

## ***NuRAN Wireless Attends AfricaCom 2018***

Quebec, Canada, November 12, 2018

NuRAN Wireless Inc. (“NuRAN Wireless” or the “Company”) ([CSE: NUR](#)) ([OTC: NRRWF](#)) ([FSE: 1RN](#)), a leading supplier of mobile and broadband wireless infrastructure solutions is pleased to announce its participation at the 21<sup>st</sup> edition of [AfricaCom 2018](#) held in Cape Town, South Africa on November 13 through 15 .

With over 14,000 attendees and 450 exhibitors, AfricaCom is the most influential and largest gathering of telecom technology companies in Africa. Connecting Africa is the beating heart of AfricaCom, providing insights into the connectivity challenges that AfricaCom was built around. It addresses the greatest challenges and opportunities looking at developing networks and overall infrastructure of communications and ICT across Africa.

“We are most excited about this year’s edition of AfricaCom. Many of our partners and clients will be in attendance. We are anticipating a very busy show as we continue to forge ahead with multiple field trials with number of Tier One Operators, Satellite Providers and System Integrators. We believe that we are on the verge of booking a number of important contracts which will solidify our status as the leading provider of mobile connectivity in rural and remote regions of the world and in particular Africa” states Bradley Shaw, Regional Manager Middle East and Africa for NuRAN Wireless Inc.

“With our recent announcement of the Quebec Government funding of NuRAN and our current and innovative products, we are excited to officially launch the marketing of the LiteRAN xG at AfricaCom 2018. Our partners and clients will be most excited to learn of our targeted 2019 official launch. The LiteRAN xG is just another example how NuRAN will stay ahead of the curve by adding this important product to our already impressive offering” states Francis Letourneau, VP Sales and Marketing at NuRAN Wireless Inc.

### **About NuRAN Wireless**

NuRAN Wireless is a leading supplier of mobile and broadband wireless infrastructure solutions. Its innovative radio access network (RAN), core network, and backhaul products dramatically drop the total cost of ownership, thereby creating new opportunities for established, as well as emerging mobile network operators. Indoor coverage, isolated rural communities, offshore platforms and ships, NuRAN Wireless helps its customers reach everyone, everywhere.

### **Forward Looking Statements**

*This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking information includes, without limitation, statements regarding the timing of the Offering, the use of proceeds from the Offering, and the future plans or prospects of the Company. Generally, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking information is subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of NuRAN Wireless Inc., as the case may be, to be materially different from those expressed or implied by such forward-looking information. Although the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. Other factors which could materially affect such forward-looking information are described in the risk factors in the Company's most recent annual management's discussion and analysis that is available on the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com). The Company does not undertake to update any forward-looking information, except in accordance with applicable securities laws.*
