As previously announced, on October 26, 2022 the Company completed the acquisition of Darkhorse Films Limited ("<u>Darkhorse</u>") adding a vertically integrated technology stack featuring multiple business lines complimenting its proprietary Q by SoLVBL™ cybersecurity software.

SoLVBL's operating business lines include:

- 1. CYBERSECURITY: a proprietary blockchain underpinned platform, designed to provide digital records and authentication at very high speeds. - 3. **CONTENT CREATION & DISTRIBUTION:** the Company creates third party digital content (B2B), and acts as a global distribution channel where sales of our clients' digital assets can take place. We operate this business vertical on both a fee for service (fixed and hourly rates) and on a traditional revenue share basis.
- 4. <u>E-COMMERCE & PAYMENT PROCESSING</u>: the Company operates an open-source marketplace, underpinned by blockchain technology. Darkhorse can generate revenue in the early stage of the film production lifecycle by selling content that offers access to film stars, film premieres, film set experiences, physical and digital merchandise, and in some cases digital versions of a film.
