NATURE AND CONTINUANCE OF OPERATIONS

Thelon Diamonds Ltd. (the "Company") was incorporated under the laws of the province of British Columbia on November 6, 2014. The Company's principal business is the exploration and evaluation of mineral resources. The Company's corporate office is located at 1100-888 Dunsmuir Street, Vancouver B.C.

These financial statements have been prepared in accordance with International Financial Reporting Standards applicable to a going concern, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. During the period ended November 30, 2015 the Company incurred a net loss of \$37,782 and at November 30, 2015 had working capital of \$32,773. The continuation of the Company as a going concern is dependent on its ability to obtain necessary financing, generate positive cash flows and ultimately the achievement of profitable operations. These material uncertainties cast significant doubt upon the Company's ability to continue as a going concern. As the outcome of these matters cannot be predicted at this time, these financial statements do not include any adjustments to the amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue in business. These adjustments could be material.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of Compliance

These unaudited condensed interim financial statements, including comparatives, have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" ("IAS 34") using accounting policies consistent with the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and Interpretations of the IFRS Interpretations Committee. The accounting policies applied by the Company in these financial statements are the same as those applied by the Company in its most recent annual financial statements for the year ended August 31, 2015.

(b) Basis of Preparation

These financial statements have been prepared on a historical cost basis, except for financial instruments classified as financial assets at fair value through profit or loss, and available-for-sale which are stated at their fair values. In addition these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

The consolidated financial statements include Thelon Diamonds Ltd. and its wholly owned subsidiary Thelon Diamond Company Limited from the date of acquisition, December 18, 2014. All intercompany transactions have been eliminated.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Significant Accounting Estimates and Judgments

The preparation of these financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of expenses during the reporting period. Actual outcomes could differ from these estimates. These financial statements include estimates which, by their nature, are uncertain. The impacts of such estimates are pervasive throughout the financial statements, and may require accounting adjustments based on future occurrences. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods if the revision affects both current and future periods. These estimates are based on historical experience, current and future economic conditions and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities, in the event that actual results differ from assumptions made, relate to, but are not limited to, the following:

the composition of the deferred income tax asset and recognition of deferred income tax asset.

Critical accounting judgments

The determination of categories of financial assets and financial liabilities, and assessment of the going concern assumption.

(d) Recent Accounting Pronouncements

The following pronouncements and amendments are effective for annual periods beginning on or after January 1, 2015 unless otherwise stated. Adopting these standards is expected to have minimal or no impact on the financial statements.

IFRS 9 - Financial Instruments

This standard and its consequential amendments are applicable to annual reporting periods beginning on or after January 1, 2018. This standard introduces new classification and measurement models for financial assets, using a single approach to determine whether a financial asset is measured at amortised cost or fair value. To be classified and measured at amortised cost, assets must satisfy the business model test for managing the financial assets and have certain contractual cash flow characteristics. All other financial instrument assets are to be classified and measured at fair value. This standard allows an irrevocable election on initial recognition to present gains and losses on equity instruments (that are not held-for-trading) in other comprehensive income, with dividends as a return on these investments being recognised in profit or loss. In addition, those equity instruments measured at fair value through other comprehensive income would no longer have to apply any impairment requirements nor would there be any 'recycling' of gains or losses through profit or loss on disposal. The accounting for financial liabilities continues to be classified and measured in accordance with IAS 39, with one exception, being that the portion of a change of fair value relating to the entity's own credit risk is to be presented in other comprehensive income unless it would create an accounting mismatch. The impact of the adoption of this standard is yet to be assessed.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

IFRS 15 – Revenue from Contracts with Customers

IFRS 15 deals with revenue recognition and establishes principles of reporting useful information to users of financial statements about the nature, amount, timing, and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognized when the customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The Standard replaces IAS 18 Revenue, and IAS 11 Construction Contracts and related interpretations. It is effective for annual periods beginning on or after January 1, 2017 and earlier application is permitted. The Standard is not expected to have an impact on the Company in its present form.

3. TRANSACTION WITH THELON CAPITAL LTD.

On December 18, 2014 the Company's then parent company Thelon Capital Ltd. ("THC"), a public company, entered into a Plan of Arrangement with Thelon Diamond Company Limited ("THD"). Pursuant to the transaction THD acquired all of the outstanding shares of the Company for \$1,000. The Company then acquired all outstanding shares of THD from the shareholders through a 1 for 1 securities exchange, 8,121,667 common shares and 5,000,000 warrants were issued with a value of \$195,751. The Company then issued 2,260,000 common shares to THC for THC's interest in a joint venture with Peregrine Diamonds valued at \$60,000.

The cost of the transaction was allocated to the identifiable assets and liabilities with the difference expensed as the cost of the plan of arrangement.

	November 30, 2015
Assets acquired	
Cash	\$ 115, 810
Receivables	4,116
Loans to related parties	89,125
Liabilities assumed	
Accounts payable and accrued liabilities	(119,732)
Other liabilities	(9,500)
Net assets acquired	80,319
Fair value of common shares issued	195,751
Cost of plan of arrangement	\$ 115,432

3. LOANS TO RELATED PARTIES

	November 3	August 31, 2015		
THC BioMed Int'l Ltd. Zadar Ventures Ltd.	т	99,209 14,000	\$	97,209 14,000
_ Total	\$ 1	113,209	\$	111,209

THC BioMed Int'l Ltd. (formerly Thelon Capital Ltd.) and Zadar Ventures Ltd. are public companies with Directors in common with the Company. The amounts are unsecured, non-interest bearing and have no fixed terms of repayment.

4. EXPLORATION AND EVALUATION ASSETS

During the year, pursuant to the transaction in note 3, the Company acquired an interest in the Lac De Gras property, NorthWest Territories. The Company holds a 29.46 % interest in 3 claims, pursuant to a NMT Head Agreement with Peregrine Diamonds Ltd. The property is subject to a GOR of 4% on diamonds and a net smelter royalty of 4% on all metals, of which 50% of either of these royalties can be purchased for \$4,000,000.

	November 30, 2015	, i	August 31, 2015
Acquisition costs	\$ 60,000	-	60,000

	\$ 107,150	\$	83,347

SHARE CAPITAL AND RESERVES

a) Authorized

An unlimited number of Common shares, without par value

b) Issued

On December 18, 2014 pursuant to the transaction in note 3 the Company issued 8,121,667 common shares in a share for share exchange with the shareholders of Thelon Diamond Company Limited.

On December 18, 2014 pursuant to the transaction in note 3 the Company issued 2,260,000 common shares to Thelon Capital Ltd.

On March 18, 2015 the Company issued 1,629,999 common shares at \$0.075 for cash proceeds of \$122,250 and 320,000 flow-through common shares at \$0.10 for cash proceeds of \$32,000.

On August 29, 2015 the Company issued 412,000 common shares at \$0.075 for cash proceeds of \$30,900.

During the prior fiscal period 1,048,667 common shares, for proceeds of \$78,650, issued in the private placements above, offset amounts otherwise payable to the participants.

c) Warrants

On December 18, 2014 pursuant to the transaction in note 3 the Company issued 5,000,000 warrants in a 1 for 1 securities exchange with the shareholders of Thelon Diamond Company Limited. Each warrant entitles the holder to acquire 1 common share at an exercise price of \$0.10 until September 4, 2017. At November 30, 2015 5,000,000 warrants are outstanding.

6. RELATED PARTY BALANCES AND TRANSACTIONS

The Company:

- incurred administration fees of \$10,500 (2014 \$nil) and consulting fees of \$7,500 (2014 \$nil) from a company controlled by a director and President of the Company;
- incurred accounting fees of \$6,000 from a company controlled by a director and Chief Financial Officer of the Company.

As at November 30, 2015, accounts payable and accrued liabilities included \$36,963, owed to a companies controlled by directors of the Company.

These transactions were agreed upon by the board of directors and were measured at the exchange amount which is the amount of consideration established and agreed to by the related parties.

8. CAPITAL DISCLOSURES

The Company's principal source of capital is from the issuance of common shares. The Company's capital management objective is to obtain sufficient capital to develop new business opportunities for the benefit of its shareholders. To meet the objectives, management monitors the Company's ongoing capital requirements on specific business opportunities on a case by case basis. The capital structure of

the Company consists of equity attributable to common shareholders, consisting of issued share capit	al,
and deficit. The Company is not subject to any externally imposed capital requirements.	

FINANCIAL RISK MANAGEMENT

The Company's financial instruments consist of cash, amounts due to and from related parties and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair value of these financial instruments approximates their carrying values, unless otherwise noted.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. The Company has credit risk in the amount of its cash and loans to related parties, with the carrying values of each representing the Company's maximum exposure to credit risk.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company has a working capital of \$32,773. Management is assessing various options to raise funds including the issuance of shares.

Market risk

Market risk is the risk of loss that may arises from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices. The Company does not believe it is exposed to significant market risk.

SUBSEQUENT EVENTS

On December 3, 2015 the Company received \$95,242 from THC BioMed Int'l Ltd., formerly Thelon Capital, as settlement of debt to the Company.
