

## GLANCE TECHNOLOGIES SHOWCASES NEW PRODUCTS AT THE NIGHTCLUB & BAR SHOW IN LAS VEGAS

**March 26, 2019 – Vancouver, B.C.** – Glance Technologies Inc. (“Glance” or the “Company”) (CSE:GET) (OTCQB:GLNNF) (FKT:GJT) today announced its attendance at the Nightclub and Bar Show in Las Vegas which started Monday and runs through Wednesday.

The Nightclub and Bar Show is one of the most influential trade shows for bar and nightlife professionals, drawing over 36,000 attendees last year. From single-unit bar owners to national chain operators to the industry’s largest hospitality groups, Nightclub & Bar Show attracts professionals that work in the bar, restaurant and hospitality industry. They come to the show each year to source the latest products, learn about new technologies and develop mutually beneficial business relationships with the suppliers that move the industry.

Glance will be demonstrating and taking sales orders at the Nightclub and Bar Show for its new product features including Real-Time Bill, Order From Table, & its recently announced Order From Bar. Glance’s upcoming Order From Bar product will allow people to order drinks from anywhere within the bar. Users then simply pickup their drinks at the end of the bar when they are notified. The system utilizes Glance’s proven anti-fraud technology to protect the establishment as well as leveraging Glance’s powerful promotion and rewards platform to help increase sales and loyalty. Order From Bar compliments Glance’s previously announced Real-Time Bill and Order From Table features which are also applicable to bars that provide table service.

In addition, at many establishments, the night begins for their customers by waiting in a long line to pay a cash cover charge to then get a stamp on their hand. Glance’s upcoming cover charge feature accelerates and modernizes this process, enabling quick and easy cover charge payments, with tracking and upselling opportunities for establishments.

“We believe these new features can significantly improve the experience for consumers while improving the bottom line for operators,” says Desmond Griffin Glance CEO, “Customers will be able to skip the throng of people at the bar and enjoy time with their friends while they wait for their order without the stress of leaving their card behind.”

**Forward-Looking Statements**

*This press release contains forward-looking information or forward-looking statements (collectively "forward-looking information") within the meaning of applicable securities laws. Forward-looking information is typically identified by words such as: "may", "believe", "thinks", "expect", "exploring", "expand", "could", "anticipate", "intend", "estimate", "plan", "pursue", "potentially", "projected", "should", "will" and similar expressions, or are those, which, by their nature, refer to future events. These forward-looking statements, which involve risks and uncertainties, relate to, among other things, the discussion of Glance's business strategies and its expectations concerning future operations, Glance's plans to revolutionize the experience of ordering at bars and paying for cover charges, that Glance's will receive sales orders for its new features at the Nightclub and Bar Show, and that new features will enable bars to get people into their establishments much quicker and can dramatically increase the volume of beverages that can be delivered with the same number of staff, while providing a much better experience to their customers. Although Glance considers these forward-looking statements to be reasonable based on information currently available to it, they may prove to be incorrect, and the forward-looking statements in this release are subject to numerous risks, uncertainties and other factors that may cause future results to differ materially from those expressed or implied in such forward-looking statements. Such risk factors include, among other things, risks that Glance's software and applications may contain security problems, security vulnerabilities, or defects in design or manufacture, including "bugs" and other problems that could interfere with the intended operation of its software, risks related to the volatility of customer demand for Glance's products, and the possibility that the expected benefits from the launch of new features will not be realized. The forward-looking information in this press release is also based on certain estimates, forecasts and projections, as well as expectations, beliefs and assumptions, including, among other things, that Glance will be able to achieve its business and technology development objectives. For additional information with respect to these and other factors and assumptions underlying the forward-looking statements in this press release, see the section entitled "Risk Factors" in the most recent Annual Information Form and Prospectus of Glance, which may be accessed through Glance's profile on SEDAR at [www.sedar.com](http://www.sedar.com).
