(“**Victory Square**” or the “**Company**”) (CSE: VST, OTC: VSQTF, FWB: 6F6) will acquire 9.09% of all issued and outstanding shares of LocoNoco Inc. "LocoNoco is set to capitalize on the emerging big trends of decentralization and automation of business processes. LocoNoco is in alpha release with several clients and will be launched to a broad market later this year," stated LocoNoco CEO, Louis-Victor Jadavji.

"Victory Square is pleased to announce an investment into LocoNoco, a decision-making platform that makes it simple for developers to work with RPA, smart contracts and AI," said Shafin Diamond Tejani, CEO of Victory Square. "The entire team has a tremendous track record of executing on large scale opportunities and are set to embark on ambitious growth plans."

"This investment, along with others we have made thus far in 2018, are aligned with our thesis at Victory Square that emerging technologies such as AI and Blockchain will bring major changes to traditional business models," continued Tejani.

LocoNoco's founding team has scaled up other venture-backed businesses, including Vancouver-based Wiivv, and has experience raising venture capital from the Getty Trust, Vertex, Real Ventures, and Evonik. The LocoNoco team hails from Atlassian, Slack, Grow, and other leading technology companies. "The Victory Square team represents some of the brightest minds when it comes to decentralization and working with emerging technology ecosystems," said Louis-Victor Jadavji. "With our focus on making automation accessible to new markets, it was necessary for our team to have a financial partner like Victory Square that understands the capital requirements of a platform-play and can mentor our team through various growth phases."
