## **NEWS RELEASE**

### **Irving Resources Incorporates a Wholly-Owned Subsidiary in Japan**

Vancouver, British Columbia – (Marketwired – June 2, 2016) – Irving Resources Inc. (CSE:IRV) (“**Irving**” or the “**Company**”) is pleased to announce that it has incorporated a wholly-owned subsidiary in Japan named, “Irving Resources Japan GK”. This subsidiary enables Irving to acquire and hold exploration projects in Japan.

The Company has also entered into a consulting agreement with Mitsui Mineral Development Engineering Co, Ltd. (MINDECO) in Japan to assist in evaluating opportunities to explore for precious and other metals in Japan.

#### ***About Irving Resources Inc.:***

Irving, through a subsidiary, holds Project Venture Agreements with Japanese Oil, Gas and Metals National Corporation (“JOGMEC”) for joint exploration programs in the United Republic of Tanzania and the Republic of Malawi.

JOGMEC is a government organization established under the law of Japan, administrated by the Ministry of Economy, Trade and Industry of Japan, and is responsible for stable supply of various resources to Japan through the discovery of sizable economic deposits of base, precious and rare metals.

Additional information can be found on the Company’s website: [www.IRVresources.com](http://www.IRVresources.com).

#### **Forward-looking information**

Some statements in this news release may contain forward-looking information within the meaning of Canadian securities legislation. Forward-looking statements address future events and conditions and, as such, involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the statements. Such factors include, without limitation, customary risks of the mineral resource exploration industry as well as Irving having sufficient cash to fund any planned drilling and other exploration activities.
