## G2 Energy Corp. Hires VP of Business Development

**Vancouver, British Columbia – November 8, 2023. G2 Energy Corp. (CSE:GTOO, FWB:UD9) (the "Company" or "G2")** announces today, that it has hired Randy Smith of Midland Texas to serve as Vice President of Business Development.

Randy Smith is an operations executive with over 20 years of experience in management sales, and oil and gas related technologies. Randy has been focused on the acquisition, development and operations of conventional and unconventional oil and associated liquids-rich natural gas reserves in the Permian Basin, as the CEO and President of Whetstone Resources, for the last 7 years.

Randy as the VP of Business Development will be tasked with bringing G2 local opportunities that fit the G2 criteria for development within the Permian Basin and beyond. This criteria includes:

- Immediate Positive cash flow
- Able to optimize production by 50% organically.
- Room for “blue sky” drilling.

Slawek Smulewicz commented: *“The hiring of Randy Smith represents G2’s continued commitment to add “boots on the ground” and take advantage of the local connections, expertise, and capital that this brings. G2 is delighted to add Randy to the team, and we look forward to beginning the due diligence on the initial opportunities that Randy has already outlined.”*

On Behalf of the Board,

**“Slawek Smulewicz”**

Slawek Smulewicz  
CEO

### **About G2 Energy Corp.**

G2 is a junior oil and gas producer listed on the CSE exchange. It's primary focus is to acquire and develop additional overlooked, low risk, high return opportunities in the oil and gas sector. G2's strategy is to obtain a portfolio of risk-managed production and development opportunities onshore, U.S.A. In May 2022, G2 acquired the Masten Unit in the Permian Basin, Texas. The Masten Unit is the Company's first producing asset. G2 is targeting top tier projects with operating netbacks and infrastructure facilities which will fast track overall oil and gas production growth.

Such information can generally be identified by the use of forwarding-looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Since forward-looking statements address future events and conditions, by their very nature, they involve inherent risks and uncertainties. The Company provides forward-looking statements for the purpose of conveying information about current expectations and plans relating to the future, including expectations regarding the Company's ability to meet its outstanding obligations, and readers are cautioned that such statements may not be appropriate for other purposes. By its nature, this information is subject to inherent risks and uncertainties that may be general or specific and which give rise to the possibility that expectations, forecasts, predictions, projections or conclusions may not prove to be accurate, that assumptions may not be correct and that objectives, strategic goals and priorities may not be achieved. These risks and uncertainties include but are not limited to those identified and reported in the Company's public filings under the Company's SEDAR profile at [www.sedar.com](http://www.sedar.com). The Company's ability to meet its outstanding obligations could differ materially from those currently anticipated due to factors such as: the performance of facilities and pipelines, commodity prices, price volatility, price differentials and the actual prices received for the Company's products, royalty regimes and exchange rates, the availability of capital, labour and services, the creditworthiness of industry partners, G2's ability to acquire additional assets, unexpected increases in operating costs, and risks associated with potential future lawsuits and regulatory actions made against the Company including but not limited to being found in default of the Company's obligations to Cloudbreak. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that such information will prove to be accurate as actual results and future events could differ materially.*
