INFORMATION CIRCULAR

for the Annual General and Special Meeting of Shareholders to be held on December 16, 2021
(containing information as at November 5, 2021, unless indicated otherwise)

SOLICITATION OF PROXIES

This information circular (the "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of **Marble Financial Inc.** (the "**Company**") for use at the annual general and special meeting (the "**Meeting**") of the shareholders (the "**Shareholders**") of the Company, to be held on **December 16, 2021** at the time and place and for the purposes set forth in the accompanying notice of annual general meeting and at any adjournment thereof. The enclosed instrument of proxy (the "**Proxy**") is solicited by the management of the Company. The solicitation will be primarily by mail; however, proxies may be solicited personally or by telephone by the regular officers and employees of the Company. The cost of solicitation will be borne by the Company.

The Company intends to hold the Meeting in person. However, due to the COVID-19 pandemic, to mitigate risk to the health and safety of our communities, shareholders and employees, the Company requests that shareholders not attend the Meeting in person. The Company encourages shareholders to instead vote their shares in advance of the Meeting via mail, facsimile or online. No management presentation will be made at the Meeting.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the Proxy are directors and/or officers of the Company. **A Shareholder has the right to appoint a person (who need not be a shareholder) to attend and act for the Shareholder on the Shareholder's behalf at the Meeting other than the persons named in the Proxy. To exercise this right, a Shareholder shall strike out the names of the persons named in the Proxy and insert the name of the Shareholder's nominee in the blank space provided, or complete another instrument of proxy.** An instrument of proxy will not be valid unless (i) duly completed, signed and dated by the Shareholder or by the Shareholder's attorney in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer; and (ii) deposited with the Company's registrar and transfer agent, Odyssey Trust Company (the "**Transfer Agent**") by hand or mail at #350 – 409 Granville Street, Vancouver, British Columbia, V6C 1T2, or by such other means as may be specified in the Proxy, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof.

A Shareholder who has given an instrument of proxy may revoke it at any time before it is exercised. In addition to revocation in any other manner permitted by law, an instrument of proxy may be revoked by instrument in writing signed by the Shareholder or by the Shareholder's attorney authorized in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer, and deposited with the Transfer Agent at #350 – 409 Granville Street, Vancouver, British Columbia, V6C 1T2, or by such other means as may be specified in the Proxy, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof at which the instrument of proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. The revocation of an instrument of proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the Proxy will vote the shares in respect of which they are appointed. Where directions are given by the Shareholder in respect of voting for or against any resolution, the proxyholder will do so in accordance with such direction. **In the absence of any instruction in the Proxy, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting as stated under the headings in this Information Circular.** The Proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters which may properly be brought before the Meeting. At the time of printing this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known

to the management should properly come before the Meeting, the Proxies hereby solicited will be voted on such matters in accordance with the best judgment of the nominee.

In order to approve a motion proposed at the Meeting, a majority greater than one-half (1/2) of the votes cast will be required unless the motion requires a special resolution, in which case a majority of not less than two-thirds (2/3) of the votes cast will be required. In the event a motion proposed at the Meeting requires disinterested shareholder approval, common shares held by Shareholders of the Company who are also "insiders", as such term is defined under applicable securities laws, will be excluded from the count of votes cast on such motion.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold common shares in their own name. Shareholders who do not hold their common shares in their own name (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only instruments of proxy deposited by Shareholders whose names appear on the records of the Company as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those common shares will not be registered in the Shareholder's name on the records of the Company. Such common shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such common shares are registered under the name CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms.

The common shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person.** Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The purpose of the form of proxy or voting instruction form ("**VIF**") provided to a Beneficial Shareholder by its broker, agent or nominee is limited to instructing the registered holder of the common shares on how to vote such shares on behalf of the Beneficial Shareholder.

There are two kinds of Beneficial Shareholders: those who object to their name being made known to the issuer of the securities ("**OBOs**" for "**Objecting Beneficial Owners**"), and those who do not object to the issuer of the securities knowing who they are ("**NOBOs**" for "**Non-Objecting Beneficial Owners**"). Pursuant to National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, issuers can obtain a list of their NOBOs from intermediaries for the distribution of proxy related materials to NOBOs. This year, the Company has decided to take advantage of those provisions of NI54-101 that permit it to directly deliver proxy related materials to its NOBOs. As a result, NOBOs can expect to receive a scannable VIF from the Transfer Agent. These VIFs are to be completed and returned to the Transfer Agent in the envelope provided or by facsimile. In addition, Transfer Agent provides for internet voting as described on the VIF itself which contains complete instructions. The Transfer Agent will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the common shares represented by the VIFs they receive.

The Company is not relying on the "notice-and-access" delivery procedures outlined in NI54-101 to distribute copies of the proxy related materials in connection with the Meeting. These securityholder materials are being sent to both registered and non-registered owners of the common shares of the Company. If you are a non-registered owner and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. In this event, by choosing to send this Information Circular and accompanying Proxy to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering this Information Circular to you; and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions. The Company does not intend to pay for intermediaries to forward to OBOs, under NI54-101, the proxy related materials and Form 54-101F7 *Request for Voting Instructions Made by Intermediary*, and in the case of an OBO, the OBO will not receive the materials unless the OBO's intermediary assumes the cost of delivery.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purpose of voting common shares registered in the name of their broker, agent or nominee, a Beneficial Shareholder may attend the Meeting as a proxyholder for a Shareholder and vote common shares in that capacity. Beneficial Shareholders who wish to

attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their common shares as a proxyholder.

All references to Shareholders in this Information Circular and the accompanying form of proxy are to registered shareholders unless specifically stated otherwise.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as otherwise disclosed herein, none of the directors or executive officers of the Company at any time since the beginning of the last financial year of the Company, the proposed nominees for election as a director of the Company, or any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matters to be acted upon at the Meeting exclusive of the election of directors or the appointment of auditors.

RECORD DATE, VOTING SHARES AND PRINCIPAL HOLDERS

The authorized capital of the Company consists of an unlimited number of common shares without par value. As of the close of business on **November 5, 2021**, the record date for the Meeting (the "**Record Date**"), there were 77,279,007 common shares of the Company issued and outstanding, each carrying the right to one vote.

Only Shareholders of record as of the close of business on the Record Date who either personally attend the Meeting or who have completed and delivered an instrument of proxy in the manner and subject to the provisions described under the heading "*Appointment and Revocation of Proxies*" above shall be entitled to vote, or have their common shares voted, at the Meeting or any adjournment thereof. On any poll, each Shareholder of record holding common shares of the Company on the Record Date is entitled to one vote for each common share registered in his or her name on the list of shareholders as of the Record Date.

To the knowledge of the directors and executive officers of the Company, no persons beneficially own, directly or indirectly, or exercise control or direction over, common shares carrying more than 10% of the voting rights attached to all outstanding common shares of the Company as of the Record Date:

Stock Option Plans and Other Incentive Plans

Both are, individually, 10% "rolling" plans, but operate together such that the aggregate number of stock options and RSU's cannot, collectively, exceed 10% of the Company's issued and outstanding common shares at the time of a grant.

Both plans have similar terms and restrictions, of which the material provisions are as follows:

- (a) the number of common shares reserved for issue under the plans in any 12 month period to any one person shall not exceed 5% of the outstanding common shares at the time of grant, unless the Company has received disinterested shareholder approval to exceed such limit;

- (c) options granted to consultants performing investor relations activities shall, at a minimum, vest over a 12 month period with no more than 1/4 of such options vesting in any 3 month period;

Under the Option Plan, if the holder of an option ceases to be an eligible person under the Option Plan, the option shall expire after the period stipulated by the Board at the time of grant, and in any event within a reasonable time following the date on which the holder ceases to be an eligible person under the Option Plan. Under the RSU Plan, if the holder of a RSU ceases to be an eligible person under the RSU Plan, all unvested RSU's shall be cancelled at the time of such cessation irrespective of any entitlement to notice, pay in lieu of notice or provision of benefits beyond the cessation date.

Oversight and Description of NEO and Director Compensation

The Board as a whole determines NEO and director compensation as needed from time to time. The Compensation Committee of the Board recommends on such compensation. Executive compensation levels are established with a view to attracting and retaining personnel critical to the Company's short and long term success, and to provide incentives and rewards for performance. Consideration is given to market standards generally and other factors which may be relevant such as competitive market conditions and an individual's particular education, training, skills and experience, the overall responsibilities, risks and time commitments of the position, and anticipated contributions and importance to the Company achieving its goals and objectives. Through its compensation practices, the Company seeks to create and unlock shareholder value through a strong and motivated executive leadership.

NEO compensation is typically comprised of a base salary, stock options, and as circumstances permit, pre-set or discretionary bonuses. During the Reporting Year, 150,000 options were granted to NEOs and 150,000 options were granted to directors who were not NEOs. No bonuses were set or otherwise awarded in the Reporting Year.

Base salary seeks to provide a competitive and fair level of base compensation. Stock option awards seek to incentive executives and align the executives' interests with increases in shareholder value and short and long term corporate growth and success. Stock option grants generally reflect the level of responsibility, risk and time

commitment of the position, as well as past performance and anticipated future contributions. Consideration may also be given to the number and terms of options previously granted to the executive and the overall number of stock options outstanding from time to time. Bonuses seek to incentivize executives to satisfy particular corporate goals or objectives, to improve financial performance and to achieve other milestones or are awarded on a discretionary basis as a result of exemplary performance. The size and form of a bonus is typically based on the Board's perceived value of the goal or objective to be attained. Base salary and other compensation mechanisms are currently not evaluated against a formal "peer group" but are determined by the Board in reliance upon the general experience of its members.

The Board has not conducted a formal evaluation of the implications of the risks associated with the Company's compensation policies. Risk management is a consideration of the Board when implementing its compensation policies and the Board does not believe that the Company's compensation policies result in unnecessary or inappropriate risk taking including risks that are likely to have a material adverse effect on the Company. The Company does not have a policy that would prohibit an NEO or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. Management, however, is not aware of any NEO or director purchasing or holding such an instrument.

Pension Disclosure

The Company does not provide a pension to any directors on NEOs and none are proposed at this time.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

A. CONSOLIDATION OF SHARE CAPITAL

It is the opinion of the Board of Directors of the Company that the current issued capital structure may be too large for the growth strategy of the Company. The Board believes that the large issued capital may impact the desirability of purchasing the common shares and the ability of the Company to complete financings and acquisitions involving the issuance of common shares. The Board of Directors believes that it is in the best interests of Shareholders of the Company for the Board to have the authority to implement a consolidation of the Company's share capital on the basis of up to 5:1 (the "**Share Consolidation**"), or such lesser number as may be determined by the Board to be acceptable at the time.

As at the Record Date, the Company has 77,279,007 issued and outstanding fully paid and non-assessable common shares without par value. Assuming a 5:1 consolidation, the aforesaid common shares will be consolidated to approximately 15,455,801 common shares issued and outstanding.

Each fractional common share remaining after consolidation that is less than one-half of a common share will be cancelled and each fractional common share that is at least one-half of a common share will be changed to one whole common share.

At the Meeting the Shareholders will be asked to consider and, if deemed advisable, pass the following special resolutions, in respect of the proposed share consolidation. **The Board of Directors RECOMMENDS**, and in the absence of instructions to the contrary, the shares represented by proxy will be voted in favour of, the approval of the Share Consolidation.

"BE IT RESOLVED AS SPECIAL RESOLUTIONS OF THE COMPANY THAT:

1. the Board of Directors may and is hereby authorized to, at any time following the date of this resolution until the date of the Company's next annual general meeting, consolidate (the "**Share Consolidation**") all of the issued and outstanding common shares of the Company on the basis (the "**Consolidation Ratio**") of five (5) pre-consolidation common shares for every one (1) new post-consolidation common share or such lesser Consolidation Ratio as the Board of Directors may in its absolute discretion determine advisable in the circumstances, all without further notice to, approval by or ratification of the shareholders;
2. upon the Share Consolidation, any fractional common share resulting from the Share Consolidation that is less than one-half of a common share shall be cancelled and any fractional common share that is at least one-half of a common share shall be converted to a whole common share;
3. for greater certainty, notwithstanding the passing of this Special Resolution and the authorization provided for herein, the Board of Directors shall have the absolute discretion to determine if and when to affect the

Share Consolidation, if at all, and to determine the final Consolidation Ratio in accordance with the terms hereof, and for greater certainty the Board of Directors may and is hereby authorized in its absolute discretion to determine not to affect the Share Consolidation and to otherwise abandon or revoke this Special Resolution at any time before it is acted upon, all without further notice to, approval by or ratification of the shareholders;

4. the Board of Directors may and is hereby authorized to, without further notice to, approval by or ratification of the shareholders, modify, vary or amend the terms and conditions of the Share Consolidation as may be required by the regulatory authorities having jurisdiction over the Share Consolidation or the Company; and
5. any director or officer of the Company be and is hereby authorized and directed to, on behalf of the Company, execute and deliver all such documents and to do all such acts and things as are considered necessary or advisable to give effect to this Special Resolution and any matters incidental thereto, the execution of any such document or the doing of any such act or thing being conclusive evidence of such determination and the Company's approval and ratification thereof.

In order to pass a special resolution, at least two-thirds of the votes cast by holders of common shares, present in person or by proxy at the Meeting, must be voted in favour of the special resolution. The Company cannot proceed with the proposed share consolidation without the prior approval of the Exchange. If Shareholders pass the resolutions and the Exchange approves the Share Consolidation, the Share Consolidation will take effect on a date to be coordinated with the Exchange and announced in advance by the Company.

Certain Risks Associated with the Share Consolidation

There can be no assurance that the total market capitalization of the Company (the aggregate value of all common shares at the market price then in effect) immediately after the Share Consolidation will be equal to or greater than the total market capitalization immediately before the Share Consolidation. In addition, there can be no assurance that the per-share market price of the common shares following the Share Consolidation will equal or exceed the direct arithmetical result of the Share Consolidation.

If the Share Consolidation is implemented and the market price of the Company's common shares declines, the percentage decline may be greater than would occur in the absence of the Share Consolidation. The market price of the Company's common shares will, however, also be based on the Company's performance and other factors, which are unrelated to the number of common shares outstanding. Furthermore, the liquidity of the Company's common shares could be adversely affected by the reduced number of common shares that would be outstanding after the Share Consolidation.

The Share Consolidation may result in some shareholders owning "odd lots" of less than 1,000 common shares on a post-consolidation basis which may be more difficult to sell, or require greater transaction costs per share to sell.

Principal Effects of the Share Consolidation

If approved and implemented, the Share Consolidation will occur simultaneously for all of the Company's common shares and the consolidation ratio will be the same for all of such shares.

The principal effects of the Share Consolidation (assuming a consolidation on the basis of 5:1) will be that the number of common shares of the Company issued and outstanding will be reduced by approximately 80%.

Effect on Non-Registered Shareholders

Non-registered Shareholders holding their common shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Share Consolidation than those that will be put in place by the Company for registered Shareholders. If you hold your common shares with such a bank, broker or other nominee and if you have questions in this regard, you are encouraged to contact your nominee.

Effect on Share Certificates

If the proposed Share Consolidation is approved by Shareholders and implemented by the Company's Board of Directors, registered Shareholders will be required to exchange their share certificates representing pre-consolidation common shares. Following the announcement by the Company of the effective date of the Share Consolidation, registered Shareholders will be sent a transmittal letter from the Company's transfer agent, Odyssey Trust Company, as soon as practicable after the effective date of the Share Consolidation. The letter of transmittal will contain instructions on how to surrender your certificate(s) representing your pre-consolidation common shares to the transfer agent. The transfer agent will forward to each registered Shareholder who has sent the required documents a new share certificate representing the number of post-consolidation common shares to which the Shareholder is entitled. Until surrendered, each share certificate representing pre-consolidation common shares of the Company will be deemed for all purposes to represent the number of whole post-consolidation common shares to which the holder is entitled as a result of the Share Consolidation.

Effect on Stock Options and Other Convertible Securities

In addition to the issued and outstanding common shares, the common shares currently reserved for issuance by the Company pursuant to outstanding stock options and other convertible securities, and the exercise price thereof, will be adjusted to give effect to the Share Consolidation. The number of common shares issuable on the exercise of the stock options or other convertible securities will equal the number obtained when the number of common shares issuable are divided by up to five (5) and the exercise price will be multiplied by up to five (5).

B. RE-APPROVAL OF STOCK OPTION PLAN AND RESTRICTED SHARE UNIT PLAN

The Company currently maintains two equity compensation plans, a stock option plan (the "**Option Plan**") and a restricted share unit plan (the "**RSU Plan**"). Both are, individually, 10% "rolling" plans, but operate together such that the aggregate number of stock options and RSU's cannot, collectively, exceed 10% of the Company's issued and outstanding common shares at the time of a grant. For further information regarding the plans, see "*Named Executive Officer and Director Compensation – Stock Option Plans and Other Incentive Plans*" above.

Shareholders will be to approve an ordinary resolution re-approving the Option Plan and ratifying all acts taken and other matters in connection therewith. **The Board of Directors RECOMMENDS**, and in the absence of instructions to the contrary, the shares represented by proxy will be voted in favour of, the re-approval of the Option Plan and RSU Plan.

C. OTHER MATTERS

As of the date of this Information Circular, management knows of no other matters to be acted upon at this Meeting. However, should any other matters properly come before the Meeting, the shares represented by the proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting the shares represented by the proxy.

PURPOSE

The overall purpose of the Audit Committee (the "**Committee**") of **Marble Financial Inc.** (the "**Company**") is to ensure that the Company's management has designed and implemented an effective system of internal financial controls, to review and report on the integrity of the consolidated financial statements and related financial disclosure of the Company, and to review the Company's compliance with regulatory and statutory requirements as they relate to financial statements, taxation matters and disclosure of financial information. It is the intention of the Board that through the involvement of the Committee, the external audit will be conducted independently of the Company's management to ensure that the independent auditors serve the interests of Shareholders rather than the interests of management of the Company. The Committee will act as a liaison to provide better communication between the Board and the external auditors. The Committee will monitor the independence and performance of the Company's independent auditors.

COMPOSITION, PROCEDURES AND ORGANIZATION

- (1) The Committee shall consist of at least three members of the Board of Directors (the "**Board**"). At least two (2) members of the Committee shall be independent and the Committee shall endeavour to appoint a majority of independent directors to the Committee, who in the opinion of the Board, would be free from a relationship which would interfere with the exercise of the Committee members' independent judgment. At least one (1) member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices applicable to the Company. For the purposes of this Charter, an individual is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

The Board may at any time remove or replace any member of the Committee and may fill any vacancy in the Committee.

 - (c) review the audit plan of the external auditors prior to the commencement of the audit;
 - (d) to review with the external auditors, upon completion of their audit, the contents of their report; scope and quality of the audit work performed; adequacy of the Company's financial and auditing personnel; co-operation received from the Company's personnel during the audit; internal resources used; significant transactions outside of the normal business of the Company; significant proposed adjustments and recommendations for improving internal accounting controls, accounting principles or management systems; and the non-audit services provided by the external auditors;

ITEM 2: COMPOSITION OF THE AUDIT COMMITTEE

The current members of the Committee are Farhan Abbas, Jason Scharfe and Michele Marrandino. Under National Instrument 52-110 (the "**Instrument**") of the Canadian Securities Administrators, members are considered "independent" if free from any direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Company's Board of Directors, be reasonably expected to interfere with the exercise of a member's independent judgment. The Instrument also considers a member "financially literate" if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company's financial statements.

Messrs. Abbas and Scharfe are considered independent. Mr. Marrandino is not considered independent as he holds the office of Executive Chairman. All of the audit committee members are considered financially literate.

ITEM 3: RELEVANT EDUCATION AND EXPERIENCE

All of the current members of the Committee have extensive experience in financial matters, and each has a broad understanding of accounting principles used by the Company to prepare financial statements and varied experience as to the general application of such accounting principles, as well as an understanding of its internal controls and procedures for financial reporting. In addition to each member's general business experience, see "*Fixing Number and Election of Directors*" for additional detail regarding the Committee members' education and experience which is relevant to the performance of their responsibilities as a Committee member.

ITEM 4: AUDIT COMMITTEE OVERSIGHT

At no time since the commencement of the Company's most recently completed financial year was a recommendation of the Committee to nominate or compensate an external auditor not adopted by the Board.

ITEM 5: RELIANCE ON CERTAIN EXEMPTIONS

During the most recently completed financial year, the Company has not relied on the exemptions contained in Section 2.4 or Part 8 of the Instrument, in whole or in part. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of the not pre-approved non-audit services is reasonably expected to be no more than 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided, the Company did not recognize the services as non-audit services at the time of engagement, and the services are promptly brought to the attention of the audit committee and approved prior to the completion of the audit by the audit committee. Part 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of the Instrument, in whole or in part.

ITEM 6: PRE-APPROVAL POLICIES AND PROCEDURES

Formal policies and procedures for the engagement of non-audit services have yet to be formulated and adopted. Subject to the requirements of the Instrument, the engagement of non-audit services is considered by the Company's Board of Directors, and where applicable by the Committee, on a case by case basis.

SCHEDULE "B"

FORM 58-101F2 CORPORATE GOVERNANCE DISCLOSURE AND CBCA DIVERSITY DISCLOSURE

CORPORATE GOVERNANCE DISCLOSURE

Pursuant to National Instrument 58-101 – *Disclosure of Corporate Governance Practices* Marble Financial Inc. is required to and hereby discloses its corporate governance practices as follows:

ITEM 1. BOARD OF DIRECTORS

The Board of Directors (the "**Board**") of **Marble Financial Inc.** (the "**Company**") is comprised of Michele Marrandino, Karim Nanji, Jason Scharfe and Farhan Abbas. The Board facilitates the exercise of independent supervision over the Company's management through frequent meetings of the Board and communication with senior management.

A director is considered "independent" if free from any direct or indirect material relationship with the Company. A material relationship is a relationship which could, in the view of the Company's Board of Directors, be reasonably expected to interfere with the exercise of a member's independent judgment. Messrs. Jason Scharfe and Farhan Abbas are considered independent. Messrs. Michele Marrandino and Karim Nanji are not considered independent as they serve, respectively, as the Executive Chairman and Chief Executive Officer of the Company, and provide services and receive compensation outside of director fees.

ITEM 2. DIRECTORSHIPS

The directors of the Company are currently directors of the following other reporting issuers or equivalents:

Name of Director	Name of Reporting Issuer	Primary Exchange/Market
Michele Marrandino	Must Capital Inc. (formerly Intrinsic 4D Inc.)	NEX
	Playgon Games Inc. (formerly Global Daily Fantasy Sports Inc. and prior to that Lariat Energy Ltd.)	TSX Venture Exchange
Karim Nanji	none	
Jason Scharfe	none	
Farhan Abbas	none	

ITEM 3. ORIENTATION AND CONTINUING EDUCATION

The Company has not yet developed an official orientation or training program for directors or for the continuing education of directors. If and when new directors are added, however, they have the opportunity to become familiar with the Company by meeting with other directors and officers of the Company. As each director has a different skill set and professional background, orientation and training activities are and will continue to be tailored to the particular needs and experience of each director. Inquiries are handled by the Board on a case by case basis with outside consultation, if required. The Company makes continuing education available to directors as the need or opportunity arises, and encourages open discussion at all meetings to foster and encourage critical thinking and learning.

ITEM 4. ETHICAL BUSINESS CONDUCT

The Board has not adopted a written code of ethics for its directors, officers, employees and consultants. The Board, however, conducts itself with high business and moral standards and follows all applicable legal and financial requirements.

The Board has concluded that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, are sufficient to ensure that the Board operates independently of management and in the best interests of the Company and its shareholders.

ITEM 5. NOMINATION OF DIRECTORS

The Board as a whole is responsible for identifying, as needed, new candidates for the Board and recommending director nominees for the next annual meeting of the shareholders.

ITEM 6. COMPENSATION

The Company does not have a compensation committee. The Board as a whole is responsible for determining all forms of compensation, including long-term incentives in the form of stock options to be granted to directors, officers, employees and consultants of the Company. The Board is also responsible for reviewing recommendations for compensation of the Chief Executive Officer and other officers of the Company, to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of its officers, the board of directors will consider: (i) recruiting and retaining officers critical to the success of the Company and the enhancement of shareholder value; (ii) providing fair and competitive compensation (iii) balancing the interests of management and the Company's shareholders; and (iv) rewarding performance, both on an individual basis and with respect to operations in general. In making its decisions, the Board relies upon the general experience of the directors, but as needed may retain and otherwise consult with outside consultants to provide independent reports on compensation paid by comparable companies.

ITEM 7. OTHER BOARD COMMITTEES

The Board has no other committees other than the Audit Committee.

ITEM 8. ASSESSMENTS

Any committee of the directors and individual directors are assessed on an ongoing basis by the Board as a whole. The Board has not, as yet, adopted formal procedures for assessing the effectiveness of the Board, the audit committee or individual directors. The Board monitors and discusses from time to time the adequacy of information given to directors, the effectiveness of communications between Board members and management, and the processes of the Board and its committees. Directors are encouraged to discuss any perceived issues or weaknesses that they feel may impair the effective operation of the Board.

CBCA DIVERSITY DISCLOSURE

Pursuant to section 172.1 of the *Canada Business Corporations Act*, the Company is required to and hereby discloses its diversity practices as follows:

Diversity on the Company's Board and Among Senior Management

The Company believes that ensuring diversity is not only fundamental to its future growth and progress but is an integral part of all its business activities. The Company recognizes and appreciates the benefits of having diversity on its Board and in its senior management. The Company respects and values, among other things, differences in gender, age, ethnic origin, religion, education, sexual orientation, political belief and disability. At the same time, the Company also recognizes that Board and senior management appointments must be based on performance, ability and potential.

The Board has not adopted a formal policy regarding the identification and nomination of directors who are women, Indigenous peoples (First Nations, Inuit and Métis), persons with disabilities or members of visible minorities (collectively, the "**Designated Groups**"). The Company recognizes the benefits of diversity within its Board, at the executive level and at all levels of the organization, but does not believe that a formal policy would enhance the representation of Designated Groups on the Board beyond the current recruitment and selection process.

In assessing potential directors and members of senior management, the Company focuses on the skills, expertise, experience and independence that the Company requires to be effective, and includes diversity (including the level of representation of members of Designated Groups) as a factor in its decision-making when identifying and nominating candidates for election or re-election to the Board and for senior management positions.

As of the date of this Information Circular, the Company has not adopted a target number or percentage, or a range of target numbers or percentages, for the members of any Designated Group to hold positions on the Board or to be members of senior management by a specific date, as it believes that imposing targets based on specific selection criteria would limit the Company's ability to ensure that the overall composition of the Board and senior management meets the needs of the Company and its shareholders.

As of the date of this Information Circular, the Company has a total of 4 directors and 6 members of senior management. Currently, none of the Company's directors (0%) and two of the members of senior management are female (33%). Two of the Company's directors (50%) and three of the members of senior management (50%) are members of a visible minority. To the knowledge of the Company, none of the Company's directors or members of senior management (0%) are Indigenous peoples or persons with disabilities.

Director Term Limits

The Company has not adopted term limits for the directors on the Board or other mechanisms of Board renewal. The Company does not impose term limits on its directors as it takes the view that term limits are an arbitrary mechanism for removing directors which can result in valuable, experienced directors being forced to leave the Board solely because of length of service. Instead, the Company believes that directors should be assessed based on their ability to continue to make a meaningful contribution. The Board's priorities continue to be ensuring the appropriate skill sets are present amongst the Board to optimize the benefit to the Company. The Company believes that annual elections by the shareholders are a more meaningful way to evaluate the performance of directors and to make determinations about whether a director should be removed due to under-performance.
