

THE ANONYMOUS INTELLIGENCE COMPANY

ANONYMOUS INTELLIGENCE COMPANY ANNOUNCES LAUNCH DATE FOR TURMINAL.AI 2.0 PUBLIC BETA DISTRIBUTION TO WAITLIST OF OVER 37,000 USERS

Public Beta version of Turminal.ai to feature new security features, advanced proprietary AI capabilities, full backend restructure and improved user interface.

News Release - Vancouver, British Columbia, October 19, 2023 - Anonymous Intelligence Company Inc. (CSE: ANON) (OTC: ANICF) (FRANKFURT: 1JI0) (“ANON” or the “Company”), a leading computational intelligence, decentralized network and data technology company, focused on leveraging its proprietary suite of AI and privacy enabled products to empower increased confidence in technology for consumers and businesses alike, is pleased to announce that its flagship Turminal.ai application will enter public beta on October 26, 2023, at 2 pm PST.

TURMINAL.AI

With the newest version of Turminal.ai, users can expect faster speeds and smoother interaction, allowing them to enjoy all the benefits of LLM connectivity while being able to maintain privacy and security. The team and ANON have also implemented new cutting-edge privacy protection features, which will be unveiled upon launch, guaranteeing the confidentiality and security of online activities.

Turminal.ai will also be launched to its waitlist of over 37,000 users adding to its already committed base of early closed beta testers.

“I am eager to share the release of the fully revamped Turminal.ai privacy enhanced AI platform,” stated Lucas Russell, CEO of ANON. “I take pride in our team’s responsiveness to feedback from our closed beta testers enabling us to launch a top tier public beta. The Turminal.ai platform has undergone a comprehensive transformation since its initial release, and I look forward to sharing all the improvements with the public on October 26.”

CORPORATE UPDATE

ANON SDK

The ANON SDK is now actively running in both the Turminal.ai and Limitless VPN platform. ANON has begun to actively seek partners to help privately and securely monetize their applications.

HALLER.AI

Haller.ai is steadily expanding its user base for its best-in-class enterprise dashboard, now including its inaugural group of paying users. The team continues to roll out new features such as the recently announced affiliate program on October 11, as well as streamlined accounting processes and customized dashboard features.

On Behalf of the Board,

ANONYMOUS INTELLIGENCE COMPANY INC.

Lucas Russell
President & CEO

Forward-Looking Statements

This press release contains "forward-looking information" and "forward-looking statements" within the meaning of applicable securities laws, including statements regarding the future strategy of the Company. This information and statements address future activities, events, plans, developments and projections such as: the functionality and operability of the technology; the potential for income generating monetization opportunities; the ability for customers to gain competitive advantages with data; and

expectations to increase value with respect to the technology. All statements, other than statements of historical fact, constitute forward-looking statements or forward-looking information. Such forward-looking information and statements are frequently identified by words such as "may", "will", "should", "anticipate", "plan", "expect", "believe", "estimate", "intend" and similar terminology, and reflect assumptions, estimates, opinions and analysis made by management in light of its experience, current conditions, expectations of future developments and other factors which it believes to be reasonable and relevant. Forward-looking information and statements involve known and unknown risks and uncertainties that may cause actual results, performance and achievements to differ materially from those expressed or implied by the forward-looking information and statements and, accordingly, undue reliance should not be placed thereon. Risks and uncertainties that may cause actual results to vary include, but are not limited to: flaws or issues related to the underlying technology; customer preferences and competition; inability to scale or effectively market the technology, as well as other risks and uncertainties which are more fully described in the Company's annual and quarterly Management's Discussion and Analysis and other continuous disclosure documents which are available on SEDAR at www.sedar.com. The forward-looking statements contained in this news release are made as of the date hereof, and except as may be required by applicable securities laws, the Company assumes no obligation or intent to update publicly or revise any forward-looking statements made herein or otherwise, whether as a result of new information, future events or otherwise.
