

FORM 51-102F3
MATERIAL CHANGE REPORT

Item 1 Name and Address of Company

Global Cannabis Applications Corp. (“Company” or “GCAC”)
PO Box 43, Suite 830, 1100 Melville Street
Vancouver, British Columbia
Canada V6E 4A6

Item 2 Date of Material Change

November 16, 2021

Item 3 News Release

The news release was disseminated on November 16, 2021, through the news dissemination services of TheNewswire and a copy was subsequently filed on SEDAR.

Item 4 Summary of Material Change

The Company announced it has been approved to be upgraded to the OTCQB market. This up-listing makes the Company’s common shares available to a larger group of U.S. investors and provides for enhanced trading liquidity. Additionally, the Company executed a Letter of Intent with the EMTRI Group (“EMTRI”) to provide software development and implementation services for a one-time fee of US\$500,000, plus a perpetual revenue share of EMTRI’s QR-code sales to cultivators.

Item 5 Full Description of Material Change

Item 5.1 Full Description of Material Change

The Company, a leading medical cannabis chain-of-custody compliance and data platform company, is pleased to announce that it has been approved to be upgraded to the OTCQB market. This up-listing makes the Company’s common shares available to a larger group of U.S. investors and provides for enhanced trading liquidity.

The announcement will be posted to the Company’s News Tab on Monday, November 21, 2021, following the Company’s first day of trading on OTCQB. As per ongoing compliance requirements and in accordance with OTCQB listing standards, GCAC will file periodic reports, disclosure, and the annual OTCQB certification. The upgraded listing has important benefits for corporate investors and individual shareholders. The upgrade includes Real-Time Level 2 Quote Display on our websites and weekly OTC Market Reports summarizing the Company’s security activity.

Efixii

Additionally, the Company’s Efixii blockchain-powered mobile application received enthusiastic reviews at October’s MJBizCon in Las Vegas. Specifically, the Company executed a Letter of Intent with EMTRI, representing over 20,000 cultivators in Northern California. The Company will provide software development and implementation services to customize Efixii technology for a one-time fee of US\$500,000, plus a perpetual revenue share of EMTRI’s QR-code sales to cultivators.[1]

Mr. Moore is a headline speaker presenting the Efixii SaaS technology at the CannabiSalud “Business Investment Summit” in Cancun, Mexico, November 18-20, 2021.[2] Mexico is one of the world’s newest and largest legal cannabis markets.

Efixii is licensed to cultivators in a SaaS model and is a free-to-use app for cannabis consumers. All cannabis sold through the Efixii portal generates a new sales-commission revenue stream for GCAC. Efixii’s cannabis data is the intellectual property (“IP”) of GCAC. This IP creates an inherent difficulty in replicating or competing with GCAC’s cannabis datasets. GCAC defined their protocols in a provisional U.S. patent application, ‘System of Process and Tracking Cannabis Products and Associated Method Using Blockchain’ filed with the USPTO on Dec. 17, 2020.

Prescriptii Patient Experience

GCAC recently broadened its innovative technology suite with the launch of its web-based Prescriptii Patient Experience (PPE). The free-to-use website empowers each cannabis consumer with data to help make better choices for their personal medical needs, and improve consumer knowledge and confidence.[3]
