

PeakBirch Logic to Commence Trading on the OTCQB Venture Market

Vancouver, British Columbia--(Newsfile Corp. - April 8, 2021) - PeakBirch Logic Inc. ("**PeakBirch**" or the "**Company**") (CSE: PKB) (FSE: KYH2) (OTCQB: KTNNF) is pleased to announce that its common shares will commence trading on the OTCQB[®] Venture Market in the United States under the symbol "KTNNF" effective April 8, 2021.

"This is an important step in furthering our shareholder value. It secures the liquidity for our current investors while exposing us to the American investment community," said Marc Mulvaney, CEO of PeakBirch. "This listing is an exciting milestone in our investor relations strategy."

The OTCQB Venture Market is for entrepreneurial and development stage United States and international companies. To be eligible, companies must be current in their financial reporting, pass a minimum bid price test and undergo an annual company verification and management certification process. The OTCQB Venture Market quality standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and trading experience for investors.

In addition, the Company has submitted an application to the Depository Trust Company (the "DTC") to have the Company's common shares eligible for delivery and depository services with the DTC to facilitate electronic settlement of transfers of its common shares in the United States. Securities that are eligible to be electronically cleared and settled through the DTC are considered "DTC eligible". This electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for investors and greatly reduces transactional costs for participating stock brokerages. PeakBirch continues to advance its expansion into the non-psychoactive mushroom markets with the launch of its e-commerce website ShroomMart.com in early Q3 of 2021 in the US, and has future plans of adding inhouse products. PeakBirch will also continue to expand its cannabis accessories and vaporizer e-commerce capabilities with new and exciting verticals. These include partnerships, acquisitions, and new technologies bringing forward the ability to offer same day deliveries and services. The final step in this goal is the expansion into new international sales territories.

"We experienced substantial growth in our first quarterly earnings in 2021 with significant revenue growth over the last four quarters which increased from \$572,879 in Q1 2020 to \$1,371,507 in Q1 2021. We expanded our e-commerce store NamasteVaporizers.com into Canada in late March and are already seeing good momentum in sales. In the United States, we are seeing robust growing demand in our cannabis and vaporizer businesses. In 2021 we are focusing our efforts to the non-psychoactive mushroom supplements market as we prepare ourselves for the 'Shroom Boom'," said Marc Mulvaney, CEO of PeakBirch.
