

New Age Farm Inc.

New Age Farm Sumas Green Campus Update

October 15, 2015 - Vancouver, BC: New Age Farm Inc. (CSE:NFI) (OTC:NWGF) (FSE: ONF) (www.newagefarminc.com) (#NWGF) (“New Age Farm” or the “Company”) is pleased to announce the contractor has completed the installation of security fencing at its Sumas, WA green campus as described in our July 16, 2015 news release. The fencing, required under Washington State Initiative 502 regulations, is eight feet high and combines mesh and fabric fencing panels with a barbed-wire fencing topping to create an anti-climb security fence that blocks view into the green campus and surrounds the entire facility perimeter to prevent unauthorized access, as shown in the photos below.

Carman Parente, CEO, commented, “Now that the perimeter fencing is in place, we can focus our efforts on the buildout for our first tenant grower. We are looking forward to getting the Sumas green campus up and running as soon as possible.”

About New Age Farm

Through its wholly-owned subsidiary, NHS Industries Ltd. (“NHS”), New Age owns a five and a half acre greenhouse facility in the lower mainland of BC with a 48,000 square foot greenhouse facility, capable of growing 2.4 million 4” potted plants annually. NHS is in the process of formulating innovative proposals for small scale agricultural facilities for exploring multiple avenues for cash flow processes. The facility is located minutes from three major Canada – USA border crossings and direct routes to the lower mainland west and to all points east and west along 16th Ave to Hwy 99 and to Hwy 1 make its location in South Langley an ideal hub. NHS intends to become a beta site for sustainable growing capabilities as well as minimizing all carbon footprints with regard to all its on-site operations. This facility will meet a growing demand in the Metro Vancouver and Fraser Valley areas to help smaller growers become more efficient, more productive, implement value added product lines, and reduce waste.

Through its Washington State subsidiary, New Age Farm owns a second property that is located in Sumas, WA, where it intends to offer fully built out turnkey service operations to licensed I-502 tenant-growers who will lease the facilities for production and processing. With two leases already in place, operations in Washington State are expected to begin as soon as the Company completes its first build out.

About the Washington I-502 Marijuana Market

In November 2012, the Washington State Liquor Control Board (“WSLCB”) passed Initiative 502 (“I-502”) pursuant to a vote by the people of the State of Washington. I-502 authorized the WSLCB to regulate and tax recreational marijuana products for persons over twenty-one years of age and thereby created a new industry for the growing, processing and selling of Washington State-regulated recreational marijuana products. A recent WSLCB commissioned report by the Rand organization suggests that there are currently up to 650,000 recreational marijuana users in Washington State, worth approximately \$1.25 - \$1.5 Billion USD in annual sales.
