Torino Power Solutions to Attend Canadian Utilities Trade Show, Toronto, Ontario

Torino Power's Power Line Monitoring System (PLM) is providing real-time temperature data to Utilities. Torino will be exhibiting at CUEE 2016 hosted by the Electricity Distributors Association of Ontario

Vancouver, British Columbia, August 22, 2016 – Torino Power Solutions Inc. (CSE: TPS) (the “Company” or “Torino”) is pleased to announce that it will be exhibiting at the Canada Utilities Equipment and Engineering trade show (*CUEE 2016*) to be held in Toronto, Ontario on September 13th and 14th. Torino will be show casing its Power Line Monitoring (“PLM”) system for congested and remotely-located high-voltage power lines operated by electric utilities. The Torino system provides real-time temperature data and other vital information that allows the Utility Companies to maximize the capacity of their transmission lines, increase their revenue and extend the life of the transmission lines.

CUEE is a marquee event for the Electricity Distributors Association of Ontario. Torino Power will be exhibiting at booth #534. Visit <https://eda-connect.ca/> for more information.

We seek Safe Harbor.

On behalf of the Board of Directors

“Rav Mlait”

CEO and Director

Torino Power Solutions Inc.
