

NETCENTS TECHNOLOGY PROVIDES ADDITIONAL DETAIL TO THE AUDITOR CHANGE

Vancouver, British Columbia – February 16, 2022 – NetCents Technology Inc. (CSE: NC) (FSE: 26N) (OTC: NTTCF) (“**NetCents**” or the “**Company**”), a cryptocurrency payments company, announces today that its board of directors has approved a change of auditors to Antares Professional Corporation, Chartered Professional Accountants (“PKF Antares”). After several investor inquiries regarding its audit, NetCents would like to provide some additional detail. Prior to the board of directors deciding to change auditors, the Company received several communications from Davidson & Company LLP (“Davidson”), the accounting firm which was originally engaged to complete the audit. The last communication confirmed that Davidson did not have the staffing capacity to be in a position to complete the Company’s audit in a reasonable time period without further delays.

Because of the already extensive delay in completing the audit, the board of directors determined further delay would be contrary to the best interests of the Company and its investors, and made the decision to engage PKF Antares to replace Davidson to complete the audit.

About Us

NetCents Technology Inc., the transactional hub for all cryptocurrency payments, equips forward-thinking businesses with the technology to seamlessly integrate cryptocurrency processing into their payment model without taking on the risk or volatility of the crypto market. NetCents Technology is registered as a Money Services Business (MSB) with FINTRAC.
