

Vapen MJ Announces Cannabis THC Extraction and Production Partnership in Oklahoma

Vapen Branded THC concentrates, edibles and extraction products

VANCOUVER, Sept. 26, 2019 /CNW/ - Vapen MJ (OTCQX: VAPNF; CSE: VAPN) ("Vapen MJ") a fully integrated agricultural technology, services and property management company in the regulated cannabis industry, today announced a cannabis THC production and extraction partnership with Texoma Herb Company in Oklahoma.

Texoma has a licensed retail dispensary, greenhouse and outdoor growing operations in Kingston, OK. Oklahoma is one of the fastest growing medical marijuana markets in the U.S. according to the August 2019 Annual Marijuana Business Factbook report, based on the average number of patients as a percentage of the population.

The new, state-of-the-art extraction and production facility is anticipated to be fully operational and selling Vapen branded product wholesale to licensed Oklahoma dispensaries throughout the state by the end of 2019. Vapen MJ will provide the Vapen brand, standard operating procedures (SOPs), and back office support for the partnership. The partnership with Texoma will facilitate the launch of Vapen branded product including a line of THC concentrates, edibles and extraction products to dispensaries in the state of Oklahoma.

"We are strategically adding capacity in a new market that has one of the fastest-growing medical marijuana patient populations. We will be launching Vapen branded products that deliver our high quality and purity standards," commented Thai Nguyen, Founder and Chief Executive Officer of Vapen MJ. "Our partner Texoma, with outdoor growing capability in the state of Oklahoma as well as greenhouse operations, has built a solid reputation for quality cannabis products. This relationship underscores our commitment to expanding through partnerships in new markets as we execute to our growth strategy to expand our U.S. presence and increase our brand awareness."
