## ENDOCAN SOLUTIONS ANNOUNCES FUNDING FACILITY

Vancouver, B.C., September 18, 2017 – Endocan Solutions Inc. (the “Company” or “Endocan”) reports that it has arranged a \$250,000 CAD credit facility (the “Facility”) from Phi Beta Capital Advisors Ltd. (the “Lender”), a company indirectly controlled by a family member of Rob van Santen, the CEO of the Endocan.

The Facility is evidenced by a convertible promissory note (the “Note”) which is unsecured and is due 24 months from the date of issuance of the Note, upon an event of default, or upon a private placement of at least \$300,000 in gross proceeds (the “Maturity Date”). Interest accrues at a rate of 10% per annum and is payable quarterly. The principal and interest under the Note is convertible at the election of the Lender with the conversion price being the higher of: (i) \$0.05 per common share; or (ii) the allowable discount to market price for each common share as permitted by the rules of the Canadian Securities Exchange (the “Exchange”). The proceeds from the Facility will be used for general corporate purposes. As additional consideration for providing the credit facility, Endocan has agreed to issue a \$15,000 CAD initiation fee and 200,000 bonus shares to the Lender. All securities issued in conjunction with the Facility will be subject to a four-month hold period under applicable securities law.
