

GLANCE TECHNOLOGIES LAUNCHES PAY WITH BITCOIN FEATURE

November 29, 2018 – Vancouver, B.C. – Glance Technologies Inc. (“Glance” or the “Company”) (CSE:GET.CN) (OTCQB:GLNNF) (FKT:GJT) is pleased to announce that it has launched its new Pay With Bitcoin feature. Pay With Bitcoin enables Glance Pay users to pair their cryptocurrency wallet with their Glance Pay account, and then purchase Glance Dollars with Bitcoin. Glance Dollars represent a credit that can be spent instantly at participating merchants within the Glance Pay ecosystem.

“We are continually building out new payment features to ensure our platform is at the forefront of technology,” says Glance Technologies CEO Desmond Griffin. “Pay With Bitcoin allows Glance users to unlock the value of their crypto assets for use in their everyday lives while seamlessly opening up a new cutting-edge payment method for merchants.”

Pay With Bitcoin marks an important step forward as Glance advances its blockchain infrastructure. Bitcoin is the world’s pre-eminent cryptocurrency, however, one of the challenges with Bitcoin payments are that transactions can take hours to complete. Glance’s new feature solves this problem by enabling lightning-fast payments.

Historically, one of the barriers to adoption of cryptocurrency payments by merchants has been the cryptic and complicated process of setting up cryptocurrency wallets and managing them. Glance will allow merchants to receive payments in fiat currency without requiring any knowledge of how to use cryptocurrency.

Glance believes that Pay With Bitcoin is a great complement to its Glance PayMe application that provides merchants of any size with an unparalleled suite of payment options, including powerful anti-fraud technology and a robust loyalty rewards program — all managed via the merchant’s own mobile device without the need of any extra hardware.

Glance notes that Square reported Bitcoin transaction sales of US\$43 million in its third quarter of 2018, an increase of US\$6 million over its previous quarter, demonstrating growing demand for Bitcoin related payments.

About Glance Technologies Inc.

Glance Technologies is the owner of [Glance Pay](#) and [Glance PayMe](#), a pair of complementary smartphone payment applications that enable merchants to provide their customers with quick secure payments, digital rewards, and a better customer experience.

Forward-Looking Statements

This press release contains forward-looking information or forward-looking statements (collectively "forward-looking information") within the meaning of applicable securities laws. Forward-looking information is typically identified by words such as: "may", "believe", "thinks", "expect", "exploring", "expand", "could", "anticipate", "intend", "estimate", "plan", "pursue", "potentially", "projected", "should", "will" and similar expressions, or are those, which, by their nature, refer to future events. These forward-looking statements, which involve risks and uncertainties, relate to, among other things, the discussion of Glance's business strategies and its expectations concerning future operations, the advancement of Glance's blockchain infrastructure, and the expectation that Glance will accelerate growth and scale, and the performance of the Pay with Bitcoin feature. Although Glance considers these forward-looking statements to be reasonable based on information currently available to it, they may prove to be incorrect, and the forward-looking statements in this release are subject to numerous risks, uncertainties and other factors that may cause future results to differ materially from those expressed or implied in such forward-looking statements. Such risk factors include, among other things, risks related to the launch of the new Glance Pay with Bitcoin feature, regulatory risks related to cryptocurrencies, and risks that Glance's software and applications may contain security problems, security vulnerabilities, or defects in design or manufacture, including "bugs" and other problems that could interfere with the intended operation of its software. The forward-looking information in this press release is also based on certain estimates, forecasts and projections, as well as expectations, beliefs and assumptions, including, among other things, that Glance will be able to achieve its business objectives, that Glance will be able to develop proprietary software to implement its plans. For additional information with respect to these and other factors and assumptions underlying the forward-looking statements in this press release, see the section entitled "Risk Factors" in the most recent Annual Information Form and Prospectus of Glance, which may be accessed through Glance's profile on SEDAR at www.sedar.com. Glance cautions investors that any forward-looking information provided by Glance is not a guarantee of future results or performance, and that actual results may differ materially from those in forward-looking statements. Undue reliance should not be placed on such forward-looking information, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur.
