Notes to Condensed Interim Consolidated Financial Statements

June 30, 2021

(Expressed in U.S. Dollars) (Unaudited)

1. NATURE OF OPERATIONS AND GOING CONCERN

Vext Science, Inc. (the “Company”) provides management, advisory, cultivation, and dispensary services to non-for-profit entities in the medical and adult use cannabis fields. The head office and principal address of the Company is located at Suite 2250 – 1055 W. Hastings St., Vancouver, BC V6E 2E9 and the U.S. headquarters is at 4152 N. 39th Ave, Phoenix, Arizona 85019.

These unaudited condensed interim consolidated financial statements have been prepared using International Financial Reporting Standards applicable to a going concern which assumes the Company will continue in operation for the foreseeable future and be able to realize its assets and discharge its liabilities in the normal course of business. The continuing operations of the Company are dependent upon the Company’s ability to continue to earn adequate revenues from operations and to raise adequate financing. The Company intends to finance its future requirements through continued operations.

As at June 30, 2021, the Company had working capital of \$23,644,010 and retained earnings of \$20,347,807. There is uncertainty as the likely effects of the novel coronavirus (“COVID-19”) outbreak which may, among other things, impact the Company’s operations and ability to raise further financing. Management has assessed that this working capital is sufficient for the Company to continue as a going concern beyond one year.

These condensed interim consolidated financial statements do not reflect any adjustments, which could be material, to the carrying values of assets and liabilities, which may be required should the Company be unable to continue as a going concern.

2. BASIS OF PRESENTATION

a) Statement of Compliance

These condensed interim financial statements, including comparatives, have been prepared in accordance with International Accounting Standards (“IAS”) 34 ‘Interim Financial Reporting’ using accounting policies consistent with the IFRS issued by the International Accounting Standards Board (“IASB”) and Interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). These interim financial statements follow the same accounting policies and methods of applications as the Company’s most recent audited annual consolidated financial statements. These interim financial statements do not contain all of the information required for full annual financial statements. Accordingly, these interim financial statements should be read in conjunction with the Company’s December 31, 2020 audited annual consolidated financial statements.

b) Basis of Preparation

These interim financial statements have been prepared on a historical cost basis, except for certain financial instruments classified as fair value through profit or loss and are stated at their fair value. In addition, these condensed interim consolidated financial statements have been prepared using the accrual basis of accounting, except for certain cash flow information. The financial statements, unless otherwise specified, are presented in United States (“U.S.”) dollars.

Notes to Condensed Interim Consolidated Financial Statements

June 30, 2021

(Expressed in U.S. Dollars) (Unaudited)

2. BASIS OF PRESENTATION (CONTINUED...)**c) Basis of Consolidation**

The interim financial statements include consolidated accounts of the Company and its subsidiaries, including its economic interest in joint ventures. Subsidiaries are those entities that the Company controls. The Company controls an entity when the Company is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company and are de-consolidated from the date that control ceases. All intercompany transactions and balances have been eliminated on consolidation.

Entities of the Company are listed below.

Name	Jurisdiction	Ownership
Vext Science, Inc.	BC, Canada	100%

d) Approval of the Consolidated Financial Statements

These interim financial statements for the six months ended June 30, 2021 were approved and authorized for issue by the Board of Directors on August 23, 2021.

e) Significant Accounting Judgements and Estimates

The preparation of the Company's condensed interim consolidated financial statements is in conformity with IFRS, which requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the condensed interim consolidated financial statements and reported revenues and expenses during the reporting period.

2. BASIS OF PRESENTATION (*CONTINUED...*)

e) Significant Accounting Judgements and Estimates (*continued...*)

Critical Judgements

The preparation of these condensed interim financial statements requires management to make judgements regarding the going concern of the Company, as previously discussed in Note 1, as well as the determination of functional currency, and its classification of joint arrangements. The functional currency is the currency of the primary economic environment in which an entity operates and has been determined for each entity within the Company. Management has determined that the functional currency of the parent is the Canadian dollar, while the functional currency of the subsidiaries has been determined to be the U.S. dollar.

Joint Arrangements

As at June 30, 2020, the Company holds a 50% interest in a Kentucky joint arrangement (Vapen Kentucky) and a 25% interest in a Oklahoma joint arrangement (Vapen Oklahoma). The Company has joint control over these arrangements as under the contractual agreements, unanimous consent is required from all parties to the agreements for certain key strategic, operating, investing and financing policies. The Company's joint arrangements are structured as limited liability corporations and provide the Company and its partners (parties to the agreements) with rights to the net assets of the limited liability corporations under the arrangements. Therefore, these arrangements are classified as joint ventures.

Furthermore, the Company holds nil interest in a California joint arrangement (Happy Travels), but has equal joint control in a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement on a proportionate basis. Those parties are called joint operators. Neither of the parties involved have unilateral control of a joint operation. The Company accounts for its interest in joint operations by recognizing its share of assets, liabilities, revenues and expenses in accordance with its contractually conferred rights and obligations. This assessment is to be performed on a continuous basis.

Key Sources of Estimation Uncertainty

Because a precise determination of many assets and liabilities is dependent upon future events, the preparation of condensed interim consolidated financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of assets and liabilities at the date of these condensed interim consolidated financial statements and the reported amounts of expenses during the reporting periods. Actual results could differ from those estimates and such differences could be significant.

Significant estimates made by management affecting these condensed interim consolidated financial statements include:

Allowance for Doubtful Accounts

The Company estimates the amount of accounts receivable that may not be collectable and will allow for a write down of such amounts. Management uses historical information on the recoverability of accounts receivable and also looks at specific account balances in determining the allowance.

Inventory Obsolescence

The Company estimates the amount of inventory on hand that may not be recoverable and will allow for a write down of such amounts.

2. BASIS OF PRESENTATION (*CONTINUED...*)

e) Significant Accounting Judgements and Estimates (*continued...*)

Deferred Tax Assets & Liabilities

The estimation of income taxes includes evaluating the recoverability of deferred tax assets and liabilities based on an assessment of the Company's ability to utilize the underlying future tax deductions against future taxable income prior to expiry of those deductions. Management assesses whether it is probable that some or all the deferred income tax assets and liabilities will not be realized. The ultimate realization of deferred tax assets and liabilities is dependent upon the generation of future taxable income, which in turn is dependent upon the successful management of cannabis operations. To the extent that management's assessment of the Company's ability to utilize future tax deductions changes, the Company would be required to recognize more or fewer deferred tax assets or liabilities, and deferred income tax provisions or recoveries could be affected.

Useful Life of Property, Plant and Equipment and Intangible Assets

Property, plant and equipment are amortized over its estimated useful life. Estimated useful lives are determined based on current facts and past management experience and take into consideration the anticipated physical life of the asset, the potential for technological obsolescence, and regulations.

Share-Based Payments

Estimating fair value for granted stock options and compensatory warrants requires determining the most appropriate valuation model which is dependent on the terms and conditions of the grant. This estimate also requires determining the most appropriate inputs to the valuation model including the expected life of the option or warrant, volatility, dividend yield, and rate of forfeitures and making assumptions about them.

Leases

The Company estimates the lease term by considering the facts and circumstances that can create an economic incentive to exercise an extension option, or not exercise a termination option by assessing relevant factors such as store profitability. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated). The assessment of the lease term is reviewed if a significant event or a significant change in circumstance occurs, which affects this assessment and that is within the control of the lessee. The Company estimates the incremental borrowing rate used to measure our lease liability for each lease contract. This includes estimation in determining the asset-specific security impact.

COVID-19

Given the ongoing and dynamic nature of the circumstances surrounding the COVID-19 pandemic, it is difficult to predict how significant the impact of COVID-19, including any responses to it, will be on the global economy and the business of the Company or for how long any disruptions are likely to continue. The extent of such impact will depend on future developments, which are highly uncertain, rapidly evolving and difficult to predict, including new information which may emerge about COVID-19 and additional actions which may be taken to contain it. Such developments could have a material adverse effect on the Company's business, financial condition, results of operations and cash flow, and exposure to credit risk. The Company is evaluating the situation and monitoring any impacts or potential impacts to its business.

⁽¹⁾ On December 31, 2019, the Company and HWC entered into a promissory note, whereby \$2,933,957 was re-classified from accounts receivable into an interest-bearing note. The note bears an interest rate of 10% per annum, beginning on January 1, 2020, and was paid as follows: \$913,775, as well as accrued interest due on or before December 31, 2020; \$1,000,779 as well as accrued interest due on or before December 31, 2021; and \$2,625,674, as well as accrued interest due on or before December 31, 2022. As at December 31, 2020, HWC has paid the Company \$913,775 plus accrued interest pursuant to the note.

⁽²⁾ As at December 31, 2020, \$1,605,970 was drawn by HWC from a line of credit secured promissory note (Note 11).

⁽³⁾ During the year ended December 31, 2020, \$2,168,383 was included as part of the Organica line of credit (Note 11).

⁽⁴⁾ On March 15, 2021, the Company entered into a Letter of Intent (the "LOI") with Appalachian Pharms Processing 1803 LLC (APP1803) to acquire an option for dispensary license in Ohio. Through a Vext subsidiary, the Company will have a 50% economic interest and a 48% ownership for the license. Vext's total contribution for the option would be \$4 million plus accrued interest.

On March 30, 2020, the Company's wholly owned subsidiary, Vapen, LLC ("Vapen"), entered into a non-binding letter of intent (the "LOI") with Appalachian Pharms Processing, LLC ("App Pharms") to form a joint venture in Ohio related to the manufacturing, production and sale of medical cannabis (marijuana) products in Ohio, pursuant, and subject to, applicable Ohio state law.

7. NOTE RECEIVABLE (CONTINUED...)

Additionally, on March 30, 2020, Vapen agreed, and subsequently advanced to App Pharms, \$500,000 in two equal installments of \$250,000 on April 1, 2021 and April 06, 2021, for the exclusive purpose for the manufacturing and production of cannabis products as well as associated expenses.

Per the LOI, Vext and APP1803, has executed a convertible loan agreement. The convertible loan agreement will transfer the ownership of the license, per Ohio State regulations in 2022. Through June 30, 2021 Vext has made payments \$4 million with accrued interest of \$155,464. Vext has fully funded its obligation per the LOI to acquire 50% economic interest and a 48% ownership for the license.

In addition to the Loan Agreements, the Company loaned a further \$303,147 in working capital to APP 1803, LLC pursuant to the LOI. As of the date hereof, the Company has loaned to App Pharms and APP 1803 an aggregate of \$4,958,611.

	June 30, 2021	December 31, 2020	Total
APP 1803, LLC			
Contributions	\$ 1,200,000	\$ 2,800,000	\$ 4,000,000

	—	500,000	500,000
Total	\$ 1,355,464	\$ 3,603,147	\$ 4,958,611

The members of App Pharms and APP1803 are essentially the same. They are two separate LLCs within the State of Ohio for the purpose of ownership of the separate cannabis licenses.

The Company, through Vapen, funded the Loan Agreements from the Company's internally generated working capital. The Loan Agreements are secured against the processing license held by App Pharms and the assets of APP1803.

App Pharms has made filings with the State of Ohio to recognize Vapen's proposed equity interest in App Pharms' processing license based on the value of the Loan Agreements. Such equity interest is subject to applicable regulatory approval in Ohio and if the state regulator does not approve Vapen's proposed equity interest, the Loan Agreements will be due in accordance with the terms of such agreements.

8. INVESTMENT

On August 2, 2019, the Company entered into Restricted Unit Grant Agreement with Legacy Ventures Hawaii LLC (“Legacy”), whereby the Company subscribed for 350,000 Class B units of Legacy for \$350,000. As at June 30, 2021, the Company had paid an additional \$75,350 (additional working capital) for a total of \$425,350. In addition to the 350,000 units subscribed, the Company will be granted an additional 350,000 Class A units for services to be provided by the Company to Legacy. 175,000 of these Class A units were issued on August 2, 2020, with the remaining 175,000 to be issued during the year ending December 31, 2021. Amortization expense for three months ending June 30, 2020 and six months ending June 30, 2020 was \$Nil.

14. ACQUISITION

On April 6, 2020, the Company acquired 100% membership interest of RDF Management, LLC (“RDF”) and Firebrand, LLC (“Firebrand”). RDF provides management services related to the administration, management and operation of the dispensary, cultivation facility, and kitchen facility on behalf of Organica Patient Group, Inc., an Arizona non-profit corporation (“Organica”) pursuant to a management services agreement (“MSA”). Firebrand owns, holds and controls certain intellectual property in relation to Organica’s operations.

The Company has determined that this transaction is a business combination as the assets acquired and liabilities assumed constitute a business. The transaction was accounted for using the acquisition method of accounting whereby the assets acquired, and the liabilities assumed were recorded at their estimated fair value at the acquisition date.

The closing date for the acquisition was April 6, 2020. Consideration of this acquisition is \$9,183,508 in common shares of the Company and cash, payable as follows:

	Face value	Present Value
	\$	\$
Multiple voting shares	1,934,222	1,934,222 (a)
Promissory note	5,154,512	4,473,741 (b)
Cash	3,105,000	2,775,545 (c)
	<u>10,193,734</u>	<u>9,183,508</u>

(a) Share Consideration: The Company issued 67,000 multiple voting shares.

(b) Promissory note: The Company issued a promissory note of \$5,154,512 (the “Promissory Note”). The Promissory note shall bear no interest for the first 18 months following the closing date. Commencing 30 days following the effective date of the Promissory Note, the Company shall pay monthly payments of at least \$30,000 towards the principal balance until the expiration of the interest free period. In the event there is any remaining balance on the note after the expiration of the interest free period, such balance will begin accruing interest at a rate of 10% per annum. The present value of the Promissory Note on April 6, 2020 was \$4,473,741.

(c) Cash consideration: An undertaking to assist RDF in settling and resolving certain existing liabilities, allocating a total maximum of \$3,105,000 in funds to settle such liabilities. A total of \$2,415,545 present value was allocated for these liabilities. Other current liabilities allocated for are \$360,000 (Note 16) per the 1st year promissory note payments for a total of \$2,775,545.

14. ACQUISITION (CONTINUED...)

The allocation of the purchase price to the total fair value of net assets acquired is as follows:

	\$
Fair value of net assets acquired	
Cash	\$ 2,744
Accounts receivable	2,500
Property, plant and equipment	1,521,000
	<u>1,526,244</u>
Fair value of net liabilities acquired	
Current liabilities	(555,488)
Long-term liabilities	(185,000)
Identifiable net assets acquired	785,756
Management service agreement (Note 13)	7,669,000
Brand name (Note 13)	267,000
Goodwill	461,752
	<u>\$ 9,183,508</u>

The resulting goodwill represents the sales and growth potential of RDF and Firebrand in the cannabis industry and is not deductible for tax purposes.

Since the acquisition date and up to June 30, 2021, the Company has received gross revenue of \$nil from RDF and Firebrand respectively due to the fact the MSA with Organica was transferred to New Gen Holdings, Inc., a wholly owned subsidiary of the Company, and recorded a loss of approximately \$776,953, which was mainly from amortization of the intangibles and equipment, and \$nil from operations from RDF and Firebrand respectively.

As part of the business combination described above the Company acquired an intangible asset in the form of the MSA, the “Firebrand” brand name, and goodwill. The Company will amortize the MSA on a straight-line basis over the next ten years and amortize the “Firebrand” brand name on a straight-line basis over the next five years. Goodwill will be tested for impairment on an annual basis.

Preliminary Fair Value Estimates

The purchase price allocations for the acquisition, as set forth in the tables above, reflect various preliminary fair value estimates and analyses that are subject to change within the measurement period. The primary areas of the preliminary purchase price allocations relate to the valuation of deferred tax liabilities, intangible assets acquired and residual goodwill.

The Company expects to continue to obtain information to assist in determining the fair value of the net assets acquired at the acquisition date during the measurement period. Measurement period adjustments that the Company determines to be material will be applied retrospectively to the period of acquisition in the Company’s consolidated financial statements and, depending on the nature of the adjustments, other periods subsequent to the period of acquisition could be affected.

	\$ 3,698,334	\$ 4,529,575

⁽¹⁾ On April 6, 2020, the Company acquired 100% of membership interest and assets in RDF Management, LLC and Firebrand, LLC from HSD Holdings, LLC (“HSD”) (Note 14). In consideration for the acquisition, the Company issued a promissory note of \$4,473,741 present value. The promissory note bears no interest for the first 18 months following the closing date (the “Interest Free Period”). The Company shall pay monthly payments of at least \$30,000 to HSD, which will be accredited towards the principal balance until the expiration of the Interest Free Period. In the event there is any remaining balance on the promissory note after the expiration of the Interest Free Period, such balance will begin accruing interest at a rate of ten percent (10%) per annum.

⁽²⁾ Furthermore, as part of the consideration, the Company will be settling and resolving certain existing liabilities of RDF Management, LLC. A total of \$2,775,545 present value was allocated to settle such liabilities (Note 14). All liability settlements from acquisition are now classified as current.

17. LEASES

Leases on transition:

On January 1, 2019, the Company adopted IFRS 16, Leases. At this date, the Company had two building leases affected by the transition to IFRS 16, Leases. Of the two building leases held at January 1, 2019, one was being subleased by the Company. The second lease was subsequently subleased after transition, during the year ended December 31, 2019, and derecognized from the ROU assets.

The adjustments to record the cumulative effect of the initial application of the new accounting policy on January 1, 2019 are as follows:

a) Set up of Right of use asset (“ROU”) and lease liability:

	December 31, 2020
Right-of-use assets	\$ 970,458
Accumulated depreciation	(272,145)
Lease liability	(800,031)
Adjustment to retained earnings	\$ (101,718)

Right-of use asset derecognized		(766,881)
Accumulated depreciation derecognized		223,673
Adjustment to retained earnings	\$	76,353

The fair value of the lease liability was estimated using level 2 inputs on the date of the lease agreements using the Company's incremental borrowing rate of 13% and a weighted average lease term of 8.31 years.

The two leases that were recognized as ROU assets on January 1, 2019 were subsequently subleased during the year and derecognized from the ROU assets.

During the year ended December 31, 2020, income of \$39,440 from subleasing was included in property leasing.

Right-of-use assets as at June 30, 2021:

As at December 31, 2020, the Company has three lease agreements for its leased premises, consisting of office and warehouse space. Of these three leases, two have terms expiring April 30, 2024, while the third expires September 30, 2029. The two leases ending April 30, 2024 are being subleased by the Company as at December 31, 2020. On May 20, 2021 the Company acquired these two sublease properties which resulted in a derecognition (termination) of a lease liability and net investment in subleases during the period ended June 30, 2021.

18. CURRENT LOAN PAYABLE

On December 31, 2019, the Company completed a financing comprising of secured non-convertible debentures (the “Loan”) of \$5,500,000. The Loan is secured by a security interest in all of the Company’s assets. The Loan accrues interest at an annual rate of 10%, payable quarterly beginning July 1, 2020 and matures on December 31, 2021. The lenders also received warrants to purchase 980,210 subordinated voting shares of the Company at an exercise price of CAD\$1.00 (the “Loan Warrants”) as an incentive. The Loan Warrants can be exercised for two years after closing, subject to the Company’s right to accelerate the expiry of the Loan Warrants if the daily volume weighted average trading price of the Common Shares on the Canadian Securities Exchange is greater than CAD\$3.35 for the any five 5 consecutive trading days.

The fair value of the Loan was determined to be \$5,496,728 using an annual effective interest rate of 10%. The fair value of the Loan Warrants was determined to be \$216,261 using the Black Scholes option pricing model and the following assumptions: Share Price: CAD\$0.70; Exercise Price: CAD\$1.00; Expected Life: 2 years; Annualized Volatility: 93.50%; Dividend yield: 0%; Discount Rate: 1.69%.

On December 16, 2020, the Loan Warrants’ exercise price of CAD\$1.00 were amended to CAD\$0.64. The fair value of the Loan Warrants increased by \$131,902 and was determined by using the Black Scholes option pricing model and the following assumptions: Share Price: CAD\$0.95; Exercise Price: CAD\$0.64; Expected Life: 1.04 years; Annualized Volatility: 89.07%; Dividend yield: 0%; Discount Rate: 0.24%.

As of June 30, 2021, the loan balance was \$4,278,002 and increase of \$55,893 due to IFRS related transaction and a decline in the exchange rate.

20. SHARE CAPITAL

(a) Share Capital

The Company is authorized to issue the following shares:

- Unlimited subordinated voting common shares (“Subordinated Voting Shares” or “Common Shares”) without par value; and
- Unlimited super voting shares with multiple voting rights (“Multiple Voting Shares”), each convertible into 100 Subordinated Voting Shares.

Period ended June 30, 2021:

- On February 8, 2021, the Company closed a public offering of 18,515,000 units of the Company (the “Units”) at a price of \$0.89 (CAD\$1.12) per Unit for aggregate gross proceeds of \$16,259,725 (CAD\$20,736,800) (the “Offering”). Each Unit is comprised of one Subordinated Voting Share and one-half of one share purchase warrant (each whole warrant, a “Warrant”). Each Warrant entitles the holder to purchase one Subordinated Voting Share at an exercise price of \$1.11 (CAD\$1.40) until February 8, 2024. As compensation, the Company paid to the Agents a cash fee of \$1,121,767 (CAD\$1,420,138) and issued to the Agents an aggregate of 1,357,980 share purchase warrants (the “Agents’ Warrants”). Each Agents’ Warrant entitles the holder thereof to purchase one Subordinated Voting Share at an exercise price of \$0.89 (CAD\$1.12) per Subordinated Voting Share until February 8, 2024. The Agents’ warrants were valued at \$957,786 (CAD\$1,212,540) using the Black-Scholes Option Pricing Model with the following assumption at the issue date: risk free interest rate of 0.24%; dividend yield of 0%; expected volatility of 94.12% and expected life of three years.

In addition, the Company closed a concurrent non-brokered private placement of 1,395,000 units (the “Units”) at a price of \$0.89 (CAD\$1.12) per Unit for a total of \$1,225,078 (CAD\$1,562,400) (the “Concurrent Private Placement”). Each Unit is comprised of one Subordinated Voting Share and one-half of one share purchase warrant (each whole warrant, a “Warrant”). Each Warrant entitles the holder to purchase one Subordinated Voting Share at an exercise price of \$1.11 (CAD\$1.40) until February 8, 2024.

The fair values of the Warrants issued pursuant to the Offering and Concurrent Private Placement have been estimated at the issue date using the residual method valuation. Given the market price of the Company’s Subordinated Voting Shares on the date of closing of the Offering and Concurrent Private Placements was in excess of the unit offering price, the residual value assigned to the Warrants is \$nil.

In addition to the amounts above, a further \$456,409 was incurred in share issuance costs for the above transactions.

- During the period ended March 31, 2021, 419,200 warrants and 979,933 warrants were exercised at \$0.36 (CAD\$0.45) and \$0.29 (CAD\$0.36) respectively for a total of \$427,670 (CAD\$541,416). In relation to the exercise of the 979,933 warrants, the proportionate fair value of \$183,424 (CAD\$231,362) was relieved from reserves.
- During the period ended March 31, 2021, 250,000 stock options were exercised at \$0.60 (CAD\$0.75) for a total of \$146,681 (CAD\$187,500). The options had a share value of \$237,524 of which \$90,843 was relieved from the options reserve to net \$146,681.
- On May 5, 2021 Multiple Voting Shares were converted into 293,100 Subordinated Voting Shares.

20. SHARE CAPITAL (CONTINUED...)

(a) Share Capital (continued...)

Fiscal year ended December 31, 2020:

- On March 18, 2020, 4,885 Multiple Voting Shares were converted into 488,500 Subordinated Voting Shares.
- On April 6, 2020, the Company completed the acquisition of RDF Management, LLC and Firebrand, LLC and issued 67,000 Multiple Voting Shares as consideration shares (Note 14).
- On May 26, 2020, 2,931 Multiple Voting Shares were converted to 293,100 Subordinated Voting Shares.
- On November 2, 2020, the Company closed a public offering of 17,777,165 units of the Company (the "Units") at a price of CAD\$0.36 per Unit for aggregate gross proceeds of \$4,827,354 (CAD\$6,399,779) (the "Offering"). Each Unit is comprised of one Subordinated Voting Share and one share purchase warrant (each, a "Warrant"). Each Warrant entitles the holder to purchase one Subordinated Voting Share at an exercise price of CAD\$0.45 until November 2, 2023. As compensation, the Company paid to the Agents a cash fee of \$330,786 (CAD\$438,534) and issued to the Agents an aggregate of 1,218,151 share purchase warrants (the "Agents' Warrants"). Each Agents' Warrant entitles the holder thereof to purchase one Subordinated Voting Share at an exercise price of CAD\$0.36 per Subordinated Voting Share until November 2, 2023. The Agents' warrants were valued at \$225,885 (CAD\$287,606) using the Black-Scholes Option Pricing Model with the following assumption at the issue date: risk free interest rate of 0.27%; dividend yield of 0%; expected volatility of 96.83% and expected life of three years.

In addition, the Company closed a non-brokered private placement of units, with economic terms identical to the Units, pursuant to which the Company issued 4,064,500 units for gross proceeds of \$1,100,000 (CAD\$1,463,220) (the "Concurrent Private Placement"). Two holders of the 10% secured non-convertible debentures of the Company due December 31, 2021 (Note 18) redeemed 20% of the principal amount (an aggregate amount of \$1,100,000) and used the proceeds to participate in the Concurrent Private Placement. Accordingly, the proceeds from the Concurrent Private Placement retired \$1,100,000 (CAD\$1,463,220) of the principal amount of the Loan.

The fair values of the Warrants issued pursuant to the Offering and Concurrent Private Placement have been estimated at the issue date using the residual method valuation. Given the market price of the Company's Subordinated Voting Shares on the date of closing of the Offering and Concurrent Private Placements was in excess of the unit offering price, the residual value assigned to the Warrants is \$nil.

- On December 1, 2020, further to the Offering of Units which closed on November 2, 2020, the agents have further exercised their over-allotment option (the "Over-Allotment Option") in full to purchase an additional 1,389,500 Units at a price of CAD\$0.36 per Unit for gross proceeds of \$386,220 (CAD\$500,220). Each Unit is comprised of one common share (each, a "Subordinated Voting Share") and one share purchase warrant (each, a "Warrant"). Each Warrant entitles the holder to purchase one Subordinated Voting Share at an exercise price of CAD\$0.45 until November 2, 2023. The Company paid the Agents a cash fee of \$32,930 (CAD\$35,015) and issued to the Agents an aggregate of 97,265 share purchase warrants (the "Agents' Warrants"). Each Agents' Warrant entitles the holder thereof to purchase one Subordinated Voting Share at an exercise price of \$0.36 per Subordinated Voting Share until November 2, 2023. The Agents' warrants were valued at \$32,372 (CAD\$41,928) using the Black-Scholes Option Pricing Model with the following assumption at the issue date: risk free interest rate of 0.30%; dividend yield of 0%; expected volatility of 95.95% and expected life of 2.92 years.

20. SHARE CAPITAL (CONTINUED...)

The fair values of the Warrants issued pursuant to the Offering have been estimated at the issue date using the residual method valuation. Given the market price of the Company's Subordinated Voting Shares on the date of closing of the Offering was in excess of the unit offering price, the residual value assigned to the Warrants is \$nil.

- During the year ended December 31, 2020, 826,000 warrants and 33,000 warrants were exercised at CAD\$0.45 and CAD\$0.36 respectively for a total of \$301,185 (CAD\$383,580). In relation to the exercise of the 33,000 warrants, the proportionate fair value of \$6,099 was relieved from reserves.

In addition to the amounts above, a further \$347,686 was incurred in share issuance costs for the above transactions.

(c) Stock options

The Company has adopted a Stock Option Plan (the “Plan”) pursuant to which options may be granted to directors, officers, employees, and consultants of the Company. Under the terms of the Plan, the Company can issue a maximum of 10% of the issued and outstanding Common Shares at the time of the grant, and the exercise price of each option is equal to or above the market price of the Common Shares on the grant date. Options granted under the Plan including vesting and the term, are determined by, and at the discretion of, the Board of Directors.

The continuity of stock options for the period ending June 30, 2021 is as follows:

	Number of options	Weighted average exercise price

Total share-based compensation for the period ended June 30, 2021 for options was \$531,715. Additionally, the Company recognized \$75,392 and \$38,256 of share-based compensation related to warrants and restricted shares units respectively, for a total of \$645,363 share-based compensation.

20. SHARE CAPITAL (CONTINUED...)

(c) Stock options (continued...)

The fair value of the options granted during the period was estimated on the date of the grant using the Black-Scholes option pricing model with the following weighted average assumptions:

	June 30, 2021	December 31, 2020
Expected volatility	113.45%-114.05%	113.86%-123.09%
Expected option life (years)	10	10
Risk-free interest rate	0.75%-1.45%	0.55%-0.69%
Expected dividend yield	0 %	0 %

(d) Restricted Share Units

The Company approved the implementation of a restricted share units (the “RSU”) plan on November 12, 2020, which RSU is designed to provide certain directors, officers, consultants and other key employees of the Company and its related entities with the opportunity to acquire restricted share of the Company. RSUs may be exercised by any holder of RSU to receive an award payout of either: (a) Subordinated Voting Share of the Company for each whole vested RSU; or (b) a cash amount equal to the defined date value of such vested RSU.

The Company uses the fair value method to recognize the obligation and compensation expense associated with the RSUs. The fair value of RSUs issued is determined on the grant date based on the market price of the Subordinated Voting Share on the grant date multiplied by the number of RSUs granted and taking into account market conditions. The fair value is expensed over the vesting term. Upon conversion of the RSU, the carrying amount is recorded as an increase in common share capital and a reduction in the RSU reserve.

As at December 31, 2020, there were no RSUs outstanding.

On January 6, 2021, the Company granted 140,000 RSUs to employees of the Company, in which one-third can be converted into common shares on January 1, 2022, 2023, and 2024. The RSUs will expire on January 6, 2024. As at June 30, 2021, the Company recognized a fair value of \$38,256 and during the period ended June 30, 2021, 10,000 RSUs were cancelled. As at June 30, 2021 130,000 RSUs were outstanding.

(e) Special Advisory Warrants

On May 13, 2019, the Company granted 1,000,000 special advisory warrants (the “Advisory Warrants”) to consultants of the Company. The Advisory Warrants are exercisable at CAD\$1.00 and expire on December 31, 2024. The fair value of the special advisory warrants was calculated to be CAD\$0.82 per warrant. The Company used the Black-Scholes Option Pricing Model to estimate the fair value of the Advisory Warrants using the following assumptions: risk free interest rate of 1.54%; dividend yield of 0%; expected volatility of 111.51%; and expected life of 5.5 years. The Company recorded a share-based compensation expense of \$244,868 during the year ended December 31, 2020 for warrants vested. During the period ended June 30, 2021, the Company recorded \$75,392 as share-based compensation for warrants. Additionally, the Company recognized \$531,715 and \$38,256 of share-based compensation related to stock options and RSUs respectively, for a total of \$645,363 share-based compensation.

(f) Escrow Securities

As at June 30, 2021, the Company had 551,660 Subordinated Voting Shares (2020 – 827,491), 187,586 Multiple Voting Shares (2020 – 281,379), and 45,000 stock options (2020 – 67,500) held in escrow.

21. CAPITAL MANAGEMENT

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to support the growth and development of its operations and to maintain a flexible capital structure which optimizes the costs of capital at an acceptable risk. In the management of capital, the Company includes its components of equity.

The Company manages the capital structure and adjusts it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, issue debt, acquire or dispose of assets.

In order to maximize ongoing development efforts, the Company does not pay out dividends. Management reviews its capital management approach on an ongoing basis and believes that this approach is reasonable given the relative size of the Company.

The Company currently is not subject to externally imposed capital requirements. There were no changes in the Company's approach to capital management during the six months ended June 30, 2021.

22. ECONOMIC DEPENDENCE

The Company had two main customers for the six months ended June 30, 2021 which accounted for 96% of the Company's revenue, and 88% of the Company's accounts receivable as at June 30, 2021. As the majority of the Company's income is derived from the sale of services and products, its ability to continue operations is dependent upon the relationship with and the sustainability of the customers. Any significant disruption in the customers' businesses could result in a material adverse effect on the operations of the Company. The loss of these significant customers would adversely impact the operations of the Company.

23. RISK MANAGEMENT AND FINANCIAL INSTRUMENTS

The fair value of the Company's accounts receivable, current notes receivable, advances to joint ventures and operation, deposits and other receivables, payables, and accrued liabilities approximate carrying value, due to their short-term nature. The carrying amounts of the long-term notes receivable and amount due from related parties approximate fair value. The fair values of the investment in sublease, right of use asset, and lease liability have been recorded as discussed in Note 17. The long-term loan payable is recorded at fair value as discussed in Note 18. The Company's cash and investment in Legacy are measured at fair value under the fair value hierarchy based on Level 1 quoted prices in active markets for identical assets or liabilities.

The Company's financial instruments are exposed to certain financial risks, including credit risk, liquidity risk, interest rate risk, price risk, and currency risk.

Credit risk

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations.

The Company is subject to credit risk on its receivables. As at June 30, 2021, the Company was dependent on two major customers from its consulting business segment (Note 22). The majority (\$17,998,628 or 89%) of the Company's accounts receivable are from these two customers.

23. RISK MANAGEMENT AND FINANCIAL INSTRUMENTS (CONTINUED...)

The Company is of the opinion that it is not exposed to significant credit risk from these customers as at June 30, 2021 as it continues to collect accounts receivable routinely. The Company has no investments in asset-backed commercial paper.

The Company records an allowance for doubtful accounts related to accounts receivable that are considered to be non-collectible. The allowance is based on the Company's knowledge of the financial condition of its customers, current business environment, customer and industry concentrations, and historical experience. To reduce credit risk, cash is only held at major financial institutions.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The Company manages liquidity risk through its capital management as outlined in Note 21. As at June 30, 2021, the Company had cash, accounts receivable and short-term notes receivable of \$30,866,370 to settle its current liabilities of \$9,341,055. Management believes the Company has sufficient funds to support ongoing operating expenditures and meet its liabilities as they fall due.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, commodity and equity prices, and foreign exchange rates.

a) Interest rate risk

Interest rate risk is the risk the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company does not hold any financial instruments with variable interest rates, and as a result, is subject to insignificant interest rate risk.

b) Price risk

The Company is not exposed to significant price risk as it does not hold investments in publicly traded securities.

c) Currency risk

The Company's expenditures are predominantly in U.S. dollars, and any future equity raised is expected to be predominantly in Canadian dollars. As at June 30, 2021, the Company had \$4,414,017 (CAD \$5,471,018) net financial assets denominated in Canadian currencies at an exchange rate of .80680 as at June 30, 2021. A 10% change in the foreign exchange rate between the U.S. dollar and the Canadian dollar would result in a change on approximately \$441,401 in other comprehensive income.

24. CONTINGENCIES

As part of the acquisition of RDF and Firebrand (Note 14), the Company agreed to assist in settling and fund the following lawsuits that were against RDF:

- a) RDF was named as a defendant in a lawsuit in Superior Court of Arizona, County of Pima for certain loan agreement and promissory note. The Company and the plaintiff have agreed to resolve all claims and causes of action related to the lawsuit and settled the claim for \$425,000 on behalf of RDF. During the year ended December 31, 2020, the Company paid \$200,000 for the settlement and the Company entered a secured promissory note with the defendant for the remainder \$225,000 with nil interest rate and due on October 10, 2021. As at June 30, 2021, an additional \$112,500 has been paid related to claim settlement. Another \$476,250 is scheduled to be paid to settle the remaining claims in the next year.
- b) The former principals of RDF were named in a lawsuit in the United States District Court, District of Arizona for certain claims prior to the RDF acquisition. The plaintiff has assigned its rights, title, and interest to the claims to a third party pursuant to a separation agreement. The Company and the third party have agreed to settle this claim for \$480,000. During the six months ended June 30, 2021, this claim was paid in full.

25. SUBSEQUENT EVENTS

- On July 6, 2021, the Company announced that it has signed a Memorandum of Understanding (“MOU”) with SōRSE Technology Corp. (“SōRSE”) to exclusively produce and sell SōRSE’s MAJOR cannabis-infused beverages in Arizona. SōRSE is a leader in water-soluble emulsion technology for integrating functional ingredients into commercially available consumer packaged goods. Data from Headset recently found that MAJOR was the top selling cannabis beverage brand in the U.S. during Q1 2021. The Company expects to begin selling MAJOR beverages in August 2021.
- On July 20, 2021, the Company announced that the provisional cannabis dispensary license in Ohio for which the Company and its joint venture partner have a binding LOI to access, has become operational. As previously disclosed, the Company has a binding LOI with its joint venture partner to transfer ownership of the license. Once the licensed entity has been operational for 12 months, the Company and its joint venture partner may apply to the Ohio Board of Pharmacy for a change in ownership of the provisional license.
- On July 29, 2021, Robert Brilon, former CEO, CFO, and director of the Company converted 2,931 Class A super voting shares into 293,100 subordinated voting shares.
