STOMPY BOT CORPORATION ANNOUNCES COMPLETION OF DEBT SETTLEMENT

Stompy Bot Corporation (the “**Corporation**”)(CSE: BOT) announces that it has settled an aggregate of \$177,343.02 of indebtedness owed to certain arm’s length and non-arm’s length creditors through the issuance of 3,546,860 common shares at a deemed issuance price of CDN\$0.05 per common share. The aggregate amount of indebtedness that has been settled was increased, to accommodate another arm’s length debtor, from the amount of \$175,654.45 set out in the Company’s news release of August 5, 2016, to \$177,343.02, representing an increase of \$1,688.57. All common shares issued in connection with the shares for debt transaction are subject to a statutory four month and one day hold period.

Pursuant to Multilateral Instrument 61-101 - *Protection of Minority Security Holders in Special Transactions* (“MI 61-101”), the shares for debt transaction constitutes a “related party transaction” as related parties of the Corporation will, directly or indirectly, receive 3,170,152 common shares of the Corporation in connection with the debt settlement. The Corporation is relying on exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 as neither the fair market value of the transaction, insofar as it involves related parties, does not exceed \$2,500,000 and/or 25% of the market capitalization of the Corporation. A material change report will be filed less than 21 days before the closing date of the transaction. This shorter period was reasonable and necessary in the circumstances to allow the Corporation to improve its financial position by reducing its accrued liabilities.

The Corporation also announces that it has granted an aggregate of 3,680,000 options to purchase common shares of the Company exercisable at a price of \$0.05 per share and expiring on September 2, 2021, to certain directors, officers and consultants of the Corporation. The common shares issuable upon exercise of the options are subject to a four-month hold period from the original date of grant.
