

# Vext Science Closes Purchase of 72,000 Square Foot Eloy, Arizona Cultivation Facility

VANCOUVER, BC, June 25, 2021 /CNW/ - [Vext Science, Inc.](#) ("Vext" or the "Company") (CSE: VEXT) (OTCQX: VEXTF) a cannabinoid brand leader based in Arizona, leveraging its core expertise in extraction, manufacturing, cultivation and marketing to build a profitable multi-state footprint, today announced the closing of its purchase of a vacant 72,000 square foot industrial located in the city of Eloy, Arizona (the "Eloy Facility"). [As previously announced](#), Vext has received approval to build and operate a state-of-the-art medical cannabis cultivation operation at the Eloy Facility. The Company expects to build the facility out to approximately 34,000 square feet under canopy within nine months of closing. The Eloy Facility also includes ample land for future expansion. All currency references used in this news release are in U.S. currency unless otherwise noted.

"Once the Eloy Facility is operational, Vext will have total indoor capacity of ~58,000 square feet under canopy and 10 acres of outdoor capacity, to support further growth in Arizona," said **Eric Offenberger, CEO of Vext**. "The Eloy Facility will provide additional high quality flower to support the ongoing growth of our award-winning Vapen brand, and in our operated dispensaries, while enabling us to accretively grow our retail footprint in the state over time. Locations with suitable scale and proximity to major population centers are likely to get more difficult to find in the coming years, and we expect ownership of our cultivation footprint to be an enduring competitive advantage for Vext."

Vext paid \$4.3 million in cash for outright ownership of the Eloy Facility, which is currently vacant.

## COVID-19 Risk Factor

VEXT may be impacted by business interruptions resulting from pandemics and public health emergencies, including those related to COVID-19. An outbreak of infectious disease, a pandemic,

or a similar public health threat, such as the recent outbreak of COVID-19, or a fear of any of the foregoing, could adversely impact VEXT by causing operating, manufacturing, supply chain, and project development delays and disruptions, labor shortages, travel, and shipping disruption and shutdowns (including as a result of government regulation and prevention measures). It is unknown whether and how VEXT may be affected if such a pandemic persists for an extended period of time, including as a result of the waiver of regulatory requirements or the implementation of emergency regulations to which VEXT is subject. Although VEXT has been deemed essential and/or has been permitted to continue operating its facilities in the states in which it operates during the pendency of the COVID-19 pandemic, there is no assurance that the Company's operations will continue to be deemed essential and/or will continue to be permitted to operate. VEXT may incur expenses or delays relating to such events outside of its control, which could have a material adverse impact on its business, operating results, financial condition and the trading price of the Company's Common Shares.

## **Forward Looking Statements**

Statements in this news release that are forward-looking statements are subject to various risks and uncertainties concerning the specific factors disclosed here and elsewhere in VEXT's periodic filings with Canadian securities regulators. When used in this news release, words such as "will, could, plan, estimate, expect, intend, may, potential, believe, should, on track" and similar expressions, are forward- looking statements.

Forward-looking statements may include, without limitation, statements related COVID-19, to future developments and the business and operations of VEXT, the Company's market position in the State of Arizona, the size and build-out timeline for the Eloy Facility, and the Company's financial results, and of which are subject to the risk factors contained in Vext's continuous disclosure filed on SEDAR.

Although VEXT has attempted to identify important factors that could cause actual results, performance or achievements to differ materially from those contained in the forward-looking statements, there can be other factors that cause results, performance or achievements not to be as anticipated, estimated or intended, including, but not limited to: dependence on obtaining regulatory approvals; being engaged in activities currently considered illegal under U.S. Federal laws; change in laws; reliance on management; requirements for additional financing; competition; hindered market growth and state adoption due to inconsistent public opinion and perception of the medical-use and adult-use marijuana industry and; regulatory or political change.

There can be no assurance that such information will prove to be accurate or that management's expectations or estimates of future developments, circumstances or results will materialize. Because of these risks and uncertainties, the results or events predicted in these forward-looking statements may differ materially from actual results or events.

Accordingly, readers should not place undue reliance on forward-looking statements. The forward-looking statements in this news release are made as of the date of this release. VEXT disclaims any intention or obligation to update or revise such information, except as required by applicable law, and VEXT does not assume any liability for disclosure relating to any other company mentioned herein.
