**Stem Holdings, Inc.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**1. Incorporation, Operations and Liquidity**

Stem Holdings, Inc. (the “Company”) is a Nevada corporation incorporated on June 7, 2016. The Company intends to purchase, improve, and lease properties for use in the cannabis production, distribution and sales industry beginning in the state of Oregon. In September and October 2016, the Company subleased its first production facility and acquired its first commercial location, respectively. In February 2017 and May 2017, the Company acquired its second commercial location and acquired its second production facility, respectively. The Company intends to enter into 4 leases for these properties (see Note 7).

As shown in the accompanying consolidated financial statements, the Company has experienced recurring losses, and has accumulated a deficit of approximately \$4,430,432 as of March 31, 2018. For the six months ended March 31, 2018 we had a net loss of \$1,596,081. The Company has entered into four leases with tenants in which it has committed the Company to improve those properties which will require additional funding in the amount of \$750,000. In addition, the Company continues to work towards acquiring additional properties to lease to cannabis operators to grow its business. To date, the Company has raised substantial funds through private placements. After March 31, 2018, the Company has continued to raise funds through private placements, debentures and other transactions. The Company also expects that its cash outflow from operation will decrease in fiscal year 2018 as three of its four subleases to cannabis operators begin generating cash flow in the fourth quarter of the fiscal year and its current cash balance plus expected private placement and other investment proceeds allow it to continue operating and build out its properties.

**2. Summary of significant accounting policies**

**Basis of preparation**

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”). The condensed financial statements included herein are unaudited. Such financial statements, in the opinion of management, contain all adjustments necessary to present fairly the financial position and results of operations as of and for the periods indicated. All such adjustments are of a normal recurring nature. These interim results are not necessarily indicative of the results to be expected for the year ending

September 30, 2018 or for any other period. Certain information and footnote disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission, and because of this, for further information, readers should refer to the financial statements and footnotes included in its Form 10 for the fiscal year ended September 30, 2017 filed on January 16, 2018. The Company believes that the disclosures are adequate to make the interim information presented not misleading.

#### Principals of Consolidation

The accompanying consolidated financial statements include the accounts of Stem Holdings, Inc. and its wholly-owned subsidiary, Patch International, Inc. All material intercompany accounts, transactions, and profits have been eliminated in consolidation.

6

#### Revenue Recognition

The Company recognizes rental revenue from tenants, including rental abatements, lease incentives and contractual fixed increases attributable to operating leases, on a straight-line basis over the term of the related leases when collectability is reasonably assured. The Company makes estimates of the collectability of its tenant receivables related to base rents, straight-line rent and other revenues. In the current fiscal year, the Company began significant rental operations. The Company considers such things as historical bad debts, tenant creditworthiness, current economic trends, facility operating performance, lease structure, developments relevant to a tenant's business, and changes in tenants' payment patterns in its analysis of accounts receivable and its evaluation of the adequacy of the allowance for doubtful accounts. Specifically, for straight-line rent receivables, the Company's assessment includes an estimation of a tenant's ability to fulfill its rental obligations over the remaining lease term.

#### Real Estate Acquisition Valuation

All assets acquired and liabilities assumed in an acquisition of real estate are measured at their acquisition date fair values. The acquisition value of land, building and improvements are included in real estate investments on the accompanying consolidated balance sheets. Acquisition pursuit costs associated with asset acquisitions are capitalized. The Company has early adopted ASU 2017-01, which clarifies the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as businesses acquisitions. As a result of early adopting ASU 2017-01, real estate acquisitions did not meet the definition of a business combination and were deemed asset acquisitions, and the Company therefore capitalized its acquisition pursuit costs associated with these acquisitions.

#### Reclassifications

Certain amounts in the Company's consolidated financial statements for prior periods have been reclassified to conform to the current period presentation. These reclassifications have not changed the results of operations of prior periods.

#### Use of estimates

The preparation of these financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and judgments used are based on management's experience and the assumptions used are believed to be reasonable given the circumstances that exist at the time the financial statements are prepared. The significant estimates included in these financial statements are those associated with the assumptions used to value options issued to consultants and the estimated rent payment deferral period at inception of its cannabis operation subleases. Actual results may differ from these estimates.

#### Warrants to Purchase Common Stock and Other Derivative Financial Instruments

We classify as equity any contracts that require physical settlement or net-share settlement or provide us a choice of net-cash settlement or settlement in our own shares (physical settlement or net-share settlement) provided that such contracts are indexed to our own stock. We classify as assets or liabilities any contracts that require net-cash settlement (including a requirement to net cash settle the contract if an event occurs and if that event is outside our control) or give the counterparty a choice of net-cash settlement or settlement in shares (physical settlement or net-share settlement). We assess the classification of warrants issued to purchase our common stock and any other financial instrument at each reporting date to determine whether a change in classification between assets and liabilities is required.

#### Cash and cash equivalents

Cash and cash equivalents include short-term investments with original maturities of three months or less and are recorded at cost, which approximates fair market value given the short-term nature.

7

#### Concentrations of Credit Risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash. As of March 31, 2018, the Company had deposits in a major financial institution in excess of the FDIC insurance limit. The Company believes the risk of loss to be minimal as it maintains its cash balances at well capitalized financial institutions.

## Carrying value, recoverability and impairment of long-lived assets

The Company follows Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 360 to evaluate its long-lived assets. The Company’s long-lived assets, which include property and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company does not test for impairment in the year of acquisition of properties so long as those properties are acquired from unrelated third parties.

The Company assesses the recoverability of its long-lived assets by comparing the projected undiscounted net cash flows associated with the related long-lived asset or group of long-lived assets over their remaining estimated useful lives against their respective carrying amounts. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. Fair value is generally determined using the asset’s expected future discounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated and amortized over the newly determined remaining estimated useful lives.

The Company considers the following to be some examples of important indicators that may trigger an impairment review: (i) significant under-performance or losses of assets relative to expected historical or projected future operating results; (ii) significant changes in the manner or use of assets or in the Company’s overall strategy with respect to the manner or use of the acquired assets or changes in the Company’s overall business strategy; (iii) significant negative industry or economic trends; (iv) increased competitive pressures; (v) a significant decline in the Company’s stock price for a sustained period of time; and (vi) regulatory changes. The Company evaluates assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events.

Through March 31, 2018 the Company has not experienced impairment losses on its long-lived assets.

## Capitalization of Project Costs

The Company’s policy is to capitalize all costs that are directly identifiable with a specific property, would be capitalized if the Company had already acquired the property, and when the property, or an option to acquire the property, is being actively sought after, and either funds are available or will likely become available in order to exercise their option. All amounts shown capitalized prior to acquisition of a property are included under the caption of Project Costs in the balance sheet.

## Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of currently due plus deferred taxes. Deferred tax assets and liabilities are determined based on differences between financial reporting carrying amounts and the respective tax bases of assets and liabilities and are measured using tax rates and laws that are expected to be in effect when the differences are expected to be recovered or settled. Valuation allowances are provided against deferred tax assets if it is more likely than not that the deferred tax assets will not be realized.

8

The Company follows the guidance of FASB ASC 740-10 which relates to the Accounting for Uncertainty in Income Taxes, which seeks to reduce the diversity in practice associated with the accounting and reporting for uncertainty in income tax positions. This interpretation prescribes a comprehensive model for financial statement recognition, measurement, presentation and disclosure of uncertain tax positions taken or expected to be taken in income tax returns.

## Fair value of financial instruments

As defined in the authoritative guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. To estimate fair value, the Company utilizes market data or assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The authoritative guidance establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (“Level 1” measurements) and the lowest priority to unobservable inputs (“Level 3” measurements). The three levels of the fair value hierarchy are as follows:

Level 1 — Observable inputs such as quoted prices in active markets at the measurement date for identical, unrestricted assets or liabilities.

Level 2 — Other inputs that are observable, directly or indirectly, such as quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 — Unobservable inputs for which there is little or no market data and which the Company makes its own assumptions about how market participants would price the assets and liabilities.

In instances in which multiple levels of inputs are used to measure fair value, hierarchy classification is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company’s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

## Earnings per share

The Company presents basic and diluted per share amounts (“EPS”) data for its common shares. Basic EPS is calculated by dividing the profit or loss attributable to common shareholders of the Company by the weighted average number of common shares outstanding during the period. Diluted loss per share is calculated based on the weighted-average number of outstanding common shares plus the effect of dilutive potential common shares, using the treasury stock method. The Company’s calculation of diluted net loss per share excludes potential common shares as of March 31, as the effect would be anti-dilutive (i.e. would reduce the loss per share).

As of March 31, 2018, the Company had issued 916,666 options and warrants exercisable into the common stock of the Company outstanding (see Note 6).

#### Advertising Costs

The Company follows the policy of charging the cost of advertising to expense as incurred. Advertising expense was \$18,880 for the six months ended March 31, 2018 and \$17,939 for 2017.

9

#### Emerging Growth Company

The Company has elected to be an emerging growth company as defined under the Jumpstart Our Business Startups Act of 2012 (“Jobs Act”). Included with this election, the Company has also elected to use the provisions within the Jobs Act that allow companies that go public to continue to use the private company adoption date rules for new accounting policies. Should the Company obtain revenues in excess of \$1 billion on an annual basis, have its non-affiliated market capitalization increase to over \$700 million as of the last day of its second quarter, or raise in excess of \$1 billion in public offerings of its equity or instruments directly convertible into its equity, it will forfeit its status under the Jobs Act as an emerging growth company.

#### Property and Equipment

Property and equipment is stated at cost less accumulated depreciation and is depreciated using the straight-line method over the assets’ estimated useful life as follows:

Buildings	20 years
Leasehold improvements	Shorter of term of lease or economic life of improvement
Furniture and equipment	5 years
Signage	5 years
Software and related	5 years

Normal maintenance and repairs for equipment are charged to expense as incurred, while significant improvements are capitalized.

#### Related parties

Parties are considered to be related to the Company if the parties, directly or indirectly, through one or more intermediaries, control, are controlled by, or are under common control with the Company. Related parties also include principal owners of the Company, its management, members of the immediate families of principal owners of the Company and its management and other parties with which the Company may deal with if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

### 3. Property, Plant & Equipment

At March 31, 2018 property and equipment consisted of the following:

Automobile	\$ 18,275
Signage	19,118
Furniture and equipment	436,586
Leasehold improvements	1,575,161
Buildings and property improvements	4,688,506
Land	300,000
Software and related	56,640
Subtotal	7,094,286
Accumulated depreciation and amortization	(322,557)
Property, plant and equipment, net	\$6,771,729

(1) Because the Company closed on the acquisition of the Mulino property (see Note 9) in January 2018, the Company has treated the costs to improve the property as building improvements and not as project costs as of March 31, 2018.

On November 1, 2016, the Company acquired certain real property located at 1027 Willamette Street, Eugene, OR 97401 (the “Property”) for a total cash purchase price plus closing costs of approximately \$918,000.

On February 6, 2017, the Company acquired certain real property located at 7827 SE Powell Blvd, Portland, OR 97206 (the "Property") for a total purchase price plus closing costs of approximately \$656,498. As part of the consideration for closing on the property, the Company issued a short term note payable to the seller in the Amount of approximately \$304,000. The note is non-interest bearing and requires four monthly payments of \$75,000 plus a final payment for the remaining amount due immediately thereafter plus fees. Due to the short-term nature of the note, the Company has not imputed any interest as it would be immaterial to the results for the period. The Company and note holder are negotiating an agreement to reduce the obligation by \$75,000 which is the balance due under the note, due to the Seller breaching certain sections of the Purchase and Sale Agreement dated November 15, 2016. As of March 31, 2018, the balance owed on the note was approximately \$79,000.

[Insert re: Mulino Farm Acquisition]

Depreciation and amortization expense was \$193,339 for the six months ended March 31, 2018 and \$40,381 for 2017.

#### **4. 2016 Stock Plan**

In 2016, the Company adopted a plan to allow the Company to compensate prospective and current employees, directors and consultants through the issuance of equity instruments of the Company. The plan has an effective life of 10 years. The plan is administered by the board of directors of the Company until such time as the board transfers responsibility to a committee of the board. The plan is limited to issuing common shares of the Company up to 15% of the total shares then outstanding. No limitations exist on any other instruments issuable under the plan. In the event of a change in control of the Company, all unvested instruments issued under the plan become immediately vested.

#### **5. Notes Payable**

In November 2017, the Company entered into a promissory note in the amount of \$21,749 from a vendor of the Company. The promissory note bears an interest rate of 18% per annum and also contains a 10% servicing fee. The note matures 24 months after issuance and is secured by certain security electronics purchased with proceeds of the note.

The Company issued a \$100,000 promissory note dated December 7, 2017 to accredited investor which matures March 7, 2018 and has an annual rate of interest at 24%. Both principal and interest is due at maturity. The promissory note ranks senior to all obligations not designated as a primary obligation by the Company. As an inducement to issue the promissory note, the Company granted the holder warrants to acquire 20,833 shares of the Company's common stock. The warrant has an exercise price of \$2.40 per underlying common share and are exercisable for 2 years from the anniversary date of issuance (see Note 6). This obligation fully repaid on March 28, 2018.

The Company issued a \$100,000 promissory note dated December 1, 2017 to accredited investor which matures March 1, 2018 and has an annual rate of interest at 24%. Both principal and interest is due at maturity. The promissory note ranks senior to all obligations not designated as a primary obligation by the Company. As an inducement to issue the promissory note, the Company granted the holder warrants to acquire 20,833 shares of the Company's common stock. The warrant has an exercise price of \$2.40 per underlying common share and are exercisable for 2 years from the anniversary date of issuance (see Note 6). On March 1, 2018, pursuant to the First Amendment to Loan Agreement and Promissory note, the parties agreed to extend the note for one more year which includes the following terms; (1) interest payment of \$6,000 due from the original note is to be paid (2) interest rate decreases from an annual rate of 24% to 8% (3) the Company has the right to prepay the note combined with accrued interest at any time prior to maturity (4) the lender has the right to call the note together with accrued interest not less than 30 days written notice to the Company (5) at any time prior to maturity of the note, lender has the option to convert the indebtedness with accrued interest into the Company's common stock at the rate of \$2.40 a share. At issuance, the Company determined that there was no beneficial conversion feature.

11

As of February 2018, the Company entered into a 10-month premium finance agreement in partial consideration for an insurance policy in the principal amount of \$216,086. The note bears an annual interest rate of 5.75% and requires the Company to make ten monthly payments of \$22,105 over the term of the note. As of March 31, 2018, the obligation outstanding is \$198,943.

Effective March 2, 2018, the Company entered into a 10-month premium finance agreement in partial consideration for an insurance policy in the principal amount of \$8,836. The note bears an annual interest rate of 5.75% and requires the Company to make ten monthly payments of \$904 over the term of the note. As of March 31, 2018, the obligation outstanding is \$8,135.

On January 16, 2018 the Company consummated a "Contract for Sale" for a Farm Property in Mulino OR (the "Mulino Property"). The purchase price was \$1,700,000 which was reduced by a rental credit of approximately \$135,000 which is equivalent to nine months' rent at \$15,000 a month and a additional credit of \$9,500 for additional work done on the property. In connection with the purchase of the property, the Company made a cash payment as down payment plus payment of closing costs in the amount of \$370,637 and issued a promissory note in the amount of \$1,200,000 with a maturity of January 2020. The Company will pay monthly installments of principal and interest (at a rate of 2% per annum) in the amount of \$13,500, commencing in July 2018 through the maturity date (January 2020), at which time the entire unpaid principal balance and any remaining accrued interest shall be due and payable in full. The note is secured by a deed of trust on the property.

#### **Mortgage payable**

On February 28, 2018, the Company executed a \$550,000 mortgage payable on the Willamette property to acquire additional funds. The mortgage bears interest at 15% per annum. Monthly interest only payments began March 1, 2018 and continue each month thereafter until paid. The entire unpaid balance is due on March 1, 2020, the maturity date of the mortgage, and is secured by the underlying property. The mortgage terms do not allow participations by the lender in either the appreciation in the fair value of the mortgaged real estate project or the results of operations of the mortgaged

real estate project. For the six months ended March 31, 2018, interest expense related to this mortgage amounted to \$6,875. The note has been cross guaranteed by the CEO and Director of the Company.

Pursuant to these agreements, 10,000 options vests immediately, 5,000 options vest on the first anniversary and the balance of 10,000 options will vest on the second anniversary date. In total, the Company recorded stock-based compensation expense to the directors and officers of \$19,500 as a result of these options in the six months ended March 31, 2018.

The fair values of the options granted during the quarter ended December 31, 2017 were determined using the Black-Scholes option pricing model with the following weighted-average assumptions:

Risk-free interest rate	5.00%
Expected term:	4 years
Expected dividend yield:	0.00%
Expected volatility:	126.6%

The options issued in the six months ended March 31, 2018 noted above were valued at inception at the fair value of \$2.22 per share.

13

## Warrants

The fair values of the warrants granted during the term of the agreement in connection with promissory notes issued (see Note 5) were determined using the Black-Scholes option pricing model with the following weighted-average assumptions:

Risk-free interest rate:	5.00%
Expected term:	4 years
Expected dividend yield:	0.00%
Expected volatility:	126.6%

The valuation of the warrants was \$92,499 which has been recorded as a debt discount and is being amortized over the life of the loans on a straight-line basis to interest expense. As of March 31, 2018, \$0 remained unamortized.

## 7. Commitments and contingencies

In July 2016, the Company entered into a 10-year lease for a commercial building from an unrelated third party in Springfield, Oregon. At the time the original lease was entered into, the Company had expected to close on significant subscriptions from its private placement. However, when those did not immediately materialize, the Company entered into an agreement with the landlord to cancel the lease and in addition, paid the landlord \$15,000 not to rent out the property until such time the Company could enter into a new lease. In September 2016, the Company entered into a new 10-year lease with the landlord that commenced in November 2016. The lease requires the Company to pay a base rental fee of \$7,033 plus an additional estimated \$315 per month in real estate taxes in which the base rental fee escalates each year by approximately 2%. All taxes (including reconciling real estate taxes), maintenance and utilities are included at the end of each year as a one-time payment. In addition, the Company also remitted \$14,000 for a security deposit to the landlord. No amounts have been recorded for deferred rent in these financial statements as the amount was deemed immaterial by the Company. The Company has subleased this space pursuant to a 10-year lease. On February 22, 2018, both parties executed a lease addendum that adds contiguous property for 12,322 square feet. The term commences November 1, 2017 and continues through November 31, 2026 at a rate of \$3,525 a month that escalates 3% per year.

In August 2016, the Company and certain shareholders of the Company entered into a “Multi Party” Agreement, in which the Company became obligated to lease or acquire three separate real estate assets, and separately, if certain events occur, additional real estate assets held by entities related to those shareholders. The Agreement also gives the Company the right of first refusal in regard to certain properties owned by the persons and entities affiliated with the parties of the Agreement so long as certain targets are met.

Should the Company obtain in excess of \$10,000,000 through a combination of its private placements and its merger with Patch Holdings, Inc., it is required to purchase certain real estate properties owned by entities affiliated with certain of its shareholders. In addition, if the Company obtains in excess of \$13 million through a combination of private placements and its merger with Patch Holdings, Inc., the cannabis affiliates become obligated to purchase preferred stock of the Company in an amount equivalent to 50% of their post-tax net operating income.

Certain shareholders of the Company have begun organizing entities that will operate directly in the cannabis industry, and the Company leases its properties to these entities. The Multi Party Agreement also requires that in the event that the US Government amends Title 21 of the United States Code, otherwise known as the Controlled Substances Act, to remove cannabis as a Schedule I drug, and the Company raises more than \$10 million in equity and merger funding, the Company is required to enter into agreements to acquire those related entities and issue such equity that the shareholders of the related entities obtain 75% of the then issued and outstanding equity of the Company, regardless of the profitability or financial condition of the related entities at the time of their acquisition.

14

In February 2017, the Company entered into an advisory agreement with an unrelated third party with a term of 12 months. As part of that agreement, the third party agreed to provide assistance for the Company with respect to eligibility for becoming quoted on the OTCQB/OTCQX and advising and assisting the Company in complying with its ongoing OTCQB/OTCQX disclosure obligation under current federal and state securities laws. These services to the Company are exchanged for a \$10,000 upfront payment, and \$5,000 payment upon the acceptance on OTCQB/OTCQX. Parties have verbally agreed. In November 2017, the Company entered into a consulting agreement with an unrelated third party with a term of 12 months. As part of that agreement, the third party agreed to provide assistance for the Company with respect to business affairs relating to business consolidations and financing. As consideration for these services, the Company has agreed to issue to the consultant options to acquire up to 100,000 shares of common stock of the Company.

In March 2018, the Company entered into a 3-year lease for the occupancy of the Company’s corporate office located in Boca Raton, Florida. The lease requires the Company to pay a base rental fee of \$3,024 per month. All taxes, maintenance and utilities are billed separately. In addition, the Company also remitted \$6,048 or a security deposit to the landlord. The landlord provided the Company with 2 free months.

January 16, 2018 the Company consummated a “Contract for Sale” for a Farm Property in Mulino OR (the “Mulino Property”). The purchase price is \$1,700,000 which is reduced by a rental credit of approximately \$135,000 which is equivalent to nine months’ rent at \$15,000 a month and a additional credit of \$9,500 for additional work done on the property. In connection with the purchase of the property, the Company made a cash payment in the amount of \$370,637 and issued a promissory note in the amount of \$1,200,000 with a maturity of January 2020. The Company will pay monthly installments of principal and interest (at a rate of 2% per annum) in the amount of \$13,500, commencing in July 2018 through the maturity date (January 2020), at which time the entire unpaid principal balance and any remaining accrued interest shall be due and payable in full.

## Property Rental Agreements

### *1027 Willamette*

In July 2017, the Company entered into an operating lease agreement with a marijuana dispensary (the “Lessee”) to move into the Company’s acquired property located at 1027 Willamette Street in Eugene, Oregon. The lease agreement is for a base term of ten years (see note below) and a monthly rent obligation of \$13,800, subject to annual increases of 3% per year, plus an amount for additional rent based on final buildout costs incurred by the Company. The lease is a double net lease with maintenance and real property taxes to be paid by the Tenant and insurance costs paid by the Company. The Company provided the tenant with one month of free rent. Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for one five-year term, on the same terms as provided in the lease agreement.

### *Springfield Suites*

In July 2017, the Company entered into a lease agreement for its property and warehouse building located at 800 N 42nd street in Springfield, Oregon. The lease agreement is for a term of ten years (see note below) and a monthly rent obligation of \$18,750, subject to annual increases of 3% per year plus an amount for additional rent based on final buildout costs incurred by the Company. The lease is a double net lease with maintenance and real property taxes shall be paid by the Tenant and insurance costs paid by the Company. Rent payments will begin at the of the first growing season, which the Company currently estimates will occur in August 2018, and thus payments will commence in September 2018. The Company expects to treat such period as a free rental period for accounting purposes. At the time rental payments begin, the total of base rent and additional rent will not be less than \$1.00 per foot for light assisted greenhouse and \$.25 per usable square foot for un-light assisted greenhouse or outdoor grow space.

Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for five-year term, on the same terms as provided in the lease agreement.

### *7827 SE Powell*

In July 2017, the Company entered into a lease agreement for its acquired property located at 7827 SE Powell Blvd. in Portland, Oregon. The lease agreement is for a term of ten years and a monthly rent obligation of \$6,523, subject to annual increases of 3% per year. Maintenance and real property taxes shall be paid by the Tenant and insurance paid by the Company. Additional rents will be added to pay landlord back for tenant improvements by the end of the first term of the lease, payments will include annual interest at 12% compounded monthly. Rent payments commence on the date the growing season ends, which the Company currently estimates will occur in August 2018, and thus expects payments to begin in September 2018. The Company has treated this period as a free rental period for accounting purposes. Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for five-year term, on the same terms as provided in the lease agreement.

During the six months ended March 31, 2018, the Company incurred total rent expense of \$98,423. As of March 31, 2018, the Company has recorded a long-term asset for the straight lining of rent under the rental leases to the cannabis operators of approximately \$863,030.

## **8. Subsequent events**

Subsequent to March 31, 2018, and up to the date of this filing, we have raised \$340,000 as part of our continuing private placement at \$2.40 per share. As of the date of this filing, we have issued 0 shares on account of these sales and are committed to issue an additional 141,667 shares.

On April 30, 2018, the Company entered into a one-year engagement agreement with a new Director. Pursuant to the engagement agreement, the Company will compensate the Director with 50,000 options to purchase the Company’s common stock at \$2.40 vesting at 12,500 options a quarter expiring in 4 years. The engagement letter may be terminated upon thirty days written notice by either party.

On April 4, 2018, the Company executed a \$316,000 mortgage payable to acquire additional funds. The mortgage bears interest at 15% per annum. Monthly interest only payments began May 1, 2018 and continue each month thereafter until paid. The entire unpaid balance is due on April 1, 2020, the maturity date of the mortgage, and is secured by the underlying property. The mortgage terms do not allow participations by the lender in either the appreciation in the fair value of the mortgaged real estate project or the results of operations of the mortgaged real estate project.

For the three and six months ended March 31, 2018, the unaudited interim financial statements have been prepared by management in accordance with the condensing rules of the United States Securities and Exchange Commission.

## OVERVIEW

Stem Holdings, Inc. (the “Company” or “Stem”) is a Nevada corporation incorporated on June 7, 2016. The Company was formed to purchase, improve, and lease properties and finance assets which are operated by third parties and are used for the cultivation and retail sale of marijuana. During the year ended September 30, 2017, the Company was an early stage company which was only engaged in initial capital formation, initial property purchases, leasing activities and general and administrative activities related to the formation and early operation of the company. Given that the Company was only formed on June 7, 2016, the comparative results for the prior year are not relevant.

## Comparison of the results of operations for the three months ended March 31, 2018 compared to the three months ended March 31, 2017

Because we were in the early stages of development in 2017, our operations were concentrated in startup and raising funds to commence operations and we had not yet received any revenues, there is not a meaningful comparison between the periods.

The Company had revenues during the three months ended March 31, 2018 of \$309,960 compared with \$0.00 for the comparable period of 2017, which primarily comprised straight lining the rent we expect from our four leases. Under US GAAP, our rental income from the properties is earned on a straight-line basis over the entire expected life of the rent agreement, including the free rent period we have provided until each lessor ends its cannabis growing season. As of March 31, 2018, only the Willamette Property lessor had begun cash payments under the lease. We expect the remaining three lessors to commence cash payments under their three leases in May 2018.

In the three months ended March 31, 2018, we incurred consulting costs of \$40,600 compared to \$49,500 in the comparable period of the prior year. We expended those fees as we have yet to build up a significant employee base and currently outsource certain tasks to consultants. We expect in the

upcoming year to increase our consulting fees as we continue to grow, even though we do expect to increase staffing, as we do not expect that growth will be commensurate with our growth from operations in the near term.

In the three months ended March 31, 2018, we incurred professional fees of approximately \$256,645 compared to \$128,886 in the comparable period of the prior year. Those fees are primarily for legal, accounting and related services relating to our being a public company in both the United States and Canada. We expect as we grow our operations these costs will continue to grow.

In the three months ended March 31, 2018, we incurred general and administrative costs of approximately \$445,870 compared to \$273,879, which included \$93,143 of costs related to the startup of operations of the OPCO entities to which we sublease the properties, in the comparable period of the prior year. Those costs include payroll, depreciation and amortization, insurance, rent expense and other general costs. We expect that these costs will increase as we increase our operations.

In the three months ended March 31, 2018, we incurred stock-based compensation of approximately \$338,454 compared to \$(112,264) in the comparable period of the prior year, primarily the result of grants of stock and options to officers, directors and consultants as of March 31, 2017, since we updated certain of our estimates for equity-based issuances, which resulted in the negative expense recorded in the period. We expect that we will continue to use equity in the form of our common stock and options or warrants to compensate our employees and to reduce the cash compensation we will need to outlay to consultants in the upcoming year as we continue to grow our operations and devote our cash resources to acquiring new and improving our existing properties.

We expended those fees as we have yet to build up a significant employee base and currently outsource certain tasks to consultants. We expect in the upcoming year to increase our consulting fees as we continue to grow, even though we do expect to increase staffing, as we do not expect that growth will be commensurate with our growth from operations in the near term.

In the six months ended March 31, 2018, we incurred professional fees of approximately \$397,243 compared to \$170,356 in the comparable period of the prior year. Those fees are primarily for legal, accounting and related services relating to our being a public company in both the United States and Canada. We expect as we grow our operations these costs will continue to grow.

In six months ended March 31, 2018, we incurred general and administrative costs of approximately \$878,238 compared to \$305,127, which included \$93,143 of costs related to the startup of operations of the OPCO entities to which we sublease the properties, in the comparable period of the prior year. Those costs include payroll, depreciation and amortization, insurance, rent expense and other general costs. We expect that these costs will increase as we increase our operations.

In the six months ended March 31, 2018, we incurred stock-based compensation of approximately \$698,000 compared to \$361,986 in the comparable period of the prior year, primarily the result of grants of stock and options to officers, directors and consultants. We expect that we will continue to use equity in the form of our common stock and options or warrants to compensate our employees and to reduce the cash compensation we will need to outlay to consultants in the upcoming year as we continue to grow our operations and devote our cash resources to acquiring new and improving our existing properties.

### **Properties**

In September 2016, the Company entered into a 10-year lease with respect to certain property located in Springfield, OR (the "42nd Street Property") with the landlord that commenced in November 2016. The lease requires the Company to pay a base rental fee of \$7,033 plus an additional estimated \$315 per month in real estate taxes in which the base rental fee escalates each year by approximately 2%. All taxes (including reconciling real estate taxes), maintenance and utilities are included at the end of each year as a one-time payment. In addition, the Company also remitted \$14,000 for a security deposit to the landlord. The Company has subleased this space effective July 1, 2017. The 42nd Street Property is a 16,000-sq. ft. indoor cannabis growing facility.

19

On November 1, 2016, the Company acquired certain property located in Eugene, OR (the "Willamette Property") for a total cash purchase price plus closing costs of approximately \$918,000. The Willamette Property is an operating cannabis dispensary.

On February 6, 2017, the Company acquired certain real property located at 7827 SE Powell Blvd, Portland, OR 97206 (the "Powell Property") for a total

purchase price plus closing costs of approximately \$656,498. As part of the consideration for closing on the property, the Company issued a short term note payable to the seller in the Amount of approximately \$304,000. The Powell Property is a cannabis dispensary.

The note is non-interest bearing requires four monthly payments of \$75,000 plus a final payment for the remaining amount due immediately thereafter plus fees. Due to the short-term nature of the note, the Company has not imputed any interest as it would be immaterial to the results for the period. The Company and note holder have come to an agreement subsequent to September 30, 2017 to reduce by \$75,000 the balance due under the note, due to the Seller breaching certain sections of the Purchase and Sale Agreement dated November 15, 2016. As of March 31, 2018, the balance owed on the note was approximately \$79,000.

On April 15, 2017, the Company entered into a "Contract for Sale" for a Farm Property in Mulino OR (the "Mulino Property"), pursuant to which the seller will sell the premises to the Company upon the completion of the Company's due diligence investigations and completion of the closing conditions precedent to each party's obligations under the Contract for Sale. The purchase price is \$1,700,000 which will be reduced by a rental credit of approximately \$135,000, which is equivalent to nine months' rent at \$15,000 a month. In addition, the Seller has granted the Company a credit to be reflected upon closing in the amount \$9,500 for improvements to the property made by the Company. The Company expects that the closing of the property purchase will take place in January 2018. In connection with the purchase of the property, the Company will make a cash payment in the amount of \$362,254 and will issue a promissory note in the amount of \$1,200,000 with a maturity of January 2020. The Company will pay monthly installments of principal and interest (at a rate of 2% per annum) in the amount of \$13,500, commencing in July 2018 through the maturity date (January 2020), at which time the entire unpaid principal balance and any remaining accrued interest shall be due and payable in full. In April 2017, in order for the Company to make use of the premises pending closing of the purchase of the property, the Company agreed to lease the premises from the seller for a term commencing April 5, 2017 and expiring on the earlier of: (i) the termination of the Contract for Sale by either party thereto in accordance with its terms; and (ii) October 5, 2017. The lease requires the Company to pay a base rental fee of \$15,000 for the first nine months with no lease deposit required. All taxes accruing during the lease term (including real estate taxes and personal property taxes) are the responsibility of the Company. In October 2017, both parties agreed to extend the lease through January 2018. The Company closed on the purchase of the property in January 2018.

In addition, in the event that the Company deploys more than \$10 million in investment in real estate assets, the Company is required to acquire certain real estate properties from certain of the Company's shareholders and their affiliated entities. Each of these properties will be leased on a double net basis to qualified tenants. The Company will not be involved in the operation of these properties or in the growing or sale of cannabis.

The leases noted above all contain provisions in which the 10-year timetable for rent payments the individual renters incur under the leases do not begin until such time as the first cannabis growing season for the renters is completed. For the Willamette Property, that period ended at the end of July 2017, and rent payments commenced in August 2017. For the other three properties, the Company currently estimates that the growing season will end at the end of April 2018 and rent payments will commence in May 2018.

## LIQUIDITY AND FINANCIAL CONDITION

### Liquidity and Capital Resources

The Company had cash of \$2,418,637 as of March 31, 2018. Our primary uses of cash have been for salaries, fees paid to third parties for professional services, property operating expenses, general and administrative expenses, and the acquisition and development of rental properties. All funds received have been expended in the furtherance of growing the business. We have received funds from financing activities such as from the sale of our common stock.

20

The following trends are reasonably likely to result in changes in our liquidity over the near to long term:

- An increase in working capital requirements to finance our current business,
- Acquisition and buildout of rental properties;
- Addition of administrative and sales personnel as the business grows and
- The cost of being a public company.

Our efforts to raise additional capital are ongoing.

We currently have committed that we would need to spend approximately \$2.7 million on capital expenditures for the expansion and buildout of our Powell and Springfield properties, and in addition, approximately \$1.25 million to complete the purchase of the Mulino Property. These capital expenditures are contingent upon several factors including the Company obtaining financing for the development of the properties and the construction of the tenant improvements in such amount and on such terms and provisions as are acceptable to the Company.

We have used our available funds to fund our operating expenses, pay our obligations, acquire and develop rental properties, and grow our company. We need to raise significant additional capital or debt financing to acquire new properties, to develop existing properties, and to assure we have sufficient working capital for our ongoing operations and debt obligations. There is no guarantee that such funding will be available to the Company at a viable cost, if at all.

## CRITICAL ACCOUNTING POLICIES

### Revenue Recognition

The Company recognizes rental revenue from tenants, including rental abatements, lease incentives and contractual fixed increases attributable to

operating leases, on a straight-line basis over the term of the related leases when collectability is reasonably assured.

The Company makes estimates of the collectability of its tenant receivables related to base rents, straight-line rent and other revenues. In the current fiscal year, the Company began significant rental operations. The Company expects its analysis of any accounts receivable and evaluates the adequacy of the allowance for doubtful accounts, it considers such things as historical bad debts, tenant creditworthiness, current economic trends, facility operating performance, lease structure, developments relevant to a tenant's business, and changes in tenants' payment patterns. Specifically, for straight-line rent receivables, the Company's assessment includes an estimation of a tenant's ability to fulfill its rental obligations over the remaining lease term.

#### Use of estimates

The preparation of our financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and judgments used are based on management's experience and the assumptions used are believed to be reasonable given the circumstances that exist at the time the financial statements are prepared. Actual results may differ from these estimates.

#### Capitalization of Project Costs

The Company's policy is to capitalize all costs that are directly identifiable with a specific property, would be capitalized if the Company had already acquired the property, and when the property, or an option to acquire the property, is being actively sought after, and either funds are available or will likely become available. All amounts shown capitalized prior to acquisition of a property are included under the caption of Project Costs in the balance sheet.

21

#### Emerging Growth Company

The Company has elected to be an emerging growth company as defined under the Jumpstart Our Business Startups Act of 2012 ("Jobs Act"). Included with this election, the Company has also elected to use the provisions within the Jobs Act that allow companies that go public to continue to use the private company adoption date rules for new accounting policies. Should the Company obtain revenues in excess of \$1 billion on an annual basis, have its non-affiliated market capitalization increase to over \$700 million as of the last day of its second quarter, or raise in excess of \$1 billion in public offerings of its equity or instruments directly convertible into its equity, it will forfeit its status under the Jobs Act as an emerging growth company.

#### CONTRACTUAL OBLIGATIONS AND COMMITMENTS

In July 2016, the Company entered into a 10-year lease for a commercial building from an unrelated third party in Springfield, Oregon. At the time the original lease was entered into, the Company had expected to close on significant subscriptions from its private placement. However, when those did not immediately materialize, the Company entered into an agreement with the landlord to cancel the lease and in addition, paid the landlord \$15,000 not to rent out the property until such time the Company could enter into a new lease. In September 2016, the Company entered into a new 10-year lease with the landlord that commenced in November 2016. The lease requires the Company to pay a base rental fee of \$7,033 plus an additional estimated \$315 per month in real estate taxes in which the base rental fee escalates each year by approximately 2%. All taxes (including reconciling real estate taxes), maintenance and utilities are included at the end of each year as a one-time payment. In addition, the Company also remitted \$14,000 for a security deposit to the landlord. No amounts have been recorded for deferred rent in these financial statements as the amount was deemed immaterial by the Company. The Company has subleased this space pursuant to a 10-year lease. On February 22, 2018, both parties executed a lease addendum that adds contiguous property for 12,322 square feet. The term commences November 1, 2017 and continues through November 31, 2026 at a rate of \$3,525 a month that escalates 3% per year.

In August 2016, the Company and certain shareholders of the Company entered into a "Multi Party" Agreement, in which the Company became obligated to lease or acquire three separate real estate assets, and separately, if certain events occur, additional real estate assets held by entities related to those shareholders. The Agreement also gives the Company the right of first refusal in regard to certain properties owned by the persons and entities affiliated with the parties of the Agreement so long as certain targets are met.

Should the Company obtain in excess of \$10,000,000 through a combination of its private placements and its merger with Patch Holdings, Inc. (see Note 5), it is required to purchase certain real estate properties owned by entities affiliated with certain of its shareholders. In addition, if the Company obtains in excess of \$13 million through a combination of private placements and its merger with Patch Holdings, Inc., the cannabis affiliates become obligated to purchase preferred stock of the Company in an amount equivalent to 50% of their post-tax net operating income.

Certain shareholders of the Company have begun organizing entities that will operate directly in the cannabis industry, and the Company leases its properties to these entities. The Multi Party Agreement also requires that in the event that the US Government amends Title 21 of the United States Code, otherwise known as the Controlled Substances Act, to remove cannabis as a Schedule I drug, and the Company raises more than \$10 million in equity and merger funding, the Company is required to enter into agreements to acquire those related entities and issue such equity that the shareholders of the related entities obtain 75% of the then issued and outstanding equity of the Company, regardless of the profitability or financial condition of the related entities at the time of their acquisition.

22

In February 2017, the Company entered into an advisory agreement with an unrelated third party with a term of 12 months. As part of that agreement, the third party agreed to provide assistance for the Company with respect to eligibility for becoming quoted on the OTCQB/OTCQX and advising and assisting the Company in complying with its ongoing OTCQB/OTCQX disclosure obligation under current federal and state securities laws. These services to the Company are exchanged for a \$10,000 upfront payment, and \$5,000 payment upon the acceptance on OTCQB/OTCQX. Parties have verbally agreed. In November 2017, the Company entered into a consulting agreement with an unrelated third party with a term of 12 months. As part of that agreement, the third party agreed to provide assistance for the Company with respect to business affairs relating to business consolidations and financing. As consideration for these services, the Company has agreed to issue to the consultant options to acquire up to 100,000 shares of common stock of the Company.

In March 2018, the Company entered into a 3-year lease for the occupancy of the Company's corporate office located in Boca Raton, Florida. The lease requires the Company to pay a base rental fee of \$3,024 per month. All taxes, maintenance and utilities are billed separately. In addition, the Company also remitted \$6,048 or a security deposit to the landlord. The landlord provided the Company with 2 free months.

January 16, 2018 the Company consummated a "Contract for Sale" for a Farm Property in Mulino OR (the "Mulino Property"). The purchase price is \$1,700,000 which is reduced by a rental credit of approximately \$135,000 which is equivalent to nine months' rent at \$15,000 a month and a additional credit of \$9,500 for additional work done on the property. In connection with the purchase of the property, the Company made a cash payment in the amount of \$370,637 and issued a promissory note in the amount of \$1,200,000 with a maturity of January 2020. The Company will pay monthly installments of principal and interest (at a rate of 2% per annum) in the amount of \$13,500, commencing in July 2018 through the maturity date (January 2020), at which time the entire unpaid principal balance and any remaining accrued interest shall be due and payable in full.

#### Property Rental Agreements

##### *1027 Willamette*

In July 2017, the Company entered into an operating lease agreement with a marijuana dispensary (the "Lessee") to move into the Company's acquired property located at 1027 Willamette Street in Eugene, Oregon. The lease agreement is for a base term of ten years (see note below) and a monthly rent obligation of \$13,800, subject to annual increases of 3% per year, plus an amount for additional rent based on final buildout costs incurred by the Company. The lease is a double net lease with maintenance and real property taxes to be paid by the Tenant and insurance costs paid by the Company. The Company provided the tenant with one month of free rent. Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for one five-year term, on the same terms as provided in the lease agreement.

##### *Springfield Suites*

In July 2017, the Company entered into a lease agreement for its property and warehouse building located at 800 N 42nd street in Springfield, Oregon. The lease agreement is for a term of ten years (see note below) and a monthly rent obligation of \$64,640, subject to annual increases of 3% per year plus an amount for additional rent based on final buildout costs incurred by the Company. The lease is a double net lease with maintenance and real property taxes to be paid by the Tenant and insurance costs paid by the Company. Rent payments commence on the date the growing season ends, which the Company currently estimates will occur in August 2018, and thus expects payments to begin in September 2018. The Company has treated this period as a free rental period for accounting purposes. At the time rental payments begin, the total of base rent and additional rent will not be less than \$1.00 per foot for light assisted greenhouse and \$.25 per usable square foot for un-light assisted greenhouse or outdoor grow space.

Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for five-year term, on the same terms as provided in the lease agreement.

23

##### *14336 S. Union Hall Road, Mulino*

In July 2017, the Company entered into a lease agreement for its property located at 14336 South Union Hall Road in Mulino, Oregon. The lease agreement is for a term of ten years (see note below) and a monthly rent obligation of \$18,750, subject to annual increases of 3% per year plus an amount for additional rent based on final buildout costs incurred by the Company. The lease is a double net lease with maintenance and real property taxes shall be paid by the Tenant and insurance costs paid by the Company. Rent payments will begin at the of the first growing season, which the Company currently estimates will occur in August 2018, and thus payments will commence in September 2018. The Company expects to treat such period as a free rental period for accounting purposes. At the time rental payments begin, the total of base rent and additional rent will not be less than \$1.00 per foot for light assisted greenhouse and \$.25 per usable square foot for un-light assisted greenhouse or outdoor grow space.

Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for five-year term, on the same terms as provided in the lease agreement.

##### *7827 SE Powell*

In July 2017, the Company entered into a lease agreement for its acquired property located at 7827 SE Powell Blvd. in Portland, Oregon. The lease agreement is for a term of ten years and a monthly rent obligation of \$6,523, subject to annual increases of 3% per year. Maintenance and real property taxes shall be paid by the Tenant and insurance paid by the Company. Additional rents will be added to pay landlord back for tenant improvements by the end of the first term of the lease, payments will include annual interest at 12% compounded monthly. Rent payments commence on the date the growing season ends, which the Company currently estimates will occur in August 2018, and thus expects payments to begin in September 2018. The Company has treated this period as a free rental period for accounting purposes. Upon the expiration of the term of ten years, the Lessee has the option to renew the lease agreement for five-year term, on the same terms as provided in the lease agreement. During the six months ended March 31,

2018, the Company incurred total rent expense of \$98,423. As of March 31, 2018, the Company has recorded a long-term asset for the straight lining of rent under the rental leases to the cannabis operators of approximately \$863,030.

#### OFF-BALANCE SHEET ARRANGEMENTS

The Company does not have any off-balance sheet arrangements.

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

#### ITEM 4. CONTROLS AND PROCEDURES

##### (a) Evaluation of Disclosure Controls and Procedures

Our Chief Executive Officer and Chief Financial Officer, after evaluating the effectiveness of our disclosure controls and procedures (as defined in Securities Exchange Act Rule 13a-15(e)) as of the end of the quarterly period covered by this report, have concluded that our disclosure controls and procedures are not effective to reasonably ensure that material information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission's Rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. The principal basis for this conclusion is the lack of segregation of duties within our financial function and the lack of an operating Audit Committee.

##### (b) Changes in Internal Control over Financial Reporting

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) under the Exchange Act) during the fiscal period to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
