President, Chief Executive Officer and a Director

Management Information Circular

DATED OCTOBER 18, 2017

This Management Information Circular (the “**Circular**”) is being furnished in connection with the solicitation by management of BioMark Diagnostics Inc. (the “**Company**”) of proxies to be voted at an annual general meeting of the security holders to be held on November 22, 2017 (the “**Meeting**”). The information contained in this Management Information Circular is effective as of October 18, 2017, unless otherwise specifically stated.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

SOLICITATION OF PROXIES

This Circular is provided in connection with the solicitation of proxies by the management of the Company. The form of proxy or voting instruction form which accompanies this Circular (the “**Proxy**”) is for use at the Meeting, at the time and place set out in the accompanying Notice of Meeting, and any adjournment thereof. The Company will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

Registered Shareholders

Registered shareholders may vote their common shares by attending the Meeting in person or by completing the enclosed proxy. Registered shareholders should deliver their completed proxies to Computershare Investor Services Inc. (by mail, fax, telephone or internet according to the instructions on the proxy) at least 48 hours (excluding Saturdays, Sundays and holidays) before the start of the Meeting or any adjournment thereof. An instrument of proxy must be signed by the shareholder or its attorney in writing, or, if the shareholder is a corporation, it must be either under its common seal or signed by a duly authorized officer.

The persons named in the proxy are directors and officers of the Company. **A shareholder has the right to appoint a person to attend and act on his or her behalf at the Meeting other than the nominees of management named in the enclosed instrument of proxy. A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so by striking out the printed names and inserting the desired person’s name in the blank space provided.**

A registered shareholder may revoke a proxy by:

- a) signing a proxy with a later date and delivering it at the time and place noted above;
- b) signing and dating a written notice of revocation and delivering it at the time and place noted above; or
- c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Non-Registered Shareholders

In many cases, common shares of the Company beneficially owned by a holder (a “**Non-Registered Holder**”) are registered either:

- a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the meeting materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive meeting materials will either:

- a) be given a proxy which has been signed by an Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. This form of proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and return it in accordance with the instructions provided in the form, or
- b) more typically, be given a voting instruction form that must be completed and signed by the Non-Registered Holder in accordance with the directions on the voting instruction form. In this case, the Non-Registered Holder should return it in accordance with the instructions provided in the form.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the shares they beneficially own. **Should a Non-Registered Holder who receives either a proxy or a voting instruction form wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the proxy and insert the Non-Registered Holder’s (or such other person’s) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form.** In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies, including those regarding where and when the voting instruction form is to be delivered. If Non-Registered Holders do not follow such instructions and attend the Meeting, they will not be entitled to vote at the Meeting.

The common shares represented by a proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, such common shares will be voted accordingly.

IF NO CHOICE IS SPECIFIED IN THE PROXY WITH RESPECT TO A MATTER TO BE ACTED UPON, THE PROXY CONFERS DISCRETIONARY AUTHORITY WITH RESPECT TO THAT MATTER UPON THE DESIGNATED PERSONS NAMED IN THE FORM OF PROXY. IT IS INTENDED THAT THE DESIGNATED PERSONS WILL VOTE THE COMMON SHARES REPRESENTED BY THE PROXY IN FAVOUR OF EACH MATTER IDENTIFIED IN THE PROXY.

The proxy or voting instruction form gives the person named in it the discretion to vote as they see fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters, which may properly come before the Meeting. At the time of printing this Circular, the management of the Company knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company is authorized to issue an unlimited number of common shares without par value. As of the record date, determined by the Board of Directors of the Company to be the close of business on October 18, 2017 (the “**Record Date**”), the Company had 63,127,452 common shares outstanding. All common shares in the capital of the Company are of the same class and each common share carries the right to one vote.

Shareholders registered on the Record Date are entitled to attend and vote at the Meeting or any adjournment thereof. Shareholders who wish to be represented by proxy at the Meeting must, to entitle the person appointed by the Proxy or voting instruction form to attend and vote, deliver their proxies or voting instruction forms at the place and within the time set forth in the notes to the Proxy or voting instruction form.

To the best knowledge of the executive officers of the Company, as of the date of this Circular, there were no individuals or companies who beneficially own, directly or indirectly, or exercise control or direction over, 10% or more of the common shares of the Company, other than as set forth below.

Biomark Technologies Inc. ⁽²⁾	41,004,167	65%

(1) Based on 63,127,452 common shares issued and outstanding as of the Record Date

(2) Biomark Technologies Inc. is a company which Rashid Ahmed, the CEO, President and a director of the Company, is one of many control persons for Biomark Technologies Inc.

PARTICULARS OF MATTERS TO BE ACTED UPON

PRESENTATION OF FINANCIAL STATEMENTS

The audited consolidated financial statements of the Company for the financial year ended March 31, 2017, together with the report of the auditor thereon, will be placed before the Meeting. Receipt at the Meeting of the audited financial statements will not constitute approval or disapproval of any matters referred to therein. No vote will be taken on the audited financial statements. The audited financial statements are available on SEDAR at www.sedar.com.

Pursuant to National Instrument 51-102 and National Instrument 54-101, a person or corporation who in the future wishes to receive annual and interim financial statements from the Company must deliver a written request for such material to the Company. Shareholders who wish to receive annual and interim financial statements are encouraged to complete the appropriate section on the request form included with this Circular.

ELECTION OF DIRECTORS

The articles of the Company provide that the Board of Directors shall consist of a minimum of 1 and a maximum of 15 directors. The directors of the Company are elected annually and hold office until the next annual general meeting of the shareholders or until their successors are elected. Shareholders of the Company will be asked to consider and, if deemed appropriate, fix the number of Directors at four (4) and to nominate the persons below for election as directors of the Company to serve until their successors are elected or appointed.

Management recommends that shareholders vote FOR fixing the number of directors at four (4).

In the absence of instructions to the contrary, proxies given pursuant to the solicitation by the management of the Company will be voted for the nominees listed in this Circular. Management does not contemplate that any of the nominees will be unable to serve as a director. If any vacancies occur in the slate of nominees listed below before the Meeting, management will exercise discretion to vote the Proxy for the election of any other person or persons as directors.

The following table sets out the names of the nominees for election as directors, the offices they hold within the Company, their occupations, the length of time they have served as directors of the Company, the members of the compensation committee and the members of the audit committee and the number of shares of the Company and its subsidiaries which each beneficially owns directly or indirectly or over which control or direction is exercised as of the date of the Notice of Meeting:

The information as to shares beneficially owned has been provided by the directors and from the SEDI website.

Dr. Ian C.P. Smith (OC DSc PhD FRSC) is the Chair of CIMTEC's Board of Directors. Dr. Smith began his National Research Council (NRC) career in Ottawa as a Research Officer specializing in magnetic resonance. In 1987, he became Director General of the NRC Institute for Biological Sciences, Ottawa. In 1992, he founded the Institute for Biodiagnostics in Winnipeg as its first Director General. The Institute focuses on the development and commercialization of medical devices for the non-invasive diagnosis of disease.

Dr. Smith is dedicated to early detection and treatment of disease and using this knowledge to advance the state of medicine and the economy. He is a passionate mover for the commercialization of the products of research, and has started nine companies with a present value of \$300 million. In 2013, he retired from NRC to help build a spin-off company, Innovative Biodiagnostics Inc., specializing in tests for colon cancer and breast cancer.

He was appointed Officer of the Order of Canada in 2008 for his leadership in the advancement, development and commercialization of Canada's diagnostic technologies, notably magnetic resonance imaging, in the field of health care. In addition, Dr. Smith received the 2008 Outstanding Achievement Award of the Public Service of Canada, presented to individuals who have displayed long-term excellence throughout their careers in Canada's public service. He was awarded the Queen's Gold (2002) and Diamond (2012) Jubilee Medals for his contributions.

He holds a number of honorary degrees, including Phil. Dr. from Stockholm University. He is past president of the International Union for Pure and Applied Biophysics and a member of advisory boards of various companies and agencies.

Management recommends that shareholders vote FOR the election of each of the nominees listed above.

No proposed director:

Audit Committee Oversight

Since the commencement of the Company's most recently completed financial year, all recommendations to nominate and compensate the external auditor, Manning Elliott LLP, Chartered Professional Accountants, by the Audit Committee were adopted by the Board of Directors.

Reliance on Certain Exemptions

Since the commencement of the Company's most recently completed financial year, the Company has not relied on any exemptions under Section 2.4 (De Minimis Non-audit Services) or any other exemptions, in whole or in part, granted under Part 8 of NI 52-110.

Pre-Approval of Policies and Procedures

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services; however, as provided for in NI 52-110 the Audit Committee must pre-approve all non-audit services to be provided to the Company or its subsidiaries, unless otherwise permitted by NI 52-110.

External Auditors' Service Fees

The aggregate fees billed by our auditor for the last two fiscal years are provided below.

Audit Service Fees	Fiscal Year Ended March 31, 2017 (\$)	Fiscal Year Ended March 31, 2016 (\$)
Audit Fees	13,500	16,000
Audit-Related Fees	0	0
Tax Fees ⁽¹⁾	1,500	1,500
All other Fees ⁽²⁾	1,500	0
Total (before taxes)	17,500	17,500

Note:

(1) Tax Fee – Corporate Tax Return for BioMark Diagnostics Inc. and BioMark Cancer Systems Inc.

(2) All other Fees – Professional fee for consulting services provided to Former CFO.

Exemption

The Company is relying upon the exemption in section 6.1 of NI 52-110 which exempts “venture issuers” from the requirements of Part 3 *Composition of the Audit Committee* and Part 5 *Reporting Obligations* of NI 52-110.

MANAGEMENT CONTRACTS

Except as described above in this Circular, there are no management functions of the Company that are, to any substantial degree, performed by a person other than the directors or executive officers of the Company.

On May 14, 2014, the Company entered into an Independent Contractor Agreement (the “Agreement”) with the CEO of the Company. According to the Agreement, the CEO will provide consulting services to the Company for one year with a compensation of \$240,000 per year plus benefits. In addition, the CEO will be paid a cash bonus equivalent to 30% of the annual salary at the end of each year if the trading price of the Company shares increased by more than 30% from the trading price at the beginning of the year. For the purpose of this calculation, the starting trading price is \$0.25 per share. The CEO will also be granted stock options for 1,000,000 shares at a price of \$0.25 per share (granted). Finally, if the Company’s market capitalization exceeds \$200 million USD, the CEO will be paid an additional cash bonus of \$500,000. The terms of the CEO agreement are on year to year basis unless terminated accordance to the terms and conditions set forth in the agreement. According to the Agreement, the Company engaged the CEO to provide important services that include developing and directing the corporate strategy, resource allocation, review acquisitions or partnerships, driving or generating revenue growth, hiring and retaining staff as necessary, supporting capital raising, managing past relationships and building business and collaborations.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The following is the disclosure required by Form 58-110F2 of National Instrument 58-101 Disclosure of Corporate Governance Practices.

Board of Directors

The Board of Directors presently has three directors, two of whom are independent. If the proposed nominees are all elected at the Meeting, the Board of Directors will consist of four directors, three of whom will be independent. The definition of independence used by the Company is that used by the Canadian Securities Administrators, which is set out in section 1.4 of NI 52-110. A director is independent if he has no direct or indirect material relationship to the Company. A “material relationship” is a relationship which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of the director’s independent judgment. Certain types of relationships are by their very nature considered to be material relationships and are specified in section 1.4 of NI 52-110.

Two of the current directors are considered to be independent directors: Bram Ramjiawan and Brian Cheng. Rashid Ahmed is not considered to be independent, as he is a senior management of the Company.

The Board of Directors believes that the principal objective of the Company is to generate economic returns with the goal of maximizing shareholder value, and that this is to be accomplished by the Board of Directors through its stewardship of the Company. In fulfilling its stewardship function, the Board of Directors' responsibilities will include strategic planning, appointing and overseeing management, succession planning, risk identification and management, communications with other parties and overseeing financial and corporate issues. Directors are involved in the supervision of management.

The Company has not developed written position descriptions for the chairman and the chief executive officer. Pursuant to the *Business Corporations Act* (British Columbia), directors must declare any interest in a material contract or transaction or a proposed material contract or transaction. Further, the independent members of the Board of Directors meet independently of management members when warranted. During the past fiscal year, the Board of Directors met more than four times, and each member of the Board of Directors, as constituted as at the date of each meeting, was in attendance at each meeting.

Other Directorships

The current and proposed directors of the Company are not a director in any other reporting issuer.

Orientation and Continuing Education

New directors of the Company are provided with a package of pertinent information about the Company which includes written information about the duties and obligations of directors, the business and operations of the Company and documents from recent board meetings. Specific details of the orientation of each new director are tailored to that director's individual needs and areas of interest.

The Company also provides continuing education to directors by way of management presentations to ensure that their knowledge and understanding of the Company's business remains current. The Company's financial and legal advisers are also available to the Company's directors.

Ethical Business Conduct

The Company has adopted a Code of Business Conduct and Ethics (the "**Code**") which is intended to document the principles of conduct and ethics to be followed by the Company's directors, officers and employees. The purpose of the Code is to:

- Promote integrity and deter wrongdoing.
- Promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest.
- Promote avoidance of conflicts of interest.
- Promote full, fair, accurate, timely and understandable disclosure in public communications made by the Company.
- Promote compliance with applicable governmental laws, rules and regulations.
- Promote and provide a mechanism for the prompt, internal reporting of departures from the Code.
- Promote accountability for adherence to the Code.
- Provide guidance to the Company's directors, officers and employees to help them recognize and deal with ethical issues.
- To help foster a culture of integrity, honesty and accountability throughout the Company.

A copy of the Code is available from the Company's offices. A copy is also given to all employees, consultants and directors. In the Board of Directors' regular meetings, the Board of Directors considers the Company's operations and business activities in light of the Code. The Board of Directors expect management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity.

Nomination of Directors

The Company does not have a formal process or committee for proposing new nominees for election to the Board of Directors. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among board members, and/or with recommendations from shareholders.

Compensation

The compensation committee currently consists of Bram Ramjiawan and Brian Cheng (the “**Compensation Committee**”). Directors’ compensation is proposed by the CEO based on an in-depth review of Canadian Board compensation practices.

The officers’ compensation is proposed by the Compensation Committee based on competitive compensation analysis to attract and retain qualified and appropriate individuals to the position. The market competitiveness of the compensation, and each of its components, is assessed annually relative to companies of similar size, scope and geographic spread of operations. In determining the officers’ total compensation, the Compensation Committee considers the following responsibilities:

- Development of corporate strategies designed to achieve sustained growth with an objective of maximizing shareholder value which takes into account the opportunities and risks of the business
- Fostering best practices in corporate governance
- Identifying all significant risks to the Company’s assets
- Managing the Company’s affairs with a view to balancing short-term growth with positioning for medium and long-term growth
- Stewardship of the Company’s operating and capital expenditures

Other Committees

The Board of Directors has not established any committees other than the Audit Committee and the Compensation Committee.

Assessments

There is no formal committee with the responsibility for assessing the effectiveness of the Board of Directors as a whole. The Board of Directors as a group reviews its performance and assesses the effectiveness of the Board of Directors as a whole.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Interpretation

“Named executive officer” (“**NEO**”) means:

- (a) a Chief Executive Officer (“**CEO**”);
- (b) a Chief Financial Officer (“**CFO**”);
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of that financial year.

General

The Company’s compensation philosophy for NEOs is designed to attract well qualified individuals in what is essentially an international market by paying competitive base management fees plus short and long-term incentive compensation in the form of stock options or other suitable long term incentives. In making its determinations regarding the various elements of executive compensation, the Board of Directors has access to and relies on published studies of compensation paid in comparable businesses.

The duties and responsibilities of the President and CEO are typical of those of a business entity of the Company's size in a similar business and include direct reporting responsibility to the Chairman of the Board of Directors, overseeing the activities of all other executive and management consultants, representing the Company, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

Compensation Program Objectives

The objectives of the Company's executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Company's continued success;
- to align the interests of the Company's executives with the interests of the Company's shareholders; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Company is at pre-commercial technology developmental stage and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of the NEO.

Purpose of the Compensation Program

The Company's executive compensation program has been designed to reward executives for reinforcing the Company's business objectives and values, for achieving the Company's performance objectives and for their individual performances.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary, performance bonus and stock option incentives.

Purpose of Each Element of the Executive Compensation Program

The base salary of an NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

In addition to a fixed base salary, an NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. The pre-established, quantitative target(s) used to determine performance bonuses are set each fiscal year. Awards under this plan are made by way of cash payments only, which payment are made at the end of the fiscal year.

Stock options are generally awarded to an NEO on an annual basis based on performance measured against set objectives. The granting of stock options upon hire aligns an NEO's rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in an NEO's compensation with increases in the Company's performance and in the value of the shareholders' investments.

Determination of the Amount of Each Element of the Executive Compensation Program

Compensation Committee

The Compensation Committee was established on November 3, 2014.

The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has, as part of its mandate, primary responsibility for making recommendations for approval by the Board of Directors with respect to the appointment and remuneration of executive officers of the Company.

Compensation of any NEO of the Company, other than that of the CEO, is reviewed annually by the CEO, who makes recommendations to the Compensation Committee. The Compensation Committee reviews the recommendations of the CEO and makes its own recommendations to the Board of Directors, which approves the compensation of any NEO based on the recommendations of the Compensation Committee. Compensation for the CEO is reviewed annually by the Compensation Committee, which then makes recommendations to the Board of Directors. The Board of Directors approves the base salary of each NEO based on the recommendations of the Compensation Committee.

The Compensation Committee will also evaluate the performance of the Company's senior executive officers and review the design and competitiveness of the Company's compensation plans.

During the most recently completed financial year, the members of the Compensation Committee were Brian Cheng, and Bram Ramjiawan.

Base Salary

The base salary review of any NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary is not evaluated against a formal "peer group". The Compensation Committee relies on the general experience of its members in setting base salary amounts.

Performance Bonuses

The Compensation Committee oversees the operation of the Company's bonus plan by evaluating and approving the targets and the objectives to be met by the NEO and the amount of bonus payable at specific levels of attainment of those targets and objectives. The bonus for any individual NEO varies dependent upon the position but, in any event, is capped at 10% of net sales and the factors considered in assessing the bonus amounts include, but are not limited to, expense control and attainment of specific strategic business goals.

Stock Options

The Company adopted a stock option plan for the benefit of directors, officers, employees and consultants of the Company. The Company's current stock option plan (the "**Existing Plan**") was last approved by the shareholders on September 17, 2015. Pursuant to the Existing Plan, the maximum number of common shares of the Company which may be authorized for reservation for the grant of options from time to time shall be 20% of the Company's then issued and outstanding common shares.

Under the **Existing Plan**, stock options are granted to directors, officers, employees and consultants as an incentive to serve the Company in attaining its goal of improved shareholder value. The Board of Directors determines which NEO (and other persons) are entitled to participate in the Company's Existing Plan; determines the number of options granted to such individuals; and determines the date on which each option is granted and the corresponding exercise price.

The Board of Directors has made, and will continue to make, these determinations subject to the provisions of the applicable stock option plan and, where applicable, the policies of the Canadian Securities Exchange (the "**CSE**").

Previous grants of option-based awards are taken into account when considering new grants.

As of the Record Date, there are 5,045,000 stock options issued and outstanding.

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary of any NEO, combined with the granting of stock options, has been designed to provide total compensation which the Board of Directors believe is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Option-based Awards

The Existing Plan has been used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board of Directors takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the CSE, and closely align the interests of the executive officers with the interests of shareholders.

The Board of Directors as a whole, has the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

The Existing Plan is administered by the Board of Directors. The plans are designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term to enable the Company to attract and retain individuals with experience and ability and to reward individuals for current performance and expected future performance. The Board of Directors considers stock option grants when reviewing executive officer compensation packages as a whole.

BIOMARK DIAGNOSTICS INC.

(the "Company")

Audit Committee Charter

Mandate

The primary function of the Audit Committee (the "Committee") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Company will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

Serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.

Review and appraise the performance of the Company's external auditors.

Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

Composition

The Committee shall be comprised of three Directors as determined by the Board of Directors.

At least one member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Committee's Charter, the definition of "financially literate" is the ability to read and understand a balance sheet, an income statement and a cash flow statement. The definition of "accounting or related financial management expertise" is the ability to analyze and interpret a full set of financial statements, including the notes attached thereto, in accordance with Canadian generally accepted accounting principles.

Meetings

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communications, the Committee meets at least annually with the Chief Financial Officer or senior financial person and the external auditors in separate sessions.

Responsibilities and Duties

To fulfill its responsibilities and duties, the Committee shall:

Review of Documents and Reports

- Review and update this Charter annually.
- Review the Company's financial statements, management's discussion and analysis, annual and quarterly earnings, and press releases before the Company discloses this information. Any reports or other financial information (including quarterly financial statements), which are submitted to any governmental body, or to the public, including any certification, report, opinion, or review rendered by the external auditors will also be reviewed.

- Review annually the performance of the external auditors who shall be ultimately responsible to the Board of Directors and the Committee as representatives of the shareholders of the Company.
- Obtain annually a formal written statement of external auditors setting forth all relationships between the external auditors and the Company.
- Review and discuss with the external auditors any disclosed relationships or services that may impact the objectivity and independence of the auditors.
- Take, or recommend that the full Board of Directors take, appropriate action to oversee the independence of the external auditors.
- Recommend to the Board of Directors the selection and, where applicable, the replacement of the external auditors nominated annually for shareholder approval.
- At each meeting, consult with external auditors, without the presence of management, about the quality of the Company's accounting principles, internal controls and the completeness and accuracy of the Company's financial statements.
- Review with management and the external auditors the audit plan for the year-end financial statements and intended template for such statements.
- Review and pre-approve all audit and audit-related services and the fees and other compensation related thereto, and any non-audit services, provided by the Company's external auditors. The pre-approval requirement is waived with respect to the provision of non-audit services if:
 - a) the aggregate amount of all such non-audit services provided to the Company constitutes not more than five percent of the total amount of revenues paid by the Company to its external auditors during the fiscal year in which the non-audit services are provided;
 - b) such services were not recognized by the Company at the time of the engagement to be non-audit services; and
 - c) such services are promptly brought to the attention of the Committee by the Company and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

Provided the pre-approval of the non-audit services is presented to the Committee's first scheduled meeting following such approval, this authority may be delegated by the Committee to one or more independent members of the Committee.

Financial Reporting Process

- In consultation with the external auditors, review and manage the integrity of the Company's financial reporting process, both internal and external.
- Consider the external auditors' judgments about the quality and appropriateness of the Company's accounting principles as applied in its financial reporting.
- Consider for approval, if appropriate, changes to the Company's auditing and accounting principles and practices as suggested by the external auditors and management.
- Review significant judgments made by management in the preparation of the financial statements and the view of the external auditors as to appropriateness of such judgments.
- Following completion of the annual audit, review separately with management and the external auditors any significant difficulties encountered during the course of the audit, including any restrictions on the scope of work or access to required information.

- Review any significant disagreement among management and the external auditors in connection with the preparation of the financial statements.
- Review with the external auditors and management the extent to which changes and improvements in financial or accounting practices have been implemented.
- Review any complaints or concerns about any questionable accounting, internal accounting controls or auditing matters.
- Review certification process.
- Establish a procedure for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
- Review any related party transactions.
