## **MARBLE LAUNCHES PROPRIETARY CREDIT REBUILDING SaaS PRODUCT, SCORE-UP, WITH LOANS CANADA**

Vancouver, B.C, May 14, 2020 - Marble Financial Inc. (CSE: MRBL; OTCQB: MRBLF) ("Marble" or the "Company") a financial technology company that empowers Canadians' toward a positive financial future, is pleased to announce a greater expansion in its strategic partnership with Loans Canada, offering their customers Marble's proprietary credit rebuilding SAAS product, Score-Up.

Marble a leader in financial technology solutions, and Loans Canada, a front runner in loan comparison software that's served over one million Canadians, are expanding their existing relationship to include our 2<sup>nd</sup> credit rebuilding SaaS product, Score-Up, in addition to our existing Fast Track program. Our Score-Up offering to Loans Canada's customer base presents a new growth channel of opportunity to empower Canadians in making better borrowing decisions with improved credit scores and financial literacy.

A recent study by Loans Canada, around the Vulnerability of Canadian Consumers during COVID-19, found 73% of respondents think their credit score will be negatively affected and nearly half of respondents who have turned to their banks for financial support are being turned away due to factors that includes poor credit scores. This data indicates a growing emphasis for good credit and a larger number of Canadians concerned about credit degradation. This data positively impacts the value of Marble's credit rebuilding products and further solidifies our increasing market opportunity for growth in 2020 and beyond.

The inclusion of Score-Up, alongside our Fast-Track product, to the Loans Canada platform will enable Canadians to positively impact their credit standing and present additional opportunities to qualify for other Loans Canada partner products in the future.

"We think Score-Up is an excellent tool for consumers who are looking for ways to boost their credit score and qualify for better rates," says Scott Satov, Loans Canada CEO. "We are excited to add a technology solution as robust and unique as Score-Up to our platform."

"Adding Score-Up to an already successful partnership is a great endorsement for Marble and the continued growth in our personal finance and credit wellness solution suite," says Marble CEO Karim Nanji. "Given these uncertain economic times around COVID-19, together, we can continue to build confidence with Canadians when planning their financial future".

ON BEHALF OF THE BOARD OF DIRECTORS,

Karim Nanji, CEO
