

CHRISTINA LAKE  
CANNABIS CORP

## NEWS RELEASE

### Christina Lake Announces Delay in Filing Under CSA Instrument Governing Relief Under COVID-19 Duress

**April 28, 2020** - Vancouver, British Columbia, Canada: Christina Lake Cannabis Corp. (the “**Company**” or “**CLC**”) announces that due to circumstances created by the COVID-19 pandemic, the British Columbia Securities Commission and other members of the Canadian Securities Administrators granted reporting issuers in the Canadian securities industry up to an additional 45 days, to complete statutory filings.

Due to delays associated with COVID-19, the Company does not believe that it will be able to file its February 29, 2020, 1st quarter interim financial statements by its usual 60-day deadline of April 29, 2020 and will be relying on the extension. Management anticipates the Company will file its 1st quarter interim financial statements and accompanying management discussion and analysis on or before May 29, 2020.

As required by the conditions of the extension, the Company's management and other insiders will be subject to a trading black-out that reflects the principles in Section 9 of National Policy 11-207 until its financial statements are filed.

All material business developments since the filing of the Company's interim financial statements and associated management's discussion and analysis, for the year ended November 30, 2019, have been disclosed by the Company by way of news release. Please view the Company's SEDAR profile at [www.sedar.com](http://www.sedar.com) for further information.

#### **About Christina Lake Cannabis Corp.**

Christina Lake Cannabis Corp. is a Licenced Producer of cannabis under the *Cannabis Act*. The Company also applied to Health Canada for a Research and Development License on August 13, 2019 which it expects to receive in the spring of 2020. CLC's facility is comprised of a 32-acre property, which includes over 950,000 square feet of outdoor grow space, offices, propagation and drying rooms, along with a facility dedicated to processing and extraction. CLC plans to cultivate cannabis using strains specifically developed for outdoor cultivation and it is planning to produce up to 17,700 kg from its 32-acre facility before developing its adjacent 99-acre expansion property, which will bring its cultivation footprint to over 4.35 million sf or over 88,000 kg of low-cost, high-quality, sun-grown cannabis annually.

#### *Note Regarding Forward-Looking Information and Statements*

*Forward-Looking Information: This news release includes certain statements that may be deemed “forward-looking statements”. The use of any of the words “anticipate”, “continue”, “estimate”, “expect”, “may”, “will”, “would”, “project”, “should”, “believe” and similar expressions are intended to identify forward-looking statements. Although the Company believes that the expectations and assumptions on which the forward-looking statements are based are reasonable, undue reliance should not be placed on the forward-looking statements because the Company can give no assurance that they will prove to be correct. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. These statements speak only as of the date of this News Release. Actual results could differ materially from those currently anticipated due to a number of factors and risks including various risk factors discussed in the Company's disclosure documents which can be found under the Company's profile on [www.sedar.com](http://www.sedar.com)*
