parente did not sell any shares of CPI during this process. On August 18, 2009, the BCSC cease traded CPI for failure to file certain records required under NI 51-102. Such cease trade is still in effect as of the date of this Listing Statement. Mr. Parente has continued to try to remedy the cease trade order, including contacting Fernandez Young LLP in January 2011 to reattempt the corporate reorganization of CPI and entered discussions with the law firm of Randolph Linehan & Associates of Rancho Mirage, CA, to represent CPI. During this time he attempted unsuccessfully to obtain CIP’s historic tax records from the U.S. Internal Revenue Services. As of the date of this Listing Statement, CPI remains cease traded by the BCSC and legal assistance has been sought regarding a potential dissolution of CPI. Mr. Parente resigned from CPI in November 2013.

³ NT Mining Corporation (“NT”) is a company registered in the State of Nevada that trades on the OTC market in the United States. NT is a reporting issuer under British Columbia securities legislation. At the time Mr. Parente joined the board of directors of NT, it had already been cease traded by the BCSC; such cease trade order having been issued on August 18, 2009. After joining NT, Mr. Parente was successful in obtaining a full revocation of such cease trade order on December 27, 2012. Mr. Parente resigned from NT in November 2013.

Corporate Cease Trade Orders or Bankruptcy

Save and except as explained above, as of the date of this Circular, no proposed nominee for election as a director of the Company is, or has been, within ten years before the date of this Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity:

- (a) was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
- (b) was subject to an event that resulted, after the director or executive officer ceased to be director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period or more than 30 consecutive days; or
- (c) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Penalties or Sanctions

Save and except as explained above, as of the date of this Circular, no proposed nominee for election as a director of the Company is, or has been, subject to any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with a Canadian securities regulatory authority or been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely to be considered important to a reasonable investor making an investment decision.

Personal Bankruptcy

As of the date of this Circular, no proposed nominee for election as a director of the Company has, within the ten years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Conflicts of Interest

The directors of the Company are required by law to act honestly and in good faith with a view to the best interest of the Company and to disclose any interests which they may have in any project or opportunity of the Company. If a conflict of interest arises at a meeting of the board of directors, any director in a conflict will disclose his interest and abstain from voting on such matter. In determining whether or not the Company will participate in any project or opportunity, that directors will primarily consider the degree of risk to which the Company may be exposed and its financial position at that time.

Except as disclosed in this Information Circular, the financial statements and public releases and filings, to the best of the Company's knowledge, there are no known existing or potential conflicts of interest among the Company and its promoters, directors, officers or other members of management as a result of their outside business interests except that certain of the directors, officers, promoters and other members of management may from time to time serve as directors, officers, promoters and members of management of other public companies, and therefore it is possible that a conflict may arise between their duties as a director, officer, promoter or member of management of those other companies.

Appointment of the Auditor

Adam Sung Kim Ltd., Chartered Accountant, has served as the Company's auditor since incorporation in 2013. See also Part 7 "AUDIT COMMITTEE – External Auditor Service Fees".

New Age Farm Stock Option Plan

New Age Farm's Stock Option Plan was originally approved by the shareholders of Five Nines Ventures Inc., the Company's former parent, in 2013. The Board is seeking shareholder approval for the adoption of a revised stock option plan dated for reference September 5, 2014 (the "**Stock Option Plan**") in accordance with and subject to the rules and policies of the Canadian Securities Exchange (the "**CSE**").

The Board of Directors of the Company has established this incentive stock option plan for the purpose of providing incentive to employees, directors, officers, management companies, and consultants who provide services to the Company and to reduce the cash compensation the Company would otherwise have to pay.

Compensation Discussion and Analysis

Goals and Objectives

Given the Company's current size and stage of development, the Board has not appointed a compensation committee and accordingly the Board as a whole is responsible for determining the compensation (including long-term incentive in the form of stock options) to be granted to the Company's executive officers and directors to ensure that such arrangements reflect the responsibilities and risks associated with each position. Management directors are required to abstain from voting in respect of their own compensation thereby providing any independent members of the Board with considerable input as to executive compensation.

The Board reviews, on an annual basis, the corporate goals and objectives relevant to executive compensation, evaluates each executive officer's performance in light of those goals and objectives and sets the executive officer's compensation level based, in part, on this evaluation. The Board takes into consideration the Company's overall performance, shareholder returns, and the awards given to executive officers in past years. The Board also considers the value of similar incentive awards to executive officers at comparable listed companies, however, as of the date of this Information Circular, no specific companies or selection criteria for the establishment of a benchmark group have been identified by the Board.

Executive Compensation Program

The Board's compensation philosophy is aimed at attracting and retaining quality and experienced people which is critical to the success of the Company and may include a "pay-for-performance" element which supports the Company's commitment to delivering strong performance for the Shareholders. We believe that adequate and appropriate compensation for our executive officers is key to ensuring the continuity of high quality management who will provide strong leadership and stewardship for the Company.

The Board and its committees must also address the risks associated with the overall executive compensation program. The Audit Committee is responsible for assessing the risks which may arise from the Company's compensation policies and practices and as of the date of this Information Circular they have completed an initial risk assessment with respect to base fees and incentive option grants and the risks they have identified are addressed under their respective headings. The committees intend to conduct a review and report to the Board more fully on these risks and on ways to mitigate these risks as required.

Executive compensation is comprised of three elements: base fees (may be consulting fees) or salary, short-term incentive compensation (discretionary cash bonuses) and long-term incentive compensation (stock options).

At the present time, the compensation program is designed to reward the following objectives:

1. The ongoing day-to-day commitment of our executive team in managing the Company's affairs, fulfilling their job responsibilities, and advancing its business plan. This objective is covered by the base fees paid to our two NEO's; see *Management Contracts* for further details; and
2. The commitment to long-term growth and increased shareholder value as determined through the Company's share price. This objective is covered through the awarding of stock options under our Stock Option Plan, the terms of which are summarized in the section entitled *New Age Farm Stock Option Plan*. Full details of options awarded to our NEO's is set out under *Incentive Plan Awards*.

Base Fees and Discretionary Bonuses

Base fees or salaries are compensation for ongoing job responsibilities and reflect the level of skills, experience, expertise, and capabilities demonstrated by the executive officers. Executive officers and the board of directors, meet to determine what both sides consider to be fair and reasonable base fees. The board of directors must give final approval of these compensation arrangements. When considering the base compensation to be paid to executive

officers the Company must consider the risk that, if the compensation is not adequate, it might result in a high turnover rate of executive officers which could be detrimental to the Company. As an early stage enterprise, however, it is necessary to strike a balance in this regard so that the compensation is not so high that the Company is unable to meet its obligations to its executive officers over the long term which could result in loss of that officer and the corporate knowledge and expertise that officer represents.

Executive officers are also eligible to receive discretionary bonuses as determined by the Board based on each officer's responsibilities, his achievement of individual and corporate objectives, and the Company's financial performance. Cash bonuses are intended to reward the executive officers for meeting or exceeding individual and corporate performance objectives set by the Board. As at the date of this Circular, the Company has not paid out any such bonuses and has not set any objectives whereby our executive officers might earn such bonuses at this time. It is the intention of the Compensation Committee to review this element of New Age Farm's compensation program during fiscal 2015 to determine the impact, including the benefits and risks that offering short-term incentives to our executives would have on the overall performance of the Company and its management team.

Stock options are an important part of the Company's long-term incentive strategy for its officers, permitting them to participate in any appreciation of the market value of the Company's shares over a stated period of time, and are intended to reinforce commitment to long-term growth and shareholder value. Stock options reward overall corporate performance as measured through the price of the Company's shares and enables executives to acquire and maintain an ownership position in the Company. In 2014, the Board awarded stock options as described in the section "[New Age Farm Stock Option Plan](#)".

Option Based Awards

Executive officers of the Company, as well as directors, employees and consultants, are eligible to participate in the Company's Stock Option Plan to receive grants of stock options. The Board as a whole approves individual stock option grants and the size of the option grant is dependent on, among other things, each officer's level of responsibility, authority, and importance to the Company and the degree to which an officer's long-term contribution to the Company is crucial to its overall long-term success.

Periodic stock option grants ensure that the number of options granted to any particular officer is commensurate with the officer's level of ongoing responsibility within the Company. Before considering further grants, the Board will evaluate the number of options already granted to that officer, the exercise price of the options, and the term remaining on those options. In granting options, the Board might also reference the number of stock options granted to officers of other publicly traded companies that, similar to the Company, are involved in the agricultural land banking industry; or those of other publicly traded Canadian companies of a comparable size to that of the Company in respect of assets. In addition, the Board may consider the effort, time, responsibility, ability, experience, and level of commitment of the executive officer in determining the level of incentive stock option compensation.

Option grants may include vesting provisions thereby encouraging officers to put forth their best efforts to improve the overall performance of the Company, thus increasing share price. In considering the periods for vesting of stock options and for overall stock option grants, the Board must take into account whether these periods could lead to unnecessary or inappropriate risk-taking or short-term decision making. With these considerations in mind, options are generally granted for periods greater than five years thereby encouraging the Board and Management to think of building value over the long-term rather than to take short-term risks. See [Incentive Plan Awards](#) below.

Options are usually priced at the closing trading price of the Company's shares on the business day immediately preceding the date of grant and the current policy of the Board is that options expire two to ten years from the date of grant. The Company does not have a policy in place whereby a director or executive officer is allowed to purchase financial instruments that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

The Company has a formalized stock option plan for the granting of incentive stock options to its officers, employees, consultants, and Directors.

Benefits and Perquisites

In general, the Company will provide a specific benefit or perquisite when it provides competitive value and promotes retention of executives, or when the perquisite provides shareholder value, such as ensuring the health of executives. The limited perquisites the Company provides its executives may include a parking allowance or a fee for each Board or Audit Committee meeting attended, to assist with their out-of-pocket costs, such benefits and perquisites are set out, respectively, in the Summary Compensation Table below.

Performance Goals and Executive Team

The executive team is comprised of Carman Parente, President and CEO and Anthony Chan, CFO.

As founder of the Company, Mr. Parente was the first to be appointed to the position of President and CEO and has entered into a consulting agreement with the Company to provide services on an ongoing basis to develop the Company's business plan and meet certain strategic goals. As the CFO, Mr. Chan is the executive responsible for ensuring the financial health of the Company through financial and risk management, the development of a financial and operational strategy, and the ongoing monitoring of systems designed to preserve the Company's assets and report accurate financial results.

Each of the Agreements is for a three-year term (May 1, 2015 to May 1, 2018) and will renew automatically for subsequent one year terms. Either party may terminate the Agreement by notifying the other party in writing at least 30 calendar days prior to the end of the term of the Management Consulting Agreement of its intent not to renew. The agreements contain provisions for dismissal without cause or on change of control as set out in the table below:

A “rolling” stock option plan is one in which the total number of shares reserved for issuance under the plan may not exceed, at any given time, more than 10% of the Company’s issued and outstanding common shares. See [“New Age Farm’s Stock Option Plan”](#) for further details with regard to the Company’s Stock Option Plan.

PART 7 – THE AUDIT COMMITTEE

National Instrument 52-110 Audit Committees of the Canadian Securities Administrators (“NI 52-110”) requires the Company, as a venture issuer, to disclose annually in its Circular certain information concerning the constitution of its audit committee and its relationship with its external auditor as set forth below.

The Audit Committee Charter

The Company’s audit committee is governed by an audit committee charter, the text of which is attached as Exhibit “A” to this Information Circular.

Composition of Audit Committee

The audit committee is comprised of three directors: Peter Jensen (Chair), Anthony Chan and Carman Parente. No member of the committee is considered “independent” as that term is defined in applicable securities legislation. Carman Parente is the Chief Executive Officer and Anthony Chan is the Chief Financial Officer of the Company and therefore neither of these members is independent. Mr. Jensen receives a regular management fee and therefore not independent.

All three audit committee members have the ability to read and understand financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements and are therefore considered “financially literate”.

Relevant Education and Experience

All of the audit Committee members are businessmen with experience in financial matters; each has an understanding of accounting principles used to prepare financial statements and varied experience as to the general application of such accounting principles, as well as the internal controls and procedures necessary for financial reporting, garnered from working in their individual fields of endeavour.

In addition, members of the Audit Committee have knowledge of the role of an audit committee in the realm of reporting companies from their years of experience as directors of public and private companies.

Name	Determination of Independence and Financial Literacy
Peter Jensen <i>Audit Committee Chair</i> Non-Independent	Mr. Jensen is not an officer of the Company. Aside from director fees and accrued contract fees, Mr. Jensen does not receive regular compensation from the Company. Based on his receipt of regular contract fees, he is deemed to be non-independent. Mr. Jensen is an experienced corporate and securities lawyer. In his capacity as a lawyer and as a member of the board of other public companies, he has been involved in all aspects of financial decision-making and brings a level of knowledge and range of business experience that will assist the committee in its oversight role and assist it in making informed decisions.

Name	Determination of Independence and Financial Literacy
Carman Parente <i>Audit Committee Member</i> Non-Independent (senior officer)	As CEO, Mr. Parente is not independent. Mr. Parente is a businessman who has founded and managed a number of enterprises, including New Age Farm. He has many years of experience in asset and business management and development in both public companies and the private sector. His background as a member of multiple boards over the last several years provides him with a foundation that will bring valuable insight to this committee.
Anthony Chan <i>Audit Committee Member</i> Non-Independent (senior officer)	As CFO, Mr. Chan is not independent. Mr. Chan is a chartered accountant and principal of his own chartered accountancy firm. He has over 20 years' experience in the financial reporting and audit of publicly traded companies. He has expert knowledge of the accounting principles used to prepare financial statements and the general application of such accounting principles, as well as the internal controls and procedures necessary for robust financial reporting.

Audit Committee Oversight

Since the commencement of the Company's most recently completed financial year ended December 31, 2014, the Board has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Reliance on Certain Exemptions

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

Pre-Approval Policies and Procedures

The Committee has adopted specific policies and procedures for the engagement of non-audit services as described in the Company's Audit Committee Charter attached as Schedule "A" to this Circular.

External Audit Service Fees (by Category)

In the following table, "audit fees" are fees billed by the Company's external auditor for services provided in auditing the Company's annual financial statements for the subject year. "Audit-related fees" are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. "Tax fees" are fees billed by the auditor for professional services rendered for tax compliance, tax advice, and tax planning. "All other fees" are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its external auditor, Adam Sung Kim Ltd, Chartered Accountant, for services rendered to the Company since incorporation, by category, are as follows:

Financial Year Ending	Audit Fees	Audit-Related Fees	Tax Fees	All Other Fees
December 31, 2014	\$14,000	-nil-	-nil-	-nil-
December 31, 2013	n/a	n/a	n/a	n/a

Reliance on Exemption

As the Company is a "Venture Issuer" pursuant to relevant securities legislation, the Company is relying on the exemption in Section 6.1 of National Instrument 52-110 – Audit Committees from the requirement of Parts 3 (Composition of the Audit Committee) and 5 (Reporting Obligations) of National Instrument 52-110.

PART 8 - CORPORATE GOVERNANCE

Corporate governance relates to the activities of the board of directors of the Company (the "Board"), the members of which are elected by, and are accountable to, the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Company. The Board and senior management consider good corporate governance to be central to the effective and efficient operation of the Company.

National Policy 58-201 *Corporate Governance Guidelines* ("NP 58-201") establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted.

National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("NI 58-101") also requires the Company to disclose annually in its Circular certain information concerning its corporate governance practices. As a "venture issuer" the Company is required to make these disclosures with reference to the requirements of Form 58-101F2, this disclosure is provided below.

Board of Directors

The Board is responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company's business in the ordinary course, managing the Company's cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans, and annual operating plans.

Structure and Composition

The Board is currently composed of three directors. All of the proposed nominees for election as directors at the Meeting are currently directors of the Company. National Policy 58-201 - *Corporate Governance Guidelines* suggests that the board of directors of every listed company should be constituted with a majority of individuals who qualify as "independent" directors under appropriate securities legislation. In determining whether a director is independent, the Board chiefly considers whether the director has a relationship which could, or could be perceived to interfere with the director's ability to objectively assess the performance of management.

The Company has determined independence as follows:

Name	Independent	Determination of Independence
Carman Parente <i>President & CEO</i>	No	Mr. Parente, as President and CEO of the Company, is an “inside” or management director and accordingly is considered “non-independent”.
Anthony Chan <i>CFO</i>	No	Mr. Chan, as CFO of the Company, is an “inside” or management director and accordingly is considered “non-independent”.
Peter Jensen	No	Peter Jensen is an outside director who provides consulting and advisory services pursuant to a management contract and is therefore considered “non-independent”, and has no ongoing interest or relationship with the Company other than current shareholdings and stock options in the Company and serving as a director.

Mandate of the Board

The mandate of the Board is to manage or supervise the management of the business and affairs of the Company and to act with a view to the best interests of the Company. In fulfilling its mandate, the Board, among other matters, is responsible for reviewing and approving the Company’s overall business strategies and its annual business plan, reviewing and approving the annual corporate budget and forecast, reviewing and approving significant capital investments outside the approved budget; reviewing major strategic initiatives to ensure that the Company’s proposed actions accord with shareholder objectives; reviewing succession planning; assessing management’s performance against approved business plans and industry standards; reviewing and approving the reports and other disclosure issued to shareholders; ensuring the effective operation of the Board; and safeguarding shareholders’ equity interests through the optimum utilization of the Company’s capital resources. The Board also takes responsibility for identifying the principal risks of the Company’s business and for ensuring these risks are effectively monitored and mitigated to the extent reasonably practicable. At this stage of the Company’s development, the Board does not believe it is necessary to adopt a written mandate, as sufficient guidance is found in the applicable corporate and securities legislation and regulatory policies. However, the Board intends to review this position and if it deems it appropriate, the Board will move to develop a formal written mandate.

In keeping with its overall responsibility for the stewardship of the Company, the Board is also responsible for the integrity of the Company’s internal control and management information systems and for the Company’s policies respecting corporate disclosure and communications.

The Board delegates to management, through the Chief Executive Officer and the Chief Financial Officer, responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company’s business in the ordinary course, managing the Company’s cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans, and annual operating plans.

Orientation and Continuing Education

There is no formal orientation or training program for new members of the Board, and the Board considers this to be appropriate, given the Company’s size and current level of operation.

New directors are briefed on strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing company policies and have the opportunity to become familiar with the Company by meeting with the other directors and with the executive officers. Orientation activities are tailored to the particular needs and experience of each director and the overall needs of the Board.

The skills and knowledge of the Board as a whole is such that the Board believes no formal continuing education

process is currently required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Company's records.

Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives. The Board monitors the ethical conduct of the Company and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges but, to date, has not adopted a formal written Code of Business Conduct and Ethics.

The Board is of the view that the fiduciary duties placed on individual directors by the Company's governing corporate and securities legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, are sufficient, at present, to ensure that the Board operates independently of management and in the best interests of the Company and its shareholders. In addition, the current limited size of the Company's operations and the small number of officers and consultants allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Company grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

Nomination of Directors

Given its current size and stage of development, the Board has not appointed a nominating committee and these functions are currently performed by the Board as a whole. Nominees are generally the result of recruitment efforts by Board members and proposed directors' credentials are reviewed in advance of a Board meeting with one or more members of the Board prior to the proposed director's nomination.

Compensation

At this time, the Company does not believe its size and limited scope of operations requires a formal compensation committee and the Board as a whole is responsible for determining all forms of compensation (including long-term incentive in the form of stock options) to be granted to the Company's executive officers and to the directors to ensure such arrangements reflect the responsibilities and risks associated with each position.

When determining the compensation of its executive officers in the future, the Board will consider: i) recruiting and retaining executives critical to the success of the Company and the enhancement of shareholder value; ii) providing fair and competitive compensation; iii) balancing the interests of management and the Company's shareholders; and iv) rewarding performance, both on an individual basis and with respect to operations in general. In order to achieve these objectives, it is the Board's intention that compensation paid to its executive officers should consist of three components: i) base salary; ii) discretionary annual bonus based on actual performance relative to pre-set annual operation targets; and iii) long-term incentive in the form of stock options. See Part 4 "EXECUTIVE COMPENSATION – Compensation Discussion and Analysis" above.

Other Board Committees

At the present time, the Board of Directors of the Company has appointed only an audit committee. For further information regarding the mandate of the Company's audit committee, its specific authority, duties and responsibilities, as well as the Audit Committee Charter, see Part 7 "AUDIT COMMITTEE" in this Information Circular.

As the Company grows, and its operations and management structure become more complex, the Board may find it appropriate to constitute formal standing committees, such as a Corporate Governance Committee, Compensation Committee and Nominating Committee, and to ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

Assessments

The Board has not implemented a process for assessing its effectiveness. As a result of the Company's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an ad hoc basis.

The Board also monitors but does not formally assess the performance or contribution of individual Board members or committee members.

Other Matters
