

# Benjamin Hill Mobilizes Former SRK Geologist to Update Historical 43-101 Report to Advance the La Estrella Coal Project in Colombia

Vancouver, British Columbia--(Newsfile Corp. - January 25, 2024) - Benjamin Hill Mining Corp. (CSE: BNN) (OTCQB: BNNHF) (FSE: 5YZ0) ("**BNN**" or the "**Company**") is pleased to announce the mobilization of Paul Bright to prepare an updated NI 43-101 report for the La Estrella coal project located in Santander, Colombia. Mr. Bright was responsible for the 2012 43-101 report for the La Estrella coal project.

Paul Bright has more than fifty years geological experience in mining and exploration for coal and other commodities. He is a Chartered Engineer and a Qualified Person recognized by Member Institution of Materials Mining and Metallurgy. Paul's specialization is underground and open pit coal mining and exploration, resource and reserve assessments, pre-feasibility and feasibility studies. Paul holds a Bachelor of Science (Honours) from the University of London.

From 1996 to 2016, Paul worked for SRK Consulting (UK) as Principal Geologist and has undertaken due diligence, expert witness and other geological project work, frequently as team leader of multi-disciplinary teams, which has included acting as Qualified Person for exploration projects in various countries including Colombia, Venezuela, Russia, Kazakhstan, Ukraine, Mongolia, Pakistan, South Africa and Mozambique.

Prior to SRK Consulting, Paul worked for British Coal Opencast at various locations in South Wales and had responsibility for exploration, resource and reserve estimates for operating and potential coal mines in areas of complex geological structures.

Paul is presently working as an Independent Consultant Geologist, with his most recent work as a Team Leader and Geologist (Resources Technical Audits) as an associate Principal Geologist to SRK for several coal projects in Krasnoyarsk and Kemerovo Oblasts, Russia.

**President, Lorne Warner states:** *"Updating the 43-101 report to a compliant level will provide a significant amount of value to the project for Benjamin Hill. Mr. Bright's extensive experience in the coal sector will help us advance the project into the bulk sampling phase."*

## **About Benjamin Hill Mining Corp.**

Benjamin Hill Mining Corp. is a Canadian-listed junior exploration company focused on exploring and advancing the Alotta project, a prospective porphyry copper-gold-molybdenum project located 50 km south of the Casino porphyry deposit in the unglaciated portion of the Dawson Range porphyry/epithermal belt in the Yukon Territory of Canada.

In addition, the Company holds a 20% interest in Aion Mining Corp., a company that is developing the fully permitted La Estrella coal project in Santander, Colombia. The project contains eight known seams of metallurgical and thermal coal.
