CARL DATA SOLUTIONS WELCOMES JULIE K. McCLURE TO BOARD OF DIRECTORS

September 11, 2018 -Vancouver, British Columbia - Carl Data Solutions Inc. (CSE:CRL, FSE:7C5, OTC:CDTAF) (“Carl Data” or the “Company”), is pleased to announce that Julie K. McClure will be joining their board of directors. McClure is a seasoned executive, bringing over 20 years professional experience that includes a combination of Wall Street experience, entrepreneurship, public & private equity capital raising and investing. Her previous success working with early stage and high growth companies on their strategic growth plans and corporate development initiatives will help Carl Data continue its growth as a public company.

“I’m excited to bring my experience to Carl Data Solutions as both a complement to the existing board members and to help accelerate the strategic growth of the company” said McClure. “With the right strategy, the company has tremendous potential given the combination of Carl Data’s unique industrial IOT technology and current market trends.”

In her current role as a Managing Partner at Paterson Partners, a family-office venture capital firm, McClure focuses on investing in and building early stage and high growth companies across a variety of sectors including Media, Technology and Fintech. As a former Vice President at Morgan Stanley, McClure has a decade of Wall Street and Bay Street experience in Mergers & Acquisitions, Institutional Equity Sales and Private Equity & Infrastructure Investing.

Since leaving Wall Street, McClure has launched and built her own consumer businesses as well as worked as a contract-based executive and C-Level advisor focused on the development and execution of strategic growth plans and partnerships, mergers & acquisitions, new business development initiatives and private capital raising strategies & plans. Her educational background includes an Honors Business Administration (HBA) degree from the Ivey Business School (University of Western Ontario) and a Bachelor of Science (B.Sc.) degree from the University of Ottawa.

Greg Johnston, Carl Data CEO and President, commented, “We are very pleased to have Julie coming onto the Carl Data Board of Directors. She is extremely bright and

experienced in all areas of running the public side of a company. I'm sure her insights will prove invaluable over the coming years."

About Carl Data Solutions Inc.

Carl Data Solutions Inc. is an Industrial IoT (IIoT) company focused on providing next generation information collection, storage and analytics solutions for data-centric companies. Building on its recent acquisitions, Carl helps its clients analyze and understand all forms of environmental data through a powerful platform of data collection, monitoring, reporting, and predictive analysis tools.

Carl Data continues to develop applications to work with new cloud-based mass storage services and analytics tools (Big-Data-as-a-Service (BDaaS) to provide scalability for municipalities, utilities and other industrial verticals. These data collection and storage methods allow the company to build smart Software-as-a-Service (SaaS)-based applications that can collect data from many diverse sources and provide deep insight for decision-making purposes.
