VOTING INFORMATION

Appointment and Revocation of Proxies

The persons named in the accompanying proxy to vote on a shareholder’s behalf are directors and officers of the Company (the “Management Designees”). A shareholder has the right to appoint a person other than either of the Management Designees, who need not be a shareholder, but if you do, that person must vote your Common Shares on your behalf during the Meeting. If a shareholder does not wish to appoint any of the Management Designees, the shareholder should strike out their names and insert in the blank space provided the name of the person the shareholder wishes to have act as the shareholder’s proxy or by complete another appropriate proxy form and, in either case, deliver the completed form of proxy to the transfer agent and registrar of the Company, Computershare Investor Services Inc., no later than 10:00 a.m. (Pacific Time) on the second business day preceding the day of the Meeting or any adjournment thereof at which the proxy is to be used.

Shareholders who wish to appoint a third-party proxyholder to represent them at the virtual meeting **must submit their Proxy or Voting Instruction Form (as applicable) prior to registering their proxyholder. Registering the proxyholder is an additional step once a shareholder has submitted their Proxy or Voting Instruction Form. Failure to register a duly appointed proxyholder will result in the proxyholder not receiving an Invite Code to participate in the Meeting.**

To register a proxyholder, shareholders **MUST** visit <http://www.computershare.com/BIGGDigital> by March 12, 2024, 10:00 A.M. (PST) / 1:00 P.M. (EST) and provide Computershare with their proxyholder’s contact information, so that Computershare may provide the proxyholder with an Invite Code by email.

In order to participate online, Shareholders must have a valid 15-digit control number and proxyholders must have received an email from Computershare containing an Invite Code.

The virtual meeting platform is fully supported across most commonly used web browsers (note: Internet Explorer is not a supported browser). We encourage you to access the meeting prior to the start time. **It is important that you are connected to the internet at all times during the meeting in order to vote when balloting commences.**

A shareholder who has given a proxy may revoke it at any time prior to its use by: (a) by signing a proxy bearing a later date and depositing that proxy as described below under the heading “Deposit of Proxy”; or (b) by signing and dating a written notice of revocation (in the same manner as is described below for signing and dating a proxy) and delivering that written notice of revocation either to the registered office of the Company at Suite 220 - 1130 West Pender Street, Vancouver, British Columbia V6E 4A4 at any time up to and including the last business day preceding

the day of the Meeting (or any adjournment thereof) at which the proxy is to be used, or to the chair of the Meeting on the day of the Meeting (or any adjournment thereof); or (c) by attending the Meeting (or any adjournment thereof) in person and by participating in a poll, which will automatically revoke the proxy with respect to matters which have not been dealt with by the Meeting prior to the attendance and participation in a poll by the shareholder.

Validity of Proxies

A proxy will not be valid unless, in the case of an individual shareholder, it is dated and signed by the shareholder or by the shareholder's attorney duly authorized by the shareholder in writing or, in the case of a corporate shareholder, it is dated and executed either under the corporate seal of the corporate shareholder or by a duly authorized officer or officers of, or attorney for, the corporation. If the proxy is executed by an attorney or, in the case of a corporate shareholder, if the proxy is executed by an officer, officers or attorney but is not executed under corporate seal, then the instrument (or a notarial copy thereof) empowering the attorney, officer or officers to execute the proxy must accompany the proxy.

Deposit of Proxies

A proxy will not be valid unless the completed, dated and signed form of proxy is deposited with Computershare Investor Services Inc. ("Computershare") before 10:00 a.m. (Pacific Daylight Time) on March 12 2024. Proxies may be sent to Computershare using one of the following methods:

BY MAIL: Computershare Investor Services Inc.
8th Floor, 100 University Avenue
Toronto, Ontario M5J 2Y1

OR IF YOU HAVE A 15 DIGIT CONTROL NUMBER ON THE FACE OF THE PROXY, YOU ARE ALTERNATIVELY ABLE TO VOTE:

BY TELEPHONE: 1-866-732-8683 (Toll free North America)

BY INTERNET: www.investorvote.com

Voting of Proxies

The common shares of the Company ("Common Shares") represented by proxies will, if the instructions are certain, be voted or withheld from voting in accordance with the instructions of the shareholder on any poll that may be called for and, where a choice has been specified in the proxy with respect to any of the matters to be acted upon, will be voted as specified. **If no choice has been specified in connection with any of the matters to be acted upon, then the proxy will confer discretionary authority upon the named proxyholder to vote the Common Shares represented by the Proxy in favour of the matters to be acted upon.** The proxy also confers discretionary authority upon the nominee to act and vote as the nominee sees fit with respect to amendments or variations to matters identified in the notice of Meeting and with respect to other matters which may properly come before the Meeting or any adjournment thereof.

Registered Shareholders

You are a registered shareholder if your name appears on a share certificate of a Direct Registration System statement confirming your holdings. If you are a registered shareholder, you have received a form of proxy for this Meeting.

Non-registered Shareholders

Only registered shareholders and their duly appointed proxyholders are permitted to vote at the Meeting. If your Shares are registered in the name of a nominee (e.g. a trust company, securities broker, or other financial institution), then you are a non-registered, or beneficial, shareholder ("Beneficial Shareholder"), and you must instruct your nominee how you wish your Shares to be voted.

If you are a Beneficial Shareholder, your nominee is required to seek your instructions as to how to vote your Shares. Typically, a nominee will provide a Beneficial Shareholder with either: (a) a voting instruction form (“VIF”) for completion and execution by the Beneficial Shareholder; or (b) a proxy form, executed by the nominee, but otherwise uncompleted.

You must follow the instructions provided to you by your nominee to ensure that the Shares you beneficially own are voted in accordance with your wishes.

If you are a Beneficial Shareholder and you wish to attend the Meeting to vote during the Meeting, then you must follow the instructions on the VIF, or the form of proxy, setting out how to appoint yourself as the person entitled to attend the Meeting and vote your Shares.

There are two kinds of Beneficial Shareholders – those who object to their name being made known to the issuers of securities which they own (called “OBOs” for Objecting Beneficial Owners) and those who do not object to their name being made known to the issuers of the securities they own (called “NOBOs” for Non-Objecting Beneficial Owners).

The Company is taking advantage of the provisions of *National Instrument 54-101 - Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) that permit it to directly deliver proxy-related materials to NOBOs. As a result, NOBOs can expect to receive a scan-able VIF from Computershare. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting as described on the VIF itself which contain complete instructions at the Meeting with respect to the Shares represented by the VIFs they receive.

Management of the Company does not intend to pay for intermediaries to forward to OBOs under NI 54-101 the proxy related materials and Form 54-101F7, *Request for Voting Instructions Made by Intermediary*, and in the case of an OBO, the OBO will not receive the materials unless the OBO’s intermediary assumes the cost of delivery. Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Common Shares are voted at the Meeting.

Attending and Participating Virtually at the Meeting

The Company has made arrangements to enable shareholders to attend and vote virtually at this year’s Meeting. Shareholders will have an equal opportunity to participate at the Meeting regardless of their geographic location.

Shareholders who wish to appoint a third-party proxyholder to represent them through virtual participation at the Meeting and any subsequent question and answer session (including Beneficial Shareholders who wish to appoint themselves as proxyholder to virtually attend, participate and vote at the Meeting) **MUST submit their duly completed proxy or voting instruction form AND register the proxyholder. Registering the proxyholder is an additional step once a Shareholder has submitted their Proxy or Voting Instruction Form. Failure to register a duly appointed proxyholder will result in the proxyholder not receiving an Invite Code to participate in the meeting.** See – “*Appointment and Revocation of Proxies*”.

Registered shareholders and duly appointed proxyholders will be able to attend, participate and vote at the virtual Meeting online at <https://meetnow.global/M2Y6HDM>. Such persons may then enter the virtual Meeting by clicking “**Shareholder**” and entering the 15-digit control number located on the form of proxy or in the email notification received before the start of the Meeting. Beneficial Shareholders who have not made arrangements for the due appointment of themselves as proxyholder will not be able to participate or vote at the Meeting or any subsequent question and answer session but may attend the Meeting virtually, including any subsequent question and answer session as a guest by clicking “**Guest**” and completing the online form:

- **Registered shareholders:** Click “**Shareholder**” and then enter the 15-digit control number. If as a registered shareholder you are using your 15-digit control number to log in to the virtual Meeting and you accept the terms and conditions, you will be provided the opportunity to vote by online ballot at the appropriate time on the matters put forth at the virtual Meeting. If you have already voted by proxy and you vote again during the online ballot during the virtual Meeting, your online vote during the virtual Meeting will revoke your previously submitted proxy. If you have already voted by proxy and do not wish to revoke your previously submitted proxy, do not vote again during the online ballot.
- **Duly appointed proxyholders:** Click “**Invitation Code**” then enter your invitation code. Computershare will provide the proxyholder with an invitation code after the voting deadline has passed.

If you are a Beneficial Shareholder located in the United States and wish to attend, participate and vote at the virtual Meeting or ask questions at any question and answer session or, appoint a third party as your proxyholder, in addition to the steps described above and below under “*Appointment and Revocation of Proxies*”, you must obtain a valid legal proxy from your intermediary. Follow the instructions from your intermediary included with the legal proxy form and the voting instruction form sent to you, or contact your intermediary to request a legal proxy form or a legal proxy if you have not received one. After obtaining a valid legal proxy from your intermediary, you must then submit such legal proxy to Computershare in order to register and attend the Meeting. Requests for registration should be sent to:

By mail to: COMPUTERSHARE
 100 UNIVERSITY AVENUE 8TH FLOOR
 TORONTO, ON M5J 2Y1

By email at: USLegalProxy@computershare.com

Requests for registration must be labeled as “Legal Proxy” and be received no later than 10:00 a.m. (Pacific Daylight Time) on March 12, 2024, (or, if the Meeting is adjourned or postponed, by the time that is 48 hours prior to the Meeting, excluding Saturdays, Sundays and holidays). You will receive a confirmation of your registration by email after your registration materials are received. You may attend the Meeting and vote your shares at <https://meetnow.global/M2Y6HDM> during the Meeting. Please note that you are required to register your appointment at <http://www.computershare.com/BIGGDigital>.

If you attend the Meeting virtually, it is important that you are connected to the internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure connectivity for the duration of the Meeting. You should allow ample time to test system requirements, check in to the Meeting online, and complete the related procedures.

Voting at the Meeting

A registered shareholder (or a non-registered shareholder) who has appointed themselves or appointed a third-party proxyholder to represent them at the meeting, will appear on a list of proxyholders prepared by Computershare, who is appointed to review and tabulate proxies for the Meeting. To be able to vote their shares at the Meeting, each registered shareholder or proxyholder will be required to enter their control number or Invite Code provided by Computershare at <https://meetnow.global/M2Y6HDM> prior to the start of the Meeting.

In order to vote, non-registered shareholders who appoint themselves as a proxyholder MUST register with Computershare at <http://www.computershare.com/BIGGDigital> AFTER submitting their voting instruction form in order to receive an Invite Code (see details under the heading “*Appointment and Revocation of Proxies*” for details).

Stock options and other incentive plans

The Company's Stock Option Plan (the "Plan") is a "rolling" stock option plan and is established to attract and retain employees, consultants, officers or directors to the Company and to motivate them to advance the interests of the Company by affording them with the opportunity to acquire an equity interest in the Company. Management of the Company proposes stock option grants to the Board based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The Stock Option Plan is administered by the Board and provides that options will be issued to Directors, officers, employees or consultants of the Company or a subsidiary of the Company.

The Plan reserves for issuance a maximum of 10% of the Common Shares at the time of a grant of options under the Plan. The Plan is administered by the Board of Directors and provides for grants of non-transferable options under the Plan at the discretion of the Board of Directors to directors, senior officers, employees, management company employees of, or consultants to, the Company and its subsidiaries, or their permitted assigns (each an "Eligible Person").

The Board of Directors has the authority under the Plan to determine the exercise price per Common Share at the time an option is granted, but such price shall not be less than the closing price of the Common Shares on the Canadian Securities Exchange on the last trading day preceding the date on which the grant of the option is approved by the Board of Directors. The Board of Directors also has the authority under the Plan to determine other terms

and conditions relating to the grant of options, including any applicable vesting provisions, provided that any options granted to consultants performing Investor Relations Activities must vest in stages over a period of not less than 12 months with no more than one-quarter of the options vesting in any three-month period.

The term of options granted under the Plan shall not exceed 5 years from the date of grant. All options granted under the Plan are not assignable or transferable other than by will or the laws of dissent and distribution. Other than Eligible Persons engaged in Investor Relations Activities, if an optionee ceases to be an Eligible Person for any reason whatsoever other than termination for cause or death, each fully vested option held by such optionee will cease to be exercisable 90 days following the termination date (being the date on which such optionee ceases to be an Eligible Person), provided that in no event shall such right extend beyond the expiry date of such options. If an optionee dies, the legal representative of the optionee may exercise the optionee's options within one year after the date of the optionee's death but only up to and including the original option expiry date. In the case of an optionee who is an Eligible Person engaged in Investor Relations Activities, each fully vested option held by such optionee will cease to be exercisable within 30 days from the date such optionee ceases to provide Investor Relations Activities, provided that in no event shall such right extend beyond the expiry date of such options. In the case of an optionee who is an Eligible Person who is terminated for cause, any option held by such optionee shall expire immediately.

The Plan also includes the following limitations on stock option grants:

- (a) unless the Company obtains shareholder approval (which must be disinterested shareholder approval if required by the policies of the Exchange) the aggregate number of Common Shares issuable pursuant to options granted under the Plan shall not at any time exceed 10% of the number of Common Shares outstanding immediately prior to the grant of any such option;
- (b) the aggregate number of Common Shares issuable to any one Eligible Person who is a Consultant (as defined in the Plan) shall not, within a one-year period, exceed 2% of the number of Common Shares outstanding immediately prior to the grant of any such option;
- (c) the aggregate number of Common Shares issuable to all Eligible Persons retained in Investor Relations Activities shall not, within a one-year period, exceed 2% of the number of Common Shares outstanding immediately prior to the grant of any such option; and
- (d) unless the Company obtains disinterested shareholder approval, the aggregate number of Common Shares issuable to any one Eligible Person (and where permitted, any companies that are wholly owned by that Eligible) shall not, within a one year period, exceed 5% of the number of Common Shares outstanding immediately prior to the grant of any such option.

Furthermore, the Plan provides that shareholder approval must be obtained to effect any of the following modifications to the Plan: (a) an increase in the benefits under the Plan; (b) an increase in the number of Common Shares which may be issued under the Plan; (c) modifications to the requirements as to the eligibility for participation in the Plan; (d) modifications to the limitations on the number of options that may be granted to any one person or category of persons under the Plan; (e) modifications to the method for determining the exercise price of options granted under the Plan; (f) an increase in the maximum option period; or (g) modifications to the expiry and termination provisions applicable to options granted under the Plan.

Vesting of stock options is at the discretion of the Board, and will generally be subject to: (i) the service provider remaining employed by or continuing to provide services to the Company or any of its affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its affiliates during the vesting period, or (ii) the service provider remaining as a director of the Company or any of its affiliates during the vesting period.

Oversight and Description of Director and NEO Compensation

The compensation of the Company's Named Executive Officers has been established with a view to attracting and retaining executives critical to the Company's short and long-term success and to continue providing executives with compensation that is in accordance with existing market standards generally and competitive within the technology industry.

The Company has a compensation committee currently comprised of Mark Healy (Chair), Robert Birmingham and Anthony Zelen (the "**Compensation Committee**"). The Compensation Committee is responsible for reviewing and determining all forms of compensation to be granted to the NEO's, directors and employees. The Company's NEO's are compensated through employment agreements or management agreements. The Compensation Committee does not have a pre-determined compensation plan and does not engage in benchmarking practices, but from time to time it does review compensation practices of companies of similar size and stage of development to

ensure the compensation paid is competitive within the Company's industry and geographic location while taking into account the financial and other resources of the Company.

Compensation of the Company's Named Executive Officers is comprised of three components: base salary, performance bonuses and stock options. Performance bonuses are considered from time to time. The Compensation Committee does not rely on any formula, or objective criteria and analysis to determine an exact amount of compensation to pay. The establishment of base salary, award of stock options and/or performance bonuses is based on subjective criteria including individual performance, level of responsibility, length of service and available market data.

Base compensation is determined following a review of comparable compensation packages for that position, together with an assessment of the responsibility and experience required for the position to ensure that it reflects the contribution expected from each NEO. Information regarding comparable salaries and overall compensation is derived from the knowledge and experience of the Compensation Committee, which takes into consideration a variety of factors. These factors include overall financial and operating performance of the Company and the Board's overall assessment of each NEO's individual performance and contribution towards meeting corporate objectives, levels of responsibility and length of service. Each of these factors is evaluated on a subjective basis.

Base Salary

The Company believes that a competitive base salary is a necessary element of any compensation program that is designed to attract and retain talented and experienced executives. The Company also believes that attractive base salaries can motivate and reward executives for their overall performance. Compensation for the fiscal year ended December 31, 2022, and prior fiscal years has historically been based upon a negotiated salary, with stock options and bonus potentially being issued and paid as an incentive for performance.

The employment agreements that were entered into with the Company's Named Executive Officers and directors are summarized above.

Bonus Payments

NEO's may be eligible for annual cash bonuses. The Compensation Committee does not currently prescribe a set of formal objective measures to determine discretionary bonus entitlements. Rather, the Compensation Committee uses informal goals typical for early stage companies such as strategic acquisitions, operations and development, equity and debt financings and other transactions and developments that serve to increase the Company's valuation. Precise goals or milestones are not pre-set by the Compensation Committee. During the two most recently completed financial years, the Company paid the following discretionary cash bonuses to its NEO's: (1) \$50,000 in fiscal 2022 and \$25,000 in fiscal 2021 paid to Lance Morginn, Chairman, President and Director; (2) \$50,000 in fiscal 2022 and \$60,000 in fiscal 2021 paid to Kim Evans, CFO and Director; (3) \$50,000 in fiscal 2022 paid to Fraser Matthews, President of Netcoins Inc.; (4) \$100,000 in fiscal 2022 and \$125,000 in fiscal 2021 paid to Mark Binns, former Director and CEO; and (4) \$175,000 in fiscal 2021 paid to Mitchell Demeter, former Director and President of Netcoins Inc.

Long-Term Incentive Plan

The LTIP is designed to strengthen the alignment between executive compensation and the long-term interests of the Company's shareholders. Historically, the LTIP has been comprised of stock options. The inclusion of incentive compensation stock in compensation packages allows the Company to compensate employees while not drawing on cash resources. The amount of incentive compensation stock to be granted is based on the relative contribution and involvement of the individual in question, as well as taking into consideration previous grants. There are no other specific quantitative or qualitative measures associated with incentive compensation stock grants and no specific weights are assigned to any criteria individually, rather, the performance of the Company is broadly considered as a whole when determining the number of incentive stock-based compensation (if any) to be granted and the Company does not focus on any particular performance metric. Stock option grants are subject to vesting provisions of up to 24 months, at the discretion of the Company's Board of Directors. During the financial year ended December 31, 2022, the Company granted a total of 750,000 stock options to its NEO's.

Awards under the LTIP are designed to provide shareholder aligned incentives to the Company's directors, officers and employees who make material contributions to the successful operation of the business of the Company, to increase their ownership interest in the Company and to allow the Company to attract and retain outstanding officers and employees.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy prohibiting directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by directors or officers. However, the Company is not aware of any directors or officers having entered into this type of transaction.

Risk Management and Assessment

In light of the Company's size, current activity level and the balance between long-term objectives and short-term financial goals with respect to the Company's executive compensation program, the Board does not deem it necessary to consider at this time the implications of the risks associated with its compensation policies and practices.

While the Company has awarded few discretionary bonuses in the past two financial years, there is a risk associated with its approach to discretionary bonuses as there are no pre-defined objectives, target amounts or caps. As a result, there is some incentive for Named Executive Officers to take on unmanageable risk and unsustainable performance over the long term in order to achieve a short-term discretionary bonus payout. The Company is aware of this risk and at such time the Company moves to a more advanced stage of development, it is expected that the Company will develop a bonus program with pre-defined objectives and target amounts in order to mitigate these risks.

The Company views stock options as a valuable tool for aligning the interest of management and shareholders in the long-term growth and success of the Company. The Company is aware that stock option grants that vest immediately may create an incentive for management to maximize short term gains at the expense of the long-term success of the Company. In order to mitigate this risk, option grants are generally subject to vesting periods ranging from twelve to thirty-six months from the date of grant.

Director Compensation

During the fiscal year ended December 31, 2022, the Company paid an amount of \$3,000 per month to each of its independent directors. There were a total of 750,000 stock options granted to directors that hold management positions and 150,000 options were granted to the Company's independent directors, as set out above under "Stock Options and Other Compensation Securities and Instruments". During the fiscal year ended December 31, 2021, the Company paid an amount of \$1,000 per month to each of its independent directors from January to March 2021 and \$3,000 thereafter, with the exception of Shone Anstey who received \$3,500 per month from April to December 2021. During the fiscal year ended December 31, 2021, the Company granted a total of 7,850,000 stock options to directors that held management positions and 300,000 options were granted to the Company's independent directors.

Changes Subsequent to Year-End

Subsequent to the year ended December 31, 2022, the Company has not made any significant changes to its compensation practices.

Pension Plan Benefits

The Company does not have any form of pension plan that provides for payments or benefits to the NEO at, following, or in connection with retirement. The Company does not have any form of deferred compensation plan.

Audit Committee Oversight

At no time since the commencement of the Company's most recently completed financial year was a recommendation of the Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110. Part 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

Exemption in Section 6.1 of NI 52-110

The Company is relying on the exemption in Section 6.1 of NI 52-110 in respect of the composition of its Audit Committee and in respect of its reporting obligations under NI 52-110 for the financial year ended December 31, 2022. This exemption exempts a "venture issuer" from the requirements of Part 3 (*Composition of the Audit Committee*) and Part 5 (*Reporting Obligations*) of that instrument, as would otherwise be required by NI 52-110.

Pre-Approval Policies and Procedures

All services to be performed by the independent auditor of the Company must be approved in advance by the Audit Committee. The Audit Committee has considered whether the provisions of services other than audit services is compatible with maintaining the auditor's independence and has adopted a policy governing the provision of these services. This policy requires that pre-approval by the Audit Committee of all audit and non-audit services provided by any external auditor, other than any de minimus non-audit services allowed by applicable law or regulation.

External Auditors Service Fees

The table below sets out all fees billed by the Corporation's external auditor in each of the last two fiscal years. In the table "Audit Fees" are fees billed by the Corporation's external auditor for services provided in auditing the Corporation's financial statements for the fiscal year. "Audit-Related Fees" are fees not included in Audit Fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Corporation's financial statements. "Tax Fees" are fees billed by the Corporation's external auditors for professional services rendered for tax compliance, tax advice and tax planning. "All Other Fees" are fees billed by the external auditor for products and services not included in the foregoing categories:

<i>Financial Year Ended</i>	<i>Audit Fees</i>	<i>Audit-Related Fees</i>	<i>Tax Fees</i>	<i>All Other Fees</i>
December 31, 2022	\$1,247,400 ⁽¹⁾	Nil	\$140,993 ⁽²⁾	\$26,470 ⁽³⁾
December 31, 2021	\$858,636	\$33,312	\$47,205	Nil

Notes:

- (1) The Company paid or accrued fees of \$1,155,000 for its audited consolidated financial statements for the financial year ended December 31, 2022, and \$92,400 for the audited financial statements for its wholly-owned subsidiary Netcoins Inc. for the financial year ended December 31, 2022.
- (2) This amount includes \$103,757 paid or accrued for GST/HST tax compliance matters related to Netcoins Inc.
- (3) This amount was paid or accrued in relation to System and Organization Controls (SOC) 2 readiness assessments for Netcoins Inc. and Blockchain Intelligence Group.

Netcoins Inc., a wholly-owned subsidiary of the Company, has been the subject of an on-going GST/HST audit by the Canada Revenue Agency ("CRA") for the period of January 1, 2018 to May 18, 2019. The CRA takes the position that the sale of crypto assets prior to May 18, 2019 is treated as a sale of intangible personal property. The CRA has determined that Netcoins was not acting as an agent on behalf of its customers, but rather as a principal buying and selling cryptocurrency. On this basis, CRA is proposing GST/HST liability adjustments for the audit period. The Company is working with its audit, legal and tax representatives, and the CRA, to resolve this matter but, as this is a novel issue specific to Canadian crypto asset trading platform companies operating prior to 2020, the outcome is currently unknown and a notice of re-assessment has not been issued. Netcoins and its representatives strongly disagree with the CRA's position and proposed adjustments. An adverse outcome could materially impact the Company's operating results and financial condition.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. Corporate governance encourages establishing a reasonable degree of independence of the Board from executive management and the adoption of policies to ensure the Board recognizes the principles of good management. The Board is committed to sound corporate governance practices, which are in the interest of its shareholders and contribute to effective and efficient decision making.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and, therefore, these guidelines have not been adopted. The Company will continue to review and implement corporate governance guidelines as the business of the Company progresses and becomes more active in operations. NI 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices in Form 58-101F2, which disclosure is set out below.

Board of Directors

The mandate of the Board is to supervise the management of the Company and to act in the best interests of the Company. The Board acts in accordance with:

- (a) the BCBCA;
- (b) the Company's articles of incorporation; and,
- (c) other applicable laws and Company policies.

The Board approves all significant decisions that affect the Company before they are implemented. The Board supervises their implementation and reviews the results.

The Board is actively involved in the Company's strategic planning process. The Board discusses and reviews all materials relating to the strategic plan with management. The Board is responsible for reviewing and approving the strategic plan. At least one Board meeting each year is devoted to discussing and considering the strategic plan, which takes into account the risks and opportunities of the business. Management must seek the Board's approval for any transaction that would have a significant impact on the strategic plan.

The Board periodically reviews the Company's business and implementation of appropriate systems to manage any associated risks, communications with investors and the financial community and the integrity of the Company's internal control and management information systems. The Board also monitors the Company's compliance with its timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board periodically discusses the systems of internal control with the Company's external auditor.

The Board is responsible for choosing the CEO, CFO and appointing senior management and for monitoring their performance and developing descriptions of the positions for the Board, including the limits on management's responsibilities and the corporate objectives to be met by the management.

The Board approves all the Company's major communications, including annual and quarterly reports, financing documents and press releases. The Board approves the Company's communication policy that covers the accurate and timely communication of all important information. It is reviewed annually. This policy includes procedures for communicating with analysts by conference calls.

The Board, through its Audit Committee, examines the effectiveness of the Company's internal control processes and management information systems. The Board consults with the external auditor and management of the Company to ensure the integrity of these systems. The auditor submits a report to the Audit Committee each year on the quality of the Company's internal control processes and management information systems.

The Board is responsible for determining whether or not each director is an independent director. Directors who also act as officers of the Company are not considered independent. Directors who do not also act as officers of the Company, do not work in the day-to-day operations of the Company, are not party to any material contracts with the Company, or receive any fees from the Company except as disclosed in this Circular.

The Board currently consists of six directors, three of whom are independent based upon the tests for independence set forth in NI 52-110. Robert Birmingham, Mark Healy and Anthony Zelen are independent directors. Lance Morginn, Kim Evans, and Fraser Matthews are not independent as they are the Company's Chairman and President, CFO, and Netcoins' President and CEO, respectively. Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

In early 2024, the Company established a Corporate Governance and Nominating Committee which is currently comprised of Robert Birmingham, Mark Healy and Anthony Zelen. A copy of the Corporate Governance and Nominating Committee Charter is attached hereto as Schedule "B".

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

When new directors are appointed, they receive an orientation, commensurate with their previous experience, on the Company's properties, business, technology and industry and on the responsibilities of directors.

The Board briefs all new directors with respect to the Board's policies and other relevant corporate and business information. New Board members are also provided with access to all of the Company's publicly filed documents, the Company's records, and the Company's management and professional advisors, including the Company's auditor and legal counsel.

The Board also ensures that each director is up-to-date with current information regarding the Company's business, the role the director is expected to fulfill, and basic procedures and operations of the Board. Board members are encouraged to communicate with management and the Company's auditor.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual

director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the applicable corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and to exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and to disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience.

Compensation

The Board currently conducts reviews with regard to directors' compensation once a year. To make its recommendation on directors' compensation, the Board takes into account the types of compensation and the amounts paid to directors of comparable publicly traded Canadian companies and aligns the interests of directors with the return to shareholders. Compensation packages, including benefits, for executives and key managers will be developed based on performance and the Company's cash flow.

The Board decides the compensation of the Company's officers, based on industry standards and the Company's financial situation.

Board Committees

The Board currently has a Compensation Committee, Corporate Governance and Nominating Committee, and Audit Committee.

Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees.

MANAGEMENT CONTRACTS

Except as set out herein, there are no management functions of the Company which are to any substantial degree performed by a person or company other than the directors or senior officers of the Company.

4. Duties and Responsibilities

4.1. The Corporate Governance & Nominating Committee shall have the following duties and responsibilities:

- (a) *Director Nominations.* Except where the Company is legally required by contract or otherwise to provide third parties with the ability to nominate directors, the Committee shall identify, review and evaluate candidates to serve on the Board, including consideration of any potential conflicts of interest as well as applicable independence and experience requirements. The Committee shall also review, evaluate and consider the nomination of incumbent directors for re-election to the Board, and monitor the size of the Board. The Committee shall recommend to the Board candidates for election by the Board or as nominees for election by the shareholders of the Company. In the event that a vacancy on the Board arises, the Committee will seek and identify a qualified director nominee to be recommended to the Board for either appointment by the Board to serve the remainder of the term of the director position that is vacant or election at the next annual meeting of shareholders;
- (b) *Shareholder Proposals.* The Committee shall have the power and authority to consider recommendations for Board nominees and proposals submitted by the Company's shareholders and to establish any policies, requirements, criteria and procedures, including policies and procedures to facilitate shareholder communications with the Board, to recommend to the Board appropriate action on any such recommendation or proposal and to make any disclosures required by applicable law in the course of exercising its authority. The Committee will treat recommendations for directors that are received from the Company's shareholders equally with recommendations received from any other source; provided, however, that in order for such shareholder recommendations to be considered, the recommendations must comply with the procedures outlined in the Company's proxy statement for its annual meeting of shareholders;
- (c) *Board Assessment.* The Committee shall review at least annually, discuss and assess the performance of the Board, including Board committees, seeking input from senior management, the full Board and others. The assessment shall include evaluation of the Board's contribution as a whole and effectiveness in serving the best interests of the Company and its shareholders, specific areas in which the Board and/or management believe contributions could be improved, and overall Board composition and makeup, including the re-election of current Board members. The factors to be considered shall include whether the directors, both individually and collectively, can and do provide the integrity, experience, judgment, commitment, skills and expertise appropriate for the Company. The Committee shall also consider and assess the independence of directors, including whether a majority of the Board continues to be independent from management in both fact and appearance, as well as within the meaning prescribed by applicable regulation. The results of these reviews shall be provided to the Board for further discussion as appropriate;
- (d) *Board Committee Recommendations.* The Committee, after due consideration of the interests, independence and experience of the individual directors and the independence and experience requirements of the Canadian Securities Exchange, or such other exchange(s) on which the Company's securities actively trade, and the rules and regulations of applicable law, shall recommend to the Board annually the chair and membership of each committee;
- (e) *Director Independence.* The Committee shall review the relationships between the Company and each director and report the results of its review to the Board, which will then determine which directors satisfy the applicable independence standards within the meaning prescribed by prevailing, applicable regulatory authorities and shall determine whether or not each director serving on a Board committee is independent, disinterested, a non-employee director or an outside director under the standards applicable to the committees on which such director is serving or may serve and report the results of its review to the Board, which will then determine which directors, if any, qualify as independent, disinterested, non-employee or outside directors under applicable standards;

- (f) *Continuing Education.* The Committee shall consider instituting a plan or program for the continuing education of directors;
- (g) *Corporate Governance Guidelines.* The Committee shall develop a set of corporate governance guidelines to be applicable to the Company, shall periodically review and assess these guidelines and their application, and recommend any changes deemed appropriate to the Board for its consideration;
- (h) *Management Succession.* The Committee shall periodically review with the Chief Executive Officer the plans for succession to the offices of the Company's executive officers and make recommendations to the Board with respect to the selection of appropriate individuals to succeed to these positions; and
- (i) *Assessment.* The Committee shall review, discuss and assess its own performance at least annually.
