## **GEOLOGICA RESOURCE CORP.**

Notes to the Condensed Interim Financial Statements

For the six months ended June 30, 2024 and 2023

---

### **1. Nature and Continuance of Operations**

Geologica Resource Corp. (the “Company”) was incorporated on March 6, 2016 under the BC Business Corporations Act as a wholly-owned subsidiary of Pacific Therapeutics Inc. (“PT”), a public company the common shares of which trade on the Canadian Securities Exchange (“CSE”). The head office of the Company is located at 630 – 1111 Melville St. Vancouver, BC V6E 3V6. The registered and records office of the Company is located at the same address. The Company was spun off from PT on October 13, 2016 by way of a plan of arrangement. Effective February 24, 2021, the Company changed its name from Cabbay Holdings Corp. to Geologica Resource Corp.

On October 25, 2022 the Company completed an Initial Public Offering and was listed on the CSE under the symbol “GRCM”.

On November 18, 2022, the Company was listed on the Frankfurt Stock Exchange under the symbol “862 and on December 15, 2022, the Company was listed on the Stuttgart Stock Exchange under the symbol “A2QQBC”.

The Company’s principal business activities are the exploration of natural resource properties. The recovery of the Company’s investment in resource properties and related deferred expenditures is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain necessary financing to develop the properties and establish future profitable production from the properties, or from the proceeds of their disposition. The Company has not earned any revenues to date and is in the exploration stage.

The exploration and evaluation property in which the Company has an interest in is in the exploration stage. As such, the Company is dependent on external financing to fund its activities. In order to carry out the planned exploration and cover administrative costs, the Company will use its existing working capital and raise additional amounts as needed. The Company will continue to assess new properties and seek to acquire interests in additional properties if there is sufficient geologic or economic potential and if adequate financial resources are available to do so.

These financial statements have been prepared on the going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. As at June 30, 2024, the Company has no source of revenue and does not generate cash flows from operating activities. The Company had a net loss for the six months ended June 30, 2024 of \$116,342 (2023 - \$253,883) and an accumulated deficit at June 30, 2024 of \$3,311,980 (December 31, 2023 - \$3,195,638).

## **GEOLOGICA RESOURCE CORP.**

Notes to the Condensed Interim Financial Statements

### **1. Nature and Continuance of Operations (continued)**

The Company expects to incur further losses in the development of its business. The Company's ability to continue as a going concern is dependent upon its ability to raise adequate funding through equity or debt financings to discharge its liabilities as they come due. Although the Company has been successful in the past in obtaining financing, there is no assurance that it will be able to obtain adequate financing in the future or that such financing will be on terms advantageous to the Company.

### **2. Statement of Compliance and Basis of Presentation**

#### **(a) Statement of Compliance**

These condensed interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB") applicable to the preparation of interim financial statements, being IAS 34, Interim Financial Reporting. As a result, certain disclosures included in the annual financial statements prepared in accordance with IFRS have been condensed or omitted. Accordingly, these condensed interim financial statements should be read in conjunction with the Company's audited annual financial statements for the year ended December 31, 2023. In preparation of these condensed interim financial statements, the Company has consistently applied the same accounting policies as disclosed in Note 3 to the audited annual financial statements for the year ended December 31, 2023.

These financial statements were approved and authorized for issue by the board of directors on August 29, 2024.

#### **(b) Basis of Presentation**

These financial statements were prepared on a historical cost basis, except for financial instruments classified as fair value through profit or loss. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information. The financial statements are presented in Canadian dollars, which is the Company's functional currency.

### **3. Exploration and Evaluation Assets**

#### Topley Property Option Agreement

On October 19, 2020, the Company entered into an option agreement to earn a 100% interest in the Topley Copper-Gold Project in British Columbia. The agreement was amended on January 22, 2022 so the first 500,000 shares are issuable on listing of the Company's shares, and on September 29, 2022 to extend the date the Company must make the remaining exploration expenditures from September 30, 2022 to May 30, 2023.

In order to earn an interest in the property, the Company must make the following:

Cash payments:

- \$5,000 on signing the agreement (paid)
- \$50,000 by December 31, 2023

Share issuances:

- 500,000 on listing of the Company's shares (issued)
- 250,000 by December 31, 2022 (issued)
- 250,000 by December 31, 2023

The Company expanded the Topley Property pursuant to an Agreement dated February 28, 2023 with Atkinson Resource Corp (the "seller"), the Company expanded the Topley Property in exchange for \$20,000 cash and issuing 1,800,000 common shares. The \$20,000 is to be spent by the seller to conduct exploration on the Rooster Property before December 31, 2023.

The Company then expanded the Topley property pursuant to an Agreement dated March 21, 2024 with an arms length vendor, the Company expanded the Topley Property in exchange for issuing 2,000,000 common shares to the vendor at a deemed value of \$70,000. The shares were issued June 5, 2024.

Exploration expenditures:

- \$15,000 by November 7, 2020 (incurred)
- \$25,000 by December 31, 2020 (incurred)
- \$110,000 by May 30, 2023 (\$67,394 incurred)

The option is subject to a 2% Net Smelter Return royalty, of which 1% can be repurchased by the Company for \$1,000,000.

#### TAC Claims purchase and sale agreement

On April 14, 2021, the Company entered into an agreement to purchase a 100% interest in a mineral property in British Columbia known as the TAC Claims. The property is strategically located within the Topley Copper-Gold project and adds 37.4 hectares to the Company's land position. On December 19, 2021, the agreement was amended so that the first 5,000 shares would be issued at a rate of \$0.10 per share.

### 6. Share Capital (Continued)

The fair value of share-based awards is determined using the Black-Scholes Option Pricing Model. The model utilizes certain subjective assumptions including the expected life of the option and expected future stock price volatility. Changes in these assumptions can materially affect the estimated fair value of the Company's stock options.

The assumptions used in the Black-Scholes pricing model were:

	2024	2023
Expected volatility	129%	129%
Risk free interest rate	3.71%	4.01%
Expected life in years	5.00	2.71

### **8. Financial Instruments and Risk**

As at June 30, 2024, the Company's financial instruments consist of cash, advances, accounts payable and accrued liabilities, due from related parties, loans payable, and due to related parties.

#### *Credit Risk*

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash, advances, due from related parties and subscriptions receivable. To minimize the credit risk, the Company places these instruments with a high credit quality financial institution.

The carrying amount of financial assets represents the maximum credit exposure. The Company has gross credit exposure relating to cash of \$47,094 (December 31, 2023 - \$7,175) held in deposits at Canadian chartered banks. The Company considers this credit risk to be minimal.

#### *Liquidity Risk*

The Company's financial liabilities consist of \$133,256 (December 31, 2023 - \$142,996) in accounts payable and accrued liabilities, \$126,818 (December 31, 2023 - \$135,649) in loans payable, and \$204,518 (December 31, 2023 - \$126,108) in due to related parties. The Company manages liquidity risk through management of its capital resources discussed above.

#### *Foreign Exchange Risk*

The Company is not exposed to foreign exchange risk on its financial instruments.

#### *Interest Rate Risk*

Interest rate risk is the risk that future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The risk the Company will realize such a loss is limited because the Company's interest bearing notes due from related parties and notes payable have fixed rates of interest.

#### Fair Value

The Company provides information about financial instruments that are measured at fair value, grouped into Level 1 to 3 based on the degree to which the inputs used to determine the fair value are observable.

- Level 1 fair value measurements are those derived from quoted prices in active markets for identical assets or liabilities.
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1, that are observable either directly or indirectly.
- Level 3 fair value measurements are those derived from valuation techniques that include inputs that are not based on observable market data.

As at June 30, 2024, the Company had the following instruments measured at Level 1: Cash of \$47,094 (December 31, 2023 - \$7,175), accounts payable of \$142,995 (December 31, 2023 - \$142,996), loans payable of \$126,818 (December 31, 2023 - \$135,649) and Due to related parties of \$204,518 (December 31, 2023 - \$126,108).

The fair value of long-term loans payable are determined based on level 2 inputs and estimated based on the present value of future cash flows based on current interest rates for financial instruments with similar conditions and maturity. As at June 30, 2024, the Company believes that the carrying values of its cash, advances, accounts payable and accrued liabilities, shares payable, due from related parties, due to related parties, and short-term loans payable approximate their fair values because of their nature and relatively short maturity dates or durations.

### **10. Subsequent Events**

On July 17, 2024 Mr. Dale Rondeau joined the Company's board of directors and was issued 100,000 options to purchase shares for an exercise price of \$0.05 for a period of 2 years.

Subsequent to June 30, 2024 the Company acquired the "Titan" property ("Titan") in the Atlin mining district of British Columbia. These claims are adjacent to the Llewellyn Fault Zone (LFZ), a major crustal-scale structure extending over 150 kilometers and known to host several gold, silver, and base metal showings, including the past-producing Engineer and Mount Skukum gold mines. Exploration at Titan is primarily focused on polymetallic vein systems potentially associated with splays off the highly prospective Llewellyn Fault Zone. The Company paid \$3,000 for the property. After reviewing the available data the Company acquired additional claims adjacent to the Titan.
