

KABN North America and Imagine AR Bring Augmented Reality to Liquid Avatar’s Verified Self Sovereign Identity Users

New services empower Liquid Avatar users to receive & share Augmented Reality social messages, rewards, and commercial offers instantly

Toronto / Vancouver, Canada and Erie, PA, USA – January 12, 2021 – KABN Systems NA Holdings Corp. (CSE:KABN / OTC:TRWRF / FRA:4T51) (the “Company”, “KABN North America” or “KABN NA”) and Imagine AR Inc. (CSE:IP / OTCQB: IPNFF) (“ImagineAR”), are excited to announce the execution of a multi-year licensing agreement to launch Augmented Reality (“AR”) immersive experiences integrated with Liquid Avatar (www.liquidavatar.com). Liquid Avatar empowers users to manage, control and gain value from their biometrically verified Self Sovereign Identity and personal data ownership.

Using ImagineAR’s licensed AR SDK and cloud-based studio suite, KABN will deliver a series of dynamic AR interactions to Liquid Avatar mobile app users starting in early 2021. Liquid Avatar users will experience immersive consumer AR-based social, event, educational and information-based messages. Commercial enterprises and media companies will present dynamic measurable interactive AR offers to Liquid Avatar users knowing the consumer is real and verified thereby significantly reducing marketing waste and breakage. The range of opportunities are potentially limitless as Liquid Avatar’s Self Sovereign Identity platform is addressable to up to 100% of all online users.

Liquid Avatar users will soon be able to create and share interactive 3D greetings and messages that are automatically integrated with their Liquid Avatar icons and can be experienced inside the Liquid Avatar app. Liquid Avatar users will also be able to share AR enabled resumes, invitations, event programs, and other information with their social connections. Additionally, Liquid Avatar is exploring interactive digital wallets, which will allow users to easily visualize all their in-wallet verifiable access and identity credentials, like those for healthcare, gaming, travel, financial services, education, ecommerce, and government services.

“Augmented Reality provides a new way to see the world around us and allows KABN to empower Liquid Avatar’s known and verified users to take advantage of this interactive technology to engage with friends, family, and other connections,” said David Lucatch, CEO KABN. “ImagineAR’s platform provides immersive experiences and an effective way for us to instantly deliver AR opportunities to our constituents, therefore creating revenue and value opportunities for our expanding user base.”

Exploring other partnership programs, KABN NA and ImagineAR will enable commercial enterprises and media companies to create and deliver fully immersive AR experiences, allowing users to have a 3D view of products and services, whether they are shopping online, or visiting a specific geo-location like a shop, restaurant, etc. Movie trailers, in-shopping and music videos, online concerts and other media productions, menus, schedules, podcasts and other items can “come alive” online or right at the location, along with any special bonuses, rewards, offerings and incentives.

For the travel industry, users can review immersive experiences directly from printed materials, on locations, venues and resorts. The education and information services sector can create and deliver interactive engagement opportunities to convey information and choices.

“We are thrilled to partner with KABN to provide our AR expertise, knowledge and products to their Liquid Avatar users,” says Alen Paul Silverstieen, Founder and CEO of ImagineAR. “KABN’s programs provide engagement with known and verified users, creating the type of value our clients are looking for, and our multi-year agreement allows us to quickly ramp up our programs and create long-term value for our stakeholders.”

Industry Information:

According to FinancesOnline.com’s – *45 Vital Augmented Reality Statistics 2020 – Market Share & Data Analysis* and Digitalintheround.com’s report, *21 Amazing Augmented Reality Statistics [The 2020 View]*:

- The AR market was worth roughly \$3.5 billion in 2017 and will reach a staggering \$198 billion in 2025.

About ImagineAR Inc. – www.imaginear.com

ImagineAR Inc. (CSE: IP) (OTC: IPNFF) is an augmented reality (AR) platform, ImagineAR.com, that enables businesses of any size to create and implement their own AR campaigns with no programming or technology experience. Every organization, from professional sports franchises to small retailers, can develop interactive AR campaigns that blend the real and digital worlds. Customers simply point their mobile device at logos, signs, buildings, products, landmarks and more to instantly engage videos, information, advertisements, coupons, 3D holograms and any interactive content all hosted in the cloud and managed using a menu-driven portal. Integrated real-time analytics means that all customer interaction is tracked and measured in real-time. The AR Enterprise platform supports both IOS and Android mobile devices and upcoming wearable technologies.

Forward-Looking Information and Statements

This press release contains certain “forward-looking information” within the meaning of applicable Canadian securities legislation and may also contain statements that may constitute “forward-looking statements” within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. Such forward-looking information and forward-looking statements are not representative of historical facts or information or current condition, but instead represent only the Company’s beliefs regarding future events, plans or objectives, many of which, by their nature, are inherently uncertain and outside of the Company’s control. Generally, such forward-looking information or forward-looking statements can be identified by the use of forward-looking terminology such as “plans”, “expects” or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or may contain statements that certain actions, events or results “may”, “could”, “would”, “might” or “will be taken”, “will continue”, “will occur” or “will be achieved”. The forward-looking information and forward-looking statements contained herein may include, but is not limited to, information concerning the ability of the Company to generate revenues, roll out new programs and to successfully achieve business objectives, and expectations for other economic, business, and/or competitive factors.

By identifying such information and statements in this manner, the Company is alerting the reader that such information and statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of the Company to be materially different from those expressed or implied by such information and statements. In addition, in connection with the forward-looking information and forward-looking statements contained in this press release, the Company has made certain assumptions. Among the key factors that could cause actual results to differ materially from those projected in the forward-looking information and statements are the following: changes in general economic, business and political conditions, including changes in the financial markets; changes in applicable laws; compliance with extensive government regulation. Should one or more of these risks, uncertainties or other factors materialize, or should assumptions underlying the forward-looking information or statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected.

Although the Company believes that the assumptions and factors used in preparing, and the expectations contained in, the forward-looking information and statements are reasonable, undue reliance should not be placed on such information and statements, and no assurance or guarantee can be given that such forward-looking information and statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information and statements. The forward-looking information and forward-looking statements contained in this press release are made as of the date of this press release, and the Company does not undertake to update any forward-looking information and/or

forward-looking statements that are contained or referenced herein, except in accordance with applicable securities laws. All subsequent written and oral forward- looking information and statements attributable to the Company or persons acting on its behalf is expressly qualified in its entirety by this notice.
