eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

For the period ended February 28, 2018

(Expressed in Canadian Dollars)

April 27, 2018

Management's Responsibility for Financial Reporting

The accompanying unaudited condensed interim consolidated financial statements of **eXeBlock Technology Corporation** (formerly 1040433 B.C. Ltd.) (the "Company") are the responsibility of management and have been approved by the Board of Directors. The unaudited condensed interim consolidated financial statements have been prepared by management in accordance with International Financial Reporting Standards ("IFRS"). The unaudited condensed interim consolidated financial statements include certain amounts and assumptions that are based on management's best estimates and have been derived with careful judgment.

In fulfilling its responsibilities, management has developed and maintains a system of internal accounting controls. These controls are designed to provide reasonable assurance that the financial records are reliable for the preparation of the financial statements. The Audit Committee of the Board of Directors reviewed and approved the Company's unaudited condensed interim consolidated financial statements and recommended their approval by the Board of Directors.

These unaudited condensed interim consolidated financial statements have not been reviewed by the external auditors of the Company.

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

1. NATURE OF OPERATIONS AND GOING CONCERN

eXeBlock Technology Corporation (formerly 1040433 B.C. Ltd.) (the “Company”), was incorporated pursuant to the British Columbia Business Corporations Act on June 19, 2015. On August 18, 2017, the Company and eXeBlock Technology Inc. (“eXeBlock Inc.”) signed a letter of intent and on September 6, 2017, the Company and eXeBlock Inc. entered a Share Exchange Agreement (the “Agreement”) under which the transaction was completed and the Company effected a change in directors, management and business. The Company changed its name to eXeBlock Technology Corporation.

The Company acquired eXeBlock Inc. through a reverse acquisition transaction described in note 4. Under the terms of the Agreement, the Company acquired all of the issued and outstanding common shares of eXeBlock Inc. based on two shares of the Company for each share of eXeBlock Inc. eXeBlock Inc. is engaged in the business of developing and marketing decentralized applications (“DApps”). eXeBlock Inc. was federally incorporated pursuant to the Canada Business Corporations Act on July 11, 2017. eXeBlock Inc. is deemed to be the continuing entity for financial reporting purposes and therefore its historical operations, assets and liabilities are included as the comparative figures as at August 31, 2017.

On November 9, 2017, the Company filed a Prospectus in association with its initial listing application on the Canadian Securities Exchange (“CSE”) and its common shares commenced trading on the CSE on November 16, 2017 as a Technology Issuer under the trading symbol “XBLK”.

The Company’s corporate office address is Suite 280, 1090 West Georgia Street, Vancouver, BC, V6E 3V7. eXeBlock Inc.’s technical office is located at 47 Lockheed Crescent, Debert, NS, Canada, B0M 1G0. eXeBlock Inc.’s registered office is located at Suite 1100, 1959 Upper Water Street, Halifax, NS, Canada, B3J 3N2.

These financial statements have been prepared on a going-concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of operations as they come due. For the six-month period ended February 28, 2018, the Company incurred a net loss of \$2,559,217. The Company has no revenue from operations. In addition to its working capital requirements, the Company must secure sufficient funding to develop its decentralized applications and fund its general operating costs. The Company has a planning and budgeting process to monitor operating cash requirements, including amounts projected for capital expenditures, which are adjusted as input variables change. These variables include, but are not limited to, the ability of the Company to generate revenue from current and prospective customers, general and administrative requirements of the Company and the availability of capital markets. As these variables change, liquidity risks may necessitate the need for the Company to issue equity or obtain debt financing. These material uncertainties may cast significant doubt about the Company’s ability to continue as a going concern. Management is evaluating alternatives to secure additional financing so that the Company can continue to operate as a going concern. Nevertheless, there can be no assurance that these initiatives will be successful or sufficient.

The Company’s ability to continue as a going concern is dependent upon its ability to fund its working capital and operating requirements and eventually to generate positive cash flows from operations. These financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and statement of financial position classifications that would be necessary were the going concern assumption determined to be inappropriate and these adjustments could be material.

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

Statement of compliance with International Financial Reporting Standards (“IFRS”)

The Company prepares its unaudited condensed interim consolidated financial statements in accordance with Canadian generally accepted accounting principles as set out in the Handbook of Chartered Professional Accountants of Canada – Part 1 (“CPA Canada Handbook”), which incorporates International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”).

These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting* (“IAS 34”), as issued by the IASB. Accordingly, certain information normally included in annual financial statements prepared in accordance with IFRS, as issued by the IASB, have been omitted or condensed. The unaudited condensed interim consolidated financial statements should be read in conjunction with the audited financial statements of eXeBlock Technology Inc. for the period ended August 31, 2017.

Approval of the consolidated financial statements

These unaudited condensed interim consolidated financial statements for the period ended February 28, 2018 were reviewed by the Company’s Audit Committee and approved and authorized for issue by the Company’s Board of Directors on April 27, 2018.

The policies applied in these unaudited condensed interim consolidated financial statements are based on the IFRS as of April 27, 2018 the date the Board approved the financial statements. Any subsequent changes to IFRS that are given effect in the Company’s annual consolidated financial statements for the year-ended August 31, 2018 could result in the restatement of these unaudited condensed interim consolidated financial statements.

Basis of Measurement

These unaudited condensed interim consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair value as explained in the accounting policies set out in note 2 to the financial statements of eXeBlock Inc. These unaudited condensed interim consolidated financial statements also include the effects of the reverse acquisition transaction as described in note 4 and the assets and operations of the Company since September 6, 2017. All significant inter-company transactions have been eliminated on consolidation.

The functional and presentation currency of the Corporation and its subsidiary is the Canadian dollar.

Critical accounting judgments and estimates

The preparation of the financial statements in conformity with IFRS requires management to make judgments and estimates that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results could differ from these estimates. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about critical accounting judgments and estimates in applying accounting policies that have the most significant impact on the amounts recognized in the financial statements are outlined below.

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION (continued)

Valuation and amortization of internally generated intangible assets

The Company will capitalize certain costs incurred for the development of its DApps. Estimates are used in order to determine the point in time whereby the recognition criteria are met and the allocation and nature of costs to capitalize in accordance with IAS 38, *Intangible Assets*. The capitalized costs may include the cost of direct labour and other costs directly attributable to preparing the intangible asset for its intended use. Management will then estimate the expected term over which the Company will receive benefits from the software application. A change in these estimates may have a significant impact on the carrying value of the intangible asset and the amortization and expenses recognized in the statements of loss and comprehensive loss.

3. SIGNIFICANT ACCOUNTING POLICIES

These unaudited condensed interim consolidated financial statements have been prepared using the same policies and methods of computation as the annual consolidated financial statements of eXeBlock Inc. for the period ended August 31, 2017. Refer to note 2, *Significant Accounting Policies*, of the annual financial statements of eXeBlock Inc. for the period ended August 31, 2017 for information on the accounting policies as well as new accounting standards not yet effective.

4. REVERSE ACQUISITION TRANSACTION

On August 18, 2017, the Company entered a letter of intent with eXeBlock Inc. and on September 6, 2017, the Company and eXeBlock Inc. entered into a Securities Exchange Agreement (“SEA”) under which the proposed reverse acquisition transaction was completed. Under the terms of the SEA, the Company acquired all of the issued and outstanding common shares of eXeBlock Inc. based on two shares of the Company for each common share of eXeBlock Inc. The Company issued 38,100,002 common shares in exchange for the 19,050,001 common shares of eXeBlock Inc. (the “Transaction”).

The Boards of Directors of the Company and eXeBlock Inc. each unanimously approved the terms of the Transaction. Upon closing, eXeBlock Inc. shareholders held approximately 87.2% of the outstanding shares of the Company. In substance, the Transaction involves eXeBlock Inc. shareholders obtaining control of the Company; accordingly the Transaction is considered to be a reverse takeover transaction (“RTO”) with eXeBlock Inc. acquiring control of the Company. As the Company does not meet the definition of a business, under IFRS prior to the Transaction, the future consolidated financial statements of the combined entity will represent the continuation of eXeBlock Inc. The Transaction will be accounted for as a share-based payment whereby eXeBlock Inc. acquired the net assets of the Company and the Company’s status as a Reporting Issuer.

The Company adopted a financial year end of August 31 as a result of the closing of the Transaction.

For accounting purposes, the acquisition is considered to be outside the scope of IFRS 3 *Business Combinations* (“IFRS 3”) since the Company, prior to the acquisition did not constitute a business. The transaction is accounted for in accordance with IFRS 2 *Share-based Payment* whereby eXeBlock Inc. is deemed to have issued shares and share purchase warrants in exchange for the net assets of the Company together with its Reporting Issuer status at the fair value of the consideration received by eXeBlock Inc.

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

4. REVERSE ACQUISITION TRANSACTION (continued)

The accounting for this transaction resulted in the following:

- (i) The consolidated financial statements of the combined entities are issued under the legal parent, eXeBlock Technology Corporation, but are considered a continuation of the financial statements of the legal subsidiary, eXeBlock Technology Inc.
- (ii) Since eXeBlock Technology Inc. is deemed to be the acquirer for accounting purposes, its assets and liabilities are included in the consolidated financial statements at their historical carrying values.

Since the share and share-based consideration allocated to the former shareholders of the Company on closing the Transaction is considered within the scope of IFRS 2, and the Company cannot identify specifically some or all of the goods or services received in return for the allocation of the shares and warrants, the value in excess of the net identifiable assets or obligations of the Company acquired on closing is expensed in the unaudited consolidated statement of comprehensive loss as listing fee expense.

The listing fee expense in the amount of \$942,129 is comprised of the fair value of common shares and warrants of the Company retained by the former shareholders of the Company less the net assets of the Company at September 6, 2017, as well as other direct expenses of the Transaction.

The listing fee expense is summarized as follows:

Net working capital acquired:

	\$
Accounts payable and accrued liabilities	29,210
Receivables	(2,719)
Cash	<u>(105,318)</u>
	(78,827)
Common shares deemed to be issued re eXeBlock Corp. (5,596,601 shares at \$0.10 per share)	559,660
Warrants deemed to be issued re eXeBlock Corp. (2,600,000 warrants exercisable at \$0.05 until August 14, 2020)	220,238
Legal and other transaction costs	<u>241,058</u>
Listing fee expense	<u>942,129</u>

The Company has estimated the fair value of the equity instruments deemed to be issued by the Company. The fair value of the 5,596,601 common shares amounted to \$596,660, based upon a recent private placement financing of eXeBlock Inc. at \$0.10 per share. The fair value of the 2,600,000 eXeBlock Corp. warrants, exercisable at \$0.05 per share with an expected life of three years, amounted to \$220,238. The fair value of the warrants was estimated using the Black-Scholes pricing model applying an expected volatility of 140%, a risk free interest rate of 1%, with no expected dividend yield.

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial StatementsFor the period ended February 28, 2018

5. OTHER ASSETS

	As at February 28, 2018	As at August 31, 2017
	\$	\$
Prepaid expenses	119,567	7,000
Deposits	7,197	4,000
Digital assets – 940,000 Peerplay tokens	1	-
	126,765	11,000

6. SHARE CAPITAL**a) Common shares**

Authorized share capital of the Company consists of an unlimited number of fully paid common shares without par value.

The common shares of the Company owned by Directors, Officers and the Founder (12,650,002 common shares) are subject to an escrow agreement. The terms of escrow agreement stipulate that 1,265,000 (10%) of the escrowed shares were released upon listing, which occurred on November 16, 2017. The remaining escrowed shares will be released at a rate of 1,897,500 (15%) every six months thereafter. On February 28, 2018, 11,385,002 shares remained in escrow.

b) Private Placement Financing

During the period ended August 31, 2017, eXeBlock Inc. completed a non-brokered private placement financing for aggregate gross proceeds of \$615,494. The Company issued 19,050,000 common shares at prices ranging from \$nil to \$0.10 per share. Total costs associated with the private placement, consisting of professional fees, were \$10,832.

On October 4, and 6, 2017, the Company completed a non-brokered private placement issuing a total of 17,707,429 common shares at a price of \$0.35 per share for gross proceeds of \$6,197,600. A 7.5% finder's fee of \$464,820 was payable on the financing and the Company issued 7.5% brokers' warrants to acquire common shares at an exercise price of \$0.35 for two years. The finder's fee and fair value of the brokers' warrants are recorded as share issue costs. The fair value of the broker warrants was \$316,546, as calculated using the Black-Scholes option pricing model. The Company also incurred other direct share issuance costs of \$43,538.

The common shares issued during the October 2017 financings are subject to a voluntary pooling arrangement. This arrangement provides that the common shares will be held in trust with the Company's transfer agent, National Issuer Services Ltd., and released from the pooling arrangement as follows:

- 25% of the common shares were released on November 16, 2017, which was the date on which the common shares of the Company were listed for trading on the Canadian Stock Exchange (the "Listing Date") These released shares are subject to a four month hold as noted below;
- 25% of the common shares were released on February 16, 2018 (the date that is 3 months following the Listing Date);

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

6. SHARE CAPITAL (continued)

- 25% of the common shares will be released on May 16, 2018 (the date that is 6 months following the Listing Date); and
- 25% of the common shares will be released on August 16, 2018 (the date that is 9 months following the Listing Date).

Pursuant to applicable securities laws, all of these shares are subject to a hold period expiring on February 5 or 7, 2018. After the expiry of this hold period, the shares are freely tradeable and can be sold without a prospectus exemption. After expiry of this hold period the shares are tradeable subject to the pooling arrangement noted above.

c) Warrants

The following table reflects the continuity of warrants for the six-month period ended February 28, 2018:

	Number of Warrants	Fair value \$
Balance – July 11, 2017 and August 31, 2017	-	-
Warrants deemed to be issued in association with the Transaction	2,600,000	220,238
Broker warrants issued in association with private placement financing	1,328,057	316,546
Warrants exercised	(37,500)	(3,177)
Balance – February 28, 2018	3,890,557	533,607

As at February 28, 2018, the Company had the following common share purchase warrants outstanding:

Expiry Date	Number of warrants outstanding	Exercise price \$
November 19, 2019	1,328,057	0.35
August 20, 2020	2,562,500	0.05
	3,890,557	0.15

Warrant pricing models require the input of highly subjective assumptions, including the expected volatility. Changes in the assumptions can materially affect the fair value estimate and, therefore, the existing models may not necessarily provide a reliable estimate of the fair value of the Company's warrants. The fair values of the common share purchase warrants were estimated using Black-Scholes option pricing models using the following assumptions:

Risk free interest rate	1.0%
Expected volatility	140%
Expected dividend yield	-
Expected life	2-3 years

During the six-month period ended February 28, 2018, the Company issued 37,500 common shares for proceeds of \$1,875 on the exercise of common share purchase warrants related to the Transaction.

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

7. INCOME TAXES

The provision for income taxes reported differs from the amounts computed by applying the applicable income tax rates to the net loss before tax provision due to the following:

	August 31, 2017
	\$
Loss before income taxes	(162,445)
Statutory rate	31.0%
Tax recovery at statutory rate	(50,358)
Tax recovery on losses and deductible temporary differences not recognized in the current period	50,358
Income tax recovery	-

8. RELATED PARTY TRANSACTIONS

During the six-month period ended February 28, 2018, the Company incurred rent costs from a related party, Fallout Complex Inc. (“Fallout”), a company controlled by the Founder of eXeBlock Inc., in the amount of \$21,698 (\$2,904 during the period ended August 31, 2017) and advances for rental deposits of \$nil (\$4,000 during the period ended August 31, 2017). As at February 28, 2018, an amount owing to Fallout of \$24,953 was included in accounts payable and accrued liabilities (\$7,804 as at August 31, 2017).

During the six-month period ended February 28, 2018, the Company incurred cloud hosting and related fees from a related party, Data Security Node Inc. (“Data Security”), a company controlled by the Founder of eXeBlock Inc., in the amount of \$600 (\$2,904 during the period ended August 31, 2017) and advances for annual cloud hosting servers in the amount of \$7,000. As at February 28, 2018, an amount owing to Data Security of \$690 was included in accounts payable and accrued liabilities (\$8,065 as at August 31, 2017).

During the six-month period ended February 28, 2018, the Company incurred consultancy fees of \$120,000 (\$76,065 for the period ended August 31, 2017) from a related party, Numus Financial Inc. (“Numus”), a company which provides services under a management services agreement for a fee of \$20,000 per month which continues until both Numus and the Company mutually agree to terminate. As at February 28, 2018, an amount owing to Numus of \$nil was included in accounts payable and accrued liabilities (\$91,073 as at August 31, 2017).

eXeBlock also incurred consulting expenses and directors fees to certain directors and officers. The following table summarizes the expenses incurred during the six-month period ended February 28, 2018 (\$nil for the period ended August 31, 2017):

Related party	Amount
	\$
Randall Consulting Inc. – for services of Rob Randall, CFO and Corporate Secretary	70,613
IMK Management Services Inc. – for services of Ian Klassen, Chief Executive Officer	30,000
Strategic Concepts Inc. – director fees of Carl Sheppard, Director	20,000

During the period ended August 31, 2017, current directors, officers and the founder of the Company subscribed to an aggregate of 12,650,002 common shares of the non-brokered private placement financing for gross proceeds of \$5,098 (note 6 a)).

eXeBlock Technology Corporation

(formerly 1040433 B.C. Ltd.)

Notes to the Unaudited Condensed Interim Consolidated Financial StatementsFor the period ended February 28, 2018

9. FAIR VALUE OF FINANCIAL INSTRUMENTS AND RISK MANAGEMENT**a) Capital Management**

The Company manages its capital to ensure that it will be able to continue as a going-concern while maximizing the return to stakeholders through the optimization of debt and equity balances.

The capital of the Company consists of items included in equity, net of cash, as follows:

	February 28, 2018	August 31, 2017
	\$	\$
Equity	4,354,016	442,218
Less: cash	(4,526,355)	(615,407)
	<u>(172,339)</u>	<u>(173,189)</u>

The Company manages its capital structure and makes adjustments in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may issue equity or return capital to shareholders.

b) Fair Values of Financial Instruments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The carrying amounts reported in the statement of financial position for cash, accounts receivable and accounts payable and accrued liabilities approximate their fair values based on the short-term maturities of these financial instruments.

c) Financial Risk Management Objectives

The Company examines the various financial instrument risks to which it is exposed and assesses the impact and likelihood of those risks. These risks may include credit risk, liquidity risk, currency risk and interest rate risk. Where material, these risks are reviewed and monitored.

d) Credit Risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Company. The carrying amounts of financial assets best represent the maximum credit risk exposure at the reporting date. Cash is held with reputable banks in Canada. The long-term credit rating of these banks, as determined by Standard and Poor's, was A+.

e) Liquidity Risk

Liquidity risk is the risk that the Company will not meet its financial obligations as they become due. Refer to note 1 for additional details related to the ability of the Company to continue as a going concern.

The Company is currently pursuing financing alternatives. There can be no assurance that additional future financings will be available on acceptable terms or at all. If the Company is unable to obtain additional financing when required, the Company may have to substantially reduce or eliminate planned expenditures.

Notes to the Unaudited Condensed Interim Consolidated Financial Statements

For the period ended February 28, 2018

9. FAIR VALUE OF FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

Accounts payables and accrued liabilities are paid in the normal course of business generally according to their payment terms. In the normal course of business, the Company enters into contracts that give rise to commitments for future minimum payments. The following table summarizes the remaining contractual maturities of the Company's financial liabilities as at February 28, 2018:

	Within 1 year	2-3 years	4-5 years	Over 5 years	Total
	\$	\$	\$	\$	\$
Accounts payable and accrued liabilities	412,306	-	-	-	412,306

f) Currency Risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk exposure arises from the Company entering into transactions which are denominated in currencies other than its functional currency.

The Company is exposed to currency risk on its accounts payable and accrued liabilities that are held in currencies that are not in the transacting entity's functional currency. As at February 28, 2018, a 5% decrease in the exchange rate between the functional currency and foreign currencies would decrease the net loss by approximately \$10,000; a 5% increase would increase the net loss by approximately \$10,000. The Company currently does not hedge its currency risk.

g) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of financial instruments will fluctuate because of changes in market interest rates. An immaterial amount of interest rate exposure exists in respect of cash balances on the statement of financial position. As a result, the Company is not exposed to material cash flow interest rate risk on its cash balances.

h) Fair Value Measurements Recognized in the Statement of Financial Position

The fair value hierarchy establishes three levels to classify the inputs to valuation techniques used to measure fair value. Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices). Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

At February 28, 2018, the Company had no financial instruments that were measured and recognized on the statement of financial position at fair value. In addition, there were no transfers between levels during the period.

10. COMMITMENTS AND CONTINGENCIES

As at February 28, 2018, the Company has a management services agreement with Numus for the provision of management services at a fee of \$20,000 per month, continuing until both parties mutually agree to terminate.

As at February 28, 2018, the Company has committed to spending a total of \$70,063 on recruitment efforts over the next 30 months.

The Company leases its office in Debert, NS under an operating lease agreement which commenced on August 1, 2017 for a term of five and a half years. The Company's commitments under the operating lease, in the form of non-cancellable future lease payments are not reflected as a liability on its statement of financial position. Non-cancellable lease payments as at February 28, 2018 are:

<u>Within 1 year</u>	<u>2-3 years</u>	<u>4-5 years</u>	<u>Over 5 years</u>
\$	\$	\$	\$
24,000	48,000	48,000	-

11. SUBSEQUENT EVENT

On March 1, 2018, 1,400,000 stock options were granted to directors, officers, employees and consultants to purchase 1,400,000 common shares, exercisable on or before February 28, 2023, at an exercise price of \$0.45 per share.
