## NEWS RELEASE

### **Looking Glass Labs Announces Receipt of DTC Eligibility**

*The Company's DTC Eligibility, When Paired With its Current OTC Listing, Can Make its Shares More Accessible to Investors in the United States*

Vancouver, British Columbia – July 28, 2022 / Cision / – Looking Glass Labs Ltd. (“LGL” or the “Company”) (NEO: NFTX) (OTC: LGS LF) (FRA: H1N), a leading Web3 platform specializing in non-fungible token (“NFT”) architecture, immersive metaverse environments, play-to-earn tokenization and virtual asset royalty streams, is pleased to announce that it has received approval from The Depository Trust Company (“DTC”) to make the Company’s common shares (the “Shares”) eligible to be electronically cleared and settled through DTC (“DTC Eligibility”). DTC Eligibility makes LGL’s Shares more accessible to investors in the United States. The Company’s Shares are currently listed on the OTC Pink-level market in the United States, in addition to primarily being listed on the NEO Exchange in Canada.

DTC is a subsidiary of the Depository Trust and Clearing Corporation, a U.S. company that manages the electronic clearing and settlement of publicly traded companies. DTC Eligibility incorporates an electronic method of clearing securities speeds up the receipt of stock and cash, and thus accelerates the settlement process for certain investors. DTC is a member of the U.S. Federal Reserve System, a limited-purpose trust company under New York State banking law and a registered clearing agency with the U.S. Securities and Exchange Commission.

#### **MANAGEMENT COMMENTARY**

“We are happy for the Company to receive DTC Eligibility, to go along with the listing of its shares on the OTC Pink-level market at this time,” said Dorian Banks, CEO of Looking Glass Labs. “This is a step in the right direction for LGL and we are happy to see things progressing on the US capital markets front, as part of a longer-term plan to make our shares more accessible to American investors,” added Mr. Banks.

#### **ABOUT LOOKING GLASS LABS**

Headquartered in Vancouver, British Columbia, Looking Glass Labs (“LGL”) is a Web3 platform specializing in non-fungible token (“NFT”) architecture, immersive metaverse environments, play-to-earn tokenization and virtual asset royalty streams. Its leading brand, House of Kibaa (“HoK”), designs and curates a next generation metaverse for 3D assets, which allows functional art and collectibles to exist simultaneously across different NFT blockchain environments. HoK has successfully released digital assets to include GenZeroes, which sold out in just 37 minutes for total proceeds to LGL of CAD 6.2 million, in addition to a perpetual 5% royalty stream on secondary market sales. HoK plans to launch a hyper-realistic metaverse built on the latest version of Unreal Engine in 2022.

***Forward-Looking Information***

*This news release contains “forward-looking statements.” Statements in this news release that are not purely historical are forward-looking statements and include any statements regarding beliefs, plans, expectations, or intentions regarding the future. Such forward-looking statements include, among other things: the development of the Project Origin metaverse, the Company's goal to become the leading digital studio specializing in NFT architecture, immersive metaverse design and virtual asset display monetization streams; intention to build out a portfolio of perpetual NFT royalty streams through collaborations, accretive acquisitions and other arrangements, to potentially result in consistent, de-risked and passive revenue; and the near-term projects and future projects.*

*The material assumptions supporting these forward-looking statements include, among others, that: the Company could mitigate the risks associated with the blockchain and NFT industry; the ability to compete with other businesses in the NFT market; the availability of sufficient funding to carry out the Company's business development plans; favourable market conditions; the ability of HoK to sell all or substantially all of its offerings; and the ability to complete the development of Overlords in a timely manner.*

*Although management considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect. These forward-looking statements are only predictions and involve known and unknown risks, uncertainties and other factors, including: the continued growth and adoption of NFT and metaverse offerings by the consumer market; the cost of developing and designing NFTs and metaverses is economically viable; the Company being able to attract and retain a sufficient workforce with desired skillsets to develop the Company's NFT and metaverse offerings; the availability of offerings provided by third-parties in the NFT, metaverse development and online gaming market to identify potential transactions; the increasing adoption of NFTs as a solution for various online gaming, entertainment and collectible uses; the Company having the ability to mitigate the risks associated with the blockchain and NFT industry; and the ability to compete with other businesses in the NFT, metaverse development, content creation and collectibles market.*

*Although management considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect. These forward-looking statements are only predictions and involve known and unknown risks, uncertainties and other factors, including: the risk that the Company's offerings are not accepted by the consumer, the risk that other competitors may offer similar digital offerings; the risk that there may be negative changes in general economic and business conditions; the risk that the Company may have negative operating cash flow and not enough capital to complete the development of any of its technologies; the risk that the Company may not be able to obtain additional financing as necessary; the risk that there may be increases in capital and operating costs; the risk that the NFT technology may be subject to fraud and other failures; the risk that there may be technological changes and developments in the blockchain that make the NFT solutions obsolete; risks relating to regulatory changes or actions which may impede the development or operation of the blockchain solutions; the risk*

*that other competitors may release similar blockchain offerings; the potential future unviability of the NFT market in general; the volatile cost of the amount of computational effort required to execute specific operations on the blockchain, and other general risks involved in the blockchain solutions.*

*Risks and uncertainties about the Company's business are more fully discussed in the Company's disclosure materials, including its reports filed with the Canadian securities regulators and which can be obtained from [www.sedar.com](http://www.sedar.com).*

*Any of these risks may cause the Company's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. Further, although the Company has attempted to identify factors that could cause actual results, levels of activity, performance or achievements to differ materially from those described in forward-looking statements, there may be other factors that cause results, levels of activity, performance or achievements not to be as anticipated, estimated or intended. These forward-looking statements are made as of the date of this news release, and the Company assumes no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those projected in the forward-looking statements, except as required by applicable law, including the securities laws of the United States and Canada. Although the Company believes that any beliefs, plans, expectations and intentions contained in this news release are reasonable, there can be no assurance that any such beliefs, plans, expectations or intentions will prove to be accurate. The Company does not assume any liability for disclosure relating to any other company mentioned herein.*
