

CHEMESIS INTERNATIONAL INC. PROVIDES CORPORATE UPDATE FOR PUERTO RICO BASED OPERATIONS

December 11, 2018

Vancouver, BC – Chemesis International Inc. (CSE: [CSI](#)) (OTC: [CADMF](#)) (FRA: [CWAA](#)) (the “Company” or “Chemesis”), announces revenues earned from the period of November 6th, 2018 to December 6th, 2018 of \$336,600 CAD. Since the Company [announced](#) the transfer of the state cannabis license, Chemesis has been aggressively expanding Natural Ventures operations to increase its ability to serve the growing number of patients on the island.

Natural Ventures is a fully integrated medical cannabis company, with 100,000 sq/ft of cultivation and 35,000 sq/ft of CO2 based extraction. Natural Ventures is servicing approximately 90% of the dispensaries in Puerto Rico and in 2018 is on pace to be the largest third-party manufacturer based on volume.

Puerto Rico’s health department has implemented a new online health platform that allows patients to gain approval for the use of cannabis products. This allows the department to streamline the approval process, where currently, over 5,000 applications are received each month. The public health department estimates over 100,000 registered patients by the end of 2019.¹

“Chemesis believes Natural Ventures will provide shareholder value with long term consistent revenues, while also maintaining a high-quality standard of products for the patients on the island,” said CEO, Edgar Montero. “Natural Ventures will continue to expand its operations and capabilities as the islands patient base continues to grow. The Company believes it is poised to take advantage of the increased demand from a larger patient base, and will continue to be a leader in cannabis products on the island.”

On Behalf of The Board of Directors
