

PUSHFOR INVESTMENTS INC. ANNOUNCES CLOSING OF THE ACQUISITION OF AFX NETWORKS INC.

Surrey, B.C., January 19, 2022, **Pushfor Investments Inc. (CSE: PUSH, OTC: PUSOF, FSX: 713)** (the “**Company**” or “**Pushfor**”) is pleased to announce that, further to its press release dated November 8, 2021, it has closed the share and asset acquisition of AFX Networks Inc. (“**AFX**”), a freight logistics company that provides an integrated cloud platform ecosystem for various logistics verticals.

The trucking industry is the dominant freight model for hauling goods within North America and is essential for a growing global economy. Transportation companies are excellent problem solvers; however, many of these companies operate with 20 or fewer trucks. They simply do not have the capital or means to develop digital platforms that can provide seamless communications and digital interactions within the numerous trucking companies across the continent.

The AFX platform is a 3rd generation dedicated Blockchain application and is designed to remove the risk and streamline key ‘pain points’ of the North American trucking industry by eliminating data redundancy, allowing immediate payment settlements, mitigating fraud, supporting digital identification, and providing end-to-end supply chain visibility.

Employing the AFX digital smart contracts, a structured and secure repository of all information of the goods, compliance requirements, and carriers provides ease of validation and immediate payment as products are moved from source to final destinations even through multiple shipping companies.

Terms of Acquisition

Pushfor Investments Inc. acquired 100% of the issued and outstanding shares of AFX in consideration of a payment of USD \$250,000 and the issuance of 15,000,000 common shares in the share capital of Pushfor to the seller valued at a per-share price of CAD \$0.10, for a total share value of USD \$1,200,000.
