MANAGEMENT INFORMATION CIRCULAR

(Containing information as at April 17, 2023 unless indicated otherwise)

THE MEETING

This Information Circular is being provided in connection with the solicitation of proxies by management of the Corporation for use at the Meeting commencing at 11:00 a.m. (Eastern Time) Tuesday, May 30, 2023, and at all postponements or adjournments thereof, at the place and for the purposes set forth in the accompanying Notice. In keeping with the Corporation's commitment to its Shareholders, employees and the broader community, the Meeting will be held in a virtual meeting format only via live audio webcast online at www.virtualshareholdermeeting.com/BZAM2023. This Information Circular described the items to be voted on at the Meeting as well as the voting process, and provides information about director and executive compensation, governance practices and other relevant matters. Unless otherwise indicated, all dollar amounts in this Information Circular are expressed in Canadian dollars.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by management of the Corporation for use at the Meeting commencing at 11:00 a.m. (Eastern Time) Tuesday, May 30, 2023, and at all postponements or adjournments thereof, at the place and for the purposes set forth in the accompanying Notice. **This solicitation is being made by or on behalf of management.**

While it is expected that the solicitation of proxies for the Meeting will be made primarily by mail, proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Corporation at nominal cost. All costs of solicitation by management will be borne by the Corporation. The Corporation has arranged for clearing agencies, securities dealers, banks and trust companies or their nominees (collectively, the "Intermediaries") to forward the meeting materials to beneficial owners of the Common Shares held of record by those Intermediaries and shall reimburse the Intermediaries for their reasonable fees and disbursements in that regard.

NOTICE & ACCESS

The Corporation is utilizing Notice & Access under NI 54-101 in the case of Beneficial Shareholders and NI 51-102 in the case of Registered Shareholders. Notice & Access allows the Corporation to deliver the Notice, the Information Circular, Financial Statements and MD&A to Shareholders via specified electronic means provided that the conditions of NI 54-101 and NI 51-102 are met. In accordance with NI 54-101, the Corporation set the Record Date at least 40 days before the Meeting and filed a form of notification of the Record Date and the date of the Meeting at least 25 business days before the Record Date.

Website Where Meeting Materials are Posted

The Notice & Access provisions are a set of rules that allow reporting issuers to choose to deliver proxy-related materials to registered Shareholders and Beneficial Shareholders by posting electronic

versions of proxy-related materials online, via SEDAR and on the Corporation's website at <https://bzam.com> rather than mailing paper copies of such materials to Shareholders.

The Corporation will not rely upon the use of "stratification". In order for a reporting issuer such as the Corporation to avail itself of the Notice & Access process, the Corporation must send an N&A Notice, including Beneficial Shareholders, indicating the websites where this Information Circular has been posted and explaining how a Shareholder can access the Information Circular online or obtain a paper copy from the Corporation as well as other basic information about the Meeting including, among other things, the matters to be voted on at the Meeting. Shareholders are reminded to carefully review the Information Circular before voting.

Electronic copies of the Information Circular, the Notice, the Financial Statements and MD&A are available on the Corporation's SEDAR profile at www.sedar.com and online at <https://bzam.com>. In relation to the Meeting, Shareholders with existing instructions on their account to receive printed materials and those Shareholders with addresses outside of Canada and the United States will receive a printed copy of the N&A Notice and Proxy or VIF, as applicable. All other Shareholders will receive only the required notification documentation under Notice & Access, which will not include a paper copy of the Information Circular.

Obtaining Paper Copies of Materials

The Corporation anticipates that using Notice & Access for delivery will directly benefit the Corporation through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials. Shareholders with questions about Notice & Access can call the Corporation toll-free in North America at 1-888-603-8463 or by emailing investors@bzam.com. Shareholders may also obtain paper copies of the Information Circular, Financial Statements and MD&A free of charge by contacting the Corporation at the same toll-free number. Requests should be received at least five (5) business days in advance of the proxy cut-off date set out in the accompanying Proxy or VIF in order to receive the meeting materials in advance of the date of the Meeting.

Information for Shareholders not Resident in Canada

The Corporation is organized under the federal laws of Canada. The solicitation of proxies involves securities of a Canadian issuer and is being effected in accordance with applicable corporate and securities laws in Canada. Shareholders should be aware that the requirements applicable to the Corporation under Canadian laws may differ from requirements under corporate and securities laws relating to corporations in other jurisdictions. The enforcement of civil liabilities under the securities laws of other jurisdictions outside Canada may be affected adversely by the fact that the Corporation is organized under the laws of Canada. Shareholders may not be able to sue the Corporation and/or its directors or officers in a Canadian court for violations of foreign securities laws. It may be difficult to compel the Corporation to subject itself to a judgment of a court outside Canada.

APPOINTMENT, VOTING AND REVOCATION OF PROXIES

A Registered Shareholder can vote by proxy whether or not they attend the Meeting. The individuals named in the accompanying Proxy are officers and/or directors of the Corporation. **A Registered Shareholder desiring to appoint some other person or corporation to represent them at the Meeting other than the Corporation's designated representatives identified in the Proxy or VIF may do so online at www.proxyvote.com using the 16-digit control number provided on your Proxy or VIF. Doing so will reduce the risk of any mail disruptions in the current environment and will allow you to share the unique Appointee Information you have created with the person you have appointed to represent you at the Meeting. If you do not designate a proxyholder or appointee when completing your Proxy or VIF or if you do not provide the exact Appointee Identification Number and Appointee Name to any other person (other than the named proxyholders) who has been appointed to access and vote at the Meeting on your behalf, that other person will not be able to access the Meeting and vote on your behalf.** If a Registered Shareholder is choosing to vote by proxy, the Proxy must be completed and submitted no later than 11:00 a.m. (Eastern Time) on Friday, May 26, 2023, or if the Meeting is adjourned, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time set for any reconvened meeting at which the proxy is to be used.

You MUST provide your proxyholder or appointee with the EXACT NAME and EIGHT CHARACTER APPOINTEE IDENTIFICATION NUMBER to access the Meeting. Proxyholders or appointees can only be validated at the Meeting using the EXACT NAME and EIGHT CHARACTER APPOINTEE IDENTIFICATION NUMBER provided.

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote in accordance with the Board's recommendations. The Board recommends that Shareholders vote as follows:

- (a) **FOR** the fixing of the number of directors of the Corporation to be elected at six (6);
- (b) **FOR** the election of each of the nominees to the board of directors listed under the heading "Election of Directors";
- (c) **FOR** the appointment of KPMG LLP as auditor of the Corporation and that the Board of the Corporation be authorized to fix the remuneration of the auditor; and
- (d) **FOR** the approval of the change of registered office address for the Corporation.

The Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting or any adjournment thereof. At the time of the printing of this Information Circular, the management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice. **However, if any**

other matters which at present are not known to the management of the Corporation should properly come before the Meeting, the Proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting. Registered Shareholders may choose one of the following options to submit their vote:

- Internet:** Go to www.proxyvote.com or scan the QR Code on the Proxy to access the website. Enter the 16-digit control number printed on the Proxy, and follow the instructions on the screen.
- Phone:** Call 1-800-474-7493 (English) or 1-800-474-7501 (French) and follow the instructions. You will need to enter the 16-digit control number. Follow the interactive voice recording instructions to submit your vote.
- Mail:** By completing, dating and signing the Proxy and returning in the pre-paid envelope provided.
- At the Meeting:** Registered Shareholder and duly appointed proxyholders can vote at the appropriate times by completing a ballot online during the Meeting. We anticipate that once voting has opened during the Meeting, the resolutions and voting choices will be displayed and you will be able to vote by selecting your voting choices from the options shown on the screen. You must click **submit** for your vote to be counted.

In all cases the Registered Shareholder must ensure the proxy is received at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting, or the adjournment thereof, at which the Proxy is to be used. The Chair of the Meeting may waive or extend the proxy cut-off time at his discretion without notice.

Beneficial Shareholders

The following information is of significant importance to Shareholders who do not hold Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders (those whose names appear on the records of the Corporation as the registered holders of Common Shares) or as set out in the following disclosure.

If Common Shares are listed in an account statement provided to a Shareholder by an Intermediary, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the Shareholder's Intermediary or an agent of that Intermediary. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co., as nominee for CDS Clearing and Depository Services Inc., which acts as a depository for many Canadian Intermediaries, and in the U.S., under the name of Cede & Co. as nominee for The Depository Trust Corporation (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Every Intermediary has its own mailing procedures and provides its own return instructions to clients.

You should carefully follow the instructions of your Intermediary in order to ensure that your Common Shares are voted at the Meeting.

The VIF provided to you by your Intermediary will be similar to the Proxy provided to Registered Shareholders by the Corporation. However, its purpose is limited to instructing the Intermediary on how to vote your Common Shares on your behalf. Most Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge in Canada and in the U.S. Broadridge mails a VIF in lieu of a Proxy provided by the Corporation. The VIF will name the same persons as the Corporation's Proxy to represent your Common Shares at the Meeting. The completed VIF must then be returned to Broadridge by mail or

given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting voting of Common Shares to be represented at the Meeting.

If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with Broadridge's instructions, outlined below, at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting in order to have the Common Shares voted at the Meeting, or to have an alternate representative duly appointed to attend the Meeting and vote your Common Shares.

The Chair of the Meeting may waive or extend the proxy cut-off time at his discretion without notice.

Internet: Go to www.proxyvote.com or scan the QR Code on the VIF to access the website. Enter the 16-digit control number printed on the VIF, and follow the instructions on the screen.

Phone: Call 1-800-474-7493 (English) or 1-800-474-7501 (French) and follow the instructions. You will need to enter the 16-digit control number. Follow the interactive voice recording instructions to submit your vote.

Mail: Complete, date and sign the VIF and returning in the pre-paid envelope provided.

You have the right to appoint a person (who need not be a Beneficial Shareholder of the Corporation), other than any of the persons designated in the VIF to represent your Common Shares at the Meeting and that person may be you.

If you are a Beneficial Shareholder and wish to appoint someone as your proxyholder, including yourself, to participate in the Meeting, you should carefully follow the instructions indicated on the VIF provided by your Intermediary.

Participation at the Meeting

The Corporation is holding the Meeting in a virtual-only format, which will be conducted via live audio webcast online at www.virtualshareholdermeeting.com/BZAM2023. Shareholders will not be able to attend the meeting in person. Participating in the Meeting online enables registered Shareholders and duly appointed proxyholders (including those acting in accordance with the voting instructions received from Beneficial Shareholders) to vote at the appropriate times during the Meeting. Guests are able to listen to the Meeting but are not able to ask questions or vote at the Meeting.

To log in to the Meeting online visit www.virtualshareholdermeeting.com/BZAM2023 on your smart phone, tablet or computer and check-in using the 16-digit control number included either on your Proxy or VIF, as applicable. You should ensure you have a strong, preferably high-speed, internet connection wherever you intend to participate in the Meeting. The Meeting will begin promptly at 11:00 am (Eastern Time) on Tuesday, May 30, 2023; however, we recommend that you access the Meeting site at least 30 minutes prior to the commencement of the Meeting and test your compatibility using the "Click Here" prompt and if necessary upgrade the media player on your device. You will be able to log in 15 minutes before the Meeting starts. To log in, click on one of the following choices:

When successfully authenticated, the information screen will be displayed. You can view information about the Corporation, ask questions, vote (where applicable) and listen to the webcast.

Even if you plan to attend the Meeting, we recommend that you vote in advance, so that your vote will be counted if you later decide not to attend the Meeting.

Submitting Questions during the Meeting

We expect to hold, to the extent feasible and practical, a live question and answer session in connection with the Meeting. Registered Shareholders, duly appointed proxyholders and Beneficial Shareholders will be able to submit questions for the question and answer session. Questions can be submitted only during the Meeting in writing through the live webcast at www.virtualshareholdermeeting.com/BZAM2023 after logging in and typing your question into the “Ask a Question” field, and clicking “Submit”.

We intend to answer properly submitted questions that are pertinent to the Corporation and Meeting matters, as time permits. Questions will be sent to be moderated before being sent to the Chair of the Meeting. The Corporation reserves the right to edit profanity or other inappropriate language, or to exclude questions that are not pertinent to Meeting matters or that are otherwise inappropriate.

Technical Assistance

If you encounter any technical difficulties accessing the virtual Meeting during the check-in or the Meeting, please use the phone number provided on the website.

Vote Counting

A representative of Broadridge will act as scrutineer at the Meeting and will count the votes.

Quorum

A Quorum at a meeting of Shareholders consists of two persons present at the Meeting, each being a Shareholder entitled to vote thereat, or a duly appointed proxy or proxyholder for an absent Shareholder so entitled, and together holding or representing by proxy not less than 5% of the outstanding Common Shares of the Corporation entitled to vote at the Meeting.

Notice to United States Shareholders

The solicitation of proxies is not subject to the requirements of Section 14(a) of the U.S. Exchange Act by virtue of an exemption applicable to proxy solicitations by foreign private issuers as defined in Rule 3b-4 of the U.S. Exchange Act. Accordingly, this Information Circular has been prepared in accordance with applicable Canadian disclosure requirements. Residents of the U.S. should be aware that such requirements differ from those of the United States applicable to proxy statements under the U.S. Exchange Act.

This document does not address any income tax consequences of the disposition of Common Shares by Shareholders. Shareholders in a jurisdiction outside of Canada should be aware that the disposition of shares by them may have tax consequences both in those jurisdictions and in Canada, and are urged to consult their tax advisors with respect to their particular circumstances and the tax considerations applicable to them.

Any information concerning any properties and operations of the Corporation has been prepared in accordance with Canadian standards under applicable Canadian securities laws and may not be comparable to similar information for U.S. companies.

Financial statements included or incorporated by reference herein have been prepared in accordance with International Financial Reporting Standards, as issued by the International Accounting Standards Board, and are subject to auditing and auditor independence standards in Canada. Such consequences for Shareholders who are resident in, or citizens of, the U.S. may not be described fully in this Information Circular.

The enforcement by Shareholders of civil liabilities under the U.S. federal securities laws may be affected adversely by the fact that the Corporation is incorporated or organized under the laws of a foreign country, that some or all of their officers and directors and the experts named herein are residents of a foreign country and that the major assets of the Corporation are located outside the U.S.

None of the proposed nominees for election as a director of the Corporation are proposed for election pursuant to any arrangement or understanding between the nominee and any other person, except the directors and senior officers of the Corporation acting solely in such capacity.

A Shareholder can vote for all of the above nominees, vote for some of the above nominees and withhold for other of the above nominees, or withhold for all of the above nominees. **Unless otherwise instructed, the named proxyholders will vote FOR the election of each of the proposed nominees set forth above as directors of the Corporation. At the Meeting the above persons will be nominated for election as director.**

If for any reason any of the proposed nominees does not stand for election or is unable to serve as such, the management designees, if named as proxy, reserve the right to vote for any other nominee in their sole discretion unless you have specified in your proxy that your Common Shares are to be withheld from voting on the proposed nominee who does not stand for election.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT EACH SHAREHOLDER VOTE “FOR” THE ELECTION OF THE ABOVE NOMINEES AS DIRECTORS.

Majority Voting Policy

Effective August 31, 2022, the CBCA was amended to require majority voting for uncontested director elections. This amendment to the CBCA requires that shareholders vote “for” or “against”, rather than “for” or “withhold”, individual director nominees in an uncontested election. However, if an incumbent director is not elected by a majority of votes “for” at the Meeting, he or she will still be permitted to remain as a director until the earlier of: (a) the 90th day after the day of the election; or (b) the day on which his or her successor is appointed or elected. This amendment applies only to uncontested elections, which are elections in which the number of nominees for director is equal to the number of positions available on the Board.

As a result of the new amendments to the CBCA relating to majority voting, the Corporation has elected to amend its Majority Voting Policy which was initially implemented in January 2, 2018 to reflect such amendments under the CBCA, including removing the possibility for Shareholders to withhold from voting on the election of each director on an individual basis.

Under the revised Majority Voting Policy, a nominee for election as director who receives more votes against than cast in favour of his or her election will be considered not to have been elected. Pursuant to the Majority Voting Policy, an incumbent director who has not received a majority of votes in favour of his or her election to remain as a director of the Corporation for 90 days following the day of the election or until his or her successor is appointed or elected, whichever is earlier. A nominee who fails to be elected may not be appointed as a director, except in limited circumstances under the CBCA in order to satisfy Canadian residency or non-executive director requirements. The Majority Voting Policy does not apply in circumstances involving contested director elections.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This section provides details regarding the Corporation’s approach to executive compensation by outlining the processes and decisions supporting the determination of the amounts the Corporation paid to its NEOs. While this discussion relates to the Named Executive Officers, the other executives of the Corporation participate in the same plans and are subject to a similar process.

Elements of Compensation

The Corporation’s compensation strategy is designed to attract and retain leaders and employees who possess the behaviours, skills and capabilities to drive results for the Corporation. The Corporation’s strategy ensures that the Corporation is achieving internal, external and individual equity for all employees. Although it is not the Corporation’s intention to be the industry leader in a total compensation program, it

is the Corporation's goal to be competitive within the industry through a mix of total compensation program offerings that enhance the overall performance of the employee and the Corporation.

The Board's responsibilities relating to the compensation and retention of executive officers include, but are not limited to:

- setting policies for remuneration of executive officers;
- reviewing the recommendations of the Compensation Committee and approving salary, equity, bonus, and other benefits, direct or indirect, and any change-of-control packages of the CEO;
- considering recommendations of the CEO and Compensation Committee and setting the terms and conditions of employment including, approving the salary, equity, bonus, and other benefits, direct or indirect, and any change-of-control packages, of the executive officers of the Corporation; and
- overseeing the administration of the Corporation's compensation plans, including its Option Plan, RSU Plan, and such other compensation plans or structures that are adopted by the Corporation from time to time.

The following executive compensation principles guide the Board in fulfilling its roles and responsibilities in the design and ongoing administration of the Corporation's executive compensation program:

- compensation levels and opportunities must be market competitive to attract and retain qualified and experienced executives, while being fair and reasonable to Shareholders;
- compensation must incorporate an appropriate balance of short and long-term rewards; and
- compensation programs must align executives' long-term financial interests with those of the Shareholders' by providing equity-based incentives.

The Corporation's executive compensation program is designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and the long-term. For NEOs, the compensation program is designed to provide a larger portion of variable incentives tied to corporate performance. NEO compensation includes base salary, short-term incentives ("STI"), benefits, and long-term incentives ("LTI"). Salaries are a base level of compensation designed to attract and retain executive officers with the appropriate skills and experience. STI plans are designed to provide incentives to NEOs to increase shareholder value through annual cash awards, while grants, through the Corporation's LTI plans, are designed to provide incentives to increase shareholder value over the longer term and thereby creating better alignment with executive compensation and the interests of Shareholders. Perquisites and benefits do not comprise a significant part of our NEO's overall compensation.

The compensation of NEOs is comprised of the following elements: (a) base salary; (b) option-based and share-based awards granted under the Corporation's Option Plan and RSU Plan; and (c) STI and LTI bonus program. These principal elements of compensation are described in further detail below.

1. Base Salary

A NEO's base salary is intended to remunerate the NEO for executing job responsibilities and reflects the executive's performance over time. Individual salary adjustments take into consideration the performance contributions in connection with an executive's specific duties. The base salary of each executive officer is determined by the Board based on an assessment by the Board of their sustained performance and consideration of competitive compensation levels for the markets in which the Corporation operates and the Corporation's overall compensation philosophy. In making its determinations, the Board also considers the particular skills and experience of the individual. A final determination on executive compensation, including salary, is made by the Board in its sole discretion and its knowledge of the industry and geographic markets in which the Corporation operates. The Board does not use any type of quantitative formula to determine the base salary level of any of the NEOs.

Base salaries are reviewed annually to ensure that they properly reflect a balance of market conditions, the levels of responsibility and accountability of each individual, their unique experience, skills, capabilities and level of sustained performance.

2. Option-Based and Share-Based Awards

The Corporation's current Option Plan and RSU Plan permit the granting of Options and RSUs by the Board or the compensation committee of the Board (the "**Compensation Committee**"). The aggregate maximum number of Common Shares that may be issued upon the exercise or settlement of Options or RSUs granted under the Option Plan and the RSU Plan, respectively, shall not exceed 10% of the Corporation's issued and outstanding Common Shares from time to time, such number being 15,724,077 as at the date of this Information Circular. The Option Plan is considered an "evergreen" plan, since the Common Shares covered by awards which have been exercised, settled or terminated shall be available for subsequent grants under the Option Plan and the number of awards available to grant increases as the number of issued and outstanding Common Shares increases. A copy of the Option Plan and RSU Plan are available on the Corporation's profile on SEDAR at www.sedar.com.

The Option Plan and RSU Plan are intended to promote the interests of the Corporation and its Shareholders by aiding the Corporation in attracting and retaining employees, officers, consultants, advisors and non-employee directors capable of assuring the future success of the Corporation. Offering such individuals incentives enable them to put forth maximum efforts for the success of the Corporation. To compensate such individuals through various share and cash-based arrangements, it provides them with opportunities for share ownership in the Corporation, thereby aligning the interests of such individuals with Shareholders. Grants under the Option Plan and RSU Plan provide long-term awards linked directly to the market value performance of the Corporation's Common Shares. The Board or the Compensation Committee, as applicable, review management's recommendations and Options and RSUs are granted according to the specific level of responsibility of the Named Executive Officer.

3. STI & LTI Bonus Program

In addition to base salary, each NEO may receive an annual bonus. In order to ensure an appropriate balance between STI and LTI, cash and equity will be awarded for bonus program achievement. Specifically, the STI bonus will award cash and the LTI bonus will award either RSUs or Options for financial year 2023 bonus target achievements. Annual bonuses may be awarded by the Board based on qualitative and quantitative corporate and individual performance standards and are intended to reward performance of NEOs individually as well as the attainment of the Corporation's stated targets and objectives for the fiscal year. The determination of a NEO's performance may vary from year to year depending on economic conditions, and may be based on measures such as stock price performance, the meeting of financial targets against budget (such as adjusted funds from operations), the meeting of acquisition objectives and balance sheet performance.

Compensation Risk

The Board and, as applicable, the Compensation Committee, has assessed the Corporation's compensation plans for its NEOs to ensure alignment with the Corporation's compensation policies and business plan and to evaluate the potential risks associated with these plans and programs. The Corporation's practice of compensating its NEOs primarily through a mix of salary, bonus, Options and RSUs, is designed to mitigate risk by: (i) ensuring that the Corporation retains such officers; and (ii) aligning the interests of its officers with the short-term and long-term objectives of the Corporation and its shareholders. As at the date of this Information Circular, the Board had not identified risks arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

Financial Instruments

Pursuant to the terms of the Corporation's Anti-Hedging Policy, the Corporation's officers and directors are prohibited from purchasing financial instruments, such as prepaid variable forward contracts,

equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by an officer or director. As at the date of this Information Circular, the Corporation is not aware of any officers or directors who have purchased such financial instruments.

Compensation Governance

In order to assist the Board in fulfilling its oversight responsibilities with respect to compensation matters, the Board has established the Compensation Committee and has reviewed and approved the Compensation Committee's Charter. The Compensation Committee is composed of Jacques Dessureault (Chair), Louis Sterling, and Bassam Alghanim, a majority of whom are "independent" as such term is defined in NI 52-110.

As a whole, the members of the Compensation Committee have direct experience, knowledge and skills relevant to their responsibilities in executive compensation, including with respect to enabling the Compensation Committee in making informed decisions on the suitability of the Corporation's compensation policies and practices. Each of the members of the Compensation Committee has experience on the board of directors and related committees of other public companies, as described under the heading "Particulars of Matters to be Acted Upon – Election of Directors" in this Information Circular.

The Compensation Committee meets on compensation matters when required with respect to director and executive compensation. The primary goal of the Compensation Committee as it relates to compensation matters, is to ensure that the compensation provided to the directors of the Corporation, the NEO and the Corporation's other senior officers is determined with regard to the Corporation's business strategies and objectives. The Compensation Committee ensures that the financial interest of the senior officers is aligned with the financial interest of Shareholders, and ensures that their compensation is fair, reasonable and sufficient to attract and retain qualified and experienced executives. The Compensation Committee is given the authority to engage and compensate any outside advisor that it determines to be necessary to carry out its duties.

The Compensation Committee also reviews compensation programs of companies in its peer group to ensure that executive compensation is within the parameters of companies of a similar size and in similar industries and aims to position its executives between the 50th and 75th percentile relative to their peers. Levels of compensation are also established and maintained with the intent of attracting and retaining superior quality employees while ensuring that the levels are not contrary to the interests of Shareholders. In determining the appropriate peer group for 2022 in an emerging market sector, the Compensation Committee considered the following factors: consumer staples with a focus on similar operations; healthcare including a mix of organizations which focus on the development of pharmaceutical drugs or medications and those specializing in medical and/or adult-use marijuana; and annual revenue of CAD \$200 million or less.

The Corporation's general executive compensation philosophy is, whenever possible, to pay its executive officers "base" compensation in the form of salaries that are competitive in comparison to those earned by executive officers holding comparable positions with other Canadian entities similar to the Corporation while at the same time providing its executive officers with the opportunity to earn above average "total" compensation through an STI bonus that would consist of a cash award and LTI bonus that may consist of equity-based compensation. See additional responsibilities of the Compensation Committee as described under the heading "Corporate Governance – Board Committees – Compensation Committee" in this Information Circular.

The following table illustrates the compensation structure for the non-executive directors, including the compensation for the lead director role, which was introduced, and was effective from, December 2021. over three years from the date of grant, based on employment position and grade level within the organization.

Employment Agreements, Termination and Change in Control Benefits

In addition to the descriptions below, the Named Executive Officers are entitled to the accelerated vesting of Options and RSUs upon a Change of Control (as defined in the Option Plan and RSU Plan) in

accordance with the terms of the Option Plan and RSU Plan, respectively (as further described herein). The Corporation currently has employment agreements with each of its Named Executive Officers as follows:

Matt Milich

On November 3, 2022, the Corporation entered into an employment agreement with Matt Milich to provide Chief Executive Officer services to the Corporation for an annual base salary of \$350,000 (the “**Milich Agreement**”). Mr. Milich is also eligible for bonus payments of up to 100% of his then current base salary, based on the achievement of certain milestones by the Corporation in the 2023 calendar year. For each calendar year after 2023, Mr. Milich is eligible for bonus payments in accordance with the Corporation’s STI bonus program. The Milich Agreement allows for Mr. Milich to terminate his employment with the Corporation at any time by providing the Corporation with 12 weeks of notice in writing. If the Corporation elects to waive all or part of Mr. Milich’s resignation notice period before the date of resignation was to be effective, the Corporation will, in full satisfaction of its obligations to the Employee: (i) pay the Employee’s base salary and vacation pay accrued until the date the resignation was to be effect, and (ii) reimburse the outstanding expenses properly incurred by the Employee until the date his employment ceases. If Mr. Milich is subject to termination by the Corporation for wilful misconduct, disobedience or wilful neglect of duty that is not trivial and has not been condoned by the employer, as contemplated in the Ontario *Employment Standards Act* (“**Cause**”), Mr. Milich will be entitled to: (i) his base salary and vacation pay accrued until the date his employment ceases; and (ii) reimbursement of the outstanding expenses properly incurred until the date his employment ceases. Provided he signs a release in favour of the Corporation, Mr. Milich’s entitlements upon termination without Cause and or upon a Change of Control (as defined in the Milich Agreement) transaction will be a severance amount equivalent to: (i) the employee’s base salary, accrued bonus and vacation pay accrued until the date of termination, (ii) reimbursement of the employee’s expenses, (iii) twelve months of base pay and (iv) continuation of the group benefits plan for an additional period of four weeks. If such termination without Cause occurred as at December 31, 2022, Mr. Milich would have been entitled to a payment valued at approximately \$495,000.

Sean Bovingdon

Mr. Bovingdon entered into an employment agreement effective October 22, 2018, which was later amended on December 23, 2020 and March 29, 2021 (the “**Original Bovingdon Agreement**”). Under the terms of the Original Bovingdon Agreement, Mr. Bovingdon was appointed CEO of the Corporation. Effective July 1, 2022, Mr. Bovingdon’s annual salary was increased to \$350,000. On August 4, 2022, Mr. Bovingdon was re-appointed as Interim CFO. While employed by the Corporation and for a period of 12 months after the termination of employment for any reason, Mr. Bovingdon is subject to non-compete and non-solicit covenants. The Bovingdon Agreement provides that Mr. Bovingdon may terminate his employment with the Corporation at any time by providing the Corporation with eight (8) weeks notice in writing. If Mr. Bovingdon is subject to termination without Cause, Mr. Bovingdon will be entitled, under the Original Bovingdon Agreement to: (i) the employee’s base salary, accrued bonus and vacation pay accrued until the date of termination, (ii) reimbursement of the employee’s expenses, (iii) eighteen months of base pay and (iv) continuation of the group benefits plan. For each calendar year after 2023, Mr. Winnett is eligible for bonus payments in accordance with the Corporation’s STI bonus program. The Winnett Agreement provides that Mr. Winnett may terminate his employment with the Corporation at any time by providing the Corporation with 4 weeks of notice in writing. If the Corporation elects to waive all or part of Mr. Winnett’s resignation notice period before the date of resignation was to be effective, the Corporation will, in full satisfaction of its obligations to the Employee: (i) pay the Employee’s base salary and vacation pay accrued until the date the resignation was to be effect, and (ii) reimburse the outstanding expenses properly incurred by the Employee until the date his employment ceases. If Mr. Winnett is subject to termination by the Corporation for Cause, Mr. Winnett will be entitled to: (i) his base salary and vacation pay accrued until the date his employment ceases; and (ii) reimbursement of the outstanding expenses properly incurred until the date his employment ceases. Provided he signs a release in favour of the Corporation, Mr. Winnett’s entitlements upon termination without Cause and or upon a Change of Control (as defined in the Winnett Agreement) transaction will be a severance amount equivalent to: (i) the employee’s base salary, accrued bonus and vacation pay accrued until the date of termination, (ii) reimbursement of the employee’s expenses, (iii) twelve months of base pay and (iv) continuation of the group benefits plan for an additional period of four weeks. If such termination without Cause occurred as at December 31, 2022, Mr. Winnett would have been entitled to a payment valued at approximately \$490,000.

Option Plan

Summary. The Corporation's Option Plan is a rolling plan, which, subject to adjustment provisions provided therein, provides that an aggregate maximum number of Common Shares that may be issued upon the exercise or settlement of Options granted under the Option Plan (and any awards granted under all other equity incentive plans of the Corporation) shall not exceed 10% of the Corporation's issued and outstanding Common Shares from time to time, such number being 15,724,077 as at the date of this Information Circular. The Option Plan is considered an "evergreen" plan, since the Common Shares covered by awards which have been exercised, settled or terminated shall be available for subsequent grants under the Option Plan and the number of awards available to grant increases as the number of issued and outstanding Common Shares increases.

Eligible Participants. Options may be granted to directors, officers, employees or consultants of the Corporation or any of its subsidiaries as determined by the Board as being eligible for participation in the Option Plan.

Maximum Number of Shares Issuable. The number of Common Shares issuable under the Option Plan, together with all of the Corporation's other previously established or proposed share compensation arrangements, including the RSU Plan, may not exceed 10% of the total number of issued and outstanding Common Shares. In addition to this 10% cap,

- (a) the aggregate number of Common Shares which may be issuable at any time pursuant to the Option Plan or any other share compensation arrangement (pre-existing or otherwise) to Reporting Insiders shall not exceed 10% of the Common Shares then outstanding.
- (b) the aggregate number of Common Shares which may be issued pursuant to the Option Plan or any other share compensation arrangement (pre-existing or otherwise) to Reporting Insiders within a one-year period shall not exceed 10% of the Common Shares then outstanding.
- (c) notwithstanding the rolling 10% maximum number available for reserve and issuance pursuant to all share compensation arrangements of the Corporation, the number of Common Shares that may be issued to U.S. residents pursuant to the exercise of Incentive Stock Options, is an aggregate maximum of 5,000,000 Common Shares.

Vesting of Options. Options granted pursuant to the Option Plan shall vest and become exercisable by an Optionee at such time or times as may be determined by the Board and may be made subject to performance conditions as the Board may determine at the time of granting such Options.

Term of Options. Subject to the blackout period provisions as outlined in the Option Plan, the term of the Options shall be determined by the Board at the time of granting the Options provided, however, that the term of the Options must not extend beyond ten years from the grant date of the Option.

RSU Plan

Summary. The Corporation currently maintains the RSU Plan, which provides for the acquisition of Common Shares by Participants under the RSU Plan for the purpose of advancing the interests of the Corporation through the attraction, motivation and retention of employees, consultants and directors of the Corporation and its designated affiliates.

Eligible Participants. Employees, consultants and directors of the Corporation and its designated affiliates are eligible to participate in the RSU Plan. In accordance with the terms of the RSU Plan, the Corporation, under the authority of the Board through the Compensation Committee, will approve those employees, consultants and directors who are entitled to receive RSUs and the number of RSUs to be awarded to each Participant. RSUs awarded to Participants are credited to them by means of an entry in a notional account in their favour on the books of the Corporation. Each RSU awarded conditionally entitles the Participant to receive one Common Share upon attainment of the RSU vesting criteria.

Maximum Number of Common Shares Reserved for Issuance. The maximum number of Common Shares made available for issuance upon settlement of RSUs pursuant to the RSU Plan shall not exceed a fixed maximum of 1,000,000 Post-Consolidated Common Shares, which represents approximately 0.64% of the issued and outstanding Common Shares as at the date of this Information Circular.

The RSU Plan provides that the maximum number of Common Shares issuable to Reporting Insiders pursuant to the plan, together with any Common Shares issuable pursuant to any other security-based compensation arrangements of the Corporation, will not exceed 10% of the total number of outstanding Common Shares. In addition, the maximum number of Common Shares issued to Reporting Insiders under the RSU Plan, together with any Common Shares issued to Reporting Insiders pursuant to any other security-based compensation arrangements of the Corporation within any one-year period, will not exceed 10% of the total number of outstanding Common Shares.

Vesting. The vesting of RSUs is conditional upon the expiry of a time-based vesting period, which vesting period may be tied, at the sole discretion of the Board or the Compensation Committee, to achievement of specified performance criteria within the vesting period. The duration of the vesting period and other vesting terms applicable to the grant of the RSUs shall be determined at the time of the grant by the Compensation Committee. Once the RSUs vest, the Participant is entitled to and will automatically receive the equivalent number of underlying Common Shares.

Expiry. The Compensation Committee determines the expiry date of an RSU in connection with each grant. The RSU will terminate and be cancelled if it is not vested and settled by its expiry date. The expiry date set by the Compensation Committee will be no later than (and, unless otherwise determined on the grant date by the Compensation Committee, will be) December 31st of the calendar year in which the third anniversary of the grant date occurs.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

As of the date of this Information Circular, no informed person of the Corporation, any proposed director of the Corporation, or any associate or affiliate of any informed person or proposed director has had a material interest in any transaction since the commencement of the Corporation’s most recently completed financial year or has a material interest in any proposed transaction which has materially affected or would affect the Corporation or any of its subsidiaries.

MANAGEMENT CONTRACTS

Except as set out herein, there are no management functions of the Corporation which are to any substantial degree performed by a person or Corporation other than the directors or executive officers of the Corporation.

CORPORATE GOVERNANCE

The Board believes that good corporate governance is critical to the performance and long-term success of the Corporation. Ethical business practices and a culture of integrity are the foundation on which

the Corporation is built, and the Board is committed to ensuring responsible governance practices permeate all levels of the organization. The Corporation's corporate governance practices and disclosure meet all legal and regulatory requirements applicable to it, including National Policy 58-201 – *Corporate Governance Guidelines*, NI 58-101, the requirements of the CBCA, and the requirements of the CSE.

Board of Directors

The Board facilitates the exercise of independent supervision over management by ensuring representation on the Board by directors who are independent of management. Directors are considered to be independent if they have no direct or indirect material relationship with the Corporation that could, in the view of the Board, reasonably interfere with the exercise of a director's independent judgement. For information regarding independence of directors nominees, see "*Business of the Meeting – Election of Directors*". As of the date of this Information Circular, the Corporation currently has a Board comprised of six (6) directors, the majority of whom are independent; the non-independent directors are Messrs. Bassam Alghanim and Sean Bovingdon. If the proposed six (6) director nominees are appointed at the Meeting, the majority of directors will be independent, and the non-independent directors will be Messrs. Bassam Alghanim and Sean Bovingdon.

Exercise of Independence by the Board

The independent directors are able to, and at ad hoc intervals, as necessary, meet without the presence of management to facilitate open and candid discussions and ensure that the Board may function independent of management. Throughout 2022, the independent directors met in camera, at a minimum, at each regular Board meeting.

On December 20, 2021, Mr. Jacques Dessureault was appointed Lead Director following certain changes on the Board and remained Lead Director following the BZAM Acquisition since the current Chairman, Mr. Bassam Alghanim, is not an independent director. In his role, Mr. Dessureault is responsible for facilitating the functioning of the Board independent of the senior management of the Corporation and the Chairman, in order to satisfy independence requirements under applicable Canadian securities law. Mr. Dessureault enhances the independence and effectiveness of the Board by serving as an independent leadership contact for the directors and management and fostering positive, professional and effective relationships between the Board and management. Mr. Dessureault provides an independent perspective to the Board and independent advice to the Chairman in support of the Chairman managing the affairs of the Board. He also assists and supports the Chairman in setting the "tone" for the Board so as to foster ethical and responsible decision making, appropriate oversight of management and best practices in corporate governance.

Other Reporting Issuer Experience

In accordance with the Corporation's Board Mandate, directors can serve on up to four public boards in total, including the Corporation. As at the date of this Information Circular, none of the directors serve on more than three other public boards and none of them currently sit together on the board of another public company. Please refer to a particular director's profile, under "*Business of the Meeting – Elections of Directors*" for information regarding other public directorship.

Meetings of the Board

Directors are expected to attend and participate in substantially all meetings of the Board and of all the committees of which they serve. They are expected to attend such meetings fully prepared, and remain in attendance for the duration of the meeting. The Board and the committees aim to hold all meetings in person or via video conference to facilitate the most effective and productive discussions and analysis. Where a director's absence from a meeting is unavoidable, the director is expected to contact the Chair, the CEO or Corporate Secretary as soon as possible for a briefing on the substantive elements of the meeting.

The following table sets out the meeting attendance record of the directors during the fiscal year end December 31, 2022:

Board Mandate

The full text of the Board’s written mandate is attached as Schedule “A”. The directors are stewards of the Corporation, responsible for the overall management and direction of the business and affairs of the Corporation. The Board is responsible for, amongst other things, overseeing the following:

- Strategic planning process;
- Identification of principal business opportunities;
- Identification of management of risks; and
- Internal controls and management information systems.

The Board discharges its responsibilities either directly or through its established committees. Each director ultimately assumes responsibility for keeping himself or herself informed about the Corporation’s business and relevant developments outside the Corporation that affect its business. Management assists directors by providing them with regular updates on relevant developments and other information that management considers of interest to the Board. Directors may also attend other Board committee meetings if they are not active members, to broaden their knowledge base and receive additional information on the Corporation’s business and developments in areas where they are not commonly exposed.

A copy of the Board Mandate is also available on the Corporation’s website: <https://bzam.com/>.

Board Committees

There are currently three committees of the Board: (a) the CGN Committee, (b) Compensation Committee, and (c) Audit Committee (collectively, the “Committees”), all of which are briefly described below. As of the date of this Information Circular, each of the Audit Committee and the CGN Committee is solely comprised of independent directors, and the Compensation Committee is comprised of a majority of independent directors. Each Committee has its own charter. Committee chairs report to the Board, providing updates on the Committee’s deliberations and any recommendations that require the Board’s approval. The Committees review their charter annually and update as necessary.

Committee Chairs

The Corporation has developed a written position description for Committee chairs. The relevant Committee charters guide the roles and responsibilities of the Committee chairs. The Committee chairs are responsible for, among other things, scheduling, setting agendas for and presiding over Committee meetings and acting as liaison between the Committee and the Board.

Corporate Governance & Nominating Committee

As at the date of this Information Circular, the following are members of the CGN Committee:

Chair: *Louis Sterling*

Other Members: *Chris Schnarr*
 Keith Merker

On January 2, 2018, the Board established the CGN Committee and adopted a CGN Committee Charter, which has been amended from time to time. The CGN Committee is responsible for all matters pertaining to corporate governance issues, new director nominees, as well as the size and composition of the Board and Board committees. In particular, the CGN Committee is responsible for: (a) developing and enforcing policy in the area of corporate governance and the practices of the Board in light of the Corporation's particular circumstances, the changing needs of investors and the Corporation, and changes in corporate governance guidelines; (b) preparing and recommending to the Board annually a statement of corporate governance practices to be included in the Corporation's information circular and ensuring that such disclosure is complete and provided in accordance with the regulatory requirements; (c) monitoring developments in the area of corporate governance and the practices of the Board and advising the Board accordingly; (d) developing, implementing, and maintaining appropriate policies with respect to disclosure, confidentiality and insider trading; (e) adopting a process for determining what competencies and skills the Board as a whole should have, and apply this result to the recruitment process for new directors; (f) identifying individuals qualified to become new Board members and recommending to the Board the new director nominees for the next annual meeting of shareholders; (g) developing a position description for the Chair of the Board and to assess the performance of the Chair of the Board; (h) reviewing on a regular basis, but not less than annually, the mandate of the Board, the charter of each of the Committees of the Board, and the methods and processes by which the Board fulfills its duties and responsibilities; and (i) annually review credentials of existing Board members to assess suitability for re-election; amongst other things.

The CGN Committee meets as required to review and make recommendations to the Board on all direct and indirect compensation, benefits and perquisites for senior management and directors of the Corporation. The Corporation's goal is to assemble a Board with the appropriate background, knowledge, skills and diversity to effectively carry out its duties, oversee the Corporation's strategy and business affairs and foster a climate that allows the Board to constructively guide and challenge management.

The Corporation expects all Board members to be, and the CGN Committee ensures they are, financially literate, independent minded and team players. The CGN Committee also considers the factors below when assessing potential candidates:

- the Board's overall mix of skills and experience;
- how actively Board candidates participate in meetings and develop an understanding of our business;
- their character, integrity, judgment and record of achievement; and
- diversity (including gender, aboriginal heritage, age, sexual orientation and geographic representation).

Four of the six (67%) current directors of the Corporation are independent. If all of the nominated directors are elected at the Meeting, four of the six (67%) directors of the Corporation will be independent.

Each of the nominated directors is eligible to serve as a director and has expressed their willingness to do so. Directors who are elected will serve until the end of the next annual meeting of Shareholders, or until a successor is elected or appointed. The Board does not limit the number of terms a director is eligible

to serve. Imposing a term limit means it may lose the contributions of longer serving directors who have developed a deep knowledge and understanding of the Corporation over time. The Corporation considers the benefits of regular renewal in the context of the needs of the Board at the time.

See “*Elections of Directors*” above for more information about the members of the Board.

The Corporation has not adopted a retirement policy or a term limit. The Corporation believes it would be unduly restrictive and not in the best interest of the Corporation to adopt specific director term limits. Industry knowledge and insights into the Corporation and its operations along with commitment and expertise are vital to the successful functioning of the Board. Board efficacy will be assured through annual and periodic comprehensive assessments of directors, and not through the imposition of arbitrary term limits. The CGN Committee chair is then responsible for reporting the findings and comments from all directors and reporting to the full board the collective assessment of the Board’s performance as well as the committees and individual directors. The Board will discuss the assessment reports and determine what, if necessary, action should be taken to improve performance. The directors’ completion of the Corporation’s Board Skills Matrix is also used to assess individual director’s competencies and strengths and the competency of the Board as a whole. The Board Skills Matrix assists in determining individual’s suitability to the Board and Board Committees.

The following table, being the Board Skills Matrix, sets out a non-exhaustive list of each proposed director’s skills and experiences, as disclosed by the individual director as of the date of this Information Circular.

In fulfilling its Charter, the CGN Committee is also responsible for establishing procedures for, and approving and ensuring provision of, an appropriate orientation and education program for new recruits to

the Board and continuing education for Board members. This includes periodically canvassing the directors to determine their training and education needs and interests, arranging ongoing visitation by directors to the Corporation's facilities and operations, and encouraging and facilitating presentations by outside experts to the Board or Committees on matters of particular importance or emerging significance. The CGN Committee also provides continuing education opportunities for all directors, so that individuals may maintain or enhance their skills and abilities as directors, as well as to ensure their knowledge and understanding of the Corporation's business remain current.

Chair: *Jacques Dessureault*

Other Members: *Louis Sterling*
Bassam Alghanim

On January 2, 2018, the Board established the Compensation Committee and adopted a Compensation Committee Charter, which has been amended from time to time. The Compensation Committee assists the Board with matters relating to the compensation and retention of key senior management employees, and in particular the CEO and the CFO. The responsibilities of the Compensation Committee include: (a) developing the Corporation's overall approach to compensation issues and, subject to approval by the Board, to implement and administer a system of compensation providing for short and longer term incentives, and which reflects superior standards of compensation practices and to continue to develop the Corporation's approach to compensation issues; (b) setting policies for senior officers' remuneration; (c) developing and implementing a process for assessing the effectiveness of the compensation policies, practices and remuneration of the Corporation and to report and make recommendations to the Board thereon; (d) recommending to the Board, human resources and compensation policies and guidelines; (e) ensuring that the Corporation has in place programs to attract and develop management of the highest calibre and a process to provide for the orderly succession of management, including receipt on an annual basis of any recommendations of candidates for the CEO and the CFO in this regard; (f) preparing an annual report to the Board on succession planning which should include policies and principles for CEO and the CFO selection and performance review; (g) undertaking an annual review of compensation issues and practices as they affect the Corporation and make a comprehensive set of recommendations to the Board during each calendar year; (h) overseeing the administration of the Corporation's compensation plans, including stock option plans, outside directors compensation plans, and such other compensation plans or structures as are adopted by the Corporation from time to time; and (i) reviewing and approving executive compensation disclosure to be made in the proxy circular prepared in connection with each annual general meeting of the Corporation; amongst other things. To make its recommendations on compensation, the Compensation Committee takes into account the types of compensation and the amounts paid to directors and senior officers of comparable Canadian companies.

Audit Committee

As at the date of this Information Circular, the following are members of the Audit Committee:

Chair: *Chris Schnarr*

Other Members: *Jacques Dessureault*
Keith Merker

The Audit Committee is currently comprised of three (3) directors, all of whom are independent and financially literate. The purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities by reviewing the financial information, which will be provided to the Shareholders and the public, the systems of corporate controls, which management and the Board have established, and overseeing the audit process. It has general responsibility to oversee internal controls, accounting and

auditing activities and legal compliance of the Corporation. The Audit Committee also is mandated to review and approve all material related party transactions.

Codes and Policies

On January 2, 2018, the Board approved a Code of Business Conduct and Ethics, a Disclosure & Confidentiality Policy, an Insider Trading Policy, a Majority Voting Policy, and a Compliance Policy (formerly, the Whistle Blower Policy), which have been amended from time to time to be aligned with best practices and for certain housekeeping updates. Copies of these policies are posted on the Corporation’s website. The Board continues to monitor compliance with its Code of Business Conduct and Ethics on an ongoing basis and discusses compliance at scheduled meetings of the Board no less than quarterly.

On March 10, 2019, the Board approved a formal written mandate, which is attached as Schedule “A”. On May 8, 2019, the Board approved written Share Ownership Guidelines, an Executive Compensation Claw-Back Policy, a Diversity & Inclusion Policy, Terms of Reference for the Chairman of the Board, Terms of Reference for the Chief Executive Officer, and Terms of Reference for Committee Chair, which have been reviewed and/or amended from time to time. On April 5, 2022, the Board approved Terms of Reference for the Lead Director. Copies of all the aforementioned documents are posted on the Corporation’s website <https://bzam.com/>.

Share Ownership Guidelines and Anti-Hedging Policy

The Corporation has adopted Share Ownership Guidelines (the “**Guidelines**”) which set minimum shareholding requirements for directors and certain executive officers. The Corporation believes the Guidelines provide a further incentive to directors, officers and senior executives to align with Shareholders’ interests. The Guidelines also disallow directors and certain executive officers from engaging in hedging against a decrease in the value of the Corporation. The Guidelines provide the following equity investment requirements, which may be satisfied through Common Shares, RSUs, in-the-money value of vested stock options or such other equity-based incentives as determined by the Board from time to time. In addition, for the purposes of determining compliance with the Guidelines, the ‘value’ of common shares held will be calculated using the higher of the (a) acquisition cost or (b) current market price. The Guidelines apply to the following individuals of the Corporation:

<u>Position</u>	<u>Aggregate Value</u>
Director	3 times annual cash retainer
Chief Executive Officer	3 times annual base salary
Other C-Suite Officers	2 times annual base salary
Other Senior Executives/Vice Presidents	1 times annual base salary

The minimum aggregate equity investment in the Corporation is expected to be satisfied within five (5) years of appointment or promotion. In the event a director’s, officer’s or senior executive’s compensation is increased or is promoted, he or she will have five (5) years from the date of such event to comply with the Guidelines in respect of the additional required amount. If a director, officer or senior executive has achieved the requisite equity investment level and subsequently falls below the applicable Guidelines solely due to a decline in the value of shares, the Guideline will be deemed satisfied for such director, officer or senior executive provided that such director, executive officer or senior executive maintains at least the equity investment held at the time compliance was achieved. In the event an officer or senior executive has not achieved his or her mandatory holding requirement by the requisite time period, the individual subject to the Guidelines must retain 50% of any after-tax proceeds received on the payout of RSUs in common shares until such individual’s ownership level has been met.

As of the date of this Information Circular, each of the directors, officers and required senior executives are in compliance with the Guidelines as the Guidelines allow the required equity investment to be accumulated within five (5) years of appointment.

Executive Claw-Back Policy

The Board formally adopted the following Executive Compensation Claw-Back Policy:

In the event of a restatement of Corporation's financial results, other than a restatement caused by a change in applicable accounting rules or interpretations, the result of which is that any performance-based compensation paid to an executive officer that would have been a lower amount had it been calculated on such restated results, the Board shall review such performance-based compensation. Restatements of financial statements may be due to material error, fraudulent behaviour or other intentional misconduct of executive officers of the Corporation.

If the Board determines that the amount of any performance compensation actually paid or awarded to an executive officer (the "**Awarded Compensation**") would have been a lower amount had it been calculated based on such restated financial statements (the "**Actual Compensation**"), then the Board may, seek to recover for the benefit of the Corporation the after-tax portion of the difference between the Awarded Compensation and the Actual Compensation (such difference, the "**Excess Compensation**"). In determining the after-tax portion of the Excess Compensation, the Board shall take into account its good faith estimate of the value of any tax deduction available to the executive officer in respect of such repayment. Before the Board determines to seek recovery pursuant to this policy, it shall provide to the applicable executive officer written notice and the opportunity to be heard, at a meeting of the Board.

If the Board determines to seek a recovery pursuant to this policy, it shall make a written demand for repayment from the executive officer and, if the executive officer does not within a reasonable period tender repayment in response to such demand, and the Board determines that he or she is unlikely to do so, the Board may seek a court order against the executive officer for such repayment. The Board may exercise its discretion in how to apply this claw-back in the event that a claw-back would cause financial hardship for an executive officer.

Diversity & Inclusion Policy

On June 22, 2020, the Corporation revised its Diversity & Inclusion Policy to promote a broader set of diversity goals and its Diversity & Inclusion Policy now centers on *designated groups* – having the meaning as defined in the *Employment Equity Act* (being women, visible minorities, Aboriginal peoples and persons with disabilities). The Corporation recognizes and embraces the benefits of having a board of directors and executive officers comprised of highly talented and experienced individuals, diverse in a broad array of attributes to enhance the quality of its performance and reflect the diversity of the Corporation's stakeholders. The Corporation is committed to ensuring that its Board and executive officers are reflective of diverse professional experience, skills, knowledge and other attributes that are essential to its successful operations and the achievement of the Corporation's current and future plans and objectives. The Corporation values the differences of people, cultures and ideas and approaches diversity with an inclusive mindset focusing on the inclusion of members of designated groups.

In support of this objective and in accordance with its Diversity & Inclusion Policy, the CGN Committee and the executive team (as appropriate) will, when identifying candidates to nominate for election to the Board or to appoint in an executive officer capacity:

- (a) will at all times select the candidate that possesses the highest qualifications to assist the Corporation in its objectives regardless of membership in a designated group, including whether the candidate is a woman;
- (b) consider the level of representation of members of the designated groups, including women, on the Board or in executive officer positions when making recommendations for nominees to the Board or for appointment as executive officers and in general with regard to succession planning for the Board and executive officers;

- (c) consider and recommend to the Board potential strategies for identifying and attracting members of the designated groups, including women, as candidates, such as leveraging industry contacts, maintaining an evergreen list of potential board candidates, and encouraging referrals from internal and external sources;
- (d) together with the CEO, consider and recommend to the Board potential strategies for identifying and attracting members of the designated groups, including women, for officer candidates, such as leveraging industry contacts and encouraging referrals from internal and external sources; and
- (e) to the extent required or desirable, engage qualified independent external advisors to assist the Board in conducting its search for director candidates that meet the Board’s criteria regarding skills, experience and diversity, specifically directed to include candidates who are members of designated groups, including women.

The representation of designated groups is one of many factors considered in the overall recruitment and selection process in respect of Board and executive officer positions at the Corporation. Given the nature and size of the Corporation’s business and its industry, it may from time to time be challenging for the Corporation to identify a qualified pool of candidates that adequately reflects the Corporation’s diversity values combined with the required professional skills. The Corporation has therefore not adopted any specific targets regarding the representation of women or members of other designated groups on the Board and in executive officer capacities, but will promote its objectives through the initiatives set out in this policy with a view to identifying and fostering the development of a suitable and diverse pool of candidates for nomination or appointment over time.

The Board will assess its progress in achieving the objectives of its Diversity & Inclusion Policy regarding the identification and nomination of candidates from designated groups for directors and executive officers on an annual basis. In this regard, the Corporation has started collecting voluntary self-identifying information from its directors, officers, and employees, and will be utilizing its data analytics platform in its system of records in order to determine whether its objectives are being met. Since implementation of its Diversity & Inclusion Policy, the representation of women has remained the same.

As at the date of this Information Circular, the Corporation had the following representation from each of the designated groups on its Board and among senior management:

Total Number of Directors on the Board and Senior Management Members	
Board	There are currently six (6) directors on the Board. If the proposed six (6) director nominees are appointed at the Meeting, the Board will remain at six (6) directors.

In addition to the above representation of designated groups among the Corporation’s Board and senior management, as of the date of this Information Circular, 45% of the Corporation’s total workforce identify as women. In late 2022, the Corporation commenced a voluntary disclosure initiative using a recruitment application tracking system (“ATS”). In early 2023, the Corporation launched an ATS and HRIS that would allow the Corporation to collect, albeit voluntary, track and analyze such data.

The Corporation is continuously evaluating new initiatives aimed at increasing representation of designated groups amongst its Board members and senior management and, in an effort to reflect the diverse nature of the business environment in which the organization operates, the Corporation will be working towards developing targets against which to measure its progress in future years. To achieve its diversity goals, the Board will be considering the identifiable groups for which it may consider setting targets, working to understand the demographic composition for which the Corporation should reflect, and setting measurable objectives against which it can base its future progress.

Shareholder Engagement Policy

On March 10, 2020, the Corporation adopted a Shareholder Engagement Policy to reinforce its commitment to meaningful communication and engagement with its shareholders, especially on topics related to governance and compensation practices. The Shareholder Engagement Policy describes the Board’s approach to shareholder engagement and provides information on how interested shareholders can contact the Board. The policy is available on the Corporation’s website at <https://bzam.com/>.

In addition to shareholders attending the annual meeting and posing questions to management in person or online, there are numerous external engagement activities that the Corporation participates in to allow the Corporation the opportunity to communicate with Shareholders and other stakeholders directly, including quarterly conference calls, site visits, and investor presentations, to name a few.

Advance Notice Provisions

On October 9, 2020 the Board approved the Amended and Restated By-Law No.1 that includes advance notice provisions (“**Advance Notice Provisions**”) that require advance notice must be provided to the Corporation in circumstances where nominations of persons for election to the Board are made by shareholders in accordance with and subject to the CBCA and Amended and Restated By-law No.1. The

Advance Notice Provisions set a deadline by which Shareholders must submit nominations (a “**Notice**”) for the election of directors to the Corporation prior to any annual meeting of Shareholders. In the case of an annual meeting of Shareholders, a Notice must be provided to the Corporation not less than 30 days and not more than 65 days prior to the date of the annual meeting, provided that if the annual meeting of Shareholders is called for a date that is less than 50 days after the date (the “**Notice Date**”) on which the first public announcement of the date of the annual meeting was made, the Notice must be given no later than the close of business on the tenth day following the Notice Date, and in the case of a special meeting of Shareholders called for the purpose of electing directors, not later than the close of business on the fifteenth day following the Notice Date. As of the date of this Information Circular, the Corporation has not received a notice of nomination in compliance with the Advance Notice Provisions.

Ethical Business Conduct

The Corporation has adopted additional measures beyond the Corporation’s Code of Business Conduct and Ethics and the monitoring of compliance with the Code, to promote a culture of ethical business conduct.

In the ordinary course of business, the Corporation enters into transactions with persons with which a director and/or employee may have a relationship. If any such transactions are brought before the Board for discussion or approval, the affected director declares a conflict of interest and withdraws from any discussion or vote on any such transaction.

As part of the Corporation’s commercial compliance program, the Corporation prepares training modules for employees, officers and directors in respect of compliance with the Corporation’s policies and procedures. The Corporation’s Compliance Policy supports maintenance of the highest possible ethical standards in our business practices, promotes a climate of openness and accountability and encourages employees to come forward in good faith to disclose genuine concerns and to detect, and/or forestall the continuation of, and prevent any violations of the Corporation’s internal policies and procedures.

Orientation and Continuing Education

The Corporation provides all directors an onboarding director’s manual containing the Board mandate, the charters of each board committee, terms of reference for the chairman, committee chair and CEO, the policies adopted by the Board and other corporate policies, a meeting schedule, contact lists for directors and senior management, copies of the most recent annual financial statements, MD&A, management information circular, annual information form and copies of equity-based compensation plans.

Our Board recognizes ongoing education as an important component of good governance. Although there is no formal continuing education program currently for the directors of the Corporation, the Corporation encourages directors to attend, enroll or participate in courses and/or conferences dealing with financial literacy, industry-specific, corporate governance and related matters.

At all times, the directors have access to officers and employees of the Corporation and may arrange meetings, either through the CEO or the Corporate Secretary. In addition, management provides briefings to directors with respect to the business and operations of the Corporation which are generally scheduled to coincide with the Corporation’s regular scheduled board meetings, and the directors perform annual site visits, when possible.

SCHEDULE A BOARD MANDATE

I. INTRODUCTION

The board of directors (the “**Board**”) of BZAM Ltd. (the “**Corporation**” or “**BZAM**”) believes that the principal objective of the Corporation is to generate economic returns to its shareholders. The Board believes that good corporate governance practices provide an important framework for a timely response by the Corporation’s Board to situations that may directly affect shareholder value.

The Board wishes to emphasize that the substance of good corporate governance at BZAM is more important than its form; adoption of a set of guidelines or principles or any particular practice or policy is not a substitute for, and does not itself assure, good corporate governance.

The Board has plenary power. Any responsibility not delegated to management or a committee of the Board remains with the Board.

II. BOARD OPERATING GUIDELINES

These guidelines govern how the Board will operate to carry out its duties of stewardship and accountability.

a. **The Board-Management Relationship**

- i. By law, the Board is called upon to “manage” or “supervise the management” of the business of the Corporation. At BZAM, the Chief Executive Officer (the “CEO”) is responsible for the day-to-day leadership and management of the Corporation and the Board supervises the CEO.
- ii. The CEO’s prime responsibility is to lead the Corporation. The CEO formulates the Corporation’s policies, strategic plans and goals, in conjunction with the Board. The Board approves the goals of the business, its objectives and policies within which it is managed, and then steps back and evaluates management performance. Reciprocally, the CEO keeps the Board fully informed of the Corporation’s progress towards the achievement of its goals and of all material deviations from the goals or objectives and policies established by the Board in a timely and candid manner.
- iii. Once the Board has approved the goals, strategies and policies, it acts in a unified and cohesive manner in supporting and guiding the CEO subject to its duty to act in the best interests of the Corporation.

b. **Chairman of the Board**

The chairman of the Board (the “**Chairman**”) will be appointed by the Board and has the responsibility to ensure the Board operates effectively and has the ability to act independently of management when necessary.

c. **Board Independence**

The Board must have the capacity, independently of management, to fulfill the Board’s responsibilities. The Board must be able to make an objective assessment of management and assess the merits of management initiatives. Independence is based upon the absence of relationships and interests that could compromise the ability of a director to exercise

judgment with a view to the best interests of the Corporation. Therefore, the Corporation is committed to the following practices:

- i. the appointment of a Chairman;
- ii. the recruitment of strong, independent directors;
- iii. the Board will be composed of a majority of Independent Directors. “**Independent Directors**” will have the meaning given to it under applicable securities legislation and stock exchange policies on which any of the Corporation’s capital stock is listed;
- iv. any director who is deemed independent and whose circumstances change such that he or she might be considered to no longer be an independent director, shall promptly advise the Board of the change in circumstances;
- v. the Governance and Nominating Committee leads the director selection/evaluation process and the CEO evaluation process;
- vi. all committees are constituted with a majority of whom will be independent directors; and
- vii. the independent directors meet at the end of every scheduled Board meeting under the leadership of the Chairman.

d. **Corporate Strategy**

Management is responsible for the development of an overall corporate strategy to be presented to the Board. The Board’s role is to ensure there is a strategic planning process, and then review, question, validate, and ultimately approve the strategic plan and monitor its implementation.

e. **Risk Management**

The Board, in conjunction with management, will identify the principal risks associated with the business and oversee management’s implementation of appropriate systems to effectively monitor, manage and mitigate the impact of such risks. The principal mechanisms through which the Board reviews risks are:

- i. on-going reports by the CEO;
- ii. the strategic planning process;
- iii. the Audit Committee; and
- iv. external reports, as appropriate.

f. **Succession Planning**

The Board considers succession planning and management development to be an ongoing process, including periodic reports to the Board by the CEO. The CEO’s view as to a successor in the event of unexpected incapacity should be discussed regularly with the Governance and Nominating Committee.

g. **Board Communications Policy**

- i. The Board approves the content of the Corporation's major communications to shareholders and the investing public, including the quarterly and annual press releases, the management proxy circular, the annual information form and any prospectuses that may be issued.
- ii. The Board believes that it is the function of management to speak for the Corporation in its communications with the investment community, the media, customers, suppliers, employees, governments and the general public. It is understood that individual directors may, from time to time, be requested by management to assist with such communications.
- iii. It is expected that when communications from stakeholders are made to individual directors, management will be informed and consulted to determine any appropriate response to be made by the Board or management, as the case may be.

h. **Evaluation of the Chief Executive Officer**

The Compensation Committee annually leads the Board in assessing the CEO's performance against objectives and other relevant criteria established the previous year by the Board and the CEO.

i. **Code of Conduct and Ethical Behaviour**

The Board expects all directors, officers and employees of the Corporation and its subsidiaries to conduct themselves in accordance with the highest ethical standards and adhere to the Corporation's *Code of Business Conduct and Ethics* (the "Code") in place from time to time.

j. **Conflict of Interest**

Directors must never be in an undisclosed conflict of interest with the Corporation. A director who has a real, perceived or potential conflict of interest regarding a particular matter under consideration should advise the Board, refrain from debate on the matter and abstain from any vote regarding that matter.

k. **Board Size and Composition**

- i. Nominees for directors are initially considered and recommended by the Governance and Nominating Committee of the Board, approved by the entire Board and elected annually by the shareholders of the Corporation.
- ii. The Board is committed to reviewing its size regularly and currently considers six directors to be an appropriate number for the size of the Corporation and sufficient to provide an appropriate mix of backgrounds and skills for the stewardship of the Corporation. In general, the Board believes smaller boards are more cohesive and work more effectively than larger Boards.
- iii. The Board is committed to maintaining and planning for a majority of independent directors. Any future expansion of the Board will be targeted to maintain a majority of the directors as independent.
- iv. At its meeting to approve the Information Circular for the Annual General Meeting of the shareholders of the Corporation, the Board shall consider and determine whether or not a director or nominee to be a director is independent.

- v. Certain of the responsibilities of the Board referred to herein may be delegated to committees of the Board. The responsibilities of those committees will be as set forth in their respective charters, as amended from time to time.

l. Criteria for Board Membership

- i. The Governance and Nominating Committee will annually review the general and specific criteria applicable to candidates to be considered for nomination to the Board, if applicable.
- ii. The objective of this review will be to maintain the composition of the Board in a way that provides the best mix of skills and experience to guide the long-term strategy and ongoing business operations of the Corporation.
- iii. This review will take into account the desirability of maintaining a reasonable diversity of background skills and experience and personal characteristics among the directors, and will take into consideration the Corporation's Diversity & Inclusion Policy, along with the key common characteristics required for effective Board participation.

m. Selection of New Directors

- i. The Board is responsible for identifying suitable candidates to be recommended for election to the Board by the shareholders and will give due consideration to the Corporation's Diversity & Inclusion Policy.
- ii. The Governance and Nominating Committee has the responsibility to:
 - A. lead the Board in assessing what competencies and skills are necessary for the Board as a whole to possess;
 - B. assess the competencies and skills of the existing directors; and
 - C. assess the competencies and skills of any new nominee to the Board, against the current skills and experience needs of the Board and make recommendations to the full Board.
- iii. All directors are encouraged to identify potential candidates for new directors.
- iv. The CEO provides additional direct input to the process.
- v. An invitation to stand as a nominee for election to the Board will normally be made to a candidate by the Board through the Chairman.

n. Directors' Outside Board Membership

- i. *Interlocking Boards*
 - A. No two directors shall sit together on two or more public company corporate boards, inclusive of the Corporation, without the approval of the Board.
 - B. If such a situation does exist on the Board, the Governance and Nominating Committee shall annually review the continued appropriateness of the situation and make a recommendation to the Board.

ii. *Multiple Board Memberships*

- A. No director shall sit on four or more public company corporate boards, inclusive of the Corporation, without the approval of the Board.
- B. If any director does sit on four or more public company corporate boards (inclusive of the Corporation), the Governance and Nominating Committee shall annually review the appropriateness of that director's continued membership on the BZAM Board and make a recommendation to the Board.

The Board recognizes that participation on a board of directors requires a commitment of time on the part of any director. The person best able to determine whether he or she has sufficient time available to participate as a director of a company is the director in question. Many factors impact the amount of time a director may have to devote to board duties. In circumstances where a director has full time employment in addition to his or her duties as a director, that time may be more limited than that of a director without a full-time position. Certain board assignments carry requirements for varying amounts of time, often depending on the size of a company or the complexity of its operations. In determining whether to grant approval for an individual to sit on more than four public company boards, the Governance and Nominating Committee will enter into discussions with the director involved to ensure that he or she has the time available to discharge his or her responsibilities appropriately.

o. **Director Retirement Age**

There is no retirement policy for directors.

p. **Term**

Directors are elected or re-elected annually by shareholders. There is an informal expectation by the Board that each director will commit to serving his or her term at least until the next annual shareholders' meeting. The Board does not believe that it should establish a limit on the number of times a director may stand for election. While the Board is committed to maintaining a highly effective Board and recognizes the value of Board renewal where fresh ideas and viewpoints are available, the Board believes it would be unduly restrictive and not in the best interests of the Corporation to adopt specific director term limits. Industry knowledge and insights into the Corporation and its operations along with commitment and expertise are vital to the successful functioning of the Board.

Board efficacy will be assured through the annual and periodic comprehensive assessment of directors, the Board and its committees, the annual consideration of Board composition by the Governance and Nominating Committee and the processes for identifying director nominees to be recommended for election to the Board by the shareholders, and not through the imposition of arbitrary term limits. For additional information regarding Board evaluation, please refer to section "z" below.

q. **Board Meetings and Agendas**

- i. The Board meets a minimum of four times per year, usually every quarter.
- ii. The CEO, in consultation with the Corporate Secretary and the Chairman, develops the agenda for each Board meeting. All directors are free to suggest items to be included on the agenda.

- iii. Under normal circumstances, the agenda and materials will be distributed to directors not less than seven days in advance of the meeting.
- iv. The Board may adopt the use of consent resolutions for its convenience from time to time.
- v. A quorum for the transaction of business at any meeting of the directors shall consist of majority of the directors present. A quorum of directors may exercise all the powers of the directors at a meeting.
- vi. A director may participate in a Board meeting by means of such telephonic, electronic or other communication facilities as to permit all persons participating in the meeting to communicate adequately with each other. Any member participating in said meeting by any such means is deemed to be present at the meeting.
- vii. Directors will maintain the absolute confidentiality of Board deliberations and decisions and information received at meetings, except as may be specified by the Chairman, if the information is publicly disclosed by the Corporation, or as required by applicable law. The views or opinions of individual directors or managers shall be treated with an appropriate level of respect and confidence.
- viii. At Board and committee meetings there exists an open atmosphere that encourages discussion of alternative views. From time to time, informal offsite sessions may be held to further enhance/encourage discussion of ideas, strategies and issues.
- ix. Directors are expected to attend all meetings of the Board and the committees upon which they serve, to come to such meetings fully prepared (including full review of all documentation sent prior to the meeting), and to remain in attendance for the duration of the meeting. Where a director's absence from a meeting is unavoidable, the director should, as soon as practicable after the meeting, contact the Chairman, the CEO or the Corporate Secretary for a briefing on the substantive elements of the meeting.

r. Meetings of Independent Directors

- i. At the end of each Board meeting, the independent directors shall meet briefly under the leadership of the Chairman.
- ii. The purpose of the meeting will be to provide an opportunity for the independent directors to raise issues that they did not wish to discuss with management present. Matters that are commonly discussed in-camera include:
 - A. Board issues such as internal problems and factions;
 - B. Board objectives and performance;
 - C. Board and management succession planning;
 - D. Reviewing the CEO's performance, compensation and employment status;
 - E. Reviewing personnel and employment/labour matters;
 - F. Discussing government policies and their implications for the organization; and

G. Discussing legal advice and litigation

iii. The Chairman will meet with the CEO, if applicable, to discuss the results of the meeting.

s. **Board Meetings**

The Board shall have a minimum of four regularly scheduled meetings per year. In addition, special meetings may be called from time to time as determined by the needs of the Corporation's business.

t. **Board Information**

i. Material distributed to the directors in advance of Board meetings shall be concise, yet complete, and prepared in a way that focuses attention on critical issues to be considered.

ii. Reports may be presented during Board meetings by directors, management or staff, or by invited outside advisors. Presentations on specific subjects at Board meetings shall briefly summarize the material sent to directors, so as to maximize the time available for discussion on questions regarding the material.

iii. It is recognized that under some circumstances, due to the confidential nature of matters to be discussed at a meeting, it would not be prudent or appropriate to distribute written material in advance.

u. **Board Minutes**

The Chairman and CEO shall be provided with draft minutes of each meeting of the Board in a timely manner. The approved minutes serve as the official record of the Board meeting.

v. **Non-Directors at Board Meetings**

i. The Board appreciates the value of having certain members of senior management attend Board meetings to provide information and opinion to assist the directors in their deliberations.

ii. The CEO, in consultation with the Chairman, will determine who shall attend Board meetings and for which agenda items. For issues that fall within the charter of a committee, a committee chair may also recommend non-directors attendees to the Chairman;
