

NetCents Technology to be Featured in Documentary Series Blockchain Superstars

VANCOUVER, Aug. 29, 2018 /CNW/ - **NetCents Technology Inc.** ("**NetCents**" or the "**Company**") (CSE: NC / Frankfurt: 26N) is pleased to announce that it has been selected to be featured in the upcoming documentary series, Blockchain Superstars, that will be distributed nationally in all 220 major designated market areas (DMA's) in the United States and to over 50 countries internationally this Fall.

NextLevel TV Studios (NLTV), the producer of award-winning business and entertainment television programming, is producing the world's first Blockchain Television Series, Blockchain Superstars. NLTV will be bringing together the blockchain industry's top experts and Hollywood A-list superstars during this major Television Special Event Program.

"We were interested in doing an in-depth story on the best way to buy, sell, send money and transact online, in-store or via a mobile device via blockchain. NetCents was the perfect example," stated Jordan Barber, Technology Producer at NLTV. "With their focus on capturing the migration from cash to digital currency utilizing innovative Blockchain Technology to provide payment solutions that are simple to use, secure and worry-free, NetCents was the ideal company to profile and gave us an array of topic threads to really tell that story in a compelling and newsworthy way."

The 7-part series will bring clarity and substance to the public surrounding the blockchain industry. The series will focus on what it is, how it works, and who are the companies and technologies that will be the next Blockchain Superstars. Blockchain Superstars will ask the experts, interview high ranking government officials, talk to the industry insiders, and will profile 20 diverse blockchain and cryptocurrency companies and technologies that are making the biggest impact in the upcoming months and years. The series will inform and educate viewers in an editorial/business format.

NetCents will be the sole cryptocurrency payment processor featured in the documentary series and will be featured twice during the series. The first feature will focus on the Company and its technology in a five minute special profile and the second feature will be with the Company's CMO, Jenn Lowther, in a segment covering women in blockchain.

About NLTV

NextLevel TV Studios (NLTV) produces elite programming all across the globe, with studios in Los Angeles, New York and Miami.

Cautionary Note Regarding Forward-Looking Information

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address events or developments that the Company expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance, and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include regulatory actions, market prices, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates, and opinions of the Company's management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
