# **CHRISTINA LAKE CANNABIS ANNOUNCES STANDARD CULTIVATION LICENSE**

**April 9, 2020** - Vancouver, British Columbia, Canada: Christina Lake Cannabis Corp. (the “**Company**” or “**CLC**”) is pleased to announce that on Friday, March 27, 2020 it was granted its Standard Cultivation License (“SCL”) from Health Canada for the Company's 32 acre phase I facility. This licence authorizes the cultivation and sale of cannabis under the *Cannabis Act* and provides the Company with over 950,000 sf of licenced outdoor cultivation space.

CLC's facilities located in Christina Lake, B.C. are positioned to take advantage of the favourable climate for the outdoor cultivation of cannabis. Outdoor cannabis cultivation provides lower capital and operating cost advantages relative to indoor cultivation, which the Company believes will position the Company to become an industry leader in terms of scale and the realization of operational efficiencies.

### **About Christina Lake Cannabis Corp.**

Christina Lake Cannabis Corp. is a Licenced Producer of cannabis under the *Cannabis Act*. The Company also applied to Health Canada for a Research and Development License on August 13, 2019 which it expects to receive in the spring of 2020. CLC's facility is comprised of a 32-acre property, which includes over 950,000 square feet of outdoor grow space, offices, propagation and drying rooms. CLC plans to cultivate cannabis using strains specifically developed for outdoor cultivation and it is planning to produce up to 17,700 kg from its 32-acre facility before developing it's adjacent 99-acre expansion property, which will bring it's cultivation footprint to over 4.35 million sf or over 88,000 kg of low-cost, high-quality, sun-grown cannabis annually.
