What we do differently for startups

VST isn't your ordinary investor. With real skin in the game, we're committed to ensuring each company in our portfolio succeeds. Then we let you do what you do best — build, innovate and disrupt. In 24-36 months, you'll scale and be ready to monetize.

What we do differently for investors

Our portfolio represents a uniquely liquid and secure way for investors to get access to the latest cutting-edge technologies. Because we focus on market-ready solutions that scale quickly, we're able to provide strong and stable returns while also tapping into emerging global trends with big upsides.
