Hemp Nutrition for Pets

As True Leaf awaits the approval of its licence application from Health Canada, the company is looking at new opportunities with hemp nutrition, Mr. Bomford says. "We see a real opportunity in the development of hemp-based nutritional products for pets. Pet owners acknowledge that pets contribute enormously to their quality of life, which aligns with our vision as the Quality of Life Company."

True Leaf Company chairman is former BC Premier Mike Harcourt. Mr. Harcourt was BC Premier from 1991-96 and Mayor of Vancouver from 1980-86. "I've seen a lot of start-ups, and I am impressed with Darcy Bomford's experience, integrity and vision for True Leaf," says Mr. Harcourt. "I believe he has assembled a strong team that's ready to address both the opportunities and challenges presented by a unique set of circumstances".
