**April 6, 2022 – Vancouver BC CleanGo Innovations Inc** - (CSE:CGII) (CNSX:CGII.CN) (OTC:SOF5F) (FRA:APO2) (“CleanGo”) or (the “Company) CleanGo Innovations Inc. Is pleased to announce that as of April 1, 2022 the two parties have now agreed to and signed a Letter of Intent with German based HAST Group International GmbH who operates PROWIN a retail distribution arm located in Ellerau, Germany, just outside of Hamburg.

HAST is a well-established company with 30 years of experience as a Distributor and Retailer. HAST sells equally sustainable and environmentally friendly products across Europe through a unique retail platform. This Agreement is designed to help introduce our CleanGo GreenGo retail products into the European market not only for retail distribution but for white labeling and distribution throughout the European Union.

The CleanGo GreenGo suite of Certified Green products will replace a number of toxic and caustic products that are currently sold across Europe. Taking into consideration upcoming regulatory changes the timing is great, to launch our proprietary alternatives to toxic cleaning.

Anthony Sarvucci, CEO of CleanGo Innovations said. “We are extremely excited to have the opportunity to work with such a well-respected and established company in Europe. With the ever-changing regulatory requirements in different jurisdictions, we are proud to bring our Proprietary Green Cleaning Solutions to Europe.” Peter Stoyke, CEO of HAST is also very pleased about the partnership: "In our discussions, we realized that we share the same philosophy. We are honored to accompany CleanGo GreenGo’s market entry in Europe." Once a definitive agreement is signed details of the agreement will be made public.
