

SoLVBL Solutions Announces Hiring of Research Capital Corporation Institutional Sales & Trading Team for Trading Advisory Services

Toronto, Ontario--(Newsfile Corp. - October 26, 2021) - SoLVBL Solutions Inc. (**CSE: SOLV**) ("**SoLVBL**" or the "**Company**"), a Canadian cybersecurity company, is pleased to announce that it has engaged the Institutional Sales & Trading team (the "**ISTT**") of Research Capital Corporation ("**Research Capital**") to act as a trading advisor to the Company.

Under the service agreement with Research Capital, the ISTT will:

- a) Execute a trading liquidity program for SoLVBL to increase its visibility, improve liquidity and provide market analysis with monthly performance reports;
- b) Allow access to Research Capital's research platform, providing topical industry reports and sector-wide deal perspective on the Canadian capital markets on a monthly basis;
- c) Communicate feedback to the Company from existing and potential investors which will allow the Company to understand the key highlights and risks from an investor's perspective;
- d) Trade shares of the Company on the Canadian Securities Exchange (the "**Exchange**") for the purposes of maintaining an orderly market and improving the liquidity of the Company's shares; and
- e) Provide such other trading related advice to the Company as is mutually agreed to.

SoLVBL has agreed to retain Research Capital as its Canadian trading advisor for a term of six (6) months ending April 26, 2022, and the arrangement may be extended by mutual agreement.

"We are very excited to be working with the Research Capital team to extend our reach in the Canadian public marketplace," said Raymond Pomroy, CEO of SoLVBL. "We believe that this relationship will create additional value for the Company and our stakeholders."

As part of the compensation for its services, Research Capital will receive a monthly fee of \$6,500 for its trading advisory services for a minimum of 6 months. The service agreement can be extended by mutual agreement.

The trading advisory agreement is subject to the rules of the Exchange and remains subject to applicable regulatory approvals.

SoLVBL Solutions Inc.

SoLVBL is an innovative cybersecurity company. SoLVBL Inc.™ takes a different approach to cybersecurity with its proprietary Q by SoLVBL™ protocol that quickly and cost-effectively establishes the authenticity of digital records at very high speed. We don't believe that any system is 'un-hackable', no matter how secure it appears to be, and if a system can be hacked, the data within that system is subject to manipulation. Bad data leads to bad decisions. Our Mission: 'To empower better, faster decisions by developing a universal standard for establishing the accuracy of digital records with an application which is easy to adopt, cheap to use, offers cryptographic assurances, and will not bottleneck systems.' The Company is currently pursuing the use of Q by SoLVBL™ in the following verticals: NG-911 (Next Generation 911); data used in the financial sector; medical data applications; and critical IoT infrastructures.
