## **Management's Discussion and Analysis**

**For the Six Months Ended January 31, 2016**

### **General**

This management discussion and analysis of financial position and results of operations ("MD&A") is prepared as at March 31, 2016 and should be read in conjunction with the unaudited condensed consolidated interim financial statements for the six months ended January 31, 2016 and related notes of 1040433 BC Ltd. ("1040433" or the "Company"). These unaudited condensed consolidated interim financial statements, including comparatives, have been prepared in accordance with the International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB") and interpretations of the IFRS Interpretations Committee ("IFRIC").

Management is responsible for the preparation and integrity of the consolidated financial statements, including the maintenance of appropriate information systems, procedures and internal controls. Management is also responsible for ensuring that information disclosed externally, including the consolidated financial statements and Management Discussion and Analysis ("MD&A"), is complete and reliable.

All dollar amounts included therein and in the following MD&A are expressed in Canadian dollars except where noted. This discussion contains forward-looking statements that involve risks and uncertainties. Such information, although considered to be reasonable by the Company's management at the time of preparation, may prove to be inaccurate and actual results may differ materially from those anticipated in the statements made. ### **Description of Business**

The Company is a business development services company. It provides business development services to new and emerging businesses, including making introductions to accountants, lawyers, brokers, transfer agents, and various other professionals and service providers to assist companies in raising capital and going public. The Company is a reporting issuer in the provinces of British Columbia and Alberta.

### **Plan of Arrangement**

In June 2015, the Company entered into an Arrangement Agreement with Kidani Capital Partners Inc. ("Kidani") and 1033143 BC Ltd. ("1033143"). Kidani is a reporting issuer in the provinces of Alberta and British Columbia.

In October 2015, the shareholders of the Company, Kidani and 1033143, executed the Arrangement as follows:

- a) 1033143 acquired all of the issued and outstanding common shares of the Company from Kidani for consideration of the Purchase Price of \$1,000 on the Closing of the Plan of Arrangement (the “Purchase Shares”);
- b) 1033143 and the Company exchanged securities on a 1:1 basis such that 396,600 common shares of 1033143 were exchanged by their holders for 396,600 common shares of the Company;
- c) Kidani and the Company exchanged on a 1:1 basis, such that Kidani issued one common shares to the Company and the Company issued one common share to Kidani (collectively, the “Exchange Shares”); and
- d) The Purchase and the Exchange Shares were then cancelled.

Following completion of the Arrangement Agreement, the Company became a reporting issuer.

As a result of the Arrangement Agreement, the former shareholders of 1033143, for accounting purposes, are considered to have acquired control of the Company. Accordingly, the Arrangement has been accounted for as a reverse takeover that was not a business combination and effectively a capital transaction of the Company. As 1033143 is deemed to be accounting acquirer for accounting purposes, its assets and liabilities and operations since incorporation on June 19, 2015 are included in the condensed consolidated interim financial statements at their historical carrying value. The condensed interim financial statements are a continuation of 1033143 in accordance with IFRS 3, Business Combinations. The Company’s results of operations are included from October 29, 2015 onwards.

### **Financial Instruments and Risk Management**

#### **Fair Values**

The fair values of cash and equivalents, receivables and trade payables approximate their book values because of the short-term nature of these instruments.

#### **(a) Financial Risk Management**

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company considers the fluctuations of financial markets and seeks to minimize potential adverse effects on financial performance.

#### **(b) Financial Instrument Risk Exposure**

The Company is exposed in varying degrees to a variety of financial instrument related risks. The Board approves and monitors the risk management process.

#### *Credit Risk*

Credit risk is the risk of a financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligation. The Company's exposure to credit risk includes cash and receivables. The Company reduces its credit risk by maintaining its bank accounts at large international financial institutions. The Company's receivables consist primarily of tax receivables due from federal government agencies. The maximum exposure to credit risk is equal to the fair value or carrying value of the financial assets.

#### *Liquidity Risk*

Liquidity risk is the risk that the Company will not be able to meet its obligations as they become due. The Company's ability to continue as a going concern is dependent on management's ability to raise required funding through future equity issuances. The Company manages its liquidity risk by forecasting cash flows from operations and anticipating any investing and financing activities. Management and the Board of Directors are actively involved in the review, planning and approval of significant expenditures and commitments.

#### *Market risk*

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices. Such fluctuations may be significant.

##### (a) Interest rate risk

The Company has cash balances and no interest-bearing debt. The Company's current policy is to invest excess cash in investment-grade short-term deposit certificates issued by its banking institutions. The Company periodically monitors the investments it makes and is satisfied with the credit ratings of its banks.

##### (b) Foreign currency risk

The Company is not exposed to foreign currency risk on fluctuations in exchange rates.

##### (c) Price risk

The Company is exposed to price risk with respect to equity prices. Equity price risk is defined as the potential adverse impact on the Company's earnings due to movements in individual equity prices or general movements in the level of the stock market. The Company closely monitors individual equity movements, and the stock market to determine the appropriate course of action to be taken by the Company.

#### **Contingencies**

The Company is not aware of any contingencies or pending legal proceedings as of March 31, 2016.
