(CSE: ANON) (OTC: ANICF) (FRANKFURT: 1JI0) (“**ANON**” or the “**Company**”), a leading decentralized network, computational intelligence and data storage technology company, focused on leveraging its proprietary technology products to enable the computing intelligence movement among consumers and business alike, is pleased to announce that “**Turminal.ai**”, a privacy-focused AI curation app, has added over 17,000 users to its beta waitlist since its announcement on June 2, 2023. The Company expects to have over 25,000 sign ups on its waitlist before the beta launch.

“Turminal.ai, continues to receive consumer attention at accelerating rates that have the whole team excited,” stated Lucas Russell, CEO. “Our plan to put forth a security enabled enhanced AI platform to give consumers confidence in their pocket or PC seems to be solving a problem for a lot of consumers.
