

FOUR NINES GOLD APPOINTS DIRECTOR

December 15th, 2021 – Vancouver, B.C. – Four Nines Gold Inc. (“Four Nines” or the “Company”) (CSE: FNAU) (OTCIQ: FNAUF) is pleased to announce the appointment of David Flint as a Director effective immediately.

Mr. Flint is an experienced metals geologist with over 35 years of experience. Most recently, he was the VP of Exploration for Allied Nevada Gold. At Allied Nevada, he directed exploration programs that resulted in an increase to the Hycroft Mine published reserves by 10 million ounces of gold and 450 million ounces of silver. Mr. Flint also managed many of the technical studies that supported the mine plans and Feasibility Study. Reserves were also established, and 43-101 Technical reports were published, for the Hasbrouck Mountain Project. Mr. Flint held several positions with Freeport McMoRan over a period of 20 years. He was the project Geologist during discovery, exploration, development, and early production for the Grasberg Deposit (Irian Jaya Indonesia). Geologic resources defined during the initial 2-year period were approximately 500 million tonnes, grading 1.50% copper and 1.50 g/t gold. He then spent many years in underground Mine Geology, Mine Planning, Raise Miner supervision and Expansion Studies (significant contributions to seven (7) mine studies, for which most have been placed into production). Mr. Flint has additionally conducted precious-metal exploration; for Rio Tinto and Freeport McMoRan; in the Western United States and Panama. His strengths include 1) geology of epigenetic hydrothermal deposits (epithermal gold and porphyry copper), 2) multi-dimensional orebody characterization, 3) Block Cave Mine design, and 4) Technical Project Management. He holds Bachelor and Master of Science degrees in Geology and is a CPG with AIPG.

Four Nines Gold Inc's Daniel Schreiber has resigned from the Company's board of directors. Mr. Schreiber will join the Company's advisory board and will continue to work with the Company.
