

EnviroMetal Completes First Tranche and Increases Size of Non-brokered Private Placement

Not for dissemination in the United States or for distribution to U.S. newswire services and does not constitute an offer in the United States of the securities described

VANCOUVER, BC / ACCESSWIRE / February 23, 2022 / EnviroMetal Technologies Inc. ("EnviroMetal" or the "Company") (CSE:ETI; OTCQX:EVLLF; FSE:7N2), is pleased to announce the closing of the first tranche of its previously announced non-brokered private placement. The Company has received subscriptions for 13,026,000 units ("Unit") at a price of \$0.25 per Unit for total gross proceeds of \$3,256,500.

The private placement, initially announced in a news release January 24, 2022, has been over-subscribed. Due to increased investor demand, the Company has increased the size of the private placement, with a final tranche expected to close on or before March 11, 2022.

Each Unit consists of one common share in the capital of the Company and one common share purchase warrant ("Warrant"). Each Warrant entitles the holder to purchase one common share in the capital of the Company at a price of \$0.50 at any time prior to 5:00 pm PST on February 18, 2024. The expiry date of the Warrants is subject to acceleration as follows: if at any time after June 18, 2022, the closing price (or closing bid price on days when there are no trades) of the common shares on the Canadian Securities Exchange exceeds \$1.50 for 15 consecutive trading days, then the Corporation may send Warrant holders notice of acceleration of the expiry date ("Amended Expiry Date") and issue a news release announcing the Amended Expiry Date. The Amended Expiry Date will be no less than 30 days after the date of the news release, which will also be indicated in the notice sent to the Warrant holders.

The securities issued in connection with this private placement are subject to a hold period under Canadian securities legislation which will expire on June 18, 2022. The Company paid \$43,080 in cash finders' fees and issued 172,230 finders warrants ("Finder's Warrant") in connection with the private placement. Each Finder's Warrant entitles the holder to purchase one common share at a price of \$0.50 until February 18, 2024.

The proceeds of the Private Placement will be used for the acquisition of feedstock for EnviroMetal's printed circuit board assembly processing facility, advanced mineral processing plant development, continued business development, and general working capital. The completion of this private placement remains subject to final acceptance by the Canadian Securities Exchange.

The securities referred to in this news release have not been, nor will they be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons absent U.S. registration or an applicable exemption from the U.S. registration requirements. This news release does not constitute an offer for sale of securities for sale, nor a solicitation for offers to buy any securities.

[About EnviroMetal Technologies Inc.](#)

EnviroMetal Technologies is engaged in the development and commercialization of environmentally friendly formulas and technologies for the treatment of materials in the primary and secondary metals industries. Using its proprietary non-cyanide, water-based, neutral pH treatment process EnviroMetal extracts precious and non-precious metals from ores, concentrates, and electronic waste ("E-Waste"). Backed by the momentum of a first-class staff of scientists and engineers, a myriad of individual tests and assays, independent validations, and tens of thousands of hours in research and development, EnviroMetal's technology is emerging as a potential new eco-friendly standard for the hydrometallurgical extraction of precious metals in both the mining and E-Waste industries.

Forward-Looking Statements

This News Release contains "forward-looking information" and "forward-looking statements" within the meaning of applicable Canadian and the United States securities legislation. Statements contained herein that are not based on historical or current fact, including without limitation statements containing the words "anticipates," "believes," "may," "continues," "estimates," "expects," and "will" and words of similar import, constitute "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking information may include, but is not limited to, information concerning our Research and Development activities, the accuracy of our capital and operating cost estimates; production and processing estimates; the results, the adequacy of EnviroMetal's financial resources, and timing of development of ongoing research and development projects, costs and timing of future revenues or profits and adequacy of financial resources. Wherever possible, words such as "plans", "expects", "projects", "assumes", "budget", "strategy", "scheduled", "estimates", "forecasts", "anticipates", "believes", "intends", "targets" and similar expressions or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved, or the negative forms of any of these terms and similar expressions, have been used to identify forward-looking statements and information. Statements concerning future revenue or earnings estimates may also be deemed to constitute forward-looking information. Any statements that express or involve discussions concerning predictions, expectations, beliefs, plans, projections, objectives, assumptions, or future events or performance are not statements of historical fact and may be forward-looking information. Forward-looking information is subject to a variety of known and unknown risks, uncertainties, and other factors that could cause actual events or results to differ from those expressed or implied by the forward-looking information. Forward-looking information is based on the expectations and opinions of EnviroMetal's management on the date the statements are made. The assumptions used in the preparation of such statements, although considered reasonable at the time of preparation, may prove to be imprecise. We do not assume any obligation to update forward-looking information, whether as a result of new information, future events, or otherwise, other than as required by applicable law. For the reasons set forth above, prospective investors should not place undue reliance on forward-looking information.

The CSE has not approved or disapproved of the information contained herein.
