LeanLife appoints Natural Health Product Expert Gavin Mah as new COO

VANCOUVER, British Columbia, June 3rd, 2020: [LeanLife Health Inc.](#) (CSE: LLP) (the “Company”) a Company focused on proprietary plant-based food products is pleased to announce that it has appointed Natural Health Product expert, Gavin Mah, as new Chief Operating Officer (“COO”) as of June 1st, 2020. Mr. Mah had been working as an external consultant for the company since January 1st.

The Company welcomes Mr. Mah with his vast knowledge and experience in the Natural Health Product industry and looks forward to him further developing and executing the Company’s sales and marketing plans to bring LeanLife to the next level. Mah’s new operational role will specifically focus on regulatory and logistics as well as business development and sales.

As a leading authority in regulatory affairs, Mr. Mah has extensive experience working with Regulatory Advisory and Government Relations Committees with **Health Canada**.

Mr. Mah has decades of experience selling Omega-3 products, including fish and flaxseed products.

For seven years, Mr. Mah served as Director of Canadian Regulatory Affairs at **Nature’s Way**, a leading health company which sells its many nutritional and dietary supplements, including its Omega-3 products, through a variety of channels such as Walmart. He was instrumental in the acquisition of **Ascenta Health**, the leading Omega-3 fish oil manufacturer, by Nature’s Way and its parent company **Schwabe Pharma** (Germany).

Mr. Mah has also worked with and sold Omega-3 products for both **Omega Nutrition** and **Barleans Oils**, two of the largest flax oil companies in the Pacific Northwest.

Mr. Mah will not only bring his 33 years of experience but also his corporate resources and extensive connections to the Company.

As President and partner of **Biomed International Products Corp.**, Mr. Mah oversees the manufacturing and global distribution of natural medicines to health practitioners by an enthusiastic team of professionals.

In addition to his corporate experience, Mr. Mah has dedicated years to consulting and educating companies around the world. His highly successful approach has helped develop effective business plans for new and existing companies. He has led teams in product development, quality system development, and process improvements. Mr. Mah has a proven track record and effectively provides deliverables on time, on scope and on budget.

His experience working with the significant companies mentioned above, as well as **Integrative Therapy**, **Purity Life**, **Enzymatic Therapy**, **SISU Enterprises**, **Thorne Research**, **NF Formulas**, **Phyto Pharmica**, **Eco Ideas** and many other industry leaders, will help LeanLife grow.

LeanLife CEO, Stan Lis commented on the appointment of Gavin Mah as our new COO: *“We have been impressed with Mr. Mah in the past six months as a real goal getter. Gavin is absolutely determined to generate sales and grow LeanLife’s business. We are therefore thrilled that he has accepted our offer to work as an officer of the company in the role of COO. Mr. Mah has decades of Omega-3 sales, marketing and corporate acquisition experience with major companies in the Natural Health Products industry. This is going to be strategic for LeanLife’s future.”*

The Company announces the issuance of 7,832,500 shares at \$0.05 per share and 2,100,000 warrants at \$0.075 each with the warrants expiring on June 2, 2025, to settle debt for a total of \$584,375 on the Company’s books. The Company is also issuing 750,000 shares at \$0.05 per share pursuant to payment for services.

About LeanLife Health and the Omega-3 Market

LeanLife Health's products are **long-term shelf-stable** extractions from flax seed, a plentiful **plant-based source of Omega-3**, that give them a significant advantage as an essential¹ fortified food ingredient.

Increased Omega-3 intake, especially with LeanLife's higher Omega-3 to -6 ratio, has shown to have **significant health improvement impacts**.

LeanLife's mission is to provide a relatively **low-cost means of replacing the less healthy vegetable oil in food**, and **transform them into healthier versions**.

"Improving the quality of food without requiring people to change what they eat is the best way to ensure they eat healthier and benefit from an improved quality of life." –
Stan Lis, CEO

LeanLife Health's industry leading and **proprietary Omega-3 product formulations** are of the **highest quality** and **contain no cholesterol**. Products are available in oil, emulsion and powder forms.

The products can be used as **food additives** or as **nutraceuticals** and have been used to make bread, noodles, cheese, yogurt, juice and milk products for the European market.

The **global Omega-3 market** reached USD \$33 Billion in 2016 and is **expected to reach upwards of USD \$57 Billion by 2025**, according to a report by Grand View Research, Inc.
