

PreveCeutical's Subsidiary, BioGene Therapeutics, Appoints President

Vancouver, British Columbia--(Newsfile Corp. - November 13, 2024) - PreveCeutical Medical Inc. (CSE: PREV) (OTCQB: PRVCF) (FSE:18H) ("**PreveCeutical**" or the "**Company**"), a health sciences company that develops innovative options for preventive and curative therapies utilizing organic and nature-identical products, is pleased to announce that its wholly-owned subsidiary BioGene Therapeutics Inc. has appointed Dr. Mariya Georgieva as President effective on 11 November, 2024.

Stephen Van Deventer, Chairman and CEO of PreveCeutical commented "I am extremely pleased to have Dr. Georgieva become part of BioGene as we advance our siRNA therapy in diabetes and obesity. Her strengths and talent will be extremely valuable to the company moving forward."

Dr. Georgieva is joining BioGene from AstraZeneca Ltd. In the UK where she has been Director, Diagnostic Alliances within Precision Medicine R&D since 2019. Prior to AstraZeneca she was with the Oxford-based startup ONI (OXFORD NANOIMAGING LTD.), UK as head of applications and business development. Dr. Georgieva holds a PhD in Biomedical Science from the University of Montpellier (France), where she has developed single-molecule fluorescence tools to study the interplay between epigenetic alterations and the biophysical properties of chromatin during development.

About PreveCeutical Medical Inc.

PreveCeutical is a health sciences company that develops innovative options for preventive and curative therapies utilizing organic and nature identical products. PreveCeutical aims to be a leader in preventive health sciences and currently has five research and development programs, including: dual gene therapy for curative and prevention therapies for diabetes and obesity; the Sol-gel Program; Nature Identical™ peptides for treatment of various ailments; nonaddictive analgesic peptides as a replacement to the highly addictive analgesics such as morphine, fentanyl and oxycodone; and a therapeutic product for treating athletes who suffer from concussions (mild traumatic brain injury). About BioGene Therapeutics Inc.

BioGene Therapeutics Inc. ("BioGene") is a Texas-based life sciences company focused on advancing innovative therapies in metabolic health and gene-based treatments. As a key component of BioGene's expansion, BioGene Australia operates as a wholly-owned subsidiary of BioGene in Texas, leveraging the strategic benefits of Australia's 43.5% R&D tax cashback incentive. This subsidiary supports ongoing research and development activities in Australia, where BioGene capitalizes on exceptional scientific talent and the nation's commitment to advancing life sciences. Currently, BioGene Australia is engaged in pioneering research into GLP-1 receptor agonists and advanced diabetes treatments, including gene therapies designed to address the growing global diabetes and obesity crisis.

On Behalf of the Board of Directors,

PreveCeutical Medical Inc. & BioGene Therapeutics Inc.

Forward-Looking Statements:

This news release contains forward-looking statements. All statements, other than statements of historical fact that address activities, events or developments that the Company believes, expects or anticipates will or may occur in the future are forward-looking statements. Forward-looking statements in this news release include statements regarding the advancement of our siRNA therapy; and PreveCeutical's aim to be a leader in preventive health sciences. The forward-looking statements reflect management's current expectations based on information currently available and are subject to a number of risks and uncertainties that may cause outcomes to differ materially from those discussed in the forward-looking statements including adverse market conditions and other factors beyond the control of the parties. Although the Company believes that the assumptions inherent in the forward-looking statements are reasonable, forward-looking statements are not guarantees of future performance and, accordingly, undue reliance should not be put on such statements due to their inherent uncertainty. Factors that could cause actual results or events to differ materially from current expectations include general market conditions and other factors beyond the control of the Company, including regulations and policies affecting the biotechnology or pharmaceutical industry adversely affecting the future results or performance of PreveCeutical or BioGene. The Company expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as required by applicable law.

Neither the Canadian Securities Exchange nor its Regulation Services Provider (as that term is defined in the policies of the Canadian Securities Exchange) accepts responsibility for the adequacy or accuracy of this release.
