

Upco International Inc. (CSE: UPCO) (OTCQB: UCCPF) (Frankfurt: U06) Developing a Fully-integrated Multi-channel Solution

Vancouver, BC, November 26, 2018, Upco International Inc. (CSE: UPCO) (OTCQB: UCCPF) (Frankfurt: U06) (“Upco”) is pleased to announce that with its fully encrypted communication app and strategic partnership with Transfer-To www.transfer-to.com and Emoney plc www.emoney.com.mt Upco is working towards developing a secured communications app with fully-integrated multi-channel solutions. Andrea Pagani stated, “When we created this product we wanted to bring family and friends a unique opportunity to further improve their daily conversations and interactions with one another. We believe we have all the elements of a successful product where you can communicate and transfer funds on a global scale.”

Payment processing has developed into much more complex model due to the fact of advancements in technology, as well as customers leaning towards a more online and mobile solution for their transactions. The booming need of mobile, multi-channel and multi-currency payment acceptance is creating the need to incorporate a fully-integrated multi-channel solution.

Upco also has issued 790,000 stock options exercisable at \$0.17 for a period of 5 years to directors and consultants of the company.

About Upco International Inc.

Upco International Inc. is a cloud-based mobile service company which provides high-quality voice termination to a market driven by the growing activity in online communications and commerce. Upco is a licensed Global Telecom Carrier within the international VoIP (voice over IP) wholesale business. Upco has designed a software application for Apple iOS and Android, similar to SKYPE and WhatsApp. With the forthcoming addition of the Upco E-Wallet using Blockchain Payment Services, users will be able to: send invoices, approve payments, transfer international funds, convert international currencies, and track transfers and payments. The application will also allow vendors to securely share account information with their clients.
