# **Mydecine Innovations Group Engages the ProPharma Group to Proceed with FDA Filings and Approval for Novel Research and Multiple Phase Clinical Trials**

## **Leading FDA consultancy firm to advise on drug development and clinical trial pipeline**

DENVER, Dec. 15, 2020 (GLOBE NEWSWIRE) -- [Mydecine Innovations Group](#) (CSE: MYCO) (OTC: MYCOF) (“Mydecine” or the “Company”), an emerging biopharma and life sciences company committed to the research, development, and acceptance of alternative nature-sourced therapeutic medicine for mainstream use, announced that it has partnered with ProPharma Group, the leading provider of regulatory and compliance services to the pharmaceutical, biotech, and medical device industries. As part of the agreement, ProPharma Group will provide regulatory advisement as the company seeks approval from the Food and Drug Administration (FDA) for its drug development platform as well as the Company’s various stage clinical trials.

“ProPharma Group is a globally recognized firm with a strong track record of working with life sciences and biopharma companies to ensure full compliance with all FDA regulations, including all necessary steps for eventual global federal approvals,” said Josh Barch, CEO and Co-Founder of Mydecine. “Mydecine currently has a jam-packed clinical trial calendar with plans to expand it to include additional various phase trials throughout the globe. Additionally, Mydecine has built a strong IP position in the psychedelics space. As we build upon our drug development platform, ProPharma Group will be a key partner for us as we explore the most efficient regulatory pathway in our mission to bring innovative treatments to the forefront for people suffering from mental health issues like PTSD and addiction.”

For more than 35 years, ProPharma Group has played an instrumental role helping its clients advance viable and efficient drug development pathways and solutions utilizing its scientific and regulatory acumen as well as its expertise in FDA, regulatory, quality and compliance, and company-related matters. With decades of experience and a positive working relationship with the FDA, ProPharma Group will serve as a key partner as Mydecine moves its drug pipeline and clinical research trials forward in an effort to increase compatibility and safety of psychedelics for therapeutic use.

“ProPharma Group has long held the leading position in working with our clients to develop strategies and supply them with viable and efficient drug development pathways and compliance solutions,” said Matthew Weinberg, Global VP for Regulatory Affairs, ProPharma Group. “Mydecine has shown a solid execution track record and is well positioned to lead in the development of the international psychedelics industry as regulations evolve. We look forward to working with the Mydecine team as they seek FDA approval for their clinical trials and drug development pipeline.”

### **About Mydecine Innovations Group**

Mydecine Innovations Group™ is a life sciences company dedicated to developing and commercializing innovative solutions for treating mental health problems and enhancing wellbeing. The company’s world-renowned medical and scientific advisory board is progressing a robust R&D pipeline of psychedelic derived therapeutics, novel compounds, therapies, and controlled drug delivery systems. Mydecine has exclusive access to a full cGMP certified pharmaceutical manufacturing facility with the ability to import/export, extract, and analyze natural and synthetic psychedelic compounds with full government approval through Health Canada.
