- **FOR the election of the proposed nominees as directors;**
- **FOR the appointment of BDO LLP, Chartered Professional Accountants Company as the auditor of the Corporation;**
- **FOR the resolution to authorize the directors to fix the remuneration to be paid to the auditor;**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to matters identified in the accompanying notice of meeting (the “Notice of Meeting”) and to other matters that may properly come before the Meeting.

At the date of this Circular, the management of Auxico is not aware of any such amendments, variations or other matters expected to come before the Meeting other than the matters referred to in the Notice of Meeting. If any matters that are not now known properly come before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in accordance with their best judgment.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As of the date of this Circular, 78,654,578 Common Shares were issued and outstanding. All Shareholders registered at the close of business on March 8, 2023 (the “**Record Date**”) will be entitled, at the Meeting, to one vote for each Common Share held.

To the knowledge of the directors and officers of Auxico, as at the date of this Circular, no person beneficially owns or exercises control or direction over, directly or indirectly, more than ten percent 10% of the outstanding voting Common Shares.

NOTICE TO BENEFICIAL HOLDERS OF SHARES

The information set forth in this section should be reviewed carefully by non-registered Shareholders. Shareholders who do not hold their shares in their own name (the “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records maintained by Auxico’s registrar and transfer agent as holders of record (“**Registered Shareholders**”) will be recognized and acted upon at the Meeting.

If Common Shares are listed in an account statement provided to a Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the Shareholder’s name. Such Common Shares will more likely be registered under the name of the Shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depositary of Securities Limited, which acts as nominee for many Canadian brokerage firms). In the United States, the vast majority of such shares are registered under the name of CEDE & Co. (the registration name for The Depositary Trust Company, which acts as

nominee for many U.S. brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted according to the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

National Instrument 54-101 respecting Communication with Beneficial Owners of Securities of a Reporting Issuer requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the form of proxy provided directly to the Registered Shareholders. However, its purpose is limited to instructing the Registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. In Canada, the vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications ("**Broadridge**"), formerly known as ADP Investor Communications. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks them to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary ("**Intermediary**"), please contact your Intermediary for assistance.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or his or her broker's agent), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered Shareholder and vote the Common Shares as proxyholder for the Registered Shareholder by entering his or her own name in the blank space on the form of proxy provided to him or her by his or her broker (or his or her broker's agent) and return it to that broker (or that broker's agent) in accordance with the broker's instructions (or the agent's instructions).

All references to Shareholders in this Circular, the enclosed form of proxy and the Notice of Meeting are to the Registered Shareholders unless specifically stated otherwise.

PART II
PARTICULARS OF MATTERS TO BE ACTED UPON

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Except as set out herein, if applicable, no person who has been a director or executive officer of Auxico at any time since the beginning of its last financial year, no proposed nominee of Auxico's management for election as a director of Auxico and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership or otherwise, in matters to be acted upon at the Meeting other than in their capacity as a Shareholder.

PRESENTATION OF FINANCIAL STATEMENTS

Auxico's audited consolidated financial statements for the year ended September 30, 2022, and 2021 and the report of the auditors thereon will be placed before you at the Meeting. A copy of these financial statements, together with the auditor's report thereon, and Management's Discussion and Analysis, will be mailed to those Shareholders who return the 'request for annual and interim financial statement return card', mailed to Shareholders in connection with the Corporation's 2023 annual and special general meeting, and indicated to the Corporation that they wished to receive these documents. Shareholders can request a copy of our future financial statements and MD&A by completing our supplemental request card which accompanies the Notice of Meeting and this Circular. These financial statements and MD&A are also available for review on SEDAR. See "*Part VIII – ADDITIONAL INFORMATION*" below.

APPOINTMENT OF AUDITORS

The Board of Directors of the Corporation (the "**Board**") recommends, on the advice of the Audit Committee, that BDO LLP, Chartered Professional Accountants Company ("**BDO**"), be appointed as auditor of the Company for the ensuing year. The Board reviews the annual audit fees and considers the issue of auditor independence in the context of all services provided to the Corporation.

The Board approved the appointment of BDO as auditor effective March 9, 2022. Guimond Lavallée Inc., Chartered Professional Accountants ("**Guimond**"), the predecessor auditor, has notified the Corporation that, at the request of the Corporation, it has resigned as auditor of the Corporation effective March 9, 2022. Additional documents related to the change in auditor, being the Notice of Change of Auditor and the acknowledgements of that notice by BDO and Guimond, are set out in Schedule A to this Circular. There were no "reportable events" within the meaning of National Instrument 51-102 – Continuous Disclosure Obligations.

Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the appointment of BDO as the auditor of Auxico to hold office until the next annual meeting of shareholders and FOR the authorization of the directors to fix the auditors' remuneration.

ELECTION OF DIRECTORS

Auxico's articles of incorporation provide that Auxico's Board shall consist of a minimum of one and a maximum of ten directors. The Board currently consists of eight directors.

The management representatives named in the enclosed form of proxy intend to vote FOR the election of the eight nominees whose names are set forth below on any ballot that may be called for, unless authority to do so is withheld.

Auxico's management does not contemplate that any of the nominees will be unable to serve as a director. A Board of eight directors is to be elected at the Meeting to serve the next annual general meeting of the Corporation, or until their successors are elected or appointed.

The following table and notes thereto set out the name of each person proposed to be nominated for election as a director of Auxico; the person’s position and office held in Auxico; the person’s principal occupation or employment; the year in which that person became a director of Auxico; and, to the best of the knowledge of Auxico’s directors and officers, the number of Common Shares beneficially owned, directly or indirectly, or subject to direction by that person at the date of this Circular.

Corporate Cease Trade Orders, Bankruptcy, Penalties and Sanctions

Except as described elsewhere herein:

To the Corporation's knowledge, save and except as disclosed elsewhere herein, no existing or proposed director, officer, promoter or other member of management of the Corporation is, or within the ten years prior to the date hereof has been, a director, officer, promoter or other member of management of any other corporation that, while that person was acting in the capacity of a director, officer, promoter or other member of management of that corporation, was the subject of a cease trade order or similar order or an order that denied the corporation access to any statutory exemptions for a period of more than 30 consecutive days, was declared bankrupt or made a voluntary assignment in bankruptcy, made a proposal under any legislation relating to bankruptcy or insolvency or has been subject to or appointed to hold the assets of that director, officer or promoter.

Mark Billings and Jacques Arsenault, respectively President, Director and CFO of the Corporation, are presently a director and Chief Financial Officer of Manganese X Energy Corp., respectively (formerly Sunset Cove Mining Inc. (TSX-V: SSM) ("**Sunset Cove**")), which was issued a cease trade order ("**CTO**") by the British Columbia Securities Commission ("**BCSC**") on August 6, 2015 as a result of Sunset Cove's incapacity to file its annual audited financial statements, management's discussion and analysis and CEO and CFO certificates by the filing deadline of July 30, 2015, as prescribed by National Instrument 51-102 – Continuous Disclosure Obligations, due to a lack of funding to pay for the costs associated with the audit. This CTO was lifted by the BCSC on June 1, 2016 as Sunset Cove has met of its continuous disclosure requirements.

On January 28, 2022, the Company applied to the applicable securities regulatory authorities and received a management cease trade order ("**MCTO**") imposed against the Chief Executive Officer, the Chief Financial Officer and the directors of the Company precluding them from trading securities of the Company. The MCTO was lifted on February 24, 2022.

On January 30, 2023, the Company applied to the applicable securities regulatory authorities and received a management cease trade order ("**MCTO**") imposed against the Chief Executive Officer, the Chief Financial Officer and the directors of the Company precluding them from trading securities of the Company. The MCTO was issued due to the incapacity to file the annual consolidated financial statements for the year ended September 30, 2022, including the related management discussion and analysis, and CEO and CFO certifications (collectively, the "Annual Financial Filings") on the required filing deadline of January 30, 2023 (the "**Filing Deadline**"). The MCTO was lifted on March 6, 2023.

Michel Lebeuf Jr. was named director of Bitumen Capital Inc. (TSXV-BTM.H) ("**Bitumen**"), a capital pool company listed on the NEX board of the TSX Venture Exchange during Bitumen's annual general meeting in February 2017, in order to meet the requirements of the Canada Business Corporation Act of at least three directors on the board. On May 8, 2017, Bitumen, having not enough cash to pay the audit of its annual financial statements was unable to file in due time said annual audited financial statements and received a cease trade in the Provinces of Quebec and Ontario. Michel Lebeuf was a director of the company when the MCTO was issued to the company.

Penalties or Sanctions

To the Corporation's knowledge, no existing or proposed director, officer, promoter or other member of management of the Corporation has been subject to any penalties or sanctions imposed by a court or securities regulatory authority relating to trading in securities, promotion, formation or management of a publicly traded company, or involving fraud or theft.

Personal Bankruptcies

Except as described elsewhere herein:

To the Corporation's knowledge, no existing or proposed director, officer, promoter or other member of management of the Corporation has, during the ten years prior to the date hereof, been declared bankrupt or made a voluntary

assignment into bankruptcy, made a proposal under any legislation relating to bankruptcy or insolvency or has been subject to or instituted any proceedings, arrangement, or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold his or her assets.

Michel Lebeuf Jr. filed a proposal with his creditors on February 3, 2017. The proposal was accepted by the Superior Court of Quebec on March 16, 2017. This proceeding was due to many contractual engagements taken by Mr. Lebeuf (namely for acting as personal guarantee) to various loans regarding his previous law firm Brière & Lebeuf Inc. Michel Lebeuf was discharged from this proposal on March 4, 2022.

Conflicts of Interest

The directors of the Corporation are required by law to act honestly and in good faith with a view to the best interest of the Corporation and to disclose any interests which they may have in any project or opportunity of the Corporation. If a conflict of interest arises at a meeting of the board of directors, any director in a conflict will disclose his interest and abstain from voting on such matter. In determining whether or not the Corporation will participate in any project or opportunity, the directors will primarily consider the degree of risk to which the Corporation may be exposed and its financial position at that time.

Except as disclosed in this Circular, to the best of the Corporation's knowledge, there are no known existing or potential conflicts of interest among the Corporation and its promoters, directors, officers or other members of management as a result of their outside business interests except that certain of the directors, officers, promoters and other members of management may from time to time serve as directors, officers, promoters and members of management of other public companies, and therefore it is possible that a conflict may arise between their duties as a director, officer, promoter or member of management of those other companies.

STOCK OPTION PLAN

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to pass, with or without variation, an ordinary resolution (the "**Stock Option Plan Resolution**") re-approving the current stock option plan of the Corporation (the "**Stock Option Plan**").

The Stock Option Plan of the Corporation was adopted by the Board on February 10, 2017. The maximum number of common shares of the Corporation reserved for issuance under the Stock Option Plan is 10% of the issued and outstanding Common Shares on a "rolling" basis.

The Stock Option Plan is a "rolling" stock option plan. Pursuant to the rules of the CSE, all unallocated options, rights or other entitlements under a security based compensation arrangement that does not have a fixed maximum number of securities issuable, such as the Stock Option Plan, must be re-approved by a majority of the directors and the shareholders of a corporation every year.

The Board believes that the Stock Option Plan offers to participants a competitive and stable level of equity-based compensation. The Stock Option Plan allows the Corporation to secure and retain key personnel and to provide additional motivation to such persons to exert their best efforts on behalf of the Corporation.

Management of the Corporation recommends that Shareholders vote in favor of the Stock Option Plan Resolution. Unless you give other instructions, the persons named in the form of proxy intend to vote FOR the Stock Option Plan Resolution.

PART III
STATEMENT OF EXECUTIVE COMPENSATION

For the purposes of this Statement of Executive Compensation, a Named Executive Officer (“NEO”) of the Corporation means each of the following individuals:

- (a) a CEO of the Corporation, or an individual who acted in a similar capacity during the year ended September 30, 2022, regardless of the amount of compensation;
- (b) a CFO of the Corporation, or an individual who acted in a similar capacity during the year ended September 30, 2022, regardless of the amount of compensation;
- (c) in respect of the company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000, as determined in accordance with subsection 1.3(5), for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) above but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

During the year ended September 30, 2022, the Corporation had four NEOs: Frederick Kozak, President and Chief Executive Officer of the Corporation, Mark Billings, Chairman of the Corporation, Pierre Gauthier, Chairman Emeritus of the Corporation, and Jacques Arseneault, CFO of the Corporation.

The total compensation awarded, paid to or earned by the NEOs from the Corporation for the three most recently completed years of the Corporation is set out below in the Summary Compensation Table.

COMPENSATION DISCUSSION AND ANALYSIS

The Corporation does not have a formal Compensation Committee. The Corporation’s board of directors (the “**Board**”) informally discusses and approves the compensation to the NEOs, ensuring that total compensation paid to all NEOs is fair and reasonable and is consistent with the Corporation’s compensation philosophy.

The Corporation does not generate operating cash flows and relies on equity financing to fund its exploration and corporate activities. Therefore, as the Corporation seeks to attract, retain and motivate highly skilled and experienced executive officers, it must at the same time consider current market and industry circumstances and the Corporation’s liquidity and ability to raise further capital.

Executive Compensation Philosophy and Objectives

The Corporation’s principal goal is to create value for its shareholders. The Corporation’s compensation philosophy reflects this goal, and is based on the following fundamental principles:

- 1 *Compensation programs align with shareholder interests* – the Corporation aligns the goals of executives with maximizing long term shareholder value;
- 2 *Performance sensitive* – compensation for executive officers should be linked to operating and market performance of the Corporation and fluctuate with the performance; and
- 3 *Offer market competitive compensation to attract and retain talent* – the compensation program should provide market competitive pay in terms of value and structure in order to retain existing employees who are performing according to their objectives and to attract new individuals of the highest caliber.

The Corporation does not have a formal compensation program with set benchmarks; however, the Corporation does

have an informal program designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and the long term, and to align the interests of executive officers with the interest of the Corporation's shareholders. This alignment of interests is achieved by making long term equity-based incentives through the granting of stock options, a significant component of executive compensation (on the assumption that the performance of the Corporation's common share price over the long term is an important indicator of long term performance).

The objectives of the compensation program in compensating the NEOs are derived from the above-mentioned compensation philosophy and are as follows: to attract, motivate and retain highly skilled and experienced executive officers; to align the interests of executive officers with shareholders' interests and with the execution of the Corporation business strategy; and, to tie compensation directly to measurements and rewards based on achieving and exceeding performance expectations.

Competitive Compensation

The Corporation is dependent on individuals with specialized skills and knowledge related to the exploration for and development of mineral prospects, corporate finance and management. Therefore, the Corporation seeks to attract, retain and motivate highly skilled and experienced executive officers by providing competitive compensation. The Board reviews data related to compensation levels and programs of various companies that are similar in size to the Corporation and operate within the mining exploration and development industry. The Board also relies on the experience of its members as officers and/or directors at other companies in similar lines of business as the Corporation in assessing compensation levels. These other companies are identified below under the heading "Statement of Corporate Governance Practices".

The purpose of this process is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar revenues and business characteristics;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish a basis for developing salary adjustments and short-term and long-term incentive awards.

Elements of Executive Compensation

A combination of fixed and variable compensation is used to motivate executives to achieve overall corporate goals. For the financial year ended September 30, 2022, the three basic components of executive officer compensation were:

- base salary;
- annual incentives (cash bonus); and
- option-based awards (long term compensation).

Base salary comprises the portion of executive compensation that is fixed, whereas annual incentives and option based compensation represent compensation that is "at risk" and thus may or may not be paid to the respective executive officer depending on: (i) whether the executive officer is able to meet or exceed his or her applicable performance expectations; (ii) market performance of the Corporation's common shares; and, (iii) the Corporation's liquidity and ability to raise further capital in the prevailing economic environment.

No specific formulae have been developed to assign a specific weighting to each of these components. Instead, the Board reviews each element of compensation for market competitiveness, and it may weigh a particular element more heavily based on the NEO's role and responsibilities within the Corporation. The focus is on remaining competitive in the market with respect to 'total compensation' as opposed to within any one component of executive compensation.

The Board reviews and approves on an annual basis the cash compensation, performance and overall compensation package of each NEO, with appropriate abstentions for conflict, if applicable.

Base Salary

The Board of directors approve the salary ranges for the NEOs. Base salaries are set with the goal of being competitive with corporations of a comparable size and at the same stage of development, thereby enabling the Corporation to compete for and retain executives critical to the Corporation's long-term success. In determining the base salary of an executive officer, the Board places equal weight on the following criteria:

- the particular responsibilities related to the position;
- salaries paid by comparable businesses;
- the experience level of the executive officer; and
- his or her overall performance or expected performance (in the case of a newly hired executive officer).

The Board makes an assessment of these criteria, and using this information together with budgetary guidelines and other internally generated planning and forecasting tools, performs an annual assessment of the compensation of all executive officer and employee compensation levels. To date, comparative data for the Corporation's peer group has been accumulated internally, without the use of any external independent consultants or compensation specialists.

For employees of the Corporation, management is responsible for preparing an individual evaluation process for each employee and then conducting reviews on an annual basis. The evaluation framework is objective where a number of factors are judged for each employee.

Annual incentives (Cash Bonus)

Executive officers are eligible for an annual discretionary bonus, payable in cash. The Board approves such annual incentives and assesses each active NEO's performance and his or her respective contribution to the Corporation's success, and after taking into account the financial and operating performance of the Corporation, makes a decision.

In the financial year ended September 30, 2022, the Board paid no bonus to any of the NEOs or other employees in light of the prevailing economic conditions and the Corporation's desire to preserve capital.

Option based awards (Long-Term Compensation)

The Corporation believes that it is important to award incentive stock options as part of an overall compensation package. Encouraging its executive officers and employees to become shareholders of the Corporation is the best way to align their interests with those of the Corporation's shareholders.

Equity participation is accomplished through the Corporation's stock option plan ("**Stock Option Plan**"), which is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term, to enable the Corporation to attract and retain individuals with experience and ability, and to reward individuals for current performance and expected future performance.

The Corporation considers stock option grants when reviewing executive officer compensation packages as a whole. Stock options granted to NEOs during the most recently completed financial year, are disclosed below under the heading, "*Executive Compensation - Summary Compensation Table*".

Option-Based Awards

The Corporation's Stock Option Plan provides for the grant of stock options to directors, executive officers and key employees and consultants of the Corporation and its subsidiaries for the purpose of advancing the interests of the Corporation and its shareholders through the motivation, attraction and retention of these individuals. It is generally recognized that stock option plans aid in attracting, retaining and encouraging these individuals due to the opportunity offered to them to acquire a proprietary interest in the Corporation.

The Corporation determines the ranges of stock option grants for each level of executive officer, the key employees to whom it recommends that grants be made, and the terms and conditions of the options forming part of such grants, and

makes recommendations to the Board accordingly. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of the position and contribution to the Corporation. The existing number and terms of the outstanding options are taken into account when granting new options. The exercise price, the term, and vesting provisions, if any, will be determined by the directors of the Corporation, subject to the applicable policies of the Canadian Securities Exchange.
